Family Home for Christmas

For the first time in 12 years, Mr. and Mrs. Russell "Randy" Clinkenbeard of Morning View, had their nine children and their families at home the same time, for Christmas.

Thomas, Charles and Billy served in World II; Thomas in Germany, Charles in Egypt, and Billy in the Philippines and Japan. Edward and Jimmy served in the Korean conflict, and there has been from one to three of the boys away all the time. Those present were:

Mr. and Mrs. Harry Bowling and four children of Aurora, Ind.; Mr. and Mrs. McKenize Fisk of Erlanger, Ky.; and Mrs. Lewis "Doc" Webster and three sons of Walton, Mr. and Mrs. Wesley Hembrey and son of Cold Spring, Mr. and Mrs. William Clinkenbeard and two sons of Covington, Mr. and Mrs. Edward Clinkenbeard of Newport, and Thomas, Charles and Jimmy Clinkenbeard, still at home.

600 At Northern Center

About 600 students, of whom a four are classified as full time, are enrolled in the University of Kentucky's Northern Center in Covington. The schedule for the term includes 46 classes.

Funds Still Needed For Research Work In Eden Shale Area

Leaders in a drive to obtain funds for purchasing a site for agricultural research work in the Eden Shale area of northern Kentucky were encouraged with a report rendered at a meeting in Williamson, when a total of \$22,380 was revealed already raised by 11 counties represented at the meeting. There are about 34 counties, including Boone, in the Eden Shale area.

O. D. Hawkins, Owenton, president of the Eden agricultural experiment station project, said the goal of the group had been reached by about two-thirds. Boone county still lags behind with about \$400 of its quota reached. Officials stressed that farmers wanting to invest in the project should send their contributions, in this county, to the Farm Bureau office, Burlington, and not wait until a volunteer worker called on them.

If the money needed for the project is not raised within a short time to purchase the site, the University of Kentucky will be forced to use the money appropriated for this project in other sections of the state, it was said.

The College of Agriculture has already drawn up work to be conducted in 1955 on Eden soils. As yet, no one knows where the farm will be located since the money must be available before the site can be selected.

To Serve On UK Committee

Two University of Kentucky students from Boone county have been invited to serve this year on the University's Committee of 240, a service organization which acts as a link between UK and communities throughout the state. Among the students named to the group are Charlotte Fullerton of Florence, and Peggy Kelly of Burlington.

Members of the committee supply local high school students with information about the University of Kentucky under the direction of the UK Department of Public Relations.

Income Tax Man to Visit Walton, Jan. 21 Says Wm. M. Gray

District Director of Internal Revenue, William M. Gray, announces that an agent from his office will visit Walton, January 21; Williamson, January 19, and Covington, January 19 through April 15, 1955.

The purpose of these visits is to assist taxpayers of this area in filing their final 1954 returns and their estimated returns for the year 1955. The returns must be filed by April 15, 1955.

The District Director of Internal Revenue urges that taxpayers desiring the above service, list and total items relating to their income and their deductions so that information necessary for the preparation of a return be at hand.

It is also suggested that taxpayers whose returns require business schedules or involve substantial amounts of income limit the use of this service to the extent of using only a proportionately fair share of the limited time and personnel available for the absolutely free service.

Job Placements Up During November Says Frankfort Report

Job placements reached a post-war high and unemployment insurance benefits paid jobless workers reached a low point for the year in Kentucky during November, according to Commissioner of Economic Security Vego E. Barnes.

There were 6,082 jobs filled during November by field offices of the department, nearly double the November 1953 figures, while \$2,578,000 was paid in jobless benefits, including \$256,277 in veterans' unemployment insurance benefits, Barnes reported.

While unemployment payments were down, claims, both initial and continuing, were greater than for October. There were 16,393 new claims—five per cent above October, and 2.4 per cent above November 1953. Continued claims total 165,093 or 5 per cent above October and 70 per cent above November 1953, he said.

Drawing an average weekly benefit check of \$22.26 were some 27,500 jobless workers each week, according to Barnes. During the month, 3,511 jobless workers exhausted their 26 weeks of benefit rights to bring the year's total. November exhausted \$2.8 million, or 1 per cent over October and more than double November 1953.

Groger Renamed Chief By Firemen Monday

HARRY F. BAKER

Harry F. Baker, 58, of Verona, R-I, passed away December 27 in the Veterans Hospital, Louisville. He was a member of South Fork Christian Church where he was an elder and chairman of the church board, and was also a magistrate in the Napoleon precinct of Gallatin county.

Funeral services were held Thursday, December 30, at 2:00 p. m., in the South Fork Christian Church, with the Reverends Stevens, VanHorn and Stephens officiating. Burial was in Hance Cemetery. Hamilton funeral home, of Verona, had charge of arrangements.

Members Urged to Attend Church By Rev. Chas. Vaughn

Members are urged to attend church services by Rev. Charles A. Vaughn, pastor of the Walton Christian Church.

Frequently, I say to a member, "I didn't see you at church Sunday," and he replies, "I was there." Then he, after a moment's pause, says, "I mean, I was at Sunday School." Sunday School is wonderful, but it is not a substitute for church attendance. In Sunday School we seek to teach men the Bible and win men to Christ. In church services we seek to glorify God and the Savior engage in the worship of God the Father who has revealed himself in Christ. There are no strong Christians who do not attend church. There are no Christians who work for the Lord and give worthily support to His church who ignore the worship service of their church. Church attendance is the most important act of a Christian life, where gathering around His table in remembrance of His suffering for us is essential to the nurture of a truly Christian soul.

The unchurched are warmly invited to find a church home and Bible School in the Walton Christian Church.

"The church is no bigger, no more influential, no more active, no more effective, than the members who compose it. If all were like you, or we, what would the church be in 1955?"

Services at Lebanon, Sunday

There will be services at Lebanon Presbyterian Church, Sunday, January 9, at 2:00 p. m., with Rev. Paul Currie the speaker. The public is cordially invited to attend.

A FEDERAL LAND BANK LOAN
can make...

YOUR LOAD
lighter, 700!

Farmers, by increasing thousands, are consolidating their present debts to several creditors into one 4% Federal Land Bank loan.

The RESULT—A loan that's easier to carry. It can be repaid over a long time—usually 20 to 34½ years. The small payments give them the protection of having their debt retirement geared to their farm income... and at the same time... gives them the privilege of paying ahead any amount at any time. And... the interest rate is only 4% a year.

A 4% Federal Land Bank loan can make your debt load lighter, too. Join the thousands who are using this method of making their debt easier to carry.

VERONA

Mr. and Mrs. John Scott, Jr., of Walton, and Mr. and Mrs. John Scott, Sr., of Verona, attended the wedding of Miss Carolyn Carpenter and William C. Scott at Flemingsburg, Ky., Sunday, December 26. We wish this young couple a long and happy married life together.

Marion A. Waller returned to his school Monday after spending Christmas with his parents, Mr. and Mrs. William Waller.

James Whitson, Covington, was calling on his aunt, Mrs. Florence Edington, and Mr. Edington Sunday afternoon.

Mr. and Mrs. Robert Porter and son Bobbie entertained about 30 of their friends with a New Year's eve party. We were sorry to hear of the passing of Mrs. Vina Webster, who passed away Friday afternoon. Her funeral was held Monday afternoon at the Hamilton funeral home. We extend sympathy to her children, grandchildren and other relatives.

Mr. and Mrs. Harry Chapman were visiting Mr. and Mrs. Jake Struve, on Sunday.

Mr. and Mrs. L. C. Littrell spent Christmas day with their daughter and son-in-law, Mr. and Mrs. Jesse McMillan of Covington. Mr. and Mrs. Morgan Chandler, Mr. and Mrs. Mayra Hayden and daughter, Carolyn, and Mrs. Susie Gore spent Sunday with Mr. and Mrs. Paul Payne and son, Stephen, of Louisville. Mr. and Mrs. Raymond Stephenson and two sons, Clifford and Jimmie, spent New Year's day with his sister, Mr. and Mrs. Q. B. Swame, and Jimmie stayed for a longer visit.

Marion Arch Waller had as supper guests Friday, December 17, his classmate of Campbellsville, enroute to New York for his vacation.

Mayro Hayden opened his new store in Verona, Saturday. Mr. and Mrs. Glenn Webster of Napoleon, and his mother, Mrs. Vevie Webster, Verona, spent Saturday with Mr. and Mrs. Clifton Webster of Berry Station.

Mrs. L. C. Littrell and son, Russell, spent New Year's day with her daughter and family, Mr. and Mrs. Allen Boss, and sons of Covington.

There is quite a bit of sickness in our community. Several of the children have chicken pox and colds. We were sorry to hear of the passing of Harry Baker last week. We extend sympathy to his wife and three children, as well as other relatives, in the loss of their loved one.

Mr. and Mrs. William Scott of Paris, Ky., James Howard of Denver, Colo., and Ora Crowe had dinner with the John Scott family, Tuesday evening. Happy and prosperous New Year to the Advertiser and all of its readers.

Miss Betty Casper of Orange, N. J., Mrs. W. E. Waller, and Marion Arch Waller visited Mrs. Frank White of Wood River, Ill., and Mr. and Mrs. Bert Noel of Colfax, Ill., and Mr. and Mrs. Troy Meyer of Madison, Ind., from December 18-20.

On December 23, the above group, accompanied by Mrs. Lizzie Noel and Miss Betty Casper of Jersey, left by plane for her home last Thursday afternoon after spending a few days here.

BIBLE
SPEAKS

BY DR. KENNETH J. FOREMAN

The Living God

Lesson for January 9, 1955

FOR the next three months the Sunday school lessons will go into the great Christian scriptures. Christian churches are basically agreed about these doctrines. You can go into a church and hear a sermon about the living God, or about the Holy Spirit, or about Christ, and hardly be able to tell what the denomination of the minister is, from the sermon. Various churches have written creeds. Dr. Foreman which are their official interpretation of Scripture. But since these lessons to come are concerned with the Bible rather than with formal creeds, this column will not set forth the special views, if any, of particular churches, but will rather try to point out some of the truths which we all hold in common, and which we derive from the revelation we find in the Scripture.

The Living God

The Bible nowhere tries to prove that God exists. If I were talking to you or writing you a letter I would not waste time trying to tell you that I am a real person. So the Word of God simply assumes that God IS. But that is not nearly enough for a vital faith. Suppose God just IS, like the law of gravitation or the binomial theorem in algebra—quite real but completely blind and uncaring? Suppose he just IS, like the other side of the moon, always there but never to be seen? Suppose God IS, like a block of granite which can be worked on but never does any work? No—by no means! The God of the Bible is the Living God, one who does things. Read for example, the first book in the Bible, Genesis. Who is the principal character? Not Adam, not Noah, not Abraham or Joseph, but God. The story of the Bible is the story of the "mighty acts of God." Only the living God can help living men.

God is Spirit

The Greek of John 4:24 can be translated just as correctly "God is Spirit" as "God is a Spirit," and scholars mostly believe the first translation better conveys the meaning. This does not mean you can turn the sentence around and say "Spirit is God." You are spirit, but you are not God. The great dividing line in existence is not between spirit and matter. It is between the one, the Creator-Spirit, God on the one side; and created-spirit and created-matter, on the other side. As Creator-Spirit, we can be sure of some facts about God. One is that he is not and does not have a physical body. If he had a body he would (like all bodies) have to be in only one place at one time. If he had a body he would be limited by his body as we all are. But being Spirit he can be, and is, everywhere. Because he is Spirit, Paul can say he is not far from each one of us . . . in him we live and move and are.

God is Father

The Old Testament tells us much about God, but the New Testament tells us more. It is only rarely that God is called "Father" in the Old Testament, but in the New, we find Jesus using the word "Father" about God more than any other one word. There is a sense in which God is Father of all men—a more intimate sense in which God is Father of Christ and of Christians. Consider the words which would have been just as easy to use in beginning the Lord's Prayer: O creator . . . O Lord Most High . . . Almighty God . . . King of Kings . . . Judge of all the earth . . . But Jesus passes by all those and teaches us to say simply "Our Father" when we speak to the Almighty.

The Father and I Are One

Most important, most distinctively Christian, of all truths that we learn about God in the Bible, is summed up in Jesus' words: "The Father and I are one." The original Greek shows that Jesus did not mean to say he and his Father are one person, one individual; but he did mean to say that if we want to see God we must look into the face and into the mind and heart of Jesus. As Paul later said, we see the glory of God in the face of Jesus Christ. Christians who have given great thought to these things are agreed that any idea of God, any notion we may have about him, must be brought to the test of Jesus Christ. The least we can say is that God is Christ-like.

SPIRE in the SNOW

Next time you see a church standing in the snow, its spire raised to the winter sky, think how hard it was to attend Sunday services in your grandfather's day.

Then it was a matter of getting up in the cold chill of early morning, hitching up horse and sled, and jingling across the countryside with sharp icicles of wind stinging your cheeks. Yet few stayed at home because of the weather.

Today, it is relatively easy for all of us to get to Church. Whether we live in the city or in the country, modern transportation can bring us conveniently to the very doors of the Church. Yet we are far more apt to stay home than grandfather was.

Grandfather realized there was so much to be gained by making his pilgrimage through the snow that only sickness could have kept him at home. He knew that few experiences were richer than worshipping in the church of his choice each Sunday morning. If we stop to think . . . and if we're honest with ourselves . . . we'll know it too.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in our life for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WHITES TOWER

Holly 4074 for News Items

Patsy, Judy and Tommy Brumback left by plane Sunday morning for a visit with their father. This was their first plane trip and the youngsters got quite a thrill out of it. Oh, yes, I forgot to mention that their father lives in Cleveland, Ohio, and is an official for one of the largest trucking companies in the country.

Skeels Richardson of the Tower visited his friends, the Jess Obel family, near Schumaker Road, Christmas day, and enjoyed a turkey dinner with all the trimmings cooked only as Mrs. Obel can cook, and that is tops.

Mrs. Floyd Smith entertained quite a number of her children and grandchildren for dinner Christmas day.

Just a few of the events over the holidays that made news in the Tower. The head-on collision of two cars near "Dixie's" store, the resignation of Bob Brown, pastor of Visalia Baptist Church, the departure of Lela Richard Dorsey, a jet flyer, for the northeastern part of Japan.

A letter from Jimmy Ryle, who is in the southeastern part of Japan, 700 miles from our other grandson, Dickie, says they are enjoying all kinds of good eats and he is drawing maps for the U. S., a job he had before he went in the service.

The following newcomers have come to our notice in Kenton county, in our vicinity and nearby: Orville and Jennie Bailey, Route 1; Independence, a girl, Dec. 21; Cassius and Shirley Hopkins, Route 1; Morning View, a boy, Dec. 17; Homer and Margaret Hutchins, of the same route, a girl, Dec. 20; Carl and Ruby Smith, Independence, a girl, Dec. 15; Harold and Shirley Metcalfe, Route 3, Covington, a boy, Dec. 16; Foster and Wilma Darrell, Route 1, Independence, a boy, Dec. 21.

Roy Kendig was a visitor at the farm New Year's eve and he and Charlie Dorsey were killing a fat duck for the New Year's eve festivities. They had quite a time, but with perseverance they got Mr. Duck as white and pretty as a new glass marble. You know it takes two to Tango!

If you would see the people speeding by the Towers this week you would wonder if anyone reads the daily papers in regard to S. D. D. We saw people going by the Tower at least 60 miles per hour, but of course it couldn't happen to them as they are too smart for that. Did you ever stop to think how many accidents happen to these people. You may be smart but do you know what the other guy is going to do? If you can anticipate this, you are a really smart driver with nothing to worry about.

Corse Brinkley of Staffordburg Road was a business visitor at Bide-A-Wee farm, Friday evening.

The Christmas party at the Visalia Baptist Church, Thursday night was well attended and everyone came away with a present worth one dollar, which is a very nice way for folks to get closer together and as long as the folks over there don't find someone who wants to dominate the group but go fifty-fifty, they will have success and can all work together in unity and love of one another. You know if you are working with a group you have to give and take just as you do to make married life a success.

The weather this New Year's eve is ideal and we hope the conduct of the celebrants will be the same.

Mrs. Richard Dorsey and little daughter, Sarah, of Independence, were New Year's eve guests at the writer and wife.

We just finished stripping a pretty fair crop of tobacco for our neighbor, Herb Gross. He works at the Newport Rolling Mill and being so far away from the farm does not have time to do it for himself.

Sorry to hear that Mrs. Albert Setters is in St. Elizabeth Hospital after a mild relapse from her former illness.

Randolph Gibson was a business visitor at Bide-A-Wee over the weekend, as he and Charlie talked over plans for next year's crops.

Second Lieutenant Richard Dorsey is now located on Hokaido Island, a base in the extreme northeastern part of Japan, and he reports that it is very cold there, where they have 12 inches of snow and it is still snowing. The annual snowfall for that area is 10 feet, while a few miles north, the average is 20 ft. It is only a few miles from Russia, who, at the present time, seems to be the only obstacle to world peace.

A couple of girls from Christ Church held an old homecoming week on our front porch Sunday, which is some kind of a record for January 3, 1955.

Mr. and Mrs. Ralph Howard entertained several of their relatives and friends during the holidays.

Mr. Carmichael and his son-in-law of the L.L. Highway, were business callers at the farm Saturday.

The early mailing by the public this year enabled the Post Offices in this vicinity to have everything cleaned up by Christmas eve, thanks to the daily and county papers cooperation.

Tom, Ludy and Pat Brumback flew back from Cleveland, Wednesday night during that terrific wind and "Snow Storm" and as Tom put it, "That old plane rocked like a rocking chair." They were over two hours late getting into Boone County Airport.—E.J.R.

Hickory Grove W.M.S.

Members of the Hickory Grove W. M. S. met at the home of Mrs. Charles Hurd, Tuesday night, December 7, with seven members present. A sunshine basket is to be given to the shut-ins for Christmas. The program, "Road to Bethlehem," was given by members, which was very interesting. Refreshments of pie, coffee and tea was served and enjoyed by all.

Saturday, December 11, members, including Mrs. Durr, Mrs. Maddox, Mrs.

Neuspickle, Mrs. Wienen, Mrs. Casson, Mrs. Reynolds, Mrs. Arnold, Mrs. Lipscomb, Mrs. Popp, Mrs. Summey and Mrs. Jump enjoyed a Christmas party at a Walton restaurant. A delicious dinner, including turkey and all the trimmings was served. Gifts were exchanged and names for next year's secret pals were drawn. Games were played and everyone had a good time. We hope to all be together again next year.

We wish everyone a Merry Christmas and a Happy New Year!

CHART SHOWS HOW TO CULL POULTRY

A culling chart of the characteristics of layers and non-layers is one of the

features of a UK College of Agriculture and Home Economics circular called "Culling Farm Poultry." To cull accurately, one should recognize the difference between a producer and a layer, it is stated. This knowledge can be obtained by studying the chart and by handling the birds. It is considered easy to distinguish between the high and low producers. The medium producers give the culler the most difficulty. Ask a county or home agent for Circular 330.

Rabbit foxes bit 15 to 20 head of cattle, mules and dogs in Rowan county. Strawberry growers in the Purchase region have ordered more than a million plants to set next spring.

Elmo Newton, Estill county, harvested 3,400 pounds of tobacco from one acre. Nelson county homemakers bought about 300 buckram hat frames which they will cover with fabric.

Mr. and Mrs. Ira Harris entertained on Christmas day, the following: Mr. and Mrs. Raymond Stephenson and sons, Mr. and Mrs. Joe Rouse and children, Mr. and Mrs. Alfred Kemper and sons, and Mrs. Lenabelle Harris. They are glad to report that Little Carol Ann is improving very slowly.

Jamesway for 1955

We have a nice stock of Jamesway poultry feeders and fountains. If you do not have an electric heated Jamesway poultry fountain, you are missing a lot of eggs per day, because when you have plenty of warm water for your hens they will lay more eggs. Of course we have a kerosene heated fountain if you do not have electricity; also those five-foot feeders up on lags, but only the 5 and 8 gallon are heated. I have a drop-in heater which proves very successful.

I also have a dairy water heater for stock tank and the thermostat to wrap around pipe to keep from freezing. If you want to load that mean bull in a truck, I have the thing—an electric cane, and it will make him move! I also have those extra large size rubber tires—have been buying those small electric water pumps for dairy barns—said the inspector is after them. We have plenty of pumps, pipe and fittings.

The last day of 1954 and we were busy all day. People were buying all types of hardware. We are going to have the best year in 1955 that we have had for a long time. Our section of the country has had three bad years for farmers, but they are going to be better now. Farmers are looking better and looking forward for a larger income in 1955. We are going to try very hard to have what you want and at a lower price. We are working on a smaller profit and selling more hardware. Check at CONRAD'S first for quality and price; also that service you get here.

Looks as if we will have a big year in Kentucky with our Governor's election coming up and Happy Chandler already says he is going to be the next governor. It seems, up to now, they can't find anyone who can beat him; also I hear today that Ike and Nixon are getting ready for 1956 presidential campaign. The Democrats had better pick wisely! This 1955 just has to be a big year, as every paper and radio program have the people in the right spirit and that is what makes this country go.

When someone gets to talking hard times, depression or whatever it is, a large percent of people get scared and clamp down on spending—people quit buying, then people get out off their jobs and can't spend. But when we all look on the bright side, we make money and send more—that is what keeps the old U.S.A. on top. If we need a new church, we build it; if we need a new school, we raise the taxes and build it. Whatever we really need we always manage to get it and pay for it. If we can make money, we love to spend it.

Joe Kennedy from Gallatin, county was in today—said he hadn't made any money since the Republicans

took over. Omer Kite was in a few minutes—bought a wrench, clothes line and clothes pins, then ordered a tongue for his rubber-tired wagon. Mrs. Lawrence Poole bought three 9x12 rugs—they like those Armstrong rugs. Leslie Williams bought a 12x12 Armstrong rug. Clark and Edna Spillman bought a Taylor Tot for their girl of theirs.

Last Sunday, Clay Kerns was having all heater trouble—in fact no heat at all. He went and told Chick his troubles, and he and Clay came down to the store and took out a new Perfection all heater to replace his old Coleman—when the ox is in the ditch Chick will pull him out. Clay and Edna are very good customers here and we try to take care of our good customers. Mrs. Lindsay Brashear came in—she was having trouble with a water pump that came from Sears—they had promised to repair it last week, but no word came in. John D. two hours I had contacted John Wood and he had it fixed. We give them service, don't we, John—and he can do it.

Robert Smith, son and father, Emerson Smith, from Union, came after a Dayton jet water pump and a lot of fittings—Robert is putting this in his house. Clarence Schuerman and Mr. Hergott from Kenton county were in getting bolts and bits—Clarence also bought a water system for his dairy barn. John Dorsey was in a few minutes today but did not stay long.

We have all the Christmas left overs put away—the windows washed and the store ready for another year. Mr. and Mrs. Teegarten bought a lot of Chert rubber base wall paint for their new home on Verona Road. This paint makes a beautiful finish and I have some wonderful colors, or you can mix your own. Brewster brought in three 2-horse sleds I had made and they are good ones. Get one of these before they are all gone. Brewster went over to Mrs. Hoffman on Visalia Road to clean her oil heater.

Robert Griffin brought in several frames to be filled with screen glass for storm windows. We get all kinds of jobs. Charles Steins from Corinth had Brewster cut a hole in the door of a large mail box and put flap on it so the box could be locked; also put his name on it. If you don't have your name on your mail box we will make one up for only \$1.00 out of aluminum letters. We also put on two new handles on hand saws. Every day we put on several new iron cords, make up extension cords and wire lamps for electric.

Come to CONRAD'S in 1955. We are trying every day, every week, every month and every year to make this a better store for YOU. We try to keep our prices low and sell you quality hardware, also give you service that you get not other place. Shop at CONRAD'S!

Heart Fund Drive Chairman for Walton Is Mrs. W. S. Grubbs

Appointment of Mrs. Wallace Scott Grubbs as Walton chairman for the 1955 Heart Fund Drive during February has been announced by Col. Philip P. Ardery, state campaign chairman.

The minimum statewide goal for '55 is \$185,000, Grubbs stated. A total of 75% of the funds remain in Kentucky to finance a three-fold program of research, health education, and community service in the fight against the state's greatest killer, heart disease. The other 25% goes to the American Heart Association, New York, and half of that amount must be spent for research.

The Heart Fund in Kentucky helps support a wide program of activities that include: free heart clinic examinations, hospitalization and operation, a Chair of Heart Research at the University of Louisville Medical School; special research studies; a rehabilitation center to restore heart cripples to useful living; purchase of special hospital equipment; training courses for doctors, nurses and technicians; and weight control and work-simplification classes for the general public.

Verona Homemakers

The Verona Homemakers met in the home of Mrs. May Wilson for the regular meeting, which was called to order by the president, Mrs. Frances McCormick.

After the business session, Miss Nancy Guilfoill gave a talk and asked that a delegate be sent to Farm and Home Week at Lexington. Mrs. Minnie Davis named as the delegate.

After a delicious turkey dinner served by Mr. and Mrs. Charles T. Wilson, the afternoon was spent in playing games and singing. Those enjoying the day were:

Frances McCormick, Corine McCormick, Mrs. Bertha Little, Mrs. Lena Harris, Lillian Stephenson, Pearl Lamb, Mrs. Lizzie Noel, Mrs. Crowe, Mrs. two Vest, Florence Johnson, Mrs. Minnie Davis, Mrs. John Kennedy, Patsie Waller, Edith Hamilton, Ethel Fooks, Mrs. F. Mills, Virgie Adams, Nancy Guilfoill, May Wilson, and Mr. and Mrs. Charles T. Wilson.

The next meeting will be held on February 11 with Mrs. Ethel Fooks. All members are urged to be present.

WEEKEND REVIVAL

A weekend revival will be held at the New Bethel Baptist Church, Verona, on January 14-15-16, at 7:30 each evening, presented by the youth team from Campbellsville College, sponsored by the Baptist Student Union. The team is composed of five young men and women. A feature of the services will be special music. Everyone is invited.

Annual Farm Bureau Meal at Burlington Next Monday Night

The annual Boone County Farm Bureau meeting will be held at the Burlington Courthouse, Monday, January 17, at 8:00 p. m., according to Beckham Shields, president. Election of officers and directors will be one of the chief items of business.

Highlights of the evening will be an address by Jack Welch, vice president of the Kentucky Farm Bureau Federation, and Miss Pat Scott, daughter of Mr. and Mrs. W. J. Scott, the International Farm Youth Exchange representative to Austria from Boone county.

Mr. Welch will discuss how the Farm Bureau can help farmers and how the School Milk Program can help Boone county.

Miss Scott will give a lecture and show colored slides of the way farmers live and work in Austria. Pat also lived and worked on a farm while in the country. The trip to Austria was sponsored by the Boone County 4-H Council, and Boone county organizations and businesses.

The membership of the Boone County Farm Bureau is the largest ever, and it is hoped that there will be 100% attendance and cooperation at the annual meeting in order that Boone county may be served better.

News-Flash!

Wednesday morning, a bit about press time the news came in that two large airplanes had hit in mid-air and crashed near Hobson, killing all of the passengers. One of the planes had just left the Boone County Airport. Details of the crash and the other plane had been killed were not available when the Advertiser went to press.

MRS. NELLIE J. HELMS

Mrs. Nellie J. Helms, mother of E. E. Helms, proprietor of a garage in Petersburg, died last Friday at her home in Petersburg. She was 80 years old and had been ill a long time.

Besides the son named, she is survived by another son, Major Frank B. Helms of the Army, now living in Arlington, Va.

Funeral services were held Sunday afternoon at the Petersburg Christian Church, of which she was a member. Burial was in Petersburg Cemetery.

Chambers & Grubbs funeral home, of Walton, had charge of arrangements.

Christian Church Has 5 New Department Heads and Assistant

The Walton Christian Church has provided its major work into five main departments. The chairman of each department is an elder of the church, and the vice chairman is a deacon.

The leaders, named recently, are: Department of Worship, Ben Doan and J. R. Flynn; Christian Education and Youth, Morgan Campbell and Clayton Jones; Evangelism, Ira Stephenson and Bert Parker; Finance, Mark Raper and Finley Jacobs, Jr.; Property and Care, Wallace K. Grubbs and Jesse Calloway.

Rev. Charles A. Vaughn, pastor, said the work of the church was moving forward with great interest and plans were under way to make 1955 a great year in the total work of the church and Bible school.

J. B. and Gladys Smith, Newbern, Ill., will lead the music in a two weeks pre-Easter revival, and the Rev. D. C. James, Reidsville, N. C., will be the evangelist. The local Christian church is pleased to have this outstanding trio to lead in a soul-winning campaign. General membership visitation is being stressed this year.

Staffordburg Homemakers

The hooked rug lesson was presented to members of the Staffordburg Homemakers Club at the January meeting by Mrs. L. J. Rapp, in the home of Mrs. Clinton Henry.

Book Review of "Mary" Heard By Local Club Members

The beautiful story of "Mary," by Sholem Asch, was reviewed by Mrs. A. L. Liggett at the January meeting of the Walton Woman's Literary Club, held in the Phoenix Restaurant, with Mrs. W. O. Rouse, hostess.

Mrs. J. C. Bedinger gave the spiritual guidance with an inspiring talk on the passing of the old year and the coming of the new. Mrs. Bedinger quoted from the scripture as found in II Timothy 2:15, "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth," and closing with prayer.

Mrs. Liggett told the story of the courtship of Joseph and Mary, the birth of Jesus and his life on earth, his crucifixion and resurrection, ending with the words, "Peace be unto you."

The speaker, who is a member of the Florence Woman's Club, was introduced by the program chairman, Mrs. Sam Sleet, who also presented her with a gift of appreciation from the club.

The vice president, Mrs. James S. Webster, presided over the meeting in the absence of the president, Mrs. Julia A. Rouse.

The meeting opened with the pledge of allegiance and the reading of the club collect, led by Miss Jean Chambers. Members responded to roll call by naming a favorite book.

Mrs. Sleet announced that a copy of the resolutions on the passing of a member, Mrs. E. E. Fry, had been sent to the family and that one would be placed in the file in the secretary's book, in charge of Mrs. C. W. Ransler.

After adjournment, a social hour was enjoyed and refreshments were served by Mrs. A. L. Liggett, Mrs. J. C. Bedinger, Mrs. S. S. Chambers, Miss Jean Chambers, Mrs. J. R. Conrad, Mrs. B. W. Franks, Mrs. A. H. Gaines, Mrs. L. M. Gabriel, Mrs. J. L. Hamilton, Mrs. R. Johnson, Mrs. G. L. Musby, Mrs. John Myers, Mrs. Emma Miller, Mrs. James Powers, Mrs. M. C. Roney, Mrs. C. W. Ransler, Mrs. G. C. Ransom, Mrs. S. D. S. Ransom, Mrs. W. O. Rouse, Mrs. W. W. Rouse, Mrs. W. D. Scroggins, Mrs. J. T. Stone, Mrs. Forest Thompson, Mrs. Sam Sleet and Mrs. J. S. Webster.

Richwood Church Is Scene Of Pretty Wedding Dec. 25

The marriage of Miss Kathleen Kenney, daughter of Mr. and Mrs. W. R. Kenney of Walton-Beaver Road, to Mr. Charles L. Wiley, son of Mr. and Mrs. Dale Wiley of Middletown, Ohio, took place Christmas day at 3:30 p. m.

The couple exchanged vows at the Richwood Presbyterian Church. Officiating at the double ring ceremony was the Rev. D. R. Hopkins of Crescent Springs, former minister of the Richwood church.

Church decorations included candles, palms and arrangements of poinsettias. Following and during the ceremony, a program of nuptial music was presented by Tom Riley, brother of the groom, as vocalist, and Mrs. Stanley Ransom as organist.

Given in marriage by her father, the bride spoke her vows in a gown of candlelight bridal style with princess lines. The soft pleated portrait neckline was embellished in a leaf design of fine seed pearls. The skirt, fashioned with soft folds, was worn over a full hoop and extended into a full train. The long sleeves tapered to points over the bride's hands. Her veil of pure silk, French illusion cascaded from a small half hat of matching satin, enhanced with a covering of seed pearls. She carried a bouquet of white orchids.

Mrs. Roberta Kenney attended her sister, as maid of honor, and Miss Jane Wiley, the bridegroom's sister, and Miss Linda Kay Chandler of Nappanee, Ind., the bride's cousin, were bridesmaids. The attendants were attired in ball-length gowns of ice blue brocade. Their dress-length gowns featured wedge necklines and tiny sleeves. The skirts, worn over crinolines, were made with soft back fullness, creating a bustle effect. Their matching lattice type hats featured theater veils. Each carried a bouquet composed of two white orchids and blue pinks.

Bank Officers Named

The Bank of Independence named several new officers at their regular board meeting Tuesday afternoon at the bank. A. C. Bird, who has served as president for a number of years, resigned. Raymond Giles, who has been the cashier for many years, was elevated to president. C. M. Northcutt was then named cashier.

John L. Vest was appointed chairman of the board, while Allie Allnut was named vice president and secretary. The remainder of the board remained the same.

The semi-annual financial report of the bank appears in another part of this issue and shows it to be in a fine condition and growing.

Engagement Announced

Rev. and Mrs. A. L. Scherry, Alexandria, Ky., announce the engagement of their daughter, Virginia Carolyn, to Mr. Robert Leslie Jones, Jr., son of Mr. and Mrs. Robert Leslie Jones, Syracuse, New York.

The wedding will take place in March in the St. Paul Evangelical and Reformed Church, Alexandria, of which Rev. Mr. Scherry is pastor.

Miss Scherry is a graduate of Central High School, Xenia, Ohio, and the School of Nursing of Christ Hospital in Cincinnati. Mr. Jones is a graduate of Robinson High School, Evanson, Ill., and of Colgate University. He served overseas in World War II and in the Korean conflict. Mr. Jones is the great-nephew of Robt. W. Jones, Walton.

Loveland (O.) Man Injured

A compound left leg fracture and head cuts were suffered by Charles Balkis, 42, Robt. A. Loveland, Ohio, when he was struck by an automobile Sunday afternoon on U. S. Highway 25, about five miles north of Walton, Kentucky, state police reported.

Police said the accident occurred when Mr. Balkis left his parked auto and started to cross the highway. They identified the driver of the automobile that struck him as James T. Vest, 22, of Walton.

Mr. Balkis was taken to St. Elizabeth Hospital, Covington, by the Hamilton funeral home, Verona.

Wilmington W. M. S. Meets

The W. M. S. of the Wilmington Baptist Church met Wednesday, Jan. 5, at the home of Mrs. Anna Fisk. Those present were: Mrs. Annie Fisk, Mrs. Carrie O'Doherty, Mrs. Genie Beagle, Mrs. Marietta Wilson, Mrs. Elza Durr, Mrs. Marie Parr, Mrs. Doris Fingell, Mrs. Hazel Segal, Mrs. Ada Segal, Mrs. Wilma Mullins, Mrs. Nellie Prapp, Mrs. Agnes Strenge, Mrs. Ethel Glacking, Mrs. Tobitt Bridges, Mrs. Lula Fisk, Mrs. Lena Mae Bagby, and four children.

There had been 91 cards sent, 20 visits made, and 51 phone calls to the sick. Mrs. Marietta Wilson, vice president, had charge. A nice lunch was served by Elza Durr and Marie Parr.

Mrs. Hazel Segal and Mrs. Agnes Strenge will be hostesses for February.

Hickory Grove W. M. U.

The Hickory Grove W. M. U. met at the home of Mrs. J. C. Reynolds, Jan. 4 at 8:00 p. m. Nine members and one visitor present.

Attending were: Mrs. Mildred Papp, Mrs. Martha Maddox, Mrs. Virginia Duff, Mrs. Clyde Arnold, Mrs. Anna Weigall, Mrs. Janetta Neuspickle, Mrs. J. C. Reynolds, Mrs. Mildred Papp, Mrs. Violet Lipscomb, and Mrs. Ella Summy.

The program, "Pointing the Chosen People," was given and enjoyed by all. Refreshments of home made cookies of several kinds, home made candy, ice cream, coffee and tea were served. The table was beautiful with a center piece of holly, pine cones, pink and red candles. Everyone enjoyed the meeting very much.

Mr. Nestor's meeting will be on the first Tuesday in February at Mrs. Hildie Jump's. Everyone is invited to attend and enjoy the program and evening. The group would like for a lot of new ladies to become members in 1955.

Pastor Called at Crittenden

The Crittenden Christian Church has called Rev. Donovan Hill, Covington, as pastor. Mr. Hill began his duties last Sunday, and on this first Sunday, one young man came forward for confession and baptism. He will attend the College of the Bible this summer.

Mr. and Mrs. Johnny Gault, Jr. and daughter, Renee, of Park Hills, were guests of his parents, Mr. and Mrs. John Gault, Sunday, and to see Johnny, Ill., who has been ill for two weeks with the chicken pox.

Simon Kenton, St. Henry in Hoop Wins

SERVING ON OKINAWA

2/Lt. Abe Hopkins

2/Lt. Abe Elliott Hopkins, son of Mr. and Mrs. C. C. Hopkins, Fiskburg, was co-hostess, at the home of Kadino A. F. B. Okinawa. He is a graduate of Simon Kenton High School, and received his wings at Laredo Air Force Base in Texas, April 26, 1954.

Boone County DAR Award of Merit Goes To Judge Cropper

Mrs. Charles Goodridge, Miss Margaret Goodridge, and Miss Evelyn Tanner were co-hostesses, at the home of Mrs. Goodridge on Florence-Burlington Road, to the Boone County Chapter, Daughters of the American Revolution, for the January meeting.

Appreciation was expressed to Mrs. W. Baxter Harrison, regent of the Simon Kenton Chapter, for the invitation to all members to attend the tea, to be given at the Erlanger Christian Church, Jan. 19, at 3:00 p. m., honoring Mrs. Mary Taylor, who is being given the Award of Merit for service to her community. Members of the local chapter voted unanimously to give their Award of Merit to County Judge L. Cropper for his untiring efforts to maintain clean county government.

A part of the program consisted of views of historic shrines in the eastern part of our country, including scenes from Valley Forge, the Old North Church in Boston, the Liberty Bell and Independence Hall in Philadelphia, the Betsy Ross flag, Statue of Liberty, and many others. These were shown through the courtesy of Ashlin Logan. Also a most interesting and informative paper on the American Indians was presented by Mrs. Louis Braun.

Mrs. Roy C. Nestor, chapter regent, announced that members desiring to submit supplemental lines to Washington may do so, but these papers should not reach the National office prior to March 7, but should arrive March 7, 8, or 9. These papers must be in duplicate, signed by the chapter registrar, but do not require chapter approval. There is a fee of \$10 for each supplemental line, and this amount is not returnable.

A special appeal was made by the chairman of the committee on Genealogical records, Miss Margaret Goodridge, that any records the members may have for that department be turned in to Mr. or Mrs. Nestor on Jan. 15, in order to be included in her annual report.

Mrs. Nestor urged all members to attend the State Conference in Lexington, March 9, 10, 11. Mrs. Nestor will represent the chapter as delegate, and alternates named were: Mrs. Joseph Wolfe, Mrs. J. Proctor Brothers, Mrs. Davis Gaines, and Mrs. Louis Braun.

The following members were present: Mesdames Louis Braun, Reuben Conner, Clifford Coyle, Samuel Denham, Sr., Davis Gaines, Charles Goodridge, Virginia Goodridge, Ashlin Logan, Roy C. Nestor, Garnet Tull, William Tupman, Clarence Wolfe, and Misses Margaret Goodridge, Evelyn Tanner, Virginia R. Nestor, and Mr. Ashlin Logan.

Two steers that cost Allen T. Abell of Casey county \$240 in 1953 sold at a fat cattle sale in 1954 for \$178.

Only Two Wins For Locals In 16 Starts

St. Henry High School Crusaders, sparked by the 20-point total of Bucky Steffen, had trouble only in the first period Friday night in scoring a 68-33 victory over Walton-Verona. The loss was the 13th in 15 games for the locals. Walton, however, won the reserve game by a 54-39 score.

The Simon Kenton Pioneers bounced back from their loss to Campbell County last Friday night by trouncing the Walton-Verona Bearcats 84-52. Tuesday night, at Walton, it was the eighth win against five losses for the Pioneers.

Simon Kenton settled the issue in the first period by scoring 24 points while holding the home team to five. The locals showed their best brand of ball in the third period.

Simon Kenton-Coppage 10, Mattooli 7, Vaughn 3, Rose B, Bruckner 14, Heeger 8, Elliott 16, Huber 4, Butler 10, and Easley 4.

DAIRY MEET TONIGHT

The annual Boone County Dairy and Pasture meeting will be held in the Courthouse Building, Burlington, January 13, at 8:00 p. m.

To make a go of the business the chairman must feed right and have cows that will produce high poundage of milk. Dr. Schweidenhelm, Field Agent in Dairying, University of Kentucky, will discuss "Roughage Utilization and a Profitable Ration."

More land in this county should be in pasture and hay crops. More pasture and hay means cheaper milk, meat and wool and a larger profit for the producer. George Corder, Field Agent in Agronomy, University of Kentucky, will handle the discussion on pastures, forage production and fertilizers.

Oak Island Homemakers

Oak Island Homemakers met recently with eight members and one visitor, Miss Zelma Byerly, present. Miss Byerly gave a discussion of the Christmas exhibit held in Carrollton in December. Mrs. Walter Linnville gave a book report on "The Silver Chalice." Mrs. C. C. Northcutt gave the hooked rug lesson. Four baskets of fruit were sent to ladies of the community who were ill, at Christmas. The members of the Xmas party and dinner, which included all of the members and their families.

4-H Tobacco Sale Held at Carrollton; Averages \$51.68

Eighty-two 4-H club members from ten counties sold 79,460 pounds of tobacco for \$51.68 per hundred pounds at the Northern Kentucky 4-H Tobacco Show and Sale, which was held at Carrollton, December 18.

Eleven Boone county 4-H'ers sold 12,216 pounds of tobacco at the sales. Albert Wood, son of Mr. and Mrs. Joe Wood, and Jerry Williamson, son of Mr. and Mrs. Martin Williamson, sold the high crops for this county. They averaged \$58.65 per hundredweight, and \$52.0 per hundredweight, respectively. Other 4-H Club members in the show and sale were: Jim Bob Huey, Richard Brinkman, Atlee Anderson, Scottie Horn, Clifford Stephenson, Joe Hamilton, Alva Dickenson, Randall Hersley and James Stephenson.

Awards will be given to the winners of the sale and individual prizes will be given each member selling tobacco. The awards will be presented at the regular 4-H Club meetings.

Memorial Service Friday

Emma M. Whitting Council, 56, Daughters of America, will have a meeting, open to the public, for the draping of the council charter in memory of Sister Katharine Walsh, Friday, January 14, at 8:00 p. m., in the Masonic Hall, Walton.

Mr. and Mrs. Kerfue Brewer and daughter, Louise, were Sunday guests of her sister and husband, Mr. and Mrs. Denver Gobbard.

Walton Chapter, 161, Order of Eastern Star, will hold its regular monthly meeting at the Masonic Hall, Monday, January 17 at 8 p. m.

Miss Mary Rensler and Miss June Doan returned home Wednesday from a week's visit with Mr. and Mrs. S. L. Mose of Owsingville.

Mrs. Ed Mann and Miss Linda Bush called on Mrs. Lotta Powers, Sunday evening.

Bulletin Describes Dairy Barns

Dairymen planning to build or remodel barns will be interested in a U.S. Department of Agriculture bulletin called, "Stall Barns and Dairy Cattle." It tells how such barns may be built and used to make dairying easier and profitable. Pictures and plans are included. For a copy see a county agent or write to the UK College of Agriculture and Home Economics, Lexington, Ky.

MORE SHEEP FOR GARRARD

R. O. Johnson, UK farm agent in Garrard county, says "the sheep business looks bright" since the dog-control law became effective. Many farmers quit sheep because of dogs, he said, but now he believes they will go back in, since most farms in the county could support a small flock at little or no cost. The pasture-improvement program is another reason for interest in sheep, Johnson added.

COVINGTON, KY.

In this community we think the New Year got off to a fairly good start. Good winter weather, most of us in good health, and so many things for which to be thankful. The popular song tells us to "Count Your Blessings," but do we always think to thank the Giver of all Good Things? Besides the necessities He has given us much for pure pleasure.

For instance, this morning I saw out of my window a flock of Kentucky cardinals playing in the beautiful sunshine. Let us not pass by these things without a Thank You, God!

Rev. and Mrs. Roy Martin and children and Mr. and Mrs. J. J. Barnett were New Year guests of Mr. and Mrs. Howard Barnett.

We very much enjoyed and appreciated having with us Sunday evening, Rev. H. C. Ogles, who gave us an interesting sermon on the Lord's Supper, after which the same was observed.

Rev. and Mrs. George Miller, her mother and their children spent Christmas day with their families near Ft. Wayne, Ind.

Mr. and Mrs. E. P. Keeney, who spent the week in Kentucky, returned January 1 to Chicago.

Blanch Rich is confined to his bed at this writing. We hope he will be out soon.

PINER

Miss Norma Jo Cross returned to Morehead State College, recently, after spending the holidays at home.

Mr. and Mrs. Dennis Glicken left recently for their home in North Carolina where he is stationed with the Air Force. Mr. Glicken is now A/T. They spent the Christmas holidays with relatives here and at Walton.

Mr. and Mrs. M. B. Elliott and sons, Terry, of Florence, were recent guests of Mr. and Mrs. R. P. Mann.

Miss Eliza Elliott, who has been quite ill, has left the hospital and is convalescing at the home of her nephew and niece, Mr. and Mrs. Taylor Elliott, of Latonia.

Miss Myrna Cook had as a holiday guest, her cousin, Miss Patsy Frederick, of Violette Hill.

Mr. and Mrs. James Cummins and family have moved into our community.

Miss Sue Gajriel has returned to William and Mary College in Virginia, after spending the holiday season with her parents, Mr. and Mrs. L. M. Gabriel.

New Year's Eve services were held at the Piner Baptist Church. The service was inspirational and the fellowship hour was enjoyed by a goodly number.

A highlight of the service was the circle prayer as the old year went out and the new year came in.

CRITTENDEN

Walter Kidwell is in Good Samaritan Hospital with a heart attack. He is slowly improving.

Harve Meyers still remains ill at St. Elizabeth Hospital.

Mr. and Mrs. Olan Piner and Mr. and Mrs. Billy Ray Hinch spent Sunday with Mr. Piner's daughter, Mrs. William Kees and Mr. Kees of Erlanger.

Mrs. Ruth Crowe of Georgetown, Ky., spent the weekend with Miss Elizabeth Matthews and Miss Jean Martin.

Billy Meyers spent Sunday with his aunt, Mr. and Mrs. Forest Wynn.

Mr. and Mrs. Eugene Carlisle of Blue Ash, Ohio, were Saturday guests of his uncle, Mr. and Mrs. Walter Cooke.

Miss Geraldine Roberts spent the weekend with her cousin, Palma Foreman of Piner.

Mr. and Mrs. Tommie Jones of Lexington, have been visiting Mr. and Mrs. Malon Belew.

Mr. and Mrs. Al Harmon of Winchester, Va., are rejoicing over the arrival of a baby boy. This is the third heir. The grandparents are Mr. and Mrs. Marion Crowe.

Mrs. Cecil Plunkett still remains ill in St. Elizabeth Hospital.

Mr. and Mrs. Sam Scroggins and family have moved from the Chipman apartments to the Walter Kidwell house.

Mrs. Letha Henry has opened an antique shop in the Murphy house.

BEAVER LICK

Beaver Lick Baptist Church held its baptismal service Sunday at the United Baptist Church. A nice crowd was on hand to witness the ceremony. Bro. C. M. Riley officiated. Those baptized were: Mrs. N. R. Richardson, and Mr. and Mrs. Howe Hood. We especially want to thank the good folks at Union for the use of their facilities.

Miss Montona Stridham and Dewey Adelle Steele visited in the home of Mr. and Mrs. D. Begley, Tylerville, Ohio, for a few days.

Mr. and Mrs. R. W. Strecker and sons Wallace and Stevie of Creston, Iowa, spent the Christmas weekend with Mrs. Strecker's parents, Mr. and Mrs. N. R. Richardson, and all attended Sunday school and church services at the Beaver Lick Baptist Church, on Sunday.

Mr. and Mrs. Dillard Begley and Bill Hillborn of Tylerville, Ohio, were weekend guests in the home of Mr. and Mrs. L. B. Hutcherson.

May I ask you a question, please? Are you attending Sunday school and church on Sunday? If not, won't you please start attending the friendliest little church in our community? Beaver Lick Baptist Church, where you find everyone very congenial and a cordial welcome to all, making one feel right at home. Our Sunday school is growing very nicely and new additions to the church membership is steadily increasing. At the helm of this church we have three very capable young people who have done a lot in making it one of the best, attended in our community. Bro. and Mrs. C. M. Riley and our young superintendent, J. L. Arnold,

are conscientious and very sincere in their work and surely deserve all our best wishes, so may we count on seeing you in our midst from now on? I know the Lord will bless you.

The Son of God

Lesson for January 16, 1955

THE churches composing the World Council have set up one theological condition for membership, and in spite of efforts to induce them to change, they have stuck to it. No church can be admitted that does not acknowledge Jesus Christ "as God and Savior." Now when Jesus is called God outright, the church is saying something the Bible rarely says. Furthermore, it can be confusing to say this. The church universal Dr. Foreman has never meant to say that Jesus is all the God there is, or that Jesus is identical with God. For God exists in three persons (as the church expresses it), and Christ is only one person. Christ is both God and man, but God is not man at all. And yet the church universal, and churches in particular, cling to the statement "Jesus is God," partly because they would rather make the mistake of saying too much than too little about Christ, and partly because this does express their real faith.

Equal With God
Laying all technical theology aside, and speaking as plainly as possible, things can be said about Christ, which the Bible teaches, and which the church believes, and which put together come out where the church stands—on the deity of Christ. First, Jesus himself called himself regularly, the "Son of God," and even his enemies could see that that meant placing himself on an equality with God. Paul in the New Testament speaks of Christ as the "image of the invisible God." Hebrews says he "bears the very stamp of God's nature." As was said here last week, Christ is our true picture of God; our best way of knowing what God is like. Now if Christ is "equal with God," we should expect the church to worship him—and so it does. Prayers are offered to him directly as well as to his name. The Doxology sings, "Praise Father, Son and Holy Ghost," and many other hymns and songs are actually prayers to Christ. ("Jesus Savior, Pilot Me;" "Rock of Ages," "More love to Thee, O Christ," "Make me a captive, Lord," "Fairer Lord Jesus," and any reader can think of many more.)

The Mind of God

Second, Jesus himself spoke of his words as being not his own but those of the Father who sent him. This was a vivid way of saying that he knew what was in God's mind, he knew God's attitudes and intentions, how God felt and what he planned to do. Now it is true that there had been prophets who spoke by inspiration and who brought the Word of God to the people. But a famous living theologian has put the difference between the prophets and Jesus this way: The Word of God came through the prophets—but Jesus Christ was the Word. The prophets were at one remove from God, and in Christ there is not even "one remove" from the Highest. The Sermon on the Mount gives perhaps the most striking illustration of this. Often in that sermon you find the words, "Ye have heard that it was said" (and here Jesus quotes some passage from the Old Testament) "but I say unto you" (and here Jesus gives a teaching which may be radically different from the Old Testament). In short Jesus set up his own teaching as actually above the accepted "Word of God." What greater claim?

The Authority of Christ

The practical question is: How seriously do Christians take this doctrine of the Deity of Christ? The churches officially believe it; and yet church members act as if Jesus had never spoken, or as if his opinion were only one man's opinion, worth no more than the average. Christians might well remember Jesus' own question: "Why do you call me Lord, Lord, and do not the things which I say?" It is one thing to sing hymns to Christ on Sundays, another and harder thing to follow his teachings on weekdays. The test of whether a person really believes in the deity of our Lord is not in what he says about it but in what he does about it. We might even risk this proposition: A person who shrinks back from saying "Jesus is God" and yet believes that in any case Jesus is always right, comes nearer to truly accepting the deity of Christ

For Those Who Follow

Imagine picking your way along a frozen wilderness trail.

You're bitterly cold, but see no sign of human habitation, mile after terrifying mile.

Then, thanks to someone who's already gone this way, you come upon a crude shack. Even with shelter you could still freeze to death, but you find wood already gathered for a fire.

Later, before venturing on, you too pile high more wood for someone yet to come.

No matter who you are—or where—your life marks a trail that someone is following. Along that way is the Church—a haven from storms of the world.

Yet the building alone is not enough. It must have people to work in it and to gather fuel for the fires of faith.

Look ahead as your fathers did before you. Begin today to support and strengthen the Church for those yet to come.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake—(2) For his children's sake—(3) For the sake of his community and nation—(4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

INDEPENDENCE

Independence Fire Department:

Last Monday evening new officers, for the coming year, were installed by Clifford Coleman, installing officer.

At the regular meeting of the Independence and Community Volunteer Fire Department, January 3, Goebel Armstrong was installed as president, and will be assisted by William H. Bach, vice president; William T. Bach, secretary; and Roy Holten, treasurer. The five members serving on the Standing Committee were also installed: Robert M. Dennis, James Marshon, Ethelbert Carlisle, William H. Bach and Boyd Elliott. Telford Marston was installed as chief and will hold this position for two years. It was revealed that the yearly financial report was as follows: Income

for 1954, \$12,023.45; expenses for 1954, \$11,593.76; balance on hand, \$429.69. There were 101 ambulance runs and 30 fire runs during the year.

Members of the department wish to extend sincere thanks and appreciation to the local merchants and other persons for their donations toward the 1954 Christmas party for local children. More children attended this Xmas treat than ever before and many local citizens expressed their praise for the department's efforts.

Children's Shoes:

Tips on 11 things to watch for in selecting shoes for youngsters are set out in a new U. S. Children's Bureau booklet, "Your Children's Feet and Footwear." Available from the Government Printing Office, Washington 25, D. C., the price is 10 cents.

The Three R's:

School children today get better instruction and learn the fundamentals of reading, writing and arithmetic better than did their counterparts of yesterday. That, at least, is the claim by the National Congress of Parents and Teachers in a research report. Among its findings: Spelling, despite some people's belief, is not a lost art. The educationists "that critics complain about" are actually fundamentals, considering the demands of modern life. Schools today, the report adds, are not so much practicing progressive education as putting to use good methods for teaching children.

New Closing Hours:

The two grocery stores in Independence, Riley's Market and H&G Stephens

Grocery, will not be open until 9 p. m. on Friday and Saturday. These stores will close at 7 p. m., every evening, Monday through Saturday. This new closing time was effective as of Jan. 1.

Just A Thought—Most people are about as happy as they make up their minds to be.

NATIONAL FARM LOAN ASSOCIATION
Federal Land Bank - Long Term

They can do MORE and do it BETTER.

That's the way it is with Federal Land Bank loans. A half million American farmers own the Federal Land Bank System through their local cooperative National Farm Loan Associations. They are the users... and no person or institution owns even a single dollar's worth of this big system with its 1.2 billion dollars in real estate loans except these half million American farmers.

Working together cooperatively they elect the local directors responsible for policies and service. When a half million land-owning, "salt of the earth" farmers work together they can have the best there is. And the best in farm mortgage loans is a 4% Federal Land Bank loan. No application fee. No appraisal fee. No renewal fee. Five to 40 years to repay. And no penalty for paying ahead of schedule.

Join hands and let a half million of your friends and neighbors help you to debt-free ownership of your farm.

The Oak Ridge Homemakers will meet January 18 at the home of Mr. C. E. Mann, 126 East 41st Street, Latonia. Every member is to bring a holiday wrapped gift to exchange.

Mr. and Mrs. Farris Crane were the Sunday supper guests of Mr. and Mrs. T. Potter and family, Hands Road.

Miss Verna Morgan has returned to her home at the Anna Louise Inn, Cincinnati, following her holiday vacation to her home in Arkansas, where her parents reside.

Mr. and Mrs. Jasper Dunn are about ready to open their new place of business on Route 177, Morning View.

Mr. and Mrs. Russell Armstrong and family were Sunday evening guests of her cousin, Mr. and Mrs. Thomas Hurt of College Hill, Cincinnati.

Friends and neighbors of Everett Wilson of Morning View, Route 1, are sorry to learn that he is confined to a hospital in Lexington. We wish him a speedy recovery.

This coming Sunday, there will be services at the Morning View Methodist Church—January 16.

It seems I have had a longer holiday than I expected in regards to our news column. I am glad to be back again. I wish to take this opportunity to thank all my friends and neighbors for all the help they gave me the past year in regards to news. I only hope that this year I will prove my appreciation by keeping the column the way you, our readers, want it. I would greatly appreciate your comments and suggestions at any time. Sincerely, "Tuffy" Armstrong.

INDEPENDENCE R-1

This community has been very grateful for the fine rains which we have been having in the past couple weeks. It was badly needed.

We are sorry to report Bluch Rich on the list last again; also Earl Richardson, who has been very poorly for some time; is not so well. We wish both a speedy recovery.

We were very glad to receive the Walton Advertiser again the past week, as we sure were lost the week before without this good paper. We wish them a very prosperous 1955.

Our attendance at the Staffordsburg Sunday School Rally was back to our regular number after the holidays—not so much visiting.

Our pastor, Rev. Miller, delivered another of his very interesting sermons Sunday. If you are passing by the little white church at Staffordsburg, Sunday morning or evening, please drop in and hear him and, if you do, I know you will come back.

We were very much surprised to see George Folmer back to services Sunday morning after a very long and severe illness. He is looking good and gradually regaining his strength.

With her sister, Mrs. Charles Loney, and family and was a visitor at Sunday school and church services at Staffordsburg.

Remember the special board meeting Sunday, if you are passing by, coming at 7:30. This is a very important meeting. All members try to be present. The district superintendent, Rev. Ogles, will be present.

Mr. and Mrs. J. J. Barnett had as dinner guests Sunday, Mrs. Barnett's brother and wife of Cincinnati, and several other relatives from Carrollton.

Mr. and Mrs. Albert Gilligan of Batavia, Ohio, called on relatives here on Sunday afternoon.

Mrs. Minnie Brown and children spent Sunday with her parents, Mr. and Mrs. Paul Damon.

NOTE OF APPRECIATION—

It is with deep gratitude that I extend my heartfelt appreciation to those who so kindly remembered my family and I during my recent stay in Booth Hospital. May the Lord bless you!

Kenney-Wiley

(Continued from Page One)

For her daughter's wedding, Mrs. Kenney selected a Dior blue frock. Mrs. Wiley wore a turquoise blue dress. For her going away outfit, the new Mrs. Wiley chose a grey suit, yellow and black accessories and fur-trimmed black coat.

Following a wedding trip, Mr. and Mrs. Wiley will reside at 6045 Fernview Avenue, Cincinnati.

Prior to her marriage, Mrs. Wiley, a graduate of Eastern State College, Richmond, Ky., was employed in the law firm of Tott, Stettinius and Hallister, of Cincinnati.

Mrs. Wiley was graduated from Miami University, Oxford, Ohio, and is employed by The Henthorn Advertising Agency in Cincinnati.

Assisting hostesses for the reception in the church social rooms were Mrs. Paul Friedman of Cincinnati, Miss Bonnie Schram of Florence, and Miss Donna Staylock of Walton.

SEED PRODUCTION UP

UK County Agent Kenneth A. Brabant says the production of farm seeds is becoming increasingly important in Breckinridge county. Production in 1954 totaled 800,000 pounds of fescue seed, 50,000 pounds of lespedeza seed, 25,000 pounds of redtop and 15,000 pounds of timothy. Many farmers are making money from both seed and hay.

Sorghum Makes Money in Bell

Several Bell county farmers made money producing molasses in 1954, UK County Agent Luther H. Small reports. Tap producer was Albert Brooks of Ingram, who sold 869 gallons from four acres of Williams hybrid cane.

Both dairying and beef cattle raising are increasing, Small noted. J. H. Slusher of Fourmile has 60 Herefords, and many farmers have small herds.

At least six farmers reported satisfactory returns from dairying.

Hay, grass and other feed production is being increased in Bell county, on a result of interest in cattle and sheep, many farmers are now growing much of their feed, Small said.

A new hybrid corn grown by R. L. Salyer in Magoffin county yielded 124 bushels an acre.

Fifteen families enrolled in the Farm and Home Development program in Caloway county in November.

Farmer families in Southern Lincoln county are organizing to obtain telephones.

Henry county homemakers have donated the books in their library to the county bookmobile.

WHITES TOWER

Helly 4074 for News Items

News around the Tower is rather scarce this week—I guess the usual lull after the holidays, when people are resting up and relaxing after the past two strenuous weeks—and now the usual rain of bills for dad and it will probably lose him half of the new year to get "straightened out." We sometimes wonder if it is worth it after all, as we have to live another 12 months until it starts all over again.

The weather Sunday was ideal for this time of year and we had many visitors at the farm, including Harold Schrader and wife and Bud Kyle and wife of West Road, Cincinnati, who were treated to a country ham dinner with the trimmings. They say the first year you are in the country it is not your fault if you have to be water, after that it is our fault because you should have had time to prepare cisterns and ponds for storage of this precious fluid. Don't say you can't afford it for that is no excuse, a little elbow grease and managing and you have a small stock pond, an extra

cistern and no worries. Evidently people can't see this as we see the water wagons going by every day at \$7.50 per load of 1,000 gallons.

Mr. Carmichael of Staffordburg Road was back at the farm Sunday to complete a business deal with the manager. Bob Halderman and family will probably move to Lima, Ohio, on account of Mr. Halderman's work.—E.J.R.

Beechgrove Homemakers

Singing of carols and exchanging Christmas gifts comprised the program for the December meeting of the Beechgrove Homemakers Club, held in the home of Mrs. William Walsing, with Mrs. Verner Stephens co-hostess.

Mrs. F. M. Powers reported on the Christmas exhibit of the Kenton County Homemakers Association, held in Covington. She also welcomed as a guest and prospective member, Mrs. James Knoblock.

Reports were given by the standing committee chairmen. Mrs. E. A. Sterling read the lesson on how to care for shrubbery. Mrs. Roy Kuntler reported the gifts of two magazine yearly subscriptions to the tuberculosis sanatorium on Kyles Lane.

Members were commended for their 100 percent attendance for three years, for which the club received the membership cup with the name Beechgrove Homemakers Club inscribed on it.

The tables were decorated with hand made Christmas candles and Christmas carouses, each member and guest being presented with a Christmas carouse after the luncheon.

A WORD OF THANKS—

I want to thank each and every one for their donations that were given to me on the television fund for Mr. and Mrs. Charley Baker, as Mr. Baker is a shut-in. I want to thank Rev. Vaughn in helping also Virginia Kettig of Erlanger, helping and making the purchase of the television set, and Mr. Hanser of Erlanger, in making a nice discount on some. I also had some cash to hand to them after buying the set. I know all these people gave from their hearts and in a Christmas spirit, as if made a wonderful couple very happy at Christmas time, and also myself in working for this fund. Thanks again.

MRS. J. B. LAMN

Farmers in Pike county have ordered enough strawberry plants to set 27 acres' next spring.

KENTUCKIANS

IN WASHINGTON

By Gil Kingsberry

Experienced:

The senate, which has just convened this week, is probably the most experienced body to sit in many a long year. Thirty-six members have served in the House of Representatives before moving upstairs.

The list is led by Kentucky's Alban W. Barkley who first went to Washington as a Congressman back in 1913. Vice President Nixon, who presides over the senate, also served in the lower House. Kentucky's Earle Clements also was a member of the House before moving on to the senate and his position as the majority whip and chairman of the Democratic Policy Committee.

Governors, Too:

In addition to having wide legislative experience, many members of the senate also have strong backgrounds on the executive side of government. No less than 23 senators were once governors. Here, too, Senator Clements qualifies.

There's no telling, of course, what the new congress will do but with such a strong group of men in high office it is only reasonable to hope and expect some solid, worthwhile legislation if politics are held to a minimum.

Watershed:

A lot of Kentucky farm and sportsmen groups have organized to build small dams, plant trees and do other things—with Uncle Sam's help—to conserve soil.

The other day, after long delay, the President laid down some rules on how such work can get underway with the federal government sharing the costs. Ezra Benson, the secretary of agriculture, has been placed in charge of the program and applications must be approved by him. The program, set up by Congress last summer, is intended to halt erosion in the headwaters and before rushing waters get too far downstream.

County Agent William Howell has a pool of 20,000 acres of alfalfa in Mercer county by 1960.

The Soil Conservation Service and Extension Service have made 800,000 tree seedlings available to farmers in southeastern counties.

Perry Corbett won the Clay county corn derby with a production of 141 bushels on an acre.

Clay Powell's flock of 600 hens in Ballard county has been netting \$50-a-week, he told County Agent R. K. Kelly.

Plymouth is the biggest, longest car of the low-price 3... with the only honestly new styling... and its 167 hp gives you the highest standard V-8 horsepower! Also available: 157 hp, 177 hp with optional PowerPak. Your choice of new Hy-Fire V-8's or the new 6-cylinder PowerFlow 117. This year of all years, look at all 3, and you'll join the swing to Plymouth, too!

FROM COAST TO COAST PEOPLE EVERYWHERE ARE CHOOSING PLYMOUTH AS "BEST BUY"

"Plymouth's new PowerFlow 6 engine has power to spare for my driving needs and gives me a bonus of rock-bottom economy besides." W. B. Cook, Jr., Nashville, Tenn.

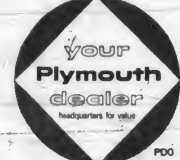

"That sleek new styling made me switch to the Plymouth this year. It looks like a dream on wheels, and that's the way it rides." Mary Rooney Hilliker, Denver, Colo.

"My business requires a lot of driving; I need power, a smooth ride, and lasting economy. That's why I switched to Plymouth!" William Boyle III, Haverford, Pennsylvania.

"After I looked at all 3 there wasn't any doubt. For size, for comfort, and especially for styling, Plymouth was by a mile!" Dorothy L. Boucher, New Orleans, Louisiana.

The BIG swing is to Plymouth

MADISON FARMERS TRY SUDAN GRASS

How sudan grass produced feed in less than 60 days from the time it was seeded is related by J. Lester Miller, U. K. county agent, and James B. Thoinnton, assistant agent, in Madison county.

Nell Parke seeded 8 acres on June 15 which was considered rather late. However, by late fall the grass was 18 inches high despite the grazing of 17 cattle.

Gale B. Turpin, another Madison county farmer, cut sudan when it was just a little over waist high, so it would not be too hard to cure. Later he cut another crop, getting a total of 2 1/2 tons of feed an acre.

Several Madison county farmers cut sudan with a grain binder and cured it in shocks. Other farmers made silage out of sudan grass.

SERVICE

I believe that is the greatest word today in taking care of my good customers. Most of us are alike in most respects and when I want to buy something I buy from the person who will give me service, and I believe you are learning, each year, to do that. A lady came in for me to service a water pump they had bought at Sears; another wanted me to service a water pump bought here else that no one would take care of. Nearly every day we get calls to service oil heaters bought other places, who do not take care of their customers.

But CONRAD takes care of his, first, when we sell a Perfection oil heater—there is very seldom a service call on these, but sometimes you burn them on low or pilot a lot and they carbon up and have to be cleaned out. I always tell my men the service we give costs very little and most people want to pay when there is a large amount of service. Just to know there is someone you can rely upon—these women have Brewster doing everything but rock the baby, and he don't know how to do that.

It rained all day, something we have not had in years, and still raining. This will fill the reservoir, I hope—fill all the ponds and raise the water level. Clarence Schurman installed the Dayton water system, he thought it would not pump, but after a lot of work he found a union in the line leaking air—I gave him a new one and all was OK. Edward Roberts and wife were in a few minutes today. Another old reliable, Mrs. Ethel Sheppard, was here just like she said she would be. William and Betty Brown are also buying a few small items.

Mrs. Jay Webster was also buying some small items. Francis Baker came after his electric dairy water heater. I put a new element in it. His sister-in-law, Pearl Ambler, bought the best portable Perfection oil heater, the one with the green chimney and porcelain body. Earnest Price came in with a smile—he sold his tobacco for a good price. I have not seen a farmer this year that was not satisfied with his price of tobacco. Ralph Sparks was in early today—he also sold tobacco for a good price. We have a display on the floor made out of cedar blocks and pointed two coats with Sto-Dri—then we poured it full of water and it does no leak—that is what is will do for your basement or cistern. It will stop all the leaks—just call for Sto-Dri at CONRAD Hardware.

There are a lot of water-proofing powders on the market but Sto-Dri is the best—ask anyone who has used it or give it a try and I know you will be satisfied. Today, we received a large shipment of Chaf rubber base wall paper. I believe, for the price per gallon, 4.95, it does the greatest job at all point.

We also received two large shipments of hardware, electrical supplies, pipe, pipe fittings, tools, padlocks, screws and bolts of all types, or rifles, heavy obsts sheets, rural mail boxes, 6-line manure forks, aluminum levels, brass bound wood levels, 3-gallon tank sprayers, Flex-O-Glass window covering. The Carpenter brothers were in a few minutes today. John Hoppert and wife were getting a few things—John left his one to be sharpened. Joe Neumeister came after an axe handle and a fork handle—they always buy the best handles. I can't sell cheap handles anymore.

Chuck sold a one-horse sled over Verona way to Mr. Dick, who lives on the road from Mt. Zion to Verona. We have some very good two-horse sleds—look them over; they are really strong. Saturday, and Mr. Barnes had a big fair day for his sale. The farm sold well and everyone was satisfied. I believe. There were not too many people in town today, but we did have several customers. Leslie Williams was here twice getting pipe and fittings—he bought the place at Kensington from Fred Winkle and now is making some changes in the plumbing.

Robert and Emerson Smith were also getting pipe and pipe fittings; they are installing that Dayton jet pump they bought here several weeks ago. I had two Perfection electric range buyers looking today and as soon as that tobacco sells, they will be back. John Stephenson made me the nicest display case for my fishing tackle—really does a nice job selling, as we sold some fish tackle today. Jack and Hubert Wilson got bar iron and bolts—they are making a sled. Albert Rhodes was in getting a name plate for his mail box—everyone should have one of these.

The reservoir is about full, the water is splashing over the spillway when the wind blows, it has been a long time since this has happened. But we will have to be careful until we get the new lake built, then we can use and waste all the water we want. Floyd and Hanna Chapman also Marie were in today getting a few hardware items. Brewster and Red went up to Floyd Sebbes's to repair his water pump at dairy barn, pulling these out of cistern sometimes is a big job.

L. T. Thomas brought in his belt for repair. He spilled another fellow brought in a large hog, and he spilled—we do most everything. Ed Elmore came in and sit down, said he wanted to rest a minute. I have a lot of hardware, most everything you need around the farm and home. I received that shipment of Sto-Dri for your basement walls and leaky cisterns. It will stop the leaks if you use it by the instructions and keep them stopped. When in need of hardware and SERVICE call CONRAD—it we can't do it, we know someone that can!

Water Cookery Aids Egg Dish

The importance of setting an egg dish in a pan of water for baking was demonstrated to Franklin county home-makers by Miss Florence Illinois, specialist in food at the University of Kentucky.

Miss Illinois prepared two dishes of cheese fondue. They were baked in an oven at the same time, one being set in a pan of hot water during the baking period. When done, it was nicely and browned, it was tender, soft and fluffy throughout. In contrast, the one baked by direct heat in the oven was shrunken, tough, and crusty around the edges, and it made fewer servings.

Walton Man "Cited For Merchandising" By the Gulf Oil Corp.

Travis Dunn, who operates his own service station in Walton, has been "Cited for Merchandising" by the Gulf Oil Corporation. This is an honor reserved for those Gulf dealers who have instituted or achieved outstanding merchandising practices and programs in their operation.

Travis Dunn, who operates his own service station in Walton, has been "Cited for Merchandising" by the Gulf Oil Corporation. This is an honor reserved for those Gulf dealers who have instituted or achieved outstanding merchandising practices and programs in their operation.

Dealer Dunn's award has been announced in the current issue of the "Gulf News," dealer publication of the Gulf Companies.

In addition to superior all-around sales performances, the specific merchandising program that brought Mr. Dunn his award was his promotion and sale of the newest Gulf product, a new premium gasoline introduced within the past few months.

By intelligent use of display material, adequate product knowledge, and superior promotional techniques, Mr. Dunn has increased the gallonage volume sale of this new product consistently since its introduction.

Gulf feels that he has done an outstanding merchandising job in his station and is proud to publicly recognize a superior all-around performance and award him the "Cited for Merchandising" certificate.

PINER HOMEMAKERS

No Meeting This Month

The Boone County Historical Society will not meet during January. The membership is scattered and unfavorable weather makes attendance difficult.

The next meeting will be held on February 18. Burton Garrett, Florence, will present a paper on the economic development of the county during the period after the Civil War. Members of the Stephens family are preparing a family history for presentation at a future date. Other programs include a paper on the history of Florence and also of the county. Both of these were prepared by Miss Ann Lutes. One meeting in the spring will be devoted to a study of the Gunpowder Baptist Church.

Postmaster To Be Named at Verona; File Application Now

An examination for Postmaster at Verona, \$3,012 a year will be open for receipt of applications until February 8, 1955, the Commission announced today.

The Commission is taking all possible steps through special public notice to encourage other community organizations to encourage well qualified persons to apply for the examination.

Competitors for the postmaster vacancy in this city must show that they can deal with the public agreeably and effectively and that they are reliable citizens who would command the respect and confidence of patrons of the post office. They must also show that their background will enable them to maintain accurate records of accounts so that it has given them a knowledge of postal procedures.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and on their experience, ability, and character. There is a 1-year residence requirement and applicants must be at least 21 years of age and must not have passed their 63rd birthday.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be filled with the U. S. Civil Service Commission, Washington, 25, D. C., and must be received or postmarked not later than the closing date.

Christian Church Is Planning for Great Year, Says Pastor

Tuesday night, the Department of Finance of the Walton Christian Church met to plan the budget for 1955. Mark Rousey is chairman, and Finley Jacobs, Jr. is vice chairman. Members are Ed Elmore, R. M. Hall, Foster Guttridge, Floyd Seaman, James Spencer, Russell Groger, Charles Worthington, and Nolan Flynn.

The Willing Workers class will meet on January 27. The Christian Men's Fellowship will observe its annual Week of Compassion, February 20-27, with a dinner on February 23.

Early in March, there will be a church wide "birthday dinner" for all members and friends of the church and Bible school. Lloyd Clements is general chairman.

The pre-Easter revival will begin on March 27 and continue through April 10. Rev. Duke C. Jones and J. B. and Gladys Smith will assist the pastor and church.

Rev. Charles A. Vaughn, pastor, said the spirit and devotion of the people indicate 1955 as one of the best years of the church's history. Evangelism, stewardship and missions will receive special emphasis. Plans are being discussed to help establish a Christian Church Mission and possibly a new Christian Church, under the sponsorship of the local Christian Church. All members are asked to pray and work toward this goal in 1955.

Sunday morning, Rev. Vaughn will preach on "The Saddest Word in the New Testament," and the 7:30 sermon will be, "Why Sit We Here Until We Die?" (1 Kings 7:31). The public is assured a warm welcome at all services.

Services at Lebanon, Sunday

Mrs. Claude Shurt of Bath county laid 378 squares of linoleum in her U-shaped kitchen.

W. E. Waller Dies Of Injuries Tuesday Night

William E. Waller, prominent Verona farmer, was killed in an auto accident near Ghent, Tuesday evening.

Mr. and Mrs. Waller were returning from the tobacco market at Carrollton, and on U. S. Highway 42, were side-swiped by a car near Ghent, and then left the road and turned over. The other car did not stop but, of course left the color of the paint, on the side of the Waller car.

When the car left the road, Mr. Waller was thrown out and the car landed on him, causing internal injuries and severe cuts and bruises. The Corlitt funeral home ambulance, Warsaw, took both to Booth Hospital, Covington, with Mr. Waller remaining conscious until arrival at the hospital, where he died.

Mrs. Waller received broken ribs and shock. She was treated and released. Mr. Waller is survived by his wife, Patty Vest Waller; two sons, William M., who is presumably at sea with the U. S. Navy, and Marion Arch, who is attending college at Campbellsburg, Ky.; two brothers, Marvin Waller, of Crittenden, and Lloyd Waller, of Ohio.

Funeral arrangements are being completed by the Hamilton funeral home, Verona.

Officers elected by the Associated Farm Bureau Women are: Mrs. Grant McAddox, Florence, chairman; Mrs. L. H. Conington, Burlington; vice chairman, and Mrs. John E. Crigler, Hebron, secretary-treasurer.

Principal speaker at the meeting was Joe Welch, Owen, vice president of the Kentucky Farm Bureau Federation. Another speaker was Miss Pat Scott, Burlington, who spent the past summer in Austria, in an international farm youth exchange program. She was introduced by Joe Claxton, county agricultural agent.

Mr. Crigler urged all members to "get behind" the Eden Hills Demonstration Farm project.

Bearcats Swamped By Carrollton; Play Gallatin Co., Friday

The Carrollton High School cagers packed too many scoring runs for the Walton-Verona Bearcats and walked off with an easy 85-44 victory, Tuesday night, at Walton's gym.

Hambrick led the teaming, with 28 points at Cough, Mefford and Wood also hit in the double figures. Eight of the losers scored but none were in the double figures. Cook and Ryan were high for the losers, dividing 17 points.

The Carrollton reserves scored a 55-37 victory over the Walton second team, in the opening game.

Friday night, the Bearcats will entertain Gallatin County, on the local floor, on next Tuesday, they go to Holy Cross.

T. M. (Doc) Vest

the thunder from the
high-priced cars!

The styling spotlight blazes down on a low-cost car this year—for the Motoramic Chevrolet is stealing the show from the high-priced cars with its subtle sweep of line, the brilliant sophistication of its European-type grille, the bold rake of its deep-curved windshield.

And there's even more excitement in the way it drives—the velvety comfort of Glide-Ride front suspension and outrigger rear springs; the handling ease of Bail-Race steering; the flashing performance of the new 162-h.p. "Turbo-Fire V8"

engine or the two new "Blue-Flame" 6's. All this—plus the extra-cost options of Powerglide or Overdrive and a full range of power assists. Try a 1955 Chevrolet—now—and you'll know why it is stealing the thunder from the high-priced cars.

KENTUCKIANS

IN WASHINGTON

By G. L. Kingsbury

Postmaster:

Not many Democrats are being named postmasters there, days. However, one Kentucky has turned the trick—H. H. Morris of New Castle.

Postmaster Morris—everybody calls him "H"—was elected postmaster of the House of Representatives, a job that pays \$8600 a year. His election came when all Democrats in the lower House held a caucus and his name was placed in nomination by Congressman Brent Spencer. The new official was born in Carrollton and has been in Washington for many years, first as an aide to the late Virgil Chapman, then Tom Underwood, and, more recently, Rep. John Watts.

Always Prominent:

Kentuckians have always been prominent in running affairs in Congress. South Trimble for many years was clerk of the House. Joe Callahan was sergeant-at-arms and now Morris handles the mail. In fact, a Kentuckian has been officer of the House ever since 1931.

Over in the senate the same story is true. Emory Frazier, a Kentuckian from Whitesburg and Lancaster, is clerk of the senate. Before a man—or woman—can become a member of the Upper House, they have to come to Clerk Frazier and sign the oath of office before going on the payroll.

Barkley Office:

Kentuckians—coming to Washington on a visit will find the office of Alben W. Barkley, familiar ground—for more than one reason. His quarters, 110 Senate Office Building, were one occupied by the late Garret C. Wright. And, of course, many members of the old Barkley staff are returning, including Mrs. Flo Bratten.

We have it on good authority that Billy Vaughn, who was the Barkley aide, also will be back. However, he is slated

for a job in the senate and not in the Barkley office.

Recognition:

Senator Earle C. Clements is getting national recognition as the "days" roll by. William S. White, who covers congress for the New York Times, lists him as one of the ten who will run Congress this year. Charles Lucey, writing for the Scripps-Howard papers, declares that Clements is one of the most effective party whips in years. He says that he's

a man who knows when to "wheel and deal."

We were in his office the other day when a newcomer to the senate walked in to thank him for the help he gave him during the last campaign. Senator Clements, you'll recall, was—and is—chairman of the Senate Democratic Campaign Committee.

They can do MORE and do it BETTER.

That's the way it is with Federal Land Bank loans. A half million American farmers own the Federal Land Bank System through their local cooperative National Farm Loan Associations. They are the users... and no person or institution owns even a single dollar's worth of this big system with its 1.2 billion dollars in real estate loans except these half million American farmers.

Working together cooperatively they elect the local directors responsible for policies and service. When a half million lend-owning, "salt of the earth" farmers work together they can have the best there is. And the best in farm mortgage loans is a 4% Federal Land Bank loan. No application fee. No appraisal fee. No renewal fee. Five to 40 years to repay. And no penalty for paying ahead of schedule.

Join hands and let a half million of your friends and neighbors help you to debt-free ownership of your farm.

BIBLE SPEAKS

BY DR. KENNETH A. FOREMAN

Power of the Spirit

Lesson for January 22, 1955

MOST Christians have wished, at some time or other, that Jesus of Nazareth were still on this earth, living at a post office address, perhaps with a telephone, certainly available for interviews, for lecture and preaching engagements. There are so many questions we should like to ask him, so many debates in and outside the church that he could settle with a word. This feeling may well have been strong in the minds of Jesus' personal and closest friends as the shadows were closing around him at the close of his life. Yet Jesus, although aware of this feeling, tried to make the disciples feel that it was best all around that he should not continue living as he had done for three years among them.

Who is the Spirit?

Entirely aside from the importance of the Atonement, it was best that Jesus should, as he put it, "go away." Existing as all human beings do in a body, subject to all the laws of nature, he could be in only one place at one time. But, once away from this earth, physically, he could be present spiritually in ways not limited by space and time. Sometimes he said the Father would "send" the Spirit, sometimes he said he himself would send the Spirit. (Compare John 14:26 with 16:7.) By the Spirit men would be linked with Christ and the heavenly Father. As Paul was to write later, out of years of Christian experience, "through him (Christ) we have access in one Spirit to the Father" (Eph. 2:18). So this divine Spirit, wholly God, though not the whole of God, is sometimes called the Spirit of Christ and sometimes the Spirit of God. Paul even says once that the Lord "is" the Spirit (II Cor. 3:17).

Many theologians of the present day express it this way: The Holy Spirit is God at work in the lives of men. The Holy Spirit is sent from God, but also the Holy Spirit is God. Theology has devised a great many complicated ways of explaining this—and the truth may be even more complex than the theologians think. But the simple and important truth is that wherever the Spirit lives in a human heart, there God lives, no faint reflection or distant emissary of God but God himself.

The Spirit in Us

Now there is a question that will naturally come up in the minds of thoughtful people. Is not God everywhere? How can he come or go? How can he ever be absent from any place or any person if he is infinite? The Bible speaks of the Holy Spirit "coming," "descending," being "sent," also of the Spirit's being "taken" or "departing." If the Holy Spirit is God at work in the hearts of men, how can the Holy Spirit go and come? The full answer to such questions only God himself knows. But we can get a glimpse of the truth from what is said in the Bible. (Of course a full study of these deep matters is not for a short column like this.) God is indeed everywhere by his power and his providence. In him we live and move and are, as Paul said. We stick to that. But God has so made man that we can open or close the door even to God. God does not force himself on any man. As friend, as one who transforms life, who brings comfort and purity and power, he comes only where welcomed. It is possible to grieve the Spirit, yea to drive God out.

The Spirit for Us

But it is also possible, a glorious fact, that where the Holy Spirit lives in a human life, that life is transformed into the very image of the divine Life. The Holy Spirit is the Life-changer. In us—and also for us. One of the most remarkable, one of the most uplifting truths we know about the Spirit is that when we pray, the Spirit is it that when we pray, though our prayers are limited by our ignorance and tainted with our own self-interest, the Holy Spirit prays with us, prays for us. Over the dull monotone of our stumbling prayers can be heard in heaven the melodic overtones of the Spirit's pure desires for us. Our noblest aspiration still is short of God's aspiration for us. This does not mean we can afford to be careless about prayer. It does mean that as we reach up to God we find that he has first been reaching down to us. It is because of the Spirit in us that we can pray at all.

WHEN I WAS A GIRL...

When I was a girl they used to say that bread was the staff of life. It's an expression that you still hear, of course, but not so much as you once did.

True, there was something tantalizing and wonderful about the smell of home-baked bread waiting in from the kitchen. And how the men folk loved it, after a hard day at work in the fields.

But as I grew older, I began to realize that neither bread nor anything else you can see, touch, and smell is the staff of life. Sound funny? Well, think it over, and you'll see what I mean. Our greatest strength comes from the things that aren't tangible. The spiritual things, I guess you'd call them.

My own staff of life has been the Church. It has supported me when I have needed it the most. When my children came along, I taught them to believe that the Church was their real staff of life. In this belief they have found hope, solace, and comfort, just as I have.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without it, among Church, neither democracy, nor civilization can survive. There are four sound reasons why every person should join the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself. While needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Custom Royal Lancer V-8 is proudly new three-tone exterior styling.

A car of noble proportions, gallant and gay,
and born to rule the road in flashing style!

In every age, there are those who are not content with the humdrum, the commonplace.

If you are one of these, the Royal Lancer speaks directly to your heart.

For here is a car that fairly breathes adventure. You sense it in the bold forward thrust of its hood, the sweep of rear deck, the rakish slant of the New Horizon windshield.

Its beauty is not calm and placid, but eager and alive—the measure of performance that stems from the most advanced aircraft-type V-8 engine on the road.

And should you choose to make this car yours, you will have this assurance: In any company of automobiles, there is nothing to challenge the distinction of your Royal Lancer by Dodge.

Power of the Spirit

Lesson for January 23, 1955

MOST Christians have wished, at some time or other, that Jesus of Nazareth were still on this earth, living at a post office address, perhaps with a telephone, certainly available for interviews, for lecture and preaching engagements. There are so many questions we should like to ask him, so many debates in and outside the church that he could settle with a word. This feeling may well have been strong in the minds of Jesus' Dr. Foreman and closest friends as the shadows were closing around him at the close of his life. Yet Jesus, although aware of this feeling, tried to make the disciples feel that it was best all around that he should not continue living as he had done for three years among them.

Who is the Spirit?

Entirely aside from the importance of the Atonement, it was best that Jesus should, as he put it, "go away." Existing as all human beings do in a body, subject to all the laws of nature, he could be in only one place at one time. But, once away from this earth physically, he could be present spiritually in ways not limited by space and time. Sometimes he said the Father would "send" the Spirit, sometimes he said he himself would send the Spirit. (Compare John 14:26 with 16:7.) By the Spirit men would be linked with Christ and the heavenly Father. As Paul was to write later, out of years of Christian experience, "through him (Christ) we have access in one Spirit to the Father" (Eph. 2:18). So this divine Spirit, wholly God though not the whole of God, is sometimes called the Spirit of Christ and sometimes the Spirit of God. Paul even says once that the Lord "is" the Spirit (11 Cor. 3:17).

Many theologians of the present day express it this way: The Holy Spirit is God at work in the lives of men. The Holy Spirit is sent from God, but also the Holy Spirit is God. Theology has devised a great many complicated ways of explaining this—and the truth may be even more complex than theologians think. But the simple and important truth is that whenever the Spirit lives in a human heart, there God lives—no faint reflection or distant emissary of God but God himself.

The Spirit is Us

Not there is a question that will naturally come up in the minds of thoughtful people. Is not God everywhere? How can he come or go? How can he ever be absent from any place or any person if he is infinite? The Bible speaks of the Holy Spirit, "coming," "descending," being "sent," also of the Spirit's being "taken" or "departing." If the Holy Spirit is God at work in the hearts of men, how can the Holy Spirit go and come? The full answer to such questions only God himself knows. But we can get a glimpse of the truth from what is said in the Bible. (Of course a full study of these deep matters is not for a short column like this.) God is indeed everywhere by his power and his providence. In him we live and move and are, as Paul said. We stick to that. But God has so made man that we can open or close the door even to God. God does not force himself on any man. As friend, as one who transforms life, who brings comfort and purity and power, he comes only where welcomed. It is possible to grieve the Spirit, yes to drive God out.

The Spirit for Us

But it is also possible, a glorious fact, that where the Holy Spirit lives in a human life, that life is transformed into the very image of the divine Life. The Holy Spirit is the Life-changer. In us—and also for us. One of the most remarkable, one of the most uplifting truths we know about the Spirit is that when we pray, though our prayers are limited by our ignorance and tainted with our own self-interest, the Holy Spirit prays with us, prays for us. Over the dull monotony of our stumbling prayers can be heard in heaven the melodic overtones of the Spirit's pure desires for us. Our noblest aspiration still is short of God's aspiration for us. This does not mean we can afford to be careless about prayer. It does mean that as we reach up to God we find that he is first been reaching down to us. It is because of the Spirit in us that we can pray at all.

WHEN I WAS A GIRL...

When I was a girl they used to say that bread was the staff of life. It's an expression that you still hear, of course, but not so much as you once did.

True, there was something tantalizing and wonderful about the smell of home-baked bread wafting in from the kitchen. And how the men folk loved it, after a hard day at work in the fields.

But as I grew older, I began to realize that neither bread nor anything else you can see, touch, and smell is the staff of life. Sound funny? Well, think it over, and you'll see what I mean. Our greatest strength comes from the things that aren't tangible. The spiritual things, I guess you'd call them.

My own staff of life has been the Church. It has supported me when I have needed it the most. When my children came along, I taught them to believe that the Church was their real staff of life. In this belief they have found hope, solace, and comfort, just as I have.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should support the Church. They are: (1) children's sake. (2) For his own sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Ladies' Auxiliary American Legion:
A social will be the highlight of the meeting of the Ladies' Auxiliary of Moon Bros. Post, 275, on Wednesday, February 2, at 8 p. m. This meeting will be held at the Independence Farm House with Mrs. A. F. Gilliland presiding. Each

member is requested to bring a 10c gift to be used in the social. Refreshments will be served by Mesdames Dorothy Fisk and Imogene Fisk.

Discharged from Army:
A welcome home to Independence is extended Cpl. and Mrs. Ray K. Nickell, Jr. Young Nickell was discharged from the U. S. Army at Ft. Carson, Colo.

Personal Interest and Sick List:
Brad Taylor of Morris Pike is now back on the job after having had his tonsils removed.

George G. Riley spent last week in Booth Hospital, after a minor operation. G. G. is improving rapidly and is now convalescing at his home on McMillan Drive.

Recently, I noticed Shirley Dennis' picture in a newspaper announcing her engagement to a Mr. Jerry. I guess it won't be long until her parents will either lose a dependant or gain one.

Moon Bros. Post, 275:
The next regular meeting for members of Moon Bros. Post, 275, American Legion will be held Thursday, January 20, at the Legion Home on the north edge of Independence.

This is an important meeting and all members are scheduled to attend; also a cordial invitation is extended to all fellows interested in becoming a mem-

ber of a veteran's organization. The meeting will be called to order at 8:00 p. m., by the Post Commander.

Kenton Elementary P.T.A.

Charles E. Acuff, acting Supervisor of the School Health Department for the State of Kentucky, will be the speaker at the January meeting of the Kenton Elementary P. T. A., Thursday evening, January 20, at 7:45 p. m. Mr. Acuff will illustrate his talk with a film titled "The School Health Program in Action." Second grade mothers will be hostesses

and will serve refreshments in the school cafeteria following the meeting.

To All O.E.S. Members

Broadford Star Chapter, 493, will hold a reception for Mildred Schenck, Deputy Grand Matron, District 3, O. E. S. of Kentucky, on January 29, at 8 p. m. at the Masonic Hall, located in the Independence Bank Building. All O. E. S. members are cordially invited.

Social Security and You:

The 34th annual meeting of the Kenton County Farm Bureau cordially invites you to attend the afternoon session of its regular meeting, to be held Monday, January 24, at the Independence Courthouse. The meeting will begin at 12:45 p. m.

C. A. Wickland, county agent, will show color slides and will make comments on the topic, "Agriculture Outlook for 1955," after which another feature will be conducted by the Kentucky Farm Bureau Federation. At 2:30 p. m., the meeting will be turned over to Ed Bole, Field Representative for Social Security, who will explain, "Social Security for Self Employed Farmers and Farm Employees," and will expect and answer all questions that will help you in knowing more about procedures and benefits connected with this subject. Church was well attended Sunday at both the Christian and Baptist churches. Bro. Morgan, pastor of the Christian Church, and Mr. and Mrs. Leslie Beagle were dinner guests Sunday in the home of Miss Mary Rich and Mrs. Agnes Caldwell.

Mr. Christine Oliver and son, Carlos, visited Mr. Brother, M. F. Collins, at Fiskburg, Sunday afternoon. Mr. Collins is recuperating from an operation.

Charles Hand is in St. Elizabeth Hospital. His many friends wish him a speedy recovery.

Friends of L. B. Beagle will be glad to know he is recovering nicely from recent surgery.

Custom Royal Lancer

Custom Royal Lancer V-8 in dramatic new three-tone exterior styling.

A car of noble proportions, gallant and gay,
and born to rule the road in flashing style!

In every age, there are those who are not content with the humdrum, the commonplace.

If you are one of these, the Royal Lancer speaks directly to your heart.

For here is a car that fairly breathes adventure. You sense it in the bold forward thrust of its hood, the sweep of rear deck, the rakish slant of the New Horizon windshield.

Its beauty is not calm and placid, but eager and alive—the measure of performance that stems from the most advanced aircraft-type V-8 engine on the road.

And should you choose to make this car yours, you will have this assurance: In any company of automobiles, there is nothing to challenge the distinction of your Royal Lancer by Dodge.

\$300 REWARD OFFERED

State Fire Marshal J. T. Underwood,
Jr., today hailed the movement of the
Kentucky Automobile Dealers Associa-
tion in offering a \$300 reward for in-
formation leading to the arrest and con-
viction of any person willfully burning
an automobile to collect the insurance.
Underwood said that a similar plan
had been tried in Eastern Kentucky only
and had "rendered substantial aid in
reducing automobile fires" over a period
of several months.

"The" association reported that 353
motor vehicles were destroyed by fire
last year, and fire loss reports indicated
arson in nine out of 10 investigations.

"Every time somebody burns up a
vehicle to collect insurance the money
to pay this criminal arson loss comes
from pockets of decent law-abiding citi-
zens," Lew Ulrich, secretary of the as-
sociation said. "The responsible auto-
mobile dealers want this practice stop-
ped, both as a protection to themselves
and the public."

WHITES TOWER

Holly 4074 for News Items

A little sidelight on the tragedy at Hebron last week that our three grandchildren, who flew to Cleveland and back on the ill-fated TWA liner just a week before, were laid in their graves of the way they were treated by the little stewardess who was killed in the accident. I heard the kids tell their grandmothers, "she was the nicest thing to us on the trip both ways." The Lord only knows why these things happen. Statistics show that this only happens once in a million times.

The snow about all left us Sunday, which did not displease anyone, except the "cool" man, maybe, but probably if the weather remains cold, the farmers would like to have it to protect their grain.

Mrs. Shaler Marshall of Old Decatur Road, went out to her hen house one day last week and found her daughter-in-law in a dresser drawer with nine little baby chicks. These are about the first chicks we have heard of being born the first of the year. Her little daughter is crazy about them so they have them in the house in a home-made brooder fashioned from an electric light bulb in a box to keep them warm. And by the way, she says there was not a bit of straw or any litter in the drawer where they were hatched.

A nice 800-pound Whiteface beef was butchered Saturday here at the

farm by Dorsey and Kendig. I believe this was a fine looking beef as we have seen for some time. It will be cut up and packed this week and put in our deep freeze for use this summer.

Quite a change has been made in the status of the Newsday Bus Lines which serve this area. The line has been rented to the drivers who pay a certain amount a week to Paul and also have to pay their own expenses, gasoline, repairs and such. Our line is lucky to have one of the best drivers on the line in Scotty Hitch, who obeys all traffic regulations and seems to get you there and bring you back safely.

Mrs. Richard Dorsey and little daughter, Sara, were guests of the writer and family, Wednesday of last week. The little one is beginning to talk and put words and sentences together which is a thrill to her grandparents, the writer and wife.

Cecil Stephenson has returned home after his 3-year service in Japan, in which he received the rank of Sergeant. First Class. He is a son of Mr. and Mrs. Alton Stephenson of Martin and Moffett Road, Independence.

Mr. and Mrs. Milton Vastine of the Tower, are entertaining a new arrival, a girl, born in the first week of the new year.

Mrs. Roscoe Brewster of Staffordburg Road, and Mrs. J. A. Setters are patients at St. Elizabeth Hospital. We wish them a speedy recovery.

Sorry to hear of the death of Mrs. Roy Risk at near Nicholson, who died Sunday, January 16.—E.J.R.

VERONA

Mr. and Mrs. Jim Lann attended church at South Fork Christian Church, Sunday morning and were calling on Mrs. Grace Young and son of Big Bone, Sunday afternoon.

Mrs. Fannie Edgington was calling on Mrs. Effie Clements, Wednesday afternoon.

Mrs. Alice Chapman was confined to her bed a few days last week with flu.

We were sorry to hear of the passing of James Risner, last Saturday evening. His funeral was held at the Hamilton funeral home, Tuesday afternoon. We extend sympathy to his wife and children in the loss of their loved one.

Boyd Williams was calling on H. D. Edgington, Sunday afternoon.

Mrs. Juanita Kennedy and two sons are visiting her parents at Dry Ridge, for a few days.

Mrs. Susie Gore was calling on Mrs. Grace Adams, Saturday afternoon.

Bro. James Thomas was the speaker at the weekend youth revival. Others who were with Bro. Thomas were: Miss Louise Mattingly, Miss Violet Malone, Miss Shirley Ashworth, and Marjorie Arch. They were entertained in the homes of Mr. and Mrs. W. E. Weller, Mr. and Mrs. Morgan Chandler, Mr. and Mrs. Myra Hayden, and Mr. and Mrs. Robert K. Porter.

CARD OF THANKS—

I want to thank everyone for their thoughtfulness, flowers, cards, visits and prayers during my illness in the hospital and since my return home. I also want to thank my customers for the courtesies and understanding they have given my employee in the Beauty Shoppe since I have been away. My friends are indeed a blessing.

100 Acres - 2 Parts - 48 Acres - Farm Tools
31 Head Cattle - Household Goods

ABSOLUTE**Rain or Shine****AUCTION**

Mr. and Mrs. W. M. Minton have contracted with us to sell at Absolute Auction their
two farms, entire dairy herd, and all tools and equipment.

FRIDAY, JANUARY 28 - 10 A. M.

THE SALE WILL BE HELD AT THE 48-ACRE FARM, LOCATED ON STEPHENSON MILL ROAD, OFF OF ROUTE 16, NEAR VERONA, KY., AND THE 100-ACRE FARM WILL BE SOLD AT THE SAME LOCATION.

The 49-acre farm has a 4-room house, large combination barn with 16 stanchions, loafing shed, milk house, and outbuildings; some nice young fruit trees. This is a nice little dairy farm, well watered, and a nice location, close to churches, schools of all denominations, just a short distance off of the State Highway, and on a good county road.

The 100-acre farm, located on State Highway, has a large barn, lot of alfalfa and other hay, is well watered, and has several acres of small grain.

The tobacco base on these two farms has been combined, the original base on each farm will be announced day of sale, after checking with AAA.

DAIRY CATTLE—17 head of dairy cows, mostly all Holsteins, starting to freshen in February, 4 heavy springing heifers, 6 short yearlings, 2 calves, 2 milk goats; 2 horses and harness, and a lot of horse drawn equipment; lot of hens and pullets.

MILKING EQUIPMENT—Milking machine, 5-can milk cooler, 8 ten-gallon milk cans, heater, and 2 vats.

FARM EQUIPMENT—Avery tractor, 2 years old; disc, double plows; tobacco setter, hammermill, garden tractor, rubber tired wagon, and a lot of other small plows and small tools, too numerous to mention.

ALL HOUSEHOLD FURNISHINGS.

Reason for selling—owner unable to take care of the farm, due to ill health.

DON'T FORGET time and location—Friday, January 28, at 10 a. m., on Stephenson Mill Road, a short distance off Route 16. Anyone desiring to look over farms prior to sale, or any chattels, are welcome.

TERMS—20% on all Real Estate; day of sale, balance when deed is delivered; Stock, Tools, Equipment, Cash!

The following officers of the Taylor Mill Ladies' Auxiliary of the Fire Department were installed last week: Mrs. Edith Lampe, president; Mrs. Genevieve Nitschke, vice president; Mrs. Shirley Russell, treasurer; Mrs. Deenie McAlister, corresponding secretary; Mrs. Catherine Ruehmeier, recording secretary; Mrs. Ruby Calston, chaplain; and Mrs. Dolores Kron, historian.

The combined Taylor Mill Volunteer Fire Department, the Ladies' Auxiliary and the Taylor Mill Life Squad purchased a new stretcher for the life squad at a cost of \$147. As I have said previously, I just can't say enough how proud and appreciative we all are of the life squad—the members are all such good people and are all on call at all hours.

Mrs. Betty Zwosta, monthly chairman of the bingo sponsored by the Ladies' Auxiliary, announces the January bingo will be held Thursday, January 27 at 8 p. m., in the Taylor Mill Fire House.

We were sorry to learn that Mrs. C. McNew was injured last week when she fell on an icy pavement. We also wish her a speedy recovery.

Mrs. Farris Crane is expected home from St. Elizabeth Hospital some time this week, following an operation.

Mr. and Mrs. William Herron left recently for a vacation in Florida.

Congratulations are in order for Mr. and Mrs. Paul Young (nee Catherine Jennings) on the birth of their son last week. Mother and baby doing well and are home from the hospital now.

Mrs. Opal Smith of Williamstown, is recuperating at the home of Mr. and Mrs. Estill Webster of Wayman Branch Road.

Word was received that Aldin Steinhauer, who is in his junior year at the University of Kentucky, recently won first prize in an essay contest at the University. He received \$25. He was a student at Simon Kenton High School and was valedictorian of his class. He is the son of Mr. and Mrs. Wilmer Steinhauer of Demosville.

We are late in this wish, but happy birthday to Michael McIntosh, Latonia Lakes. He celebrated his birthday Saturday when he appeared on the Dolly Good television show, "Circle 12 Ranch." He was host of his home for the following guests: Carolyn Nitschke, Juanita, Darlene and Brenda Kemper, Linda and Larry Galt, Patsy Crowder, James and Garry Cummins, Ray Wilson, Pat McAlister, his brother and sister, Ricky and Mary Jo McIntosh. He is 11 years old, and is the son of Mrs. Ruth McIntosh, Latonia Lakes.

Mr. and Mrs. Edgar Cook, Covington, entertained the following dinner guests Sunday: Mr. and Mrs. Bud England; Mr. and Mrs. Cliff England, and Jake England, all of Independence.

I just received engagement announcements of two pretty young ladies, Miss Betty Jo Lillard to Mr. Norman Meier, and Miss Nellie Mae Fisk to Mr. Ronald Goodridge. Their pictures will appear in the Advertiser within the next couple weeks. Watch for them.

Congratulations are in order for Mr. and Mrs. William Nunnally, Covington, on the birth of their son last week. Mother and baby doing well. The little man has been named James William and is to be called Jimmy. Mr. Nunnally is the former Nola Cook, daughter of Mr. and Mrs. Howard Cook, Latonia Lakes. There will be a dance at the Latonia Lakes Clubhouse, January 29, beginning at 8 p. m. Round and square dancing to orchestra music.

Wally and Greg Finnell, Visalia, were weekend guests of their grandparents, Mr. and Mrs. George Finnell, Gady Road, Independence. Their son, Pvt. Kenneth Finnell, was also home on leave over the weekend from Ft. Knox.

Mr. and Mrs. George Finnell, Staffordburg, entertained the following dinner guests Sunday a week ago: Mr. and Mrs. Ben Finnell and son, Mr. and Mrs. Raymond Finnell, Mr. and Mrs. Ralph Finnell and sons, and Mr. and Mrs. George Finnell, Sr.

We are sorry to learn that Mrs. Heeger of Visalia, has been ill the past week. We hope she will soon be well.

The D. of A. of Kenton served 42 dinners at their hall, Saturday, for a private party given by the Hog Callers Club of Cincinnati.

We wish to express deepest sympathy to Mrs. Burdine Peltzinger, of Ryland Heights, on the loss of her husband, George Peltzinger, who passed away last week at the Cincinnati Veterans Hospital.

Mr. and Mrs. Joe Brunck and son, David, of Latonia, were overnight guests at their sister and family, Mr. and Mrs. Herbert Works, Station Road, Independence, the past Saturday night.

We are sorry to hear that little Mike Sandlin has been so sick the past week. He is such a cute little boy and everyone hopes he will soon be well.

The Stanley party given last week at the Kenton and Community Fire house by the Ladies' Auxiliary, was quite successful.

Everyone was pleased to see Patsy Jackson appear on television Sunday. She sang and danced. This was her second appearance.

The friends and neighbors of Mrs. Rudolph Casson, formerly of Kenton, wish to express their sympathy in the death, last week, of her brother, Lewis.

The bingo at the St. Mary and St. Matthew school, Morning View, which was held Sunday afternoon, was very successful.

Mr. and Mrs. Jim Barnes and son of Shelbyville, were recent guests of Mr. and Mrs. Bernie Barnes.

Torvin, Covington, who was killed last Sunday by a hit-skip driver.

Mrs. Bertha Harp and Mrs. Sam Jackson attended the funeral of their aunt in Indiana, Sunday. Sympathy is extended them.

The Ladies Auxiliary of the Kenton and Community Volunteer Fire Department, are making preparations for their dance at the firehouse, February 12.

Mrs. Charles Smitzer, Jr. is in the hospital, and her friends and neighbors wish her an early recovery.

Mr. and Mrs. Cleli Fisk and children of Erlanger, were Sunday guests of Mr. and Mrs. Dewey Fisk, Morning View.

Little Miss Donna Sue Smith was a Sunday afternoon guest of her cousin, Little Miss Liane Mullins.

We wish a happy birthday to Greg Finnell, Visalia, who will celebrate his third birthday January 18.

Congratulations to Mr. and Mrs. Tom Mortin, Covington, formerly of Kenton, on the birth of their son December 17 at St. Luke Hospital.

WORK OF CITIZENS HELPED SAFETY RECORD

Kentucky's reduction in automobile fatalities during 1954 is attributable to

increased public interest in highway safety and the work of public-spirited citizens and organizations all over the state.

That is the opinion of Charles Jones, executive secretary of the Governor's Committee for Highway Safety, who today expressed high praise for those who helped in the 1954 safety effort and called for increased help during 1955.

At latest county there were 754 deaths recorded for 1954, compared with 864 in the final 1953 report. Death records are usually kept active for about six weeks after the start of a year to account for persons who may die of injuries suffered in old-year accidents.

Last year was also a better year than 1952 when 797 were killed.

20th Anniversary

This is my 20th year selling you hardware right out of this store—I don't have too many customers now that I had when I started—lots of them have passed away and some have moved to other points. We are going to try to make this the largest year ever to go on record at this store—18 N. MAIN ST., WALTON, KY., since Edwards Bros., Franks & Fry, Conrad & Fry, and Conrad Hardware—3 to 65 years. This store and stock is in better condition and ready to go as soon as the weather permits the outside work, which gets us started.

I received something today that I believe is just what a lot of you people have been waiting for—it is a Dayton jet water system mounted on top of a 12-gallon electric water heater—just set it in your kitchen, if you have no basement, run you a water line to your cistern, then plug it in to 110-volt socket and you have hot and cold water for only \$159.50. Get one of these and save labor, time and water. You will hear more about it. Owen Stephenson was in—he got a good price for his tobacco. Lebus and Louise Stephenson were looking at linoleum. Mr. Eckler and son from Cordova stopped and bought a sled.

Gordon Phillips and Delaney Johnson were looking in the store—we were real busy, so they helped sell the sled and even loaded it on a truck. Chick sold Virgil Mend over Verona way, a set of work horses—he even put it together for him. Homer Farris bought a wheelbarrow to use around the dairy barn. Ed Elmore was in a few minutes today. Luther Franks from Crittenden, stopped in for me to save him two tobacco canvases. Henry Catlett was in looking for a water pump for the Crittenden Christian Church.

Snow and more snow, which will make water for the land and water to drink—we, in this part of the country really need it. O. J. Struve was in—he just sold his tobacco—not too well satisfied, but not so bad for this year. Today, we sold an Enterprise land press to Red Carroll, over Hebron way. George Arnold bought a lot of Balce paint to paint one of the houses inside, down at Ellis Farm. Earl Metcalfe had Brewster put in new handle in hammer. George Cude brought in an adjustable wrench for Chick to repair.

Mrs. Betty Adams and children were in—the bought a wall can opener and a rolling pin—Betty was driving a new two-tone Chevrolet—green and ivory—a beautiful color. January 12, 1955—a day that will be long remembered in Northern Kentucky—our first airplane crash landed at Airport. One of our customers, an automobile and plane crashes, when you crash in a plane you don't worry about being crippled up, like in automobile crashes. Very few people crash in a plane more than once. The people who saw that plane crash said it was a terrible sight.

WANTED—We will pay the highest price for your old. Mrs. William Up-ton. Phone Walton 1794. 41-3*

I have the best and cleanest line of hardware I have ever had—we have been cleaning on it and throwing out a lot of old for the past ten days. I have some new display cases, tables and bins, so we, as well as you, can see and find what we have. I am putting in a few new lines—I added to my point line, Sheffield's Asbestos Fiber Aluminum Roof Coating—it is wonderful, very heavy body and makes on old metal or roll roof like new. It makes your house cooler in summer and warmer in winter. I also added the greatest coating for concrete blocks, cinder blocks or any kind of masonry walls to make them waterproof.

See the sample in my store of cinder blocks with two coats on outside holding water. This is called Sta-Dri and I have it in stock. I have a stock of plastic water pipe in 8", 1", 1 1/4" and 1 1/2" sizes and all the fittings, and I also have a good price on it, as I buy direct from the factory. I have a 4-ton rubber legged wagon, complete with used tires, for \$145. I have a 2-horse sled for only \$48—these are good ones, so lock them over! Mrs. Annabelle Lancaster was one of our looters today, as she was waiting for Bobby to pick her up.

Ralph Lucas was my first customer on Sta-Dri—he bought a 35-lb bucket and two brushes—one brush for Nelda, I suppose. I also have that clear liquid to seal these brick and block the rain blows through. It will absolutely seal and not discolor anything it is put over. Scott Lancaster and Bobby were in—they had their tobacco... and did all right. Neuman Armstrong called me out of bed and wanted to know if I had a roof flange for 5' stove pipe and I told him. I had anything he wanted in the hardware line—to come on over. He came over about 9 o'clock and bought two Herman Simmonds bought his wife a new washer—said he wanted to take good care of her, so she would be a good woman in her old days. We have been remodeling the store—put in new thing tackle display case; put in a nice dish lobby. John Stephenson made these for me at Walton Lumber Co. I Brewster gave them three coats of white shellac and a coat of wax. I think they are very nice. I also bought two metal bins for my pump repairs, and put in the place of those two antique cabinets I had back by the office.

Then we have a new new paint brush display board, given me by David Linder and Sons Brush Co. I have been selling their paint brushes for nearly 20 years. With Linder's brushes and Balce's paint with that Chert Latex Base wall paint, you can't go wrong. Mrs. Joe Kennedy had us cut her three curtain poles out of 1/2" pipe for heavy curtains. Lawyer Ed Walton stipped out for some hardware—he stops real often, either going in or coming out from his office.

Experiment Station Reports On Cost of Growing Burley Leaf

Concerning the cost of producing burley tobacco, the 1953 annual report of the University of Kentucky Experiment Station says, in part:

"Direct cash expenses, not including hired labor, in burley tobacco production averaged \$85.28 per acre for the Inner Bluegrass Area of Kentucky in 1952. Fertilizer expense totaled nearly half of this amount. Other tobacco-producing areas had similar expenses, although the total amount was slightly less than for the Inner Bluegrass. Tractor, horse work, and tillage equipment cost, which included some additional cash expenses, amounted to \$37.91 an acre. Other costs included use of barns, barn equipment, and manure furnished from the farm. The estimated value for use of barns, stripping rooms, tobacco sticks, and manure was \$93.27 an acre. Labor hired averaged \$84.52 per acre.

"The above cost items totaled \$300 per acre. Additional costs included family labor, rent value for use of land, and management—all of which vary greatly from farm to farm and among areas. The gross return from an average of 1,605 pounds of tobacco marketed per acre was \$875.05 for the Inner Bluegrass farms in 1952.

"An average of 318 man-hours was required per acre for tobacco production in the Inner Bluegrass; of this amount, 120 hours were required prior to harvest, 60 hours for harvesting and curing, and 138 hours for stripping and marketing. These amounts included all hired labor, contract work, the labor with machine work hired, and the work done by the farm operators and members of his family."

School Principal Speaks at Meeting Of Woman's Club

Chester Goodridge, Principal of Boone County High School, Florence, was the guest speaker at the January meeting of the Florence Woman's Club.

All members met in the auditorium of the new school, where Mrs. Harold Conner, treasurer, conducted the business session in the absence of Mrs. Dean Caton, president. A very detailed and gratifying report was given on the luncheon-fashions show recently sponsored by the club.

"Boone County's Future Citizens" was the subject of the discourse given by Mr. Goodridge. A question and answer period followed. The changes and advantages of modern education and of consolidated schools was discussed of great length. Mr. Goodridge stressed the importance of home study and impressed upon those present that no matter how fine the school or teachers, that education, per se, depends upon the student. At the conclusion of the meeting, the principal personally conducted the group throughout the building.

Those in attendance were Mesdames W. H. Campbell, Paul Chaney, Jake Cleek, Harold Conner, Alex. Conner, Harry Dougherty, J. F. Dougherty, Sam Denham, Sr., W. E. Ditts, H. F. Dresman, William Fitzgerald, Henderson, Highower, C. G. Ryle, Fanny Scott, W. F. Foote, W. H. Westler and Robert Tanner. Mrs. William Schoggen of the Walton Woman's Literary Club was welcomed as a guest.

Hostesses for the social period were Mesdames W. E. Ditts, Robert Tanner, and C. G. Ryle.

Big Bone W.S.C.S. Meets

The January meeting of the Big Bone Methodist Church W. S. C. S. was held at the home of Mrs. Eugene Schwenke. In the afternoon, Mrs. Conner Carroll led the monthly program, the subject being "The Family—Steward of the Christian Life." One of the purposes of the program was to emphasize that Christian homes are essential to a Christian society and are a part of God's plan for realizing his kingdom on earth. The opening hymn was "Open My Eyes That I May See." Those assisting with the program were: Mrs. Eugene Schwenke, Mrs. James Jones, Mrs. Robert Black, Mrs. Raymond Landy, Mrs. Lon Wilson, Mrs. Charles Black, Mrs. Elmer Kidwell, and Mrs. Richard Schwenke. Supplementary material was taken from The Methodist Woman. Mrs. Konanz was also present.

Mrs. Charles Black, assistant secretary had charge of the regular business session and gave the spiritual thought for the month, taken from St. Luke. It was voted to send cash for supplies to Africa for equipment for Medical social station. Two new members were gladly added to the membership.

The next meeting will be with Mrs. Melvin Moore, Richmond Road, on the third of February.

Bearcats Win From Gallatin County But Lost To Holy Cross

The past week, the Bearcats played a pair of basketball games, and were able to win one and lost one.

Last Friday night, on the home floor, the Cats defeated Gallatin County High 48-43. The locals led 14-6 at the end of the first period, 26-10 at the half, and 34-28 after three quarters of play. Scott was top scorer for Walton, with 14 points, followed by Grubbs with 12, and Cook with 11. Morgan led the Gallatin attack with 12 markers, with Coomer collecting 11 and Refitt 10.

The Walton-Verona reserves won the preliminary contest, 50-24, with Poore hanging up 12 tallies for the victors.

Tuesday night, at Holy Cross, the Cats observed a 67-55 defeat, with the Latonia quipped leading throughout. In scoring, Grubbs led the local attack with 16 points, and Hinds added 13. For the winners, Gurtman had 21, Hogan 13, Brown 13, and Korte 14.

The Walton reserves were again victorious, winning this time 39-18, with T. Poole and Poore dividing 22 points evenly.

Delegates to Report To Their Home Club

According to Miss Nancy Guilfoil, Home Agent, 18 Boone County Homemakers will be delegates at the Farm and Home Convention, February 1-4, at the University of Kentucky, Lexington. These delegates are chosen by members in their local clubs and sent to Lexington by Greyhound bus to enjoy one of the most interesting opportunities presented a homemaker.

On Tuesday, these homemakers will meet Honorable True D. Morse, Under Secretary of Agriculture, who will speak on "More Profitable Farming and a Stronger America." Other speakers for the day will be Dr. Frank J. Welch, Dean of the College of Agriculture and Home Economics, University of Kentucky; Mrs. Mildred Buchanan Flagg, educator, author and lecturer, Massachusetts, and Dr. J. O. Christianson, educator, University of Minnesota.

Other highlights of the week are the latest information on style trends, child care, heart disease, landscaping, home-making and foreign affairs.

These delegates will report back to their clubs and share their experiences with local club members. Approximately 53 other homemakers are expected to attend for a one-day session. Miss Guilfoil will accompany the group to Lexington.

Burlington Rd. Homemakers

Mrs. John Kyle was hostess to the Burlington Road Homemakers, Florence, for the January meeting, with Mrs. J. D. Northcutt as co-hostess.

The meeting was called to order by the president, Mrs. B. Smoot, and the session opened by the singing of the Homemakers' song. Mrs. R. M. Lucas read the 23rd Psalm. The business discussion was the Homemakers Handmade Shop for the 4-H Club Fair at Burlington, in August.

A delicious lunch was served at noon and after lunch, games were enjoyed by the following members: Mesdames Chas. Reer, Robert Eastman, A. B. Smoot, Harry Whaley, Lester Muff, Charles Riehmsham, Joe Dringenberg, Louisa Edgington, J. D. Northcutt, Robert Ammon, R. M. Lucas, John Kyle, Richard Ammon, Arthur Ammon and George Smoot. The meeting was closed by Mrs. Nancy Guilfoil, Home Demonstration Agent, and Mrs. Henry Revere.

Mrs. A. B. Smoot was chosen as a delegate to Farm and Home Week in Lexington, the first of February. The February meeting will be with Mrs. Lester Muff of 6 Locust Street, Florence.

Soil Should Be Tested Now For Pastures, Hay and Row Crops

Now is the time of the year to have soil tested in fields that are going to be seeded in pastures or hay or put in row crops. As farmers' dollars become scarcer more and more people should use the soil test laboratory to make the fertilizer dollars go farther, said Joe Claxton, County Agent in Boone County.

In 1954 there was a total of 425 soil samples tested in the soil laboratory. These samples were taken from 181 different farms in the county. Of the 388 samples tested for pasture, alfalfa and other row crops, not including tobacco, 198 needed two to three tons of lime-stone to grow these crops. There were 152 that needed phosphate applied, and 144 needed potash. This shows that Boone county has a need for limestone and potash.

There were 162 samples tested for tobacco. These samples show the results in most cases, where the land had been built up for tobacco, as being high in fertility. While tobacco is a crop requiring a high amount of plant food to grow, a high application of potash was required. According to Russell Hunt, Tobacco Specialist, University of Kentucky, tobacco land and all row crops should have a soil test made each year.

The county laboratory will be able to serve the farmers of the county in 1955 with much quicker service than in the past years, so have your soil tested now!

20th Anniversary

This is my 20th year selling you hardware right out of this store. I don't have too many customers now that I had when I started—lots of them have passed away and some have moved to other points. We are going to try to make this the largest year ever to go on record at this store—18 N. MAIN ST., WALTON, KY., since Edwards Bros., Franks & Fry, Conrad & Fry, and Conrad Hardware—a total of 65 years. This store and stock is in better condition and ready to go as soon as the weather permits the outside work, which gets us started.

I received something today that I believe is just what a lot of you people have been waiting for—it is a Dayton jet water system mounted on top of a 12-gallon electric water heater—just set it in your kitchen, if you have no basement, run you a water line to your cistern, then plug it in to a 110-volt socket and you have hot and cold water for only \$159.50. Get one of these and save labor, time and water. You will hear more about it. Owen Stephenson was in—he got a good price for his tobacco. Lebus and Louise Stephenson were looking at linoleum. Mr. Eckler and son from Cordova stopped and bought a sled.

Spoke and DeWay Johnson were looking in the store—we were real busy, so they helped sell the sled and even loaded it on a truck. Chick sold Virgil Mullins, over Verona way, a set of work harness—this year. Today, we sold an Enterprise land press to a Red Carroll, over Hebron way. George Arnold bought a lot of Balce paint to paint one of the houses inside.

I have the best and cleanest line of hardware I have ever had—we have been cleaning on it and throwing out a lot of old for the past ten days. I have some new display cases, tables and bins, so we, as well as you, can see and find what we have. I am putting in a few new lines—I added to my paint line, Sheffield's Asbestos Fiber Aluminum Roof Coating—it is wonderful, very heavy body and makes an old metal or roll roof like new. It makes your house cooler in summer and warmer in winter. I also added the greatest coating for concrete blocks, cinder blocks or any kind of masonry walls to make them waterproof.

See the sample in my store of cinder blocks with two coats on outside holding water. This is called Sto-Dri and I have it in stock. I have a stock of plastic water pipe in 3/4", 1", 1 1/4" and 1 1/2" sizes and all the fittings, and I also have a good price on it, as I buy direct from the factory. I have a 4-ton rubber tired wagon, complete with used tires, for \$145. I have a 2-horse sled for only \$48—these are good ones, so look them over. Mrs. Annabelle Lancaster was one of our joesters today, as she was waiting for Bobby to pick her up.

Ralph Lucas was my first customer on Sto-Dri—he bought a 35-lb. bucket and two brushes—one brush for Nelda, I suppose. I also have that clear liquid to seal these brick and block that the rain leaks through. It will absolutely seal and not discolor anything if it is put over. Scott Lancaster and Bobby were in—they had sold their tobacco, and did all right. Neuman Armstrong called me out at bed and wanted to know if I had a root flange for 5" stove pipe and I told him I had any thing he wanted in the hardware line—to come on over. He came over about 9 o'clock and bought two.

Herman Simons bought his wife a new washer—he said he wanted to take good care of her, so she would be a good woman in her old days. We have been remodeling the store—put in new-firing tackle display case, put in a nice dish table (John Stephenson made these for me at Walton Lumber Co.) Brewster gave me three coats of white shellac and a coat of wax. I think they are very nice. I also bought two metal bins for my pump repairs, and put in the place of those two antique buckets I had back by the office.

Then we have a nice new paint brush display board, given me by David Linzer and Sons Brush Co. I have been selling their paint brushes for nearly 20 years. With Linzer's brushes and Balce's paint with that Chiet coter Box wall paint, you can't go wrong. Mrs. Joe Kennedy had to cut her three curtain poles out at 1/4" pipe for heavy curtains. Lawyer Ed Walton stopped in for some hardware—he stops real often, either going in or coming out from his office.

Experiment Station Reports On Cost of Growing Burley Leaf

Concerning the cost of producing burley tobacco, the 1953 annual report of the University of Kentucky Experiment Station says, in part:

"Direct cash expenses, not including hired labor, in burley tobacco production averaged \$85.28 per acre for the Inner Bluegrass Area of Kentucky in 1952. Fertilizer expense totaled nearly half of this amount. Other tobacco-producing areas had similar expenses, although the total amount was slightly less than for the Inner Bluegrass. Tractor, horse work, and tillage equipment cost, which included some additional cash expenses, amounted to \$37.91 an acre. Other costs included use of barns, barn equipment, and manure furnished from the farm. The estimated value for use of barns, stripping rooms, tobacco sticks, and manure was \$93.27 an acre. Labor hired averaged \$52.62 per acre. The above cost items totaled \$300 per acre. Additional costs included family labor, rent value for use of land, and management—all of which vary greatly from farm to farm and among areas. The gross return from an average of 1,605 pounds of tobacco marketed per acre was \$875.05 for the Inner Bluegrass farms in 1952."

"An average of 318 man-hours were required per acre for tobacco production in the Inner Bluegrass; of this amount, 120 hours were required prior to harvest, 60 hours for harvesting and curing, and 138 hours for stripping and marketing. These amounts included all hired labor, contract work, the labor with machine work hired, and the work done by the farm operators and members of the family."

ARTHUR T. DUNN

Services for Arthur Thuman Dunn, 59, of Green Road, Walton, were held Wednesday afternoon at the Dry Ridge Baptist Church, with burial in Hillcrest Cemetery, Dry Ridge.

The guest speaker will be Russell M. Hall, who will address the group on the subject, "Citizenship." Members will respond to roll call by naming a current event.

FEBRUARY BRIDE

Miss Betty Jo Lillard

Announcement has been made of the engagement and approaching marriage of Miss Betty Jo Lillard, daughter of Mr. and Mrs. William K. Lillard, Taylor Mill Pike, to Mr. Norman Meier, son of Mr. and Mrs. William V. Meier, Nicholas.

The wedding will be held at 7:30 p. m., February 5th, in the Hopeful Lutheran Church, Florence. Friends of the bride and groom are cordially invited. Reception immediately following.

School Principal Speaks at Meeting Of Woman's Club

Chester Goodridge, Principal of Boone County High School, Florence, was the guest speaker at the January meeting of the Florence Women's Club.

All members met in the auditorium of the new school, where Mrs. Harold Conner, treasurer, conducted the business session in the absence of Mrs. Dean Conner, president. A very detailed and gratifying report was given on the luncheon-fashions show recently sponsored by the club.

"Boone County's Future Citizens" was the subject of the discourse given by Mr. Goodridge. A question and answer period followed. The changes and advantages of modern education and of consolidated schools was discussed at great length. Mr. Goodridge stressed the importance of home study and impressed upon those present that no matter how fine the school or teachers, that education, per se, depends upon the student. At the conclusion of the meeting, the principal personally conducted the group throughout the building.

Those in attendance were Mesdames W. H. Campbell, Paul Chayne, Jake Cleek, Harold Conner, Allen Conner, Harry Daugherty, J. F. Daugherty, Sam Denham, Sr., W. E. Ditts, H. F. Drennon, William Fitzgerald, Henderson Higlow, C. G. Ryle, Fanny Scott, W. F. Foote, W. H. Westler and Robert Tanner. Mrs. William Schoggin of the Walton Women's Literary Club was welcomed as a guest.

Hostesses for the social period were Mesdames W. E. Ditts, Robert Tanner, and C. G. Ryle.

Big Bone W.S.C.S. Meets

The January meeting of the Big Bone Methodist Church W. S. C. S. was held at the home of Mrs. Eugene Schwenke. In the afternoon, Mrs. Corrie Carroll, led the monthly program, the subject being "The Family—Steward of the Christian Life." One of the purposes of the program was to emphasize that Christian homes are essential to a Christian society and are a part of God's plan for realizing his kingdom on earth. The opening hymn was "Open My Eyes That I May See." Those assisting with the program were: Mrs. Eugene Schwenke, Mrs. James Jones, Mrs. Robert Black, Mrs. Raymond Lundy, Mrs. Lon Wilson, Mrs. Charles Black, Mrs. Elmer Kidwell, and Mrs. Richard Schwenke. Supplementary material was taken from The Methodist Woman. Mrs. Kananzo was also present.

Mrs. Charles Black, assistant secretary had charge of the regular business session and gave the spiritual thought for the month, taken from Sh. Luke. It was voted to send cash for supplies to Africa for equipment for Medical social station. Two new members were gladly added to the membership.

The next meeting will be with Mrs. Melvin Moore, Richmond Road, on the third of February.

Bearcats Win From Gallatin County But Lost To Holy Cross

The past week, the Bearcats played a pair of basketball games, and were able to win one and lost one.

Last Friday night, the home team the 'Cats defeated Gallatin County High 48-43. The locals led 14-6 at the end of the first period, 26-10 at the half, and 34-28 after three quarters of play. Scott was top scorer for Walton, with 14 points, followed by Grubbs with 12, and Cook with 11. Morgan led the Gallatin attack with 12 markers, with Coomer collecting 11 and Refitt 10.

The Walton-Verona reserves won the preliminary contest, 50-24, with Poore hanging up 12 tallies for the victors.

Tuesday night, at Holy Cross, the 'Cats observed a 67-55 defeat, with the Latonia quintet leading throughout. In scoring, Grubbs led the local attack with 16 points, and Hinds added 13. For the winners, Guttman had 21, Hogan 13, Brown 13, and Korte 14.

The Walton reserves were again victorious, winning this time 39-18, with T-Poole and Poore dividing 22 points evenly.

To Attend Methodist Seminar

Robert Thomas Pruett of Walton, a junior in the College of Engineering at the University of Kentucky, has been selected to attend the annual Christian Citizenship Seminar for Students, on February 4-12.

Pruett, the son of Mr. and Mrs. C. C. Pruett, is a leader in the Wesley Foundation organization of UK, and is the only Kentucky student and one of 60 college students in the U. S. scheduled to attend the seminar.

The students will meet at U. N. headquarters in New York City and from there they will go on to Washington, D. C. The seminar is sponsored by the Methodist Church to promote good citizenship.

PINER W.M.S. REPORT

The Woman's Missionary Society of the Piner Baptist Church held four meetings in the last quarter of 1954.

Members present, 42; visits made, 45; cards sent to sick, 101. Regular offering, \$14.20; Lottie Moore offering, \$50.36; total offering for the quarter, \$64.56. The mission study book, "Pilgrimage in Brazil," was taught by Mrs. Robert Wilson. Fourteen boxes were sent to servicemen, and two boxes of clothing were sent to Onondia Institute; \$2.00 was sent to Good Will Center for the Thanksgiving baskets, and three \$1.50 Christmas gifts were sent to residents of the Northern Kentucky Baptist Home in Newport.

Annual Dairy-Pasture Meet

Farmers of Boone county heard E. C. Scheidenhelm, Dairy Specialist, and Geo. Corder, Soil Specialist, from the University of Kentucky, speak last Thursday night at the annual dairy and pasture meeting, in Burlington.

Mr. Scheidenhelm spoke on "Roughage Utilization and Profitable Rations," while Mr. Corder showed pictures of the results of proper fertilization of crops after soil tests had been taken.

Kenton 4-H Club Meets

The regular meeting of the Kenton and Community 4-H Club was held on Monday, January 17, in the Briar Hollow Beagle Clubhouse. The meeting was called to order by the president, Robert Jackson. The secretary was absent, so the vice president, Madeline Cross, read the roll call. Thirty-one members are now enrolled, the group having only 12 at the beginning.

Members discussed dairying, home freezing, good grooming and the electric projects. After the meeting adjourned, the leader, Mrs. Jackson, took the first year sewing class. Games and refreshments were also enjoyed.

The next meeting will be held on Monday, February 21.

Mrs. James Falls and Mrs. H. F. Mann will leave this week for a winter vacation in West Palm Beach, Fla.

Adair county homemakers and the Farm Bureau are cooperating in having names stenciled on mailboxes.

Delegates to Report To Their Home Club

According to Miss Nancy Guilford, Home Agent, 18 Boone County Homemakers will be delegates at the Farm and Home Convention, February 1-4, at the University of Kentucky, Lexington. These delegates are chosen by members in their local clubs and sent to Lexington by Greyhound bus to enjoy one of the most interesting opportunities presented a homemaker.

On Tuesday, these homemakers will meet Honorable True D. Morse, Under Secretary of Agriculture, who will speak on "More Profitable Farming and a Stronger America." Other speakers for the day will be Dr. Frank J. Welch, Dean of the College of Agriculture and Home Economics, University of Kentucky; Mrs. Mildred Buchanan Flagg, educator, author and lecturer, Massachusetts; and Dr. J. O. Christianson, educator, University of Minnesota.

Other highlights of the week are the latest information on style trends, child care, heart disease, landscaping, home-making and foreign affairs.

These delegates will report back to their clubs and share their experiences with local club members. Approximately 53 other homemakers are expected to attend for a one-day session. Miss Guilford will accompany the group to Lexington.

Burlington Rd. Homemakers

Mrs. John Kyle was hostess to the Burlington Road Homemakers, Florence, for the January meeting, with Mrs. J. D. Northcutt as co-hostess.

The meeting was called to order by the president, Mrs. A. B. Smoot, and session opened by the singing of the Homemakers song. Mrs. R. M. Lucas read the 23rd Psalm. The business discussion was the Homemakers Handmade Shop for the 4-H Club Fair at Burlington in August.

A delicious lunch was served at noon and after lunch, games were enjoyed by the following members: Mesdames Chas. Rice, Robert Eastman, A. B. Smoot, Harry Whaley, Lester Muff, Charles Riehmahm, Joe Dringenberg, Louis Edgington, J. D. Northcutt, Robert Ammon, R. M. Lucas, John Kyle, Richard Ammon, Arthur Ammon and George Schambach. Guests were Miss Nancy Guilford, Home Agent, and Mrs. Henry Revere.

Mrs. A. B. Smoot was chosen as a delegate to Farm and Home Week in Lexington, the first of February.

The February meeting will be with Mrs. Lester Muff of 6 Locust Street, Florence.

Soil Should Be Tested Now For Pastures, Hay and Row Crops

Now is the time of the year to have soil tested in fields that are going to be seeded in pastures or hay or put in row crops. As farmers' dollars become scarcer, more people should use the soil test laboratory to make the fertilizer dollars go farther, said Joe Claxton, County Agent in Boone County.

In 1954 there was a total of 425 soil samples tested in the soil laboratory. These samples were taken from 181 different farms in the county. Of the 388 samples tested for pasture, alfalfa and other row crops, not including tobacco, 198 needed two or three tons of limestone to grow these crops. There were 152 that needed phosphate applied, and 214 needed potash. This shows that Boone county has a need for limestone and potash.

There were 162 samples tested for tobacco. These samples show the results in most cases, where the land had been built up for tobacco, as being high in fertility. White tobacco, a crop requiring a high amount of plant food to grow, a high application of potash was required. According to Russell Hunt, Tobacco Specialist, University of Kentucky, tobacco, and all row crops should have a soil test made before growing.

The county laboratory will be able to serve the farmers of the county in 1955 with much quicker service than in the past years, so have your soil tested now!

BIBLE SPEAKS

BY DR. KENNETH J. FOREMAN

Our Nature And Need

Lesson for January 30, 1955

WHEN the Christian church talks about "Man" we mean all men. Following the Bible—and science too, for that matter—we believe that the human race is one race, not two or several. A child who is old enough to get out of his front yard knows that human beings come in different varieties, and a grown person who has been around the world at eye-level with the people who live on the ground, knows much better than Dr. Foreman the child does, what a bewildering lot of varied types the human race is. Nevertheless we Christians believe that each one of us has something in common with all men and women, living and dead. The covenant whose fingerprints 30,000 years old are still to be read, Caesar and Hitler, Saint Paul and the loafers in the grocery store, the Queen of England and a black cannibal in the rain-forest, these are all part of one human race. In spite of all the differences, can anything be said of all of us which is true of all of us?

God's Design for Man

The story of creation, however you may interpret it, includes certain truths about man which are of the greatest importance. One is that man is here on this earth not by accident but by the intention and will of God. Man does not casually emerge into a world and a universe to which he is badly suited. He is rather placed by God in a world which has been made ready for him as a place to live and love and achieve. Another truth is that man is expected to become master of this earth, not to be mastered by it. And a third most important truth of all: Man is created in the image of God. Theologians, one regrets to say, have quarreled a great deal over the meaning of this. Leaving all quarrels on one side, the least we can say the "image of God" means is that in some way man reflects the nature of God. Man has a capacity for knowledge, for aspiration, for love, for fellowship with God, such as no other created thing possesses. This may or may not mean that the first human beings on this earth were in any way perfect. It may or may not mean that the image of God has been totally defaced at the present time so that there is not a trace of Godlikeness left. But it surely means no less than that by God's intention for mankind there is something Godlike in each man.

Man Against Himself

A second truth about man—all men—which is enormously, vitally important, is that all men are sinners. That is to say, not only does no man fulfill all the good possibilities God has in mind for him, but men in their very nature are corrupt, twisted, they want what God does not want, they want what they themselves would not want if they knew what they were doing. A sinner is bent on doing the very things that will destroy him. As we view the world today we can see this is true on a vast scale. As a modern poet has expressed it, man is the sightless rider on a blind horse galloping as hard as he can go to the edge of the bottomless pit. Against all the optimism which suppose that if you leave men alone they will come out all right, the Christian church affirms that if you leave men alone they will come out wrong. We have brains enough, maybe, cleverness and genius enough, take us by and large, to get out of our troubles. But we don't have patience, unselfishness, wisdom, love or self-sacrifice enough. Individually and as a race we are in a mess, and the name of it is sin, and the end of it is Destruction.

Why We Need God

Men want many things. But what we most need is God. We need God to show us what he has in mind for us. We need him to show us what we ought to be. We need him to show us what is wrong with us, and where, to show how to come back to it. We are in this constant struggle between our best and our worst. We are our own worst enemies and if no one comes to our rescue, our worst selves will destroy our best selves. We need to be changed; and only God can change us. We need power.

HOW TO KEEP UP WITH THE JONESES

Do you keep your nose to the grindstone trying to give your family everything the Joneses have? Then observe these neighbors carefully. They probably have something that escapes your notice.

They have family, friends, and material possessions. But they have something more.

Notice that the Joneses always attend the services of the Church. They have found that without spiritual guidance their other treasures are worthless. And they have discovered new solutions to their everyday problems. They view the world from a different slant, for they have found the faith to take life as it comes along.

The Joneses and more than 88 million other Americans are now church members.

If you really want to keep up with the Joneses, follow their lead. Find and cultivate the faith they've found. Go to Church this week . . . and every week, and make yours a Christian home.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

We wish to express sympathy to Mrs. Roy Hughes, Lipscomb Road, and her Brother, Matt Heeger, Latonia Lakes, on the loss of their mother, Mrs. Bertie Heeger, who passed away last week at the home of another daughter, Mrs. Joe Parks, Visalia. She was the type person who was well liked by all and will be greatly missed by everyone.

Mrs. William Lillard, Taylor Mill, has returned home from a two weeks stay in Warrenton, Va., with her son, Cpl. William C. Lillard, and family. Keith, the infant son of Cpl. and Mrs. Lillard, was desperately ill at the time, but we are happy to report that he is going to be alright now.

Mark Lillard, 15-month-old son of Mrs. William Lillard, stayed at the home of his uncle, Mr. and Mrs. Beckham Miller, and family at Lipscomb Road, while his mother was gone to see the little grandson.

Mrs. Earl Spanton, Taylor Mill Road, has returned home following her illness at Good Samaritan Hospital, Cincinnati. We wish her a speedy recovery.

We were sorry to learn that Mrs. Edith Richardson, Oak Ridge, was ill last week, and we hope she is feeling better now.

Mrs. John Kline, Taylor Mill Road, is still confined to her home following a recent illness. We wish her a speedy recovery.

We wish to express sympathy to Mrs. Harry Lipscomb, Lipscomb Road, on the loss of her sister in Hamilton, Ohio, last week.

The Taylor Mill Elementary School's P. T. A. met Monday night at the school and the highlight of the evening was an interesting and informative talk on "Child Welfare," by Mrs. Chester Tolson, returned to Patton Air Force Base in Texas. Sgt. Williams has just re-enlisted for six years more service with the Air Force. He has already served four years and intends to make the service his career. Mrs. Williams is the former Joyce LaVon.

Mr. and Mrs. Kenneth Kelly and daughters have returned from a very enjoyable two weeks vacation in Florida. Mr. and Mrs. H. B. Whalen, Sr. and daughter, Mrs. Virginia Shearer, and her two daughters of Covington, were Sunday dinner guests of Mr. and Mrs. H. B. Whalen, Jr., Lipscomb Road.

Mr. and Mrs. Gene Kelly and son, Tommy, departed last Thursday for a two weeks vacation in Florida. County Patrolman Jess Kline, Mrs. Kline and five children have moved into their newly purchased home in Visalia. Mrs. Lyburn Richardson and daughter, Donna, spent Saturday in the city. Friends and neighbors of Mrs. Joe Parks, Visalia, extend sympathy in the loss of her mother, Mrs. Bertie Heeger. Funeral services were from the Allison & Rose funeral home, Covington, Tuesday.

The following youngsters attended the birthday party Tuesday afternoon honoring Greg Finnell on his third birthday: Danny Parr, Diane Mullins, Rita and Treka Trapp, Linda and Brenda Smith, Kim McKee and Wally Finnell. Mr. and Mrs. Joe Finnell, Atwood, were Sunday guests of Mr. and Mrs. Ralph Finnell.

Mrs. Alice Budke is celebrating her birthday this week, and we wish her many happy returns.

Little Miss Sharon Pettit spent Sunday at the home of her aunt, Mrs. Robert Redman, in Covington. Mrs. L. B. Munday and daughter, Pam, of Florence, were Sunday afternoon guests of her grandmother, Mrs. Stella Bowman of Visalia. The Munday second oldest son, Ronnie, enlisted two weeks ago in the Marines and for the time being is stationed at San Diego, Calif.

Mr. and Mrs. Walter Cooke were visiting Mr. and Mrs. Homer Huffman at Fiskburg, Thursday.

Master Donnie Roberts spent Sunday night with his grandparents, Mr. and Mrs. Walter Cook.

Mr. and Mrs. Winston Brown, Bracht, spent Sunday with her sister, Mrs. Non Schneider.

CRITTENDEN

Mr. and Mrs. Lester Young spent Sunday with Mr. and Mrs. Leroy Isreal of Walton.

Mr. and Mrs. Marion Belew and son, Eugene, spent the weekend with Mr. and Mrs. Sterling Vallandigham of Chicago, Ill.

Walter Kidwell has returned home from the hospital much improved. Oakley Smith purchased the William Smith place here Saturday for \$5,000.

Mr. and Mrs. Harry Waller and little daughter of Chattanooga, Tenn., were called here by the sudden death of his uncle, William Waller, Verona.

Mr. and Mrs. Frank Jennings and son of Pleasant Ridge, Ohio, spent Saturday with her aunt, Mrs. Herbert Wagner, and Mr. Wagner.

They can do MORE and do it BETTER.

That's the way it is with Federal Land Bank loans. A half million American farmers own the Federal Land Bank System through their local cooperative National Farm Loan Associations. They are the users... and no person or institution owns even a single dollar's worth of this big system with its 1.2 billion dollars in real estate loans except these half million American farmers.

Working together cooperatively they elect the local directors responsible for policies and service. When a half million land-owning, "salt of the earth" farmers work together they can have the best there is. And the best in farm mortgage loans is a 4% Federal Land Bank loan. No application fee. No appraisal fee. No renewal fee. Five to 40 years to repay. And no penalty for paying ahead of schedule.

Join hands and let a half million of your friends and neighbors help you to debt-free ownership of your farm.

INDEPENDENCE R-1

Those on the sick list in our community are Bluch Rich, who is slowly improving.

Eugene Hoffman underwent an eye operation for cataract the past week at Booth Hospital. The report is that he is doing as well as can be expected. We wish both a speedy recovery.

We are very glad to report a good attendance at Sunday school at Staffordburg, Sunday, and also at church services. All keep coming and help us keep up the Lord's good work. All are always welcome at Staffordburg. Our pastor, Rev. Miller, doesn't like to talk to empty pews.

Mr. and Mrs. Dawey Parsons witnessed a very quiet wedding of their friends, Miss Pearl Sargent and Mr. Palmer Sandmons. The ceremony was performed by the Rev. Paul B. Clark at his home in Ft. Mitchell, Saturday evening, at 5:30 p. m.

Mr. and Mrs. Howard W. Laughton and little daughter entertained relatives from Latonia for six o'clock dinner, on Saturday evening.

Mr. and Mrs. Charles Losey and sons were dinner guests of her sister, Mrs. Will House, and husband, Sunday, at Independence.

Mr. and Mrs. Paul Damon entertained for dinner Sunday, their daughter, Miss Albert Brown, and family of Kenton, also their niece, Miss Margie Damon of Ryland Heights.

Several from this community attended the Farm Bureau meeting at Independence, Monday.

FERTILIZERS BOOST HYBRID CORN YIELD

In addition to planting hybrid varieties, Logan county farmers boosted corn yields by applying fertilizers, UK County Agent John R. Watlington says in his annual report. About 99 percent of the crop was hybrid.

Many Logan county farmers had their soils tested in the county laboratory, Watlington said. Then they used fertilizers as the tests showed they were needed. Some applied 1,000 pounds of complete fertilizer an acre and some dressed their corn with nitrogen fertilizer.

To avoid combor damage, some 100 Logan county farmers sprayed about 2,000 acres. Damage was not as severe as in 1953. Likewise, damage from the corn maggot was not as heavy as in the previous season. Farmers told Watlington they got good results from spraying corn land to control soil insects.

UK TELLS HOW TO STOP GARDEN BUGS

Ways to stop garden insects and diseases are brought up to date in a revised supplement to Circular 479, "How to Control Common Garden Insects," published by the University of Kentucky. Simple and effective ways are listed to combat the common insects and diseases that afflict gardens in Kentucky.

Most insects can be controlled with malathion dust or spray, it is brought out. Grasshoppers can be controlled with aldrin or chlordane; cutworms with toxaphene and slugs with methalddehyde. Sprays are preferred over dusts.

In anticipation of the garden season, copies of the above publications may be obtained from county and home demonstration agents.

FISKBURG

Mr. and Mrs. Millard Martin had guests Sunday, Mr. and Mrs. James Delaney of Covington, Mr. and Mrs. Ben Lee of Independence, Mrs. Dorothy Burns and Ralph Kline of Harrison, Ohio, and Mr. and Mrs. Oria Martin of Godden, Ala.

Verona

Mrs. Della McMillan, Stella Sizemore and Hazel Armstrong visited their father, L. C. Littrell, who is confined to his home at present, due to ill health.

Mrs. Raymond Stephenson visited the Littrell family, Sunday afternoon.

Objectives of the Garrard County Extension Advisory Committee are telephones in remote sections of the county and marked county roads.

Jack Thomas, Monroe county, grew 2,450 pounds of tobacco on one acre, and five other farmers averaged 2,031 pounds an acre.

James L. Pyles of Mason county lost four cows from wild cherry poisoning.

Twelve farmers in Knox county grew enough corn to make 3,000 gallons of sorghum molasses.

Superior workmanship by Hart county homemakers enrolled in a tailoring school on wool suits and coats was reported by UK Home Agent Jane Jones.

Four homemakers clubs in Bourbon county contributed \$31 to buy 62 pairs of shoes for Korean children.

Harry Raybourne, Washington county, says he made \$10 a day per man priming tobacco.

Florence

Don't forget the dance for polio, Saturday, January 29, at the Community Center. Donation \$1 per person.

Rev. and Mrs. Wilford C. Buttrick and family entertained on Sunday, Mrs. Buttrick's brother, Albert Bley, and wife and twin sons, and her sister, Mrs. Clay Briggs and husband, all of Hamilton, Ohio.

Mr. and Mrs. Nelson Markesberry recently entertained at dinner for his mother, Mrs. Dora Markesberry, and Mr. and Mrs. W. R. Miller. Evening callers were Mr. and Mrs. Wm. Markesberry.

Sorry to report Mrs. Bert Rouse, Burlington Road, as being confined in St. Elizabeth Hospital due to a fracture of hip bone. We join in wishing her the best of luck.

Funeral services for Alonzo G. Tanner, 65, were from the 5th funeral home, Saturday at 2 p. m., with his parlor pastor, Rev. Hargrett Ames, of Louisville, officiating, assisted by Rev. W. C. Buttrick. Mr. Tanner succumbed Thursday at Booth Hospital. A lifelong resident of Boone county, he was a retired employee of the Standard Oil Co., Erlanger, and had membership with the Hopeful Lutheran Church. He leaves his wife, Mrs. Lucy Smith Tanner; two sons, Paul, state revenue department employee at Frankfort, and Robert Tanner, principal of Shepherdsville Grade School; two sisters, Mrs. Kitty McHenry and Mrs. Lennie Easton, Florence; two brothers, Fitzhugh Tanner at Florence, and Lloyd Tanner of Kenton county, and three grandchildren. Interment was in Hopeful Cemetery. The family has the sympathy of the community.

Lloyd Tanner, Covington, a improved following a knee injury, due to which he was hospitalized for a period.

Relatives of Mrs. Jeanette Detmer of Aurora, Ind., attended funeral services Friday for her husband, Albert Detmer, who succumbed to a lingering illness. Burial was in an Aurora cemetery. Mrs. Detmer is one of five daughters of the

late R. Lee Huey and wife, the others being Mrs. Jessie Rouse, Mrs. Ruth Green, and Mrs. Sarah Miller.

Weekend visitors of G. B. Miller were his sister, Mrs. Madge Holden, and son, Mrs. Frank Hogan, Mrs. M. M. Graham, W. R. Miller and Russell Mitchell.

Albert Knox and bride have returned following a pleasant bridal trip to Fla.

Miss Mona Cursinger, 10-year-old daughter of Mr. and Mrs. John Cursinger, was one of the contestants on the "Stars of Tomorrow," show on TV Sunday at 4 p. m., over WKRC. She sang beautifully and was the winner of a wrist watch. Miss Cursinger is one of Mrs. Sarah Markesberry's fourth-grade pupils.

John Q. Stephens of Dortha Ave., who has been ill for some time, is somewhat improved.

Robins made their appearance in town a few days ago and they are generally considered harbingers of spring, but with the ground partly covered with snow and the temperature in the 20's, spring seems far away. However, Saturday's weather of intermittent sunshine and snow flurries is characteristic of March.

Friends of Robert McCordle are glad to know that he is improved following a siege of illness.

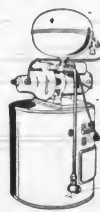

Many were the friends and patrons who called at the new Florence Bank on opening day, Saturday, to offer congratulations and best wishes for future success. Visitors who were very courteous shown through could notice the progress that has been made since the bank was instituted in 1904. Many beautiful floral tributes were to be seen with cards expressing good wishes from neighboring banks, department stores and other lines of business and individuals. This write wishes to add congratulations and best wishes for future progress.

Robert McCordle and family were in Lawrenceburg, Ind., Friday to attend funeral services for his uncle.

11-4 CHARLEY & GRACE BAKER

ON KENTUCKY FARMS

Farmers in Adair county expect to set at least 100,000 strawberry plants. Campbell county has raised \$1,600 for the proposed experiment substitution in the Eden Shale area of the state. Hobart Lacy, Rowan county banker, has orders for enough strawberry plants to set 177 acres. Approximately 2,000 popcorn balls were made in December by citizenship chairs of Franklin county homemakers clubs in cooperation with the Salvation Army. Farmers in Hickman county are gathering reports on the cost of using trench silos.

Tom Coggage of Trenton had a basket of tobacco in the 4-H show and sale which brought 93 cents a pound. Many Fleming county homemakers made handmade gifts they had learned to make through their clubs: baskets, aluminum trays, copper planters, book ends, towels with Swedish weaving, aprons and candy. Farmers in Knott county are planning to set several thousand trees on land that won't grow grass. The sale price and prize money totaled \$582 for two calves which Ed Goodman, Monroe county, sent to the Glasgow sale. An upholstery workshop for home-

makers club leaders was conducted in Middlesboro by Mrs. Minerva Murphy, UKC home demonstration agent in Bell county. Four companies are making surveys of milk production in Lewis county. Tobacco yields in Elliott county may average 2,000 pounds an acre, one of the best crops ever grown in the county. Riley Combest, Clinton county, grew 4,852 pounds of tobacco on 1.8 acres. Forty reed baskets and 10 trays are being woven by members of the Friendship Homemakers Club in Harlan county.

Farm Facts

FOR KENTUCKY FOLKS
by Wm. C. Johnstone
AGRICULTURAL REPRESENTATIVE
KENTUCKY BANKERS ASSOCIATION

FARM OUTLOOK FOR 1955—The farm press and radio, and governmental agricultural workers are bearing down on the "Outlook for '55," so I will add my "two-bits" worth here. Seemingly, surpluses of most commodities are still burdensome. The much talked of disposal of surpluses through foreign trade has not materialized and farmers cannot control their production as easily as producers of coal, steel, autos and such commodities. Thus, prices received by farmers decreased an average of 4% in 1954 and are expected to decline still further in 1955. Prices paid by farmers are expected to remain steady, with the net farm cash income declining from \$5 to 8 per cent.

KENTUCKY TOBACCO GROWERS produced the highest average yield in 1954 on record and are now faced with another reduction in acreage allotments and lower income from that crop. Farmers who have depended almost solely on tobacco are having to look for new sources of income. It is unwise to jump from one enterprise to another. Usually the other fellow's field is crowded too, or will be by the time we get into it. However, good tobacco is going into other enterprises when there is need for diversification. There are not many new crop prospects in Kentucky. Certainly we can't adopt a corn belt type of farming on the small, hilly farms which are typical of most of this state. The need here is for intensive crops with high labor needs and high acre returns. In some communities there are opportunities to get additional income from berries and vegetables. Most of these crops require special skills in production and co-operative efforts in marketing. Expansion will necessarily be slow and will utilize, at the best, only a few thousand acres. Improvement in livestock production practices and keeping expenditures to the minimum offer the best solution to the farm income problem at present.

In the livestock picture, sheep again seem a dependable source of income for those who have the "know-how" and are prepared to care for them. Beef numbers have started to decline and now seems a good time to stay with an efficient beef program. Hogs will probably be less profitable than last year, and dairy and poultry look like more of the same—plenty of competition and difficult to make much profits from them.

John Ellison, Knox county, harvested 350 bales of alfalfa hay from two cuttings of a 6-acre field.

We got a big kick out of a show the other night on TV, which was supposed to have happened in the early days of the American Revolution. About the middle of the show, a little ten or 12 year old boy showed up in the corner of the picture riding a modern scooter. Needless to say, we only got the glimpse as an alert stage hand hustled him out of there in a hurry.

CARD OF THANKS—

We wish to express our sincere thanks and appreciation to the many relatives, friends and neighbors for the kindness and sympathy extended to us in the long illness and great loss of our dear husband and father, Clarence F. Norton. Especially do we wish to thank Rev. Tipton and Dr. Robinson for their kindness and faithfulness, all donors of the beautiful floral offerings, cards of sympathy, the pallbearers, the singers, and the Eckler and Swindler funeral directors for the kind and efficient management of the funeral.

WE'RE PUTTING IT "RIGHT ON THE BARRELHEAD"

**\$327 million
of FAITH!**

IT TAKES FAITH in the future to put this kind of "cash on the barrelhead" so that the Southern can keep pace with the fast-growing industrial South.

For many millions of dollars are involved when we buy locomotives and cars... build or modernize yards and other facilities. Conditions must be anticipated for years ahead... large commitments must be made far in advance. Then—somehow—the money must be found to meet these obligations.

Since 1945, the Southern Railway System has spent more than \$327 million for major improvements. Some of this money came out of earnings. The rest we borrowed. But earned or borrowed, every dollar we committed ourselves to spend represented our faith in the future of the South we serve.

With this same faith—and without being subsidized by tax dollars as are other transportation agencies—we are continuing to build today for the still brighter "tomorrow" that surely lies ahead for the Southland.

SIX IMPOUNDMENTS ADDED FOR FISHING

Kentucky's Department of Fish and Wildlife Resources completed six dams and purchased a lake for the use of Kentucky fishermen during the past year, according to a report today by Commissioner Earl Wallace. The total cost was \$349,000.

Dams completed and their impoundments were located in Carter Caves State Park, 50 acres, costing \$59,000; Jefferson County, 50 acres, \$65,000; Greenbo, Greenup county, 225 acres, \$110,000; Pine Mountain State Park, 50 acres, \$53,000, and two creek dams, at Cynthia, \$10,000, and Georgetown, \$7,000. Shanty Hollow Lake in Warren county, 180 acres, was bought for \$45,000.

Fourteen lakes have been built and nine dams constructed over streams in the last three years, Wallace said. Money for the projects has been available because of a great increase in the sale of fishing licenses. Extra money received from the sale has been used to provide new fishing places.

The Wayne county homemakers council voted to give \$100 to the fund for the improvement of the courthouse lawn.

Improvement goals in Simpson county include electricity and a telephone for every farm.

Several business men in Morehead are cooperating in the county-wide strawberry project by giving coupon books with a value of \$55 in merchandise.

STAFFORDSBURG

All were pleased to have a good attendance at Sunday school and the morning worship service at the church, last Sunday. Won't you come and worship with us?

Mr. and Mrs. E. J. Rapp entertained some friends Saturday evening of last week.

Several from our church attended the service recently at Taft Auditorium, where, with a very impressive ceremony, some thirty odd deaconesses and missionaries were commissioned. It was indeed something to be remembered for the rest of one's life and to give each one a closer tie with our mission work at home and abroad. The same Lord who said, "Go ye," also said, how can they go except they are sent?

KENTUCKIANS

IN WASHINGTON
By Gil Kingsbury

Kentucky Society:
Now that Congress is back in session, the Kentucky Society of Washington is on the move again. Latest party saw the exiles from the Blue Grass entertain the Kentucky members of the House and senate.

This year's president is Paul Keen white, Lela M. Stiles, formerly of the White House staff under two presidents, is the society veep. Other officers include Ralph Homan, treasurer, former aide to Senator John Sherman Cooper, and Mrs. Paul Porter, the membership vice president.

Committees:
There have been scores of reports out of here on the appointment of Senator Barkley to the Foreign Relations Committee and the Finance Committee. However, Senator Clements also picked off a choice plum—a place on the Appropriations Committee. He also holds

a position on the Agricultural Committee.

We have an idea that the senator will be named to the sub-committee on appropriations for agriculture. That means that he'll have much to say on money for the farmer and farm projects—an important matter for Kentucky farm folks.

Tables Turned:

We hear a lot about educators and scientists leaving Kentucky schools for better paying jobs. Recently, however, the tables were turned.

Just a few miles outside of Washing-

ton, Virginia maintains a posture experiment station. Dr. Timothy Taylor, a University of Kentucky graduate, was a member of its staff until the other day. Now he's leaving Virginia to return to Kentucky and a job at our Experiment Station! The reason? Better pay in Kentucky, believe it or not!

Surplus Food:

The Department of Agriculture released a year-end report the other day in which it told about the distribution of surplus food. Kentucky ranked fifth on the list with approximately—so the report declared—200,000 persons certi-

fied for free food. Pennsylvania topped the list with more than 950,000 getting parcels. Mississippi, Alabama and West Virginia followed in that order. All in all, more than 2.5 million persons were eligible for surplus food help.

Using 100 pounds of ammonium nitrate increased corn yields about 10 bushels an acre in Cumberland county. In Grant county, 569 boys and girls are enrolled in 4-H clubs, four new clubs having been organized.

1955 - 12th Gone!

Can't hardly realize that this year is one-twelfth gone—January is on the way out, and most of us are glad. The weather has not been too bad, but we have had some winter. Had a card from R. C. and Catherine Durr, who are down in Ft. Lauderdale, Fla., for a few days—they said it was too cold to swim. It seems to me we are really getting the hardware for you. This is going to be a big year. Clark Spillman bought his wife a Sunbeam Mixer. Chas. Maloney is in several times a day—he is trying to finish that house of Teagarden's on Verona Road. George Arnold, bought another rubber tired wagon for the Ellis Farm. Lebus Stephenson and Stanley Allen are doing some plumbing for Erma Stockman.

This sure was a bad day—the road was slippery. It snowed all day, and very few came to town. Chick sold Miss Sutherland and her brother, from Williamson, that large Estate coal heater we just rebuilt—it was a bargain and I knew someone would grab it. Mrs. Kurt Richter came after an 8-gallon Jamesway electrically heated poultry fountain, on a stand—this will keep the water at 55 degrees, the hens will drink more water, and lay more eggs. She had hardly left when Clarence Patrick came in and wanted the same thing, only he took a 5-gallon fountain.

These Jamesway heated fountains come in 5 and 8 gallon sizes—we also have a heated fountain to hook onto your water line, also a Jamesway jacketed meat canner. We also have a heated poultry fountain, on a stand—this will keep the water at 55 degrees, the hens will drink more water, and lay more eggs. She had hardly left when Clarence Patrick came in and wanted the same thing, only he took a 5-gallon fountain.

Francis Baker, over on U. S. 42 in Gallatin county, called us Saturday night about 7 o'clock and said his oven on his new Perfection electric range wouldn't heat—I told him what was wrong, but he said it would not work and wanted to know when I could fix it—I told him we were on our way, so Brentner and Red took off for Gallatin county—Baker had the oven hot by the time they got there, so it was the switch turned off or the oven elements were out of socket—if we sell the merchandise, we deliver the service.

You buy it at CONRAD'S and we will take care of it right now. Walter Johnson, over at Verona, bought a Sunbeam electric range a couple weeks ago—he came in today telling us what a good job it did. William Armstrong, over on Bristol Road, called to see if I had a Jamesway all broader stove, which I had—he sent his grandfather, Neumaier, who needed some heat. My old friend, Portwood, and his wife came over for a coal and wood heater. Be sure to buy at CONRAD'S!

We received a large shipment of plastic pipe from the factory, and I have a real price on it. We also received a large shipment of Sheffield's aluminum paint, Super-Krome aluminum roof is wonderful for gutters and metal roof, then if you have a roof with a few leaks and want to give it a real coat, we have the heavy bodied asbestos fiber with aluminum base. This will make a wonderful covering for your roof, and it will make your house warmer in winter and cooler in summer—try some and see!

Then we unloaded a lot of tobacco canvases—we have 2A and 3A in 9' widths, and 3A in 12' widths, also we have some 3' widths for lettuce beds. We have to sell this stuff for cash as there is not enough profit to run it through the books, a please don't ask to charge canvases—or maybe I should have a cash price and a charge price, but every other store sells canvases for cash. We have always been marked a fair profit on canvases and sold it some or other items, but some thought we were too high, so if you want it cheaper, you must pay cash.

We got out one of our Estate heatradio trade-ins today—Brewster and Red took it apart, put new parts where needed and put it back together, then put the shine on it—a real buy for someone who may need a large coal heater. I went to Covington and Cincinnati today—I thought business was slow in Walton, I went in seven stores and never saw over two customers in any one store—you could really get waited on today!

Beechgrove Homemakers

The January meeting of the Beechgrove Homemakers Club was called to order by Mrs. Fay Powers, president in the home of Mrs. Louis Lee, Cody Road. The hostesses were Mrs. Sam Quick and Mrs. George Fennell.

Mrs. James Knoebel was welcomed as a new member. Mrs. Edward Stelling, exterior beautification chairman, illustrated the importance of keeping house plants free from dust. Mrs. E. B. Sterling and Mrs. Fay Powers gave a lesson on how to put a rug on the frame. Members discussed plans to attend Farm and Home Week at Lexington, February 1-4. Despite the bad weather, 14 members attended the meeting, as well as a guest, Mrs. Ott, and daughter.

The February meeting will be held in the home of Mrs. Roy Kumer, Richardson Road, Independence.

A CORRECTION—In a story last week about the Farm Bureau election, it was stated that Beckham Shields, local farm owner, was re-elected president—it should have read "farm manager," as he is operates a large farm on Richwood Road.

Eden Hills Drive In Kenton

William Barnes, Chairman of the Kenton County Eden Hills Experiment Station Committee, in a report given at the annual meeting of the Kenton County Farm Bureau, Monday afternoon, said that to date \$1,132.50 had been collected in Kenton county toward the purchase of land for the new experiment station, to be built in the Eden Hills area. He said that Kenton county's goal was \$1,600, and urged farmers and business men alike to get behind this drive for funds.

Home Furnishing Leaders of Kenton County Meet Jan. 25

A display of hooked rugs and mats being made by Home Furnishing leaders of the Kenton County Homemakers was a highlight of the last training session, held Tuesday, January 25, at the Madison Avenue Christian Church, Covington. The display was by Mrs. Letta Jasper, specialist from the College of Agriculture, University of Kentucky, and Miss Zelma E. Byerly, Kenton County home demonstration agent.

Instructions on finishing cuts on the care and cleaning of rugs were given. Leaders reported that members in the homemakers clubs are making rugs, mats, chair seats and foot stool mats, and that 300 rug needles have been purchased.

Twelve clubs have strip cutters for cutting materials, as strips must be cut not torn and the liner they are the more detail can be brought out. Rugs will be displayed in observance of National Home Demonstration Week.

Leaders attending were: Mesdames John Snow, Herman Brown, Lloyd Kuester, William Glaser, Elmer Swarthout, Anthony Wirtz, Lawrence Leithner, Harry Grimley, Joe Beckman, Louis Furnish, W. A. Damon, J. H. Lawson, Neil Ryan, F. F. Ringenbach, Lawrence Mattingly, Henry Frey, Joe Kiehl, Elmer Blank, Maurice Lohr, Howard Routledge, Charles Davis, Aaron Niemhaus, George Milner, Richard Feldhaus, Wm. Eugene Homer Wallace, R. H. Bauer, C. A. Barton, Ralph Howard, L. J. Rapp, Orville Sorrell, Joseph Nicholson, Arthur Steely, Cecil Neely, S. L. Nease, Roy Tamm, Vernon Stephens, William Walsing, John Borge, Theo. Feldman, William Hagenesker, Edward Duffy, Howard Miller, Ed Wehmer, Edwin Hyman, David Buttelweiser, Roy Hall, John Dwyer, Martin Brown, Robert Gorman, and Edwin Gross.

Tax Declaration Of Kentucky Farmers Due by February 15

Kentucky farmers have until February 15 to make a declaration of estimated 1954 state income taxes, if they wish to follow this method.

Department of Revenue officials pointed out that there are three possible methods for the farmer to pay his 1954 income tax. The first and easiest is simply to file his final return and pay his state tax by February 28. By using this method, the farmer is not required to file any declaration.

A second method open to the farmer is to declare his estimated 1954 income by February 15 and pay the estimated tax. He must then file a final return by April 15.

The third method is available if he filed a declaration last November 15. In this case, he has until April 15 to file his final return and pay the remainder of his tax.

Any person who earns at least two-thirds of his income from farming may use these methods of paying state income tax.

Forms for filing declarations and final returns are available at banks, county courthouses, and Department of Revenue offices in Frankfort, or Covington.

Hughes Chapel W.S.C.S.

The Hughes Chapel Methodist Church W.S.C.S. met for the January meeting at the parsonage, with Mrs. Elmer Kidwell, as hostess. The program was a play, "The Family," by Mrs. Letta Jasper, specialist from the College of Agriculture, University of Kentucky, and Miss Zelma E. Byerly, Kenton County home demonstration agent.

After the noon pot-luck meal, Mrs. Kidwell led the program, "The Family—5 word of the Christian Life." In a meditation, it was emphasized that Henry Grady remarked, "It is homes that rear Christian men and women that make the nation what it is." The home is the place that provides the greatest opportunity for the development of Christian character. Additional material was taken from "The Methodist Woman."

Mrs. Cecil Sargent, president, presided at the business session. Cash supply will be sent to Africa for medical equipment.

The February meeting is to be with Mrs. Roger Arnold, Beaver, Feb. 16. Those present were: Mrs. Pearl Bedinger, Mrs. Lulu Hudson, Mrs. Cecil Sargent, Mrs. Elmer Kidwell, Mrs. J. L. Arnold, Mrs. Roger Arnold, Mrs. Elijah Janet Arnold, and Esther Kidwell.

Pioneers Trip Dixie 62-48, Tuesday Nite At Independence

The Simon Kenton Pioneers overcame a four-point first-period deficit and went on to take a 62-48 victory over the Dixie Heights Little Colonels on the winners' floor at Independence, Tuesday evening.

Lloyd Bruckner with 19, Dave Coppage with 14, and Shirley Elliott with 10 points set the pace for the Pioneers. Bob Bert with 13, and Jack Gardner with 12 topped the Dixie scoring. The Colonels were without the services of Larry Carr and Gene Gardiner, who missed the game because of injuries.

Moody scored five points in the first period as Dixie led 15-11. Bruckner had seven for the home team. Coppage with six points paced the Simon Kenton rally in the second period that saw the Pioneers outscore the losers 17-3 to lead 28-18 at the half. Dixie was limited to a field goal by Bert and a free throw by Browning. Simon Kenton upped the score to 43-27 at the end of the third period, with Coppage, Elliott and Bruckner each getting four points.

Dixie rallied in the final period by outscoring the winners 21-19, but never seriously threatened the huge lead. Bert had seven and McKibben six in the period for the losers.

Novelty Social, Saturday

A/2c Penick is to be stationed in England, and his wife will join him later.

SERVING IN KOREA

Army Corporal Albert L. Baumgartner, 22, son of Albert W. Baumgartner, Florence, Route 1, recently spent a week's leave in Tokyo from his unit in Korea. Tokyo is Japan's largest metropolitan area and one of the largest cities in the world.

Corporal Baumgartner, a surgical technician with the 21st Station Hospital, entered the Army in April, 1953, and completed basic training at Camp Pickett, Va.

YOUTH WEEK OBSERVANCE

Sunday will be marked as Youth Week at the Walton Christian Church. The sermon, "A Cake Half-Baked," will be presented by Rev. A. A. Vaughn in behalf of youth. Young people are urged to be in the morning service. Youth and their leaders will be presented at the 7:30 p. m. service. Mrs. James Spencer, Clarence Patrick and Clayton Jones will deliver brief messages. Other young people will have leading parts on the evening program. The combined youth choir will present special music. The Department of Christian Education and Youth, Morgan Campbell, chairman, is trying to improve the total youth program. The Christian Men's Fellowship has pledged to give all assistance possible to help furnish leadership in the total work of the church.

Charles Holder, Sunday School Superintendent, is anxious to reach every child, youth, and adult in the community who does not have a regular Sunday school or church home. The community is assured a warm, friendly welcome at all services of the Christian Church, according to the pastor, Rev. Vaughn.

F.F.A. ESSAY CONTEST

Simon Kenton had 15 sophomore Future Farmers who participated in these entries. The Courier-Journal and Louisville Times Presented a certificate of merit to the winner in Kenton County, Tom Stephenson. This essay was made possible through the cooperation of the State Department of Education and the Kentucky Association of Soil Conservation Districts.

The Future Farmers of Simon Kenton are very proud and extend heartfelt congratulations to the local winner for a job well done.

Distict 4-H Leaders Training Meeting At Williamsstown

The Northern Kentucky District 4-H Leaders' Training meeting was held at Williamsstown, Friday, January 21. The meeting was arranged by E. E. Fish, G. J. McKenry, Miss Dorothy Gentry, and Miss Margaret Gulley, all from the 4-H Club Department, University of Kentucky. Fifty-four 4-H Club leaders were present, representing Boone, Kenton, Campbell, Bracken, Pendleton, Grant, Gallatin and Owen counties.

Mrs. Grant Maddox, Wm. B. McCormick, Mrs. William Miller, Mrs. Roger McGuire, Mrs. Vernon Pope, and Mrs. H. Redman were 4-H Club leaders from Boone county who attended the meeting. They were accompanied by Miss Nancy Guilfoill, Home Demonstration Agent, and Ed McCandless, Assistant County Agent.

The principal discussions at the meeting were ways of improving 4-H Clubs in Northern Kentucky. These discussions included: More 4-H Club leaders, more interest and participation from parents of 4-H members, having 4-H Clubs do good and holding regular and well planned meetings, having a variety of activities, completing projects and keeping accurate records. It was also pointed out that every individual wants to feel important; to be praised; have opinions respected; feel needed; and feel that he or she belongs. It was the feeling of the 4-H leaders present that a program of activities be planned so that more 4-H Club members could participate and have more of their wants realized.

The people of Boone county and of Northern Kentucky are urged to support the 4-H Club program in order that they may have more leaders and better citizens in future generations.

Kenton Farm Bureau Names Officers for '55

Tobacco Growers to Meet

Russell Hunt, Tobacco Specialist from the University of Kentucky, will speak to tobacco growers of Boone county at 1:30 p. m., Wednesday, February 9, at a meeting to be held in the Courthouse in Burlington.

Mr. Hunt will discuss the 1955 Burley tobacco production. He will include new and experimental data, varieties, fertilization, and insect and disease control. Joe Claxton, County Agent, urges all tobacco growers in the county to attend this meeting as it will be of great value to them.

Interesting Program Offered In Afternoon

George Fennell, Jr. was re-elected as president of the Kenton County Farm Bureau at its 35th annual meeting, held on Monday, January 24, at the Court House in Independence. Other officers named were: L. M. Riley, vice president, and Edna Alexander, secretary-treasurer. The following directors were elected: C. C. Northcutt, George Dawkins, S. W. Durr, Harold Hoffman, Albert List, John Shaw, Robert Parter, Ralph Porter, L. J. Rapp, William Messinghager, Robert Jackson, Fred Hoffer, John I. Gray, C. D. McDonald, Roy Tomlin, William Barnes, C. F. Grift, Joe Neumeister, William Beck, Oatney Worthington, Dan Krumpelton, and Robert Scott. Elected to the Women's Committee were: Mrs. L. J. Rapp, Mrs. Bluch Rich, Mrs. Emil Stein, Mrs. George Klein, Mrs. Joe Blau, Mrs. Robert Jackson, and Mrs. William Wolterman.

The afternoon Open House was well attended. Speakers were C. A. Wicklund, County Agent; William Barnes, Chairman of the Kenton County Eden Hills Committee; Ed Bolte, Field Representative for Social Security, and James Cox, District Organization Director of the Kentucky Farm Bureau Federation.

Entertainment at Open House was furnished by Patsy Jackson, who did a tap dance and song, accompanied by Mrs. Messinghager, and Alice Faye Watkins, and Brenda Worthington, who sang a duet, accompanied by Miss Brenda Bailey. The talents of these entertainers were enjoyed very much by all, and members of the Kenton County Farm Bureau wish to give their thanks and appreciation for such a fine program.

Thanks Expressed by Boone County Red Cross Chapter for Aid

The Boone County Chapter, American Red Cross, Ray D. Frost, chairman, wishes to thank all those who assisted the chapter in any way during the recent airplane crash near Hebron.

National Red Cross policy states that any natural or manmade disaster occurring within the physical boundaries of a given county is the responsibility of the Red Cross chapter in that county. As soon as the news reached the local Red Cross chapter of the crash, Mr. Frost went to the scene and remained there on duty until the crash was over. Mrs. Elizabeth G. Nestor called on the manager's office at the Boone County Airport and offered Red Cross services in whatever way needed. Lisle Kays, Chairman of the Airport Board, told Mrs. Nestor he would like coffee and doughnuts served to the police and workers throughout the day.

Every volunteer called by Mrs. Nestor responded wholeheartedly, and all were on the job within half an hour after being alerted. Special thanks go to Robert Eades, Disaster chairman; James Webster, Fund chairman; G. B. Foscutt, Transportation chairman; Mrs. Jas. Webster, Mrs. William Miller, Mrs. Roger McGuire, and Mrs. John E. Eades, who served the food. Twenty gallons of coffee and 450 doughnuts were served in the yard of Mr. Crysler's home to approximately 135 police, salvage workers, reporters, and radio and television representatives. The food and drink was served from the back of Mr. Foscutt's station wagon. Thanks also to the police who permitted our workers to go through and to the Consolidated Telephone Company who recognized our calls on an emergency basis. Without the telephone our hands would have been tied, as Mr. Frost was at the scene, and Mrs. Nestor had to remain at the office on Florence, on a stand-by emergency basis to receive incoming calls. Consequently the volunteer workers could be contacted only through the telephone. Without the telephone, Red Cross could not have given service at the plane crash. No person call was permitted to go out on the Red Cross office phone until the afternoon following the crash. Again may we say thanks to all who helped in any way.

IT'S INFLUENZA TIME

Winter time is often influenza time in Boone county there were 300 cases of flu reported in 1954. In Kentucky there were 4,844 cases reported in 1954. 3,455 were reported during the first six months. There were 1,148 cases reported in February, 1954, and 1,156 cases during March, 1954. In July there were only 25 cases, but by December, the monthly total had risen to 808.

Influenza is caused by a highly infectious virus which is carried through the air from the nose and throats of victims. The Health Department lists these precautions to help prevent influenza from occurring in your family and community.

(1) Build up your body's resistance. Include citrus fruits, green leafy and other vegetables, and protein-rich foods such as eggs, milk and meat, every day. (2) Wear clothing that suits the weather. Hunt up the old galoshes or boots to keep you warm and dry on rainy or snowy days. (3) Be careful of sudden changes in the weather. Avoid drafts and beware of sudden chilling. (4) Get enough sleep and rest. Don't become over tired and then keep plodding on. Take time to stay healthy. (5) Get your share of fresh air and exercise. (6) Watch out for people who carelessly do not cover their coughs and sneezes. (7) Avoid crowds if colds or influenza are in your community.

Moving Day at UK

Partial occupancy of the new residence hall for men at the University of Kentucky will get under way March 15. At that time students living in the Scott Street Barracks—temporary quarters no longer considered suitable—will move into the new dormitory. The flimsy barracks building will then be razed.

We were happy to hear of the wedding Saturday, two weeks ago, of Miss Pearl Sargent and Mr. Palmer Lee Sandman. They were married by Dr. Paul B. Clark at his home in Ft. Mitchell. The Sandmans were Sunday afternoon visitors of Mr. and Mrs. Bill Carbin of Lipscomb Road. The newly-weds are at home to friends at their apartment on Starrett Ave., Covington.

We were sorry to learn of Mrs. Bob Kramer, McMillan Drive, Independence, being ill. We wish her a speedy recovery.

Also sorry to learn that Mrs. Edgar Baker, wife of the principal of the new Taylor Mill Elementary School, recently underwent an operation. We wish her a speedy recovery. She is recuperating at Booth Hospital. The Bakers live in Visalia.

We wish a speedy recovery to Mrs. Bob Davis, Old Decoursey Road, who has been confined to her home the past few days with a strep throat.

Mr. and Mrs. H. B. Whalen, Jr. and family of Lipscomb Road, were Sunday visitors at the Jess Vandiver home in Connorsville, Ind.

The Independence Boy Scout Troop, No. 8, will have its annual chicken supper on February 12. Serving from four until eight. Adults \$1.00 and 50c for children up to 12 years.

Congratulations to Mr. and Mrs. T. C. Richardson, Lipscomb Road, who celebrated their 37th wedding anniversary on Monday.

The Ladies of the Lakes Club, Latonia Lakes, chartered a bus last Friday and sponsored a party with 78 ladies attending the radio program "Towne House."

Mr. and Mrs. George Nicely, Independence, and Mr. and Mrs. Morris Nicely and family of Lipscomb Road, were Sunday dinner guests of Mrs. Herbert Eddy of Grand Ave., Latonia.

With Jayne Lynne and Jim Woods, which originates from radio station WLW in Peebles Corner, Cincinnati. Besides seeing the radio program, games were enjoyed and a most enjoyable luncheon was served.

This is belated, but nevertheless, we certainly want to wish a happy birthday to little Miss Barbara Sue Sturgeon, the daughter of Mr. and Mrs. Bernard Sturgeon, Latonia Lakes, who celebrated her second birthday, last Friday, I believe.

Mrs. Len Menkhous is enjoying a winter vacation at Miami Beach, Fla. There will be a bingo at the Latonia Lakes Clubhouse, February 11, beginning at 8:00 p. m.

Paul Drake and sons, Duke and David, Bernard Budke and children, Alice, Barbara and Stanley, John Pettit and daughter, Sharon, and Sonny, Dorothy and Shirley, Clark, and Bill Lavelle and children, Sandra and Billy, enjoyed an ice skating party Sunday on the lake at Hallowood in Visalia.

Mr. and Mrs. Walter Gill paid a sick call Sunday to their niece, Patty Pettit, who has been under the weather the past week due to a virus infection. Happy birthday to Bordon Glazo and Bernard Budke, both of Visalia, who celebrated birthdays last week.

There will be a ham shoot at the Ryland Heights Fire House, February 27. Little Miss Cindy Pettit was a Sunday visitor of her grandmother, Mrs. Robert Redman.

Mrs. Mary Gunning of Kenton, is on the sick list and we wish her a speedy recovery.

Independence and Community Life Squad, responded to an ambulance call January 29, when they rushed John Jackson to the hospital.

The following news that I am about to report is the kind of news that makes me feel badly to write—Mrs. Hugh Mullins, the former Juanita Parr, of Kenton, was injured last Thursday night while ice skating with a party of friends and relatives. Juanita suffered a broken arm when she fell. She underwent surgery Monday at St. Elizabeth Hospital, and as I write this I haven't as yet heard how she is doing.

I have known "Neter" for a good number of years and it seems a shame for such an unfortunate accident to happen to such a nice person. I understand that she will be in the hospital for about five days and I certainly would love to see her overwhelmed with cards to cheer her while there, from our readers. I hope no one shows this article to "Neter," because being the sweet person she is, I am afraid she will be mad at me for writing this. However, Juanita, if you should happen to see this, I personally want to add, "Hurry up and get well!"

The Kenton and Community Volunteer Fire Department responded to a call at the Clarence Pace home in Morning View, Sunday. Thanks to the quick thinking and security of the firement, the blaze was soon extinguished.

The friends and neighbors of Porter Chapman are glad to learn that he is home from the hospital after his recent operation at Booth Hospital.

Friends and neighbors of Mrs. Robert Abner (nee Jenny Earles) formerly of Morning View, now of Covington, is recovering at St. Elizabeth Hospital after a recent operation.

Mr. and Mrs. Clift Martin, entertained Mr. and Mrs. Elmer Schader and Rusty, Mr. and Mrs. Mose Schader and daughters, Misses Becky and Cindy Cheeseman with a birthday supper on Sunday, January 27, honoring Mrs. Martin's father, Elmer Schader, who celebrated his birthday that day.

We were sorry to learn that little Danny Trapp, 15-months-old son of Mr. and Mrs. Daniel Trapp, Visalia, is hospitalized at Speer's Hospital, Dayton, suffering from a serious type group. We are glad to learn he is improving.

The combined fire departments of Independence, Taylor Mill, Ryland Heights and Kenton will have a joint meeting February 7, probably at the Ryland fire house.

The Taylor Mill Ladies Auxiliary of the Fire Department will sponsor a dance at the Taylor Mill Fire House, February 12. Bill Guffey and Mrs. Bill Ryan are the committee in charge of this affair.

The Kenton and Community Ladies Auxiliary will have a bingo at their fire house, Saturday, February 5, starting at 8:00 p. m.

There will be services this coming Sunday morning at the Morning View Methodist Church—February 6.

They can do MORE and do it BETTER.

That's the way it is with Federal Land Bank loans. A half million American farmers own the Federal Land Bank System through their local cooperative National Farm Loan Associations. They are the users... and no person or institution owns even a single dollar's worth of this big system with its 1.2 billion dollars in real estate loans except these half million American farmers.

Working together cooperatively they elect the local directors responsible for policies and service. When a half million land-owning, "salt of the earth" farmers work together they can have the best there is. And the best in farm mortgage loans is a 4% Federal Land Bank loan. No application fee. No appraisal fee. No renewal fee. Five to 40 years to repay. And no penalty for paying ahead of schedule.

Join hands and let a half million of your friends and neighbors help you to debt-free ownership of your farm.

Simon Kenton P. T. A.

The Simon Kenton P.T.A. will meet Monday, February 7, at 8 o'clock in the school cafeteria, with Mrs. Thomas Finney, president, Mothersingers of the Kenton Elementary School P.T.A. will be guests and sing several selections. Founder's Day will be observed with a silver tea honoring past presidents.

O.E.S. Deputy Grand Matron Honored:

Last Saturday evening, officers and members of Bradford Star Chapter, 493, held a reception in honor of Mildred Schenck, who was recently appointed to the office of Deputy Grand Matron of District 3.

Jeannette Beers, Worthy Matron, assisted by her officers and many Bradford Star members, presented a "This Is Your Life" program, and many relatives and friends of Mildred were present. One grade school classmate was introduced to Mildred, whom she hadn't seen for 25 years. It was interesting and very appropriate for the occasion.

Refreshments were served after the reception, by the appointed committee.

Personal Interest and Sick List:

David Cain, Station Road, came home from school last Tuesday feeling ill. A few days under Mrs. Cain's care will put him back on his feet.

George G. Riley is back on the job again after having had a minor operation at the hospital.

J. C. Armstrong is now in the hospital but will be coming home soon. His stay in the hospital is due to a back ailment.

The death of William Slater, McCullum Street, has saddened many hearts, young and old, in and around Independence. Our sympathy is extended to all the relatives and friends.

The slippery ice of last week caused Thomas Cain's auto to overturn on the Fleming Hill. No injuries were received and Mr. Cain's auto is now back on the road.

Last week little Pat Carr of Pleasure Isle subdivision, was taken to St. Elizabeth Hospital for an emergency appendicitis operation. At present, Pat is convalescing at home, under his mother's care and doing very well.

Moan Bros. Post, 275:

The members of Moan Bros. Post, 275, American Legion, will hold their regular meeting Thursday, February 3, at the Legion Home, located on the North edge of Independence. All fellows with the desire to join this Post are cordially invited to this meeting. Dues will be accepted at this meeting.

American Legion Auxiliary:

Attention, American Legion Auxiliary members! We have been invited, by the American Legion, to hold our next meeting in the new American Legion Home. The home is located at Main and Independence Station Roads, in Independence. This business meeting will be called to order by Mrs. A. F. Gilliland, Auxiliary president, at 8 p. m., Wednesday, February 9. Let's all come and bring prospective members to this first meeting in our home.

O. E. S. Chapter, 493:

The next regular meeting for officers and members of Bradford Star Chapter, 493, will be held Tuesday, February 8, at the Independence Bank Building. The meeting will be called to order at 8 p. m. by Jeannette Beers, Worthy Matron, and Dawson McDonald, Worthy Patron.

All members of the order are cordially invited to attend. Invitation of new members will also be held at this time. Refreshments will be served after the meeting.

Boy Scouts' Annual Chicken Dinner:

The Boy Scouts of Troop 8, will hold their annual chicken supper on Saturday, February 12, at the Simon Kenton High School cafeteria. In previous years the support and cooperation of the people in this area has been rated excellent and the Scouts are counting on you again—don't let them down! They depend on this project to replace old equipment, purchase new equipment, cost of summer camps, and an excursion trip—and to allow for the necessary expense needed to keep the Scouts advancing into higher ranks, making better citizens in our country. Tickets are available from any Boy Scout of this Troop or call Holly 6631 and make your request to Mike Vaughn for the amount you will need. Tickets will also be on sale at Simon Kenton the evening of the supper.

Supper will be served from 4 to 8 p. m. and will allow you sufficient time to eat and have the entire evening free. Remember, too, mom and the kids would enjoy a meal where they may leave without having to do the dishes.

Mark your calendars—Saturday, Feb. 12, in the cafeteria at Simon Kenton between 4 and 8 p. m. Mom will have a meal without her preparing it. See you there!

Mrs. Betty (Hayes) Smith and children of McCullum Street, will be leaving soon to join her husband, stationed overseas with the Armed Forces.

Children Back In Classes Soon At Glencoe, Report

Children of the Glencoe Elementary School, which was destroyed by fire the past Sunday, probably will be back in classes in temporary quarters by next Monday, Mrs. B. W. Norman, principal, said Tuesday.

Arrangements have been completed to teach 35 of the children in the recreation area of the Baptist church; 35 more in the basement of the Christian church, and 47 in a building owned by Mrs. Susie Webster, opposite the latter church.

Workmen are installing windows and making other changes in Mrs. Webster's building to make it adaptable for school. School officials still have to secure books and seats for the pupils.

Mrs. Norman, who said she did not attend a meeting of the Gallatin County Board of Education, Monday, because of illness, said she understood plans were made to replace the destroyed school as soon as possible. Loss was estimated at \$60,000.

CATHERINE BRADFORD

Services for Mrs. Catherine Bradford, McVie, Boone county, who died Monday at St. Elizabeth Hospital, will be held this afternoon at 2:00 o'clock at the Stith funeral home, Florence, with burial in Bellevue Cemetery.

Mrs. Bradford was a native of Ohio, but had lived in Boone county most of her life. She was 79 years old, and was a member of Bellevue Church of Christ.

Surviving her are a step-daughter, Mrs. Anna Violet Murray, Boone county, a granddaughter, Mrs. Mildred Schneider of Oklahoma City; a grandson, William Bradford of Cincinnati; three step-grandsons, Marvin Bradford of Ludlow, Jessie Bradford of Florence, and Harold Bradford of Burlington, and two great-grandchildren.

EFFIE V. RILEY

Mrs. Effie Virginia Beers Riley, life-long resident of Kenton county, died Tuesday at the home of her son, Dawson Riley of Epworth, Tenn.

Besides her son, she leaves a sister, Mrs. C. E. C. Cowington; a brother, Stanton Beers of Danville, Calif., and a niece, Mrs. Myrtle Wheeler, Etowah. Services will be at 2 p. m. this afternoon in the Swindler funeral home, Corbin, Ind., with burial in the Independence Cemetery.

WILLIAM SLATER

Requiem High Mass for William Slater, retired farmer and lifelong resident of Kenton county, will be sung at 9:00 a. m. this morning at St. Cecilia Church, Independence, following prayers at 8:15 at Middendorf funeral home, Covington. Burial will be in St. Cecilia Cemetery. Mr. Slater, 80, died Sunday at St. Elizabeth Hospital.

He leaves a brother, Edward Slater of Dayton, Ohio, and several nieces and nephews.

More than 90% of Allen county homes are wired for electricity.

4-H'er Adopts Safety Project

When Miss Mary Jean Wehington, 4-H'er of Casey county, decided to take safety as her project the past year, she set about it in a practical way. She first contacted State Trooper Don Wright who organized a safety patrol in the Creston school, the only such patrol in the county, said Mrs. Shirley Sheperson, UK home demonstration agent. Mary Jean also gave safety talks to 4-H groups, each member listing the safety rules to be followed at home and at school, and on the highway.

BIBLE SPEAKS

BY DR. KENNETH J. FOREMAN

The Grace of God

Lesson for February 6, 1955

THE "grace of God," as the New Testament uses the word, means at least two things. The most common meaning is the undeserved favor of God. It is almost the same in meaning as the love of God, except that the word "grace" carries in itself the idea of something not earned, not deserved, but given out of sheer generosity. The other meaning (found for instance in Titus 2:11) includes still the idea of undeserved favor, but it goes beyond this. The grace of God is not only an attitude of God toward men, it is a power bestowed by God, on men. One modern writer has truly said that the Grace of God is almost another word for the Holy Spirit, for what the Spirit does in man, this the Grace of God does also.

Saved by Grace

We cannot pretend to understand the grace of God. It is not too high for us to experience, but it is too high for us to understand, because God can never be crammed into any human brain. But it is extremely important to try to understand what the New Testament writers mean when they speak of God's grace, for here we are at the very heart of things, here religion stops being something we talk about, and becomes something that takes hold of us. If it is true that every man is a sinner, if it is true that we are all headed in the wrong direction if we are left to ourselves, if it is true as Paul said that "the good that I would, I do not, and the evil that I would not, I do," if it is true that only God can help us untangle ourselves, then how are we going to persuade God to do this? How can we get to win him over? Man's desperate answers to this question have given rise to all the religions but one. Men have made painful sacrifices, torn themselves with knives, offered innumerable animals on many altars, dedicated great fortunes, devised and obeyed a multitude of difficult laws, all to win or earn God's favor. It cannot be done. The grace of God is not for sale. The one religion which is an exception to all the others is the religion of the New Testament. Saint Paul puts the whole truth into one simple sentence: "It is by grace you have been saved."

God Makes the First Move

God comes down to us; we do not climb to him. God comes to find us; we could never find him otherwise. The "grace of God" means that without our earning it, without our deserving it, God already loves us. Any man who thinks he deserves the love of God is a most colossal monument of conceit. Paul, it must be remembered, was not speaking as a professor examining the grace of God from the outside. He was speaking as a man who had experienced that grace and could talk about it from the inside. So did John in his letter (1 John 4:10). It has sometimes been supposed that God had no grace in his heart at all, for this miserable race of stupid and selfish people, but that Jesus somehow made God sorry for mankind and by his sacrifice induced God to change his mind and save us. Nothing could be more opposite to New Testament truth. All that Christ did for us, including his own self-sacrifice on the cross, was not a cause of God's grace, but a result. Christ did not come and so cause God to love us; God loved us and so sent his Son "to be the propitiation for our sins." In the war between man and God it is God who makes the first move toward peace.

You Cannot Take God's Grace

And Leave It To

A good TV program may bring education to all men; but not all men will take it. So though Paul says God's grace brings salvation to all men, some men are plainly not saved. Some men learn the humility that it takes to accept God's free gifts. Other men as it were take the free grace of God but promptly leave it again. The grace of God never operates in a vacuum. God never, so to speak, scatters it around not caring what people do with it or about it. The grace of God is not something for a warm emotional moment, something to look back on all one's life. It is not like a ray of sunlight recalled in an arctic winter. The grace of God is not an abstract something, a mere doctrine in theology.

ALL MIXED UP

Johnny's all mixed up!
His coat rumbled and
twisted! Buttons all wrong!

Do you know what Johnny's trouble is? He got a bad start. He poked the first button in the wrong hole.

You see, that first button is all-important. Unless Johnny gets that one right, the other buttons will never follow in pattern.

Johnny's first years are all-important, too. Without the proper Christian training, Johnny will get all mixed up inside. He will learn bad habits, dishonesty, untruthfulness. His life will become rumbled and twisted.

Bring your Johnny to Sunday School and Church. Help Johnny to a right start. The rest of his life will follow in the Christian pattern.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a treasurehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Mr. and Mrs. Walter Kirkpatrick of Price Pike, had as guests Tuesday of last week, Mr. and Mrs. Walter Clander and daughter, Debbie, of Mt. Airy, Cincinnati.

Mrs. Jane Stephens was at St. Elizabeth Hospital, Friday, visiting her father, George Taylor, of the Dixie Highway, who has been hospitalized several weeks.

Mr. and Mrs. William Conrad and daughter had as guests recently for dinner, her nephew, Albert Lee Martin, and wife of Covington.

Geo. B. Miller of Price Pike entered St. Elizabeth Hospital, Sunday, Jan. 23, and submitted to surgery the following Thursday. He is reported to be doing nicely and his friends join in wishing him the best.

Friends of Walter Kirkpatrick are glad to know that he is now able to walk without the aid of crutches and is using a cane for support. Mr. Kirkpatrick suffered a knee injury during the past fall while working on the Suspension Bridge and is yet under the doctor's care. His friends wish him good luck.

The Lutheran League of Hopeful Lutheran Church was host to the North-

ern Kentucky Luther League convention Sunday afternoon at 3:30. The guest speaker was Pastor Maggery, of Hopeful, student at Hamma Divinity School, Springfield, Ohio.

Lloyd Weaver and family of Landon, were Sunday dinner guests of his mother Mrs. Ella Weaver, Lloyd Avenue.

Mrs. W. R. Miller was among guests who accepted invitations to a miscellaneous shower Tuesday evening of last week at Epworth Methodist Church, in Covington, honoring Mr. and Mrs. Wm. Donnelly, who recently announced their marriage, an event of September 4, in Indiana. Mrs. Donnelly is a daughter of Rev. and Mrs. W. S. Mitchell. The Donnelly will reside in Landon. Best wishes to them.

Rev. J. E. Stemberger, pastor of the Hebron Lutheran Church, was calling on G. B. Miller, Friday at St. Elizabeth Hospital.

In the issue of last week our item concerning the death of Albert Detmer of Aurora, failed to mention Mrs. Anna Smith, Union, on being one of the four sisters of Mrs. Detmer.

Mr. and Mrs. John Bell, Burlington Road, were calling on Mrs. Bert Rouse, Friday at St. Elizabeth Hospital. Mrs. Rouse is doing very well considering the fact that she has a fractured hip bone. The basketball game Saturday night in Boone County High School gym, was well attended. The Rebels and Newport Catholic battled it out to a victory for the home team.

Old man winter swooped down on us in full force the latter part of last week with snow and temperatures from one to five degrees below zero. It reminds us of the old time winters.

Mr. and Mrs. Stanley Keyer of Lynn Street, entertained with a birthday dinner in compliment to their grandson, Michael Keyer, son of Mr. and Mrs. Richard Keyer, on the occasion of his third birthday. Besides other delicacies that graced the table there was a beautifully decorated cake bearing three candles. Guests in the Keyer home for the celebration were Mr. and Mrs. Eldridge Carpenter, Mr. and Mrs. Richard Keyer and Mike, Miss Rachel Keyer, and the hosts. Many happy returns of the day, Mike!

FEBRUARY

This is a month most everyone wishes was not on the calendar—you start off with ground hog day, and everyone's predictions about the weather for the next six weeks, then Lincoln's birthday, then Valentine Day with all those ugly pictures, and then George Washington's birthday. With all these holidays for the bankers, they should make it through the month. I believe these bank employees here will get through it. Louis don't run out of coffee—he keeps them pepped up and full of energy.

Frankie Penick came in for us to make him a piece for a trailer hitch he had broken—said he had to get a tractor for his back which was injured in that wreck. I suppose you never know what will show up after an automobile accident. We have been having several loaders these past few days—the weather has been so bad, but today they were talking about fishing. Luther Franks from Crittenden, was down and bought an axle handle and moving machine repairs—told me to lay away two tobacco canvases.

M. B. Rice said he had to have a range to cook on, so it only took ten minutes to sell him a new Perfection electric range and in about an hour Brewster and Red had it installed, ready to cook on. He and Mary were working over the Dr. Ryle house they bought—they will live in one apartment and rent the other two. Mr. and Mrs. Leonard Lawson from Gallatin county, bought a pair of sled sleds and a Perfection portable oil heater. Thomas Hardware from Owenenton called to see if I had a certain model Perfection oil heater would let them use it for one of their customers—less than an hour one of their trucks picked it up.

We received two large shipments of hardware today—just about everything in them you would want. We also received a large shipment of Walkerware aluminum pots, kettles and pans. When you buy Walkerware you buy one of the best. Today, they were buying heaters—mostly small Perfection portable heaters to help out honest, also bought some more bridges, collars and horse straps from A. B. Tompkins, who is 88 years old, and still selling hardware.

Today, we received some beautiful Murray kitchen sinks—a 54" double drain for \$99.50; and a 66" double bowl, double drain for \$149.50. These are first grade sinks and red porcelain, snow white top and a high grade white enamel cabinet with two drawers and three doors—these are a real buy. I called in today for two more Hoffman electric water heaters—a round upright 52-gallon heater for only \$109, and a 52-gallon table top heater for only \$149—if you don't have one

electric water heater, be sure and buy one, the cheapest way you can heat water today and no danger, no fire hazard and always plenty of hot water.

Hartman is one of the oldest water heater companies in the business and when CONRAD sells it, he will guarantee it to be OK, just like the other hardware he sells. Emmett Ward came in the side door and said he had to have a washing machine—Chuck told him a Maytag and in less than 20 minutes, Mrs. Ward was washing again—how is that for service—CONRAD is on the job.

Eldon Ashcraft and son, Eddie, were in today—that is some boy—he and I have an awful time. Myrix and Jean Crouch were getting a few things—dishes, and I put a bolt in the boy's tricycle. Several were buying just buying more pipe fittings and replacing them. Mr. and Mrs. Combs, who bought the Benson house on High Street, bought the best and largest Warm Morning coal heater I had—they needed heat and we put it right there.

We sold several heat bulbs with sockets and cords of those rag rugs to use on the floor to catch the snow and dirt this bad weather. Edgar Schukler picked up one of those Perfection portable oil heaters—hooked me \$15 and I gave him his change, and he headed for home to heat up the milk house to keep the pipes from freezing. This is the first cold weather we had had in ten years. We have about sold out of thermoplates to wrap around pipes to keep them from freezing—it works perfectly.

A fellow stopped in from Grant county and bought a milk can litter to fill the cans out of his milk cooler. Another fellow stopped in for a constant level valve for his oil heater. Several looking at these sleds and rubber tired wagons I have—others asking about tobacco canvas. I sold some harness and several pairs of boots. I also sold a pair of new bridles, collars and horse straps from A. B. Tompkins, who is 88 years old, and still selling hardware.

This looks to be a good chicken year—we have lots of equipment—Jamesway and Oakes. That Jamesway and is cheap to operate. Wilbur Linn bought a 35-lb. bucket of Sto-Dri to paint his basement walls—this will really keep the water out and if it dries white as snow. Luck Lucas used the first I sold and no water yet. Use it like the directions tell you and you won't have any more leaks—get it at CONRAD'S.

Pioneers Defeat Ludlow; Cals Lost To Grant County

Simon Kenton's Pioneers, hard pressed in the first half, enjoyed a scoring spree in the final two periods to trounce the Ludlow Panthers Tuesday night in the N.K.A.C. at Ludlow. The final score was 79-40, of the Panthers were limited to 11 points in the final half.

Simon Kenton trailed 18-17 at the end of the first quarter. Matteoli and Rubel led the Pioneers in the period with five and four, respectively. McCann had nine for the Panthers. The latter was held scoreless for the remainder of the game. Simon Kenton took over in the second quarter by outscoring Ludlow 16-11, to lead 33-29 at the half. Matteoli and Rubel split a dozen points evenly for the winners in the period.

Ludlow was held to field goals by Bishop and Meece in the third period as the Pioneers scored 24, to lead 57-33. Buckner had seven for the Panthers. Ludlow fell farther behind in the fourth period as the winners held a 27-7 edge. Matteoli had six for the winners.

Scoring honors for the winners went to Matteoli and Buckner with 18 points each, while Rubel added 16. Meece was tops for Ludlow, with 10.

The Simon Kenton reserves scored a 54-46 victory in the opener.

Grant County's cagers defeated the Walton-Vernon Bearcats 55-51, in a game at Dry Ridge Tuesday night. The winners led throughout, the quarters scores being 9-5, 23-17 and 39-32. Longborn was high man of the game, tossing in 26 points for Grant County. Simpson added nine. Ryan and Poore had 11 each for Walton.

In the preliminary game, Grant County was also victors, 34-30.

Legion Auxiliary Meets

The regular meeting of Johnson-McClary American Legion Auxiliary Unit 277, was held in the Walton City Building, February 3, with seven members present.

A letter was read from Mr. Frank L. Hayes, special services chairman of the Ft. Thomas Veterans Hospital, thanking the unit members for a donation to the hospital's hospital fund.

Members of the unit voted to send a donation to the Ft. Thomas hospital for the stamp fund, used by veterans.

The Christmas party was enjoyed by all, and two baskets of food, clothing, and toys were prepared and delivered to two families in the community.

Amateur sale will be held Saturday, February 19, at Ryan's Hardware Store, Walton.

Austin and Hoffman Chosen As 'Good Citizens' by D.A.R.

Each year the Boone County Chapter, D.A.R., sponsors the 'Good Citizen' program in the high schools of Boone County.

Three girls are chosen by popular vote of the senior class for qualities in dependability, service, leadership and patriotism, then the faculty selects one from the three girls who is the most outstanding in these qualities.

Shirley Ann Austin, Walton-Vernon High School, daughter of Mrs. D. B. Austin, and moved to Walton in 1953 from West Virginia; Irene Hoffman, Boone County High School, was born and raised in Florence, the daughter of Mr. and Mrs. Newman Hoffman, who now reside near Burlington. These two girls are the 'Good Citizens' for the year from Boone county schools.

They will be invited to one of the regular meetings of the D.A.R. and presented with pins from the chapter. May, they will be taken to Frankfort, where each one will receive a certificate, and then a tour of the old and new Capitol and other points of interest will be enjoyed. Luncheon is given to the D.A.R. Citizens all over Kentucky by the State D.A.R. Society. Highlight of the whole occasion is the reception and tea at the Governor's Mansion.

Service at Lebanon, Sunday

There will be services at Lebanon Presbyterian Church, Sunday afternoon, February 13, at 2:00, by Rev. Paul Currie. The public is cordially invited to attend.

Polio Benefit A Success

The oyster supper and auction, sponsored by the Verona P.T.A., February 3, for the polio benefit, was a great success. A check, in the amount of \$380.80, was presented to the March of Dimes. The P.T.A. wishes to thank each and every one who in any way helped to make this benefit the great success it was. The entire amount collected in the Verona vicinity was \$574.83, according to the publicity chairman.

Walton P.T.A. to Meet

The Walton Parent-Teachers Association will meet at the school on Wednesday, February 16, at 3:00 p. m. Mrs. Charles Steers, president, will preside. All members are urged to be present.

Mayor R. M. Hall Speaks at Meeting Of Literary Club

Mrs. J. C. Bedinger, assisted by her daughter, Mrs. Russell Yealey, entertained at her home for the February meeting of the Walton Women's Literary Club.

In the absence of the president, Mrs. Julia A. Rouse, Mrs. James S. Webster presided over the meeting, which opened with the pledge to the flag and reading of the club collect, led by Mrs. W. D. Scroggins. Mrs. James Powers gave the spiritual guidance, with an inspiring talk based on Psalm 117, closing with prayer. Response to roll call was given with current events.

Members were pleased to have as their guest speaker, Mr. R. M. Hall, Mayor of Walton. Mr. Hall, whose subject was 'Citizenship,' gave an informative and interesting talk on problems of the City Council. Among other things of interest, Mr. Hall referred to the means adopted to relieve the water shortage during the past year and announced that an additional supply would be available in the near future. The parking problem was also discussed. Mayor Hall closed his address with a quotation from Robert McGuire, 'Let us return to the faith of our fathers. We have unsuccessfully tried everything else. Let us try a religion directed by God, who made us all and the world in which we live. Let's put beauty and integrity back into our nation and the world. It starts with you and me. Listen to the still, small voice within you. God tells us, 'I am the Way, the Truth, and the Life.' The speaker was introduced by the program chairman, Mrs. Sam B. Sleet.

A social period followed adjournment and the hostess served a delightful salad course and coffee.

Members present were Mrs. James S. Webster, Mrs. Sam B. Sleet, Mrs. W. D. Scroggins, Mrs. Wendell W. Rouse, Mrs. W. O. Rouse, Mrs. G. C. Ransom, Mrs. C. W. Ransler, Mrs. M. C. Roney, Mrs. James Powers, Mrs. J. E. McCabe, Mrs. John Myers, Miss Emma Ann Miller, Mrs. D. L. Luby, Mrs. J. L. Hamilton, Mrs. Wallace H. Grubbs, Mrs. B. W. Franks, Mrs. J. R. Conrad, Miss Jean Chambers, Mrs. C. S. Chambers, and Mrs. J. C. Bedinger. Guests attending were Mrs. Lulu J. Hudson, Mrs. Russell Wooley, Mrs. J. F. Cleek, Mrs. Mottie Hudson, Mrs. Ralph Carpenter, and Mr. Russell M. Hall.

Boone Delegates Return from Farm-Home Convention

Boone counties returned to their homes Friday evening after a week's session of most interesting and inspirational educational activities at the Farm and Home convention at the University of Kentucky, Lexington.

Some remarks of local delegates were: 'I wish every homemaker could have this wonderful opportunity and experience,' said Mrs. Berkshire, and Mrs. Penick added, 'I can hardly wait to get back to my Walton homemakers and tell them about the challenge we homemakers really have.'

Those attending from this county were Mrs. Willis Berkshire, New Haven; Mrs. Frank Penick, Walton; Mrs. James Kottmyer, Constance; Mrs. Minnie Davis, Verona; Mrs. Elsie Smoot, Burlington; Mrs. Henry Anderson, Hebron; Mrs. Ray Hill, Buttsville; Mrs. Earl Morehead, Pleasant; Mrs. Roy Lutes, Florence; Mrs. Leo Flynn, County Vice President, Walton; Mrs. William Foote, County President, Florence; Mrs. Ruth Kottmyer, County Secretary and Treasurer, Constance; Mrs. Grant Madrox, Florence, and Miss Nancy Guilford, Home Agent.

Valentine Dance, Saturday

The Taylor Mill and Community Volunteer Fire Department will sponsor a Valentine dance at the Fire House in Oak Ridge, Saturday, February 12. The music, by Pete Nader's orchestra, will start at 9:00 p. m. Admission will be 50 cents per person, and all proceeds go to the building fund. Refreshments will be available.

William Guffey and Lois Ryan are co-chairmen for the event.

Leon Hall Named Bible Class Teacher At Christian Church

The Men's Bible Class of the Walton Christian Church has elected Leon B. Hall as regular teacher, and R. C. Hinsdale as assistant teacher. Pascal B. Hinsdale is president, and Jesse Callen, vice president. Mr. Hall will begin teaching on February 20. This class is laying plans for regular monthly meetings, class socials, and evangelism.

Charles Holder, Sunday School Superintendent, is greatly encouraged at the new people enrolling in the Bible School Department and looks forward to an enrollment of 200 by Easter.

Mrs. Finley Jacobs, Mrs. Forest Thompson and Mrs. Finley Jacobs, Jr., compose a committee to complete plans for the Week of Compassion dinner, to be held the last of this month.

The first annual birthday dinner will be held the first week in March, with Assistant Sunday School Superintendent, Lloyd Clements, general chairman.

Rev. Vaughn will speak Sunday morning on the subject, 'Spiritual Fog,' and Sunday evening on the 'Reward of the Faithful.'

'We have had 4 tests so far and I have a 3 average. We have done a lot of marching and you have to carry a rifle wherever you go. We also have had our gear-loss lesson. All you have to do is take your mark off in a room filled with water and foam. This continues through the day. They taught us how to load a 40 millimeter gun, and to be able to recognize the various parts of it. You get classes on citizenship and health. They teach us about life boots and how to rig one for ship hauling, also on how to tie 7 knots and their uses.'

'The show is pretty good, we're all having fun. We get to see a movie every Saturday and Sunday and go to the 'Gee-Dunk' (soda fountain) every weekend.

'We have 3 or 4 weeks are the roughest because you have a lot of washing to do and you are kept moving. They have you shoot a 45 automatic and a 22 rifle to familiarize yourself with a firearm. I got 311 on my shooting. You do a lot of marching and carrying those rifles.'

'The watches (guard duty) are not too bad, except the week you stand battalion watch. You then have to stand fire guard outside. My company has won 3 flags so far and I believe that will be all we get. You go to classes most of the day and if you take notes you can pass the tests okay.'

'Finger In Your Eye'

Mr. William Francis Baker, down Gallatin County way, came in the Advertiser last week and stated that the thought he 'had his finger in my eye,' and when I looked startled, he explained that he owed some on his subscription, and then I knew what the phrase meant. He paid that and then two years in advance, besides giving Ye Editor a feeling of good will. And in the course of conversation, we found that he certainly admires Powers' Conrad as a hardware man, and also as a columnist. He made the statement that 'Powers would stand behind anything he said, even a manure spreader,' and that's really standing behind something.

Kenton Valentine Dance

The Ladies' Auxiliary of the Kenton and Community Volunteer Fire Department will give a Valentine dance, Saturday, February 12, 8:30 p. m., at the Kenton Fire House. Harold Groger and Leo Rounders will furnish music for the dancing. Door prizes and refreshments. Everybody welcome.

The University of Kentucky has established a placement office in its Administration Building in order to facilitate contracts between employers and students seeking employment following graduation. The service is without cost to the student.

Mr. and Mrs. Irwin Carpenter of 36 Scott Drive, are the proud parents of a little daughter, born January 17. Congratulations, folks!

David Houston Named School Board Member

CLARENCE W. PERRY
Services for Clarence W. Perry, a former Covington resident, who was killed recently in a traffic accident on the Lincoln-Penn Parkway near Pittsburgh, were held Saturday afternoon at the Swindler funeral home, Independence. Burial was in Independence Cemetery.

Mr. Perry was driving a tractor trailer which skidded 160 feet on a slippery highway and turned over in a creek. He was 51 years old and in recent years had made his home in Newell, W. Va.

He is survived by his widow, Mrs. Mae Perry, seven sons, Elroy, Wayne, Elmo, Carl, Arnold, Bernard and James Perry, all of Covington; a daughter, Mrs. Velma Hiett, Covington, and four grandchildren.

Old School Property Sale by Sealed Bids

The Walton-Vernon Board of Education met at the Verona school, Monday, February 7, in its regular monthly session, with all members present.

The first item of business was the appointment of the fifth member to the board. W. David Houston was elected as the fifth member, to fill the unexpired term of vacancy caused by a Circuit Court ruling that the past election was not legal. Mr. Houston was present and when notified of his appointment, he stated that he would be glad to serve and would, to the best of his ability, try to make a good Board member.

Mr. Houston is very much interested in the schools of this district. He attended Verona Elementary School and Walton school until his senior year. This he completed at New Haven, being a member of the first graduating class of that school. Mr. Houston operates a farm just north of Walton; he has two children attending the schools in this district; he is a member of the official board of the Richmond Presbyterian Church, and is very active in all programs for civic advancement.

The Board of Education was glad to announce that Mr. Houston's election in this matter and believes that it will meet with the approval of the citizens of this district.

A resolution was adopted to receive sealed bids for the disposal of the old school property on Main Street, Walton. The resolution states that sealed bids will be received by J. O. Ward, Superintendent of Schools, until 7:30 p. m., February 28, 1955. Ads containing a plot of the property will be run in the Kentucky Post, Boone County Recorder, and the Walton Advertiser. The property is divided into seven parcels. Bids will be received on any part or all of the property.

This was all the business to come before the board except the regular business conducted each month.

There was some discussion about plans in completing the new school for occupancy by September 1, 1955. It was expected that the contractors will have the new building completed within the next few days.

The present board has resolved to try to keep the public informed of all important developments as they arise. Also, they urge anyone wishing to may attend any of these meetings, and the first Monday night of each month, alternating the meeting place each month between Walton and Verona schools.

Ordinance No. 245

An Ordinance proposing the acquisition of six (6) parcels of land situated in Kenton County, Kentucky, for municipal purposes, proposing the purchase of same or if the compensation therefor cannot be agreed upon, for the condemnation of the same. To be used for the construction of a reservoir for impounding water for domestic and other uses by the City of Walton, Kentucky.

WHEREAS, the City Council of the City of Walton has determined that it is necessary that an additional reservoir be constructed for the purpose of impounding water for domestic use and other use by the residents of the City of Walton and;

WHEREAS, they have obtained the services of qualified Engineers and pursuant to the findings and recommendations made to the City Council it has been determined that the most feasible place to locate a reservoir is in that portion of Kenton County adjacent to the City of Walton.

Now, Therefore, The City Council of the City of Walton, Kentucky, Does Ordain As Follows:

Section 1. That the City of Walton, Boone County, Kentucky purchase the six tracts of land hereinafter described containing forty-five and ninety one-hundredths (45.91) acres at a price to be agreed upon by the City and the owner of each respective parcel.

Section 2. That upon the inability of the Owner of each of the hereinafter described parcels of property and the authorities of the City of Walton being able to agree on the purchase price that the City then act pursuant to Section 87.090 and proceed to condemn the property in the manner provided in KRS 416.010 to 416.080 and other section of KRS therein referred to.

BIBLE SPEAKS

International Union
Sunday School Lessons
BY DR. KENNETH A. FOREMAN

The Closest Bond

Lesson for February 13, 1955

"WHAT do you mean by conversion?" said a business man-to-preacher. "You are always talking about it. I know what conversion means in my business—I had to convert a plant from war time to peace time production. But what's conversion in religion?"

If the minister were smart, he would take up the business man's own illustration. Conversion in the personal life is just what it is in a factory, a change of the personal life, a re-tooling, turning out something different from what used to be turned. Dr. Foreman out. Before conversion a man may be, so to speak, in a state of war with himself, with his fellow men and even with God. After conversion he has peace of conscience, he lives at peace within and without.

Born Again

The word "conversion" is used in different Christian circles to mean somewhat different things, or to be more exact, the word as some use it covers a long period of time, while with others it refers to one instant only. That is, "conversion" as Christians use the word can mean a long, indeed life-long process of change, or it can mean the very start of that long process. Now one of the favorite Bible expressions to describe the beginning of the new life is "turn." It is as simple as that. Anybody who ever drove a car or sailed a boat, rode a mule or even walked, knows what turning is. Children know it. You are headed in one direction and then you head in another. That's what conversion is. You are headed down the devil's road and then you turn off on to God's road—and they do not end at the same destination! But of course there is something that happens on the inside that makes the traveler want to turn; and this happening-on-the-inside is what we call the New Birth. God brings the seed of the new life but we have to take over from there. The New Birth is God's part, conversion—turning—is our part, of the new life in Christ.

Signs of Life

No farmer can create seeds, no scientific agronomist can put life into seed that is dead. But the farmer has to put the seed into the ground, he has to keep the weeds out, he has to do whatever that particular crop needs to nurse it along till harvest time. How does he know that the seed is alive? Only one way to tell, the farmer would say. Does it come up? Does it grow? So in the Christian life, no one can look directly into a human heart and say, "Here is new life." But a truly converted, live Christian can be known by the signs of life. The jailer at Philippi described in Acts—asked "What must I do to be saved?" and was told, "Believe on the Lord Jesus Christ." No one could see him believing. No camera has yet been invented that will photograph the action of the human spirit or the Divine Spirit. But between midnight and morning there in the jail house that jailer gave good evidence that he had really believed, and that the Holy Spirit had really begun to change the direction of his life. Before midnight he had been a hard cruel man. Now we see him trying to undo the harm he has done. He unselfishly shares what he has, he is baptized as a sign of his new life, he is a happy man.

Everything New

One of the points most often brought up by critics of Christianity from the outside is that Christians seem not to be different from any one else, or not different enough to matter. There is a good deal of truth behind this. All churches have their share—some congregations seem to have more than their share—of members who have never been converted. Their lives are in the old worn-out pattern of the world, there is nothing new and vital and different about them. Let us come down to brass tacks. What is there that ought to be and will be new in a Christian's life? Certainly the center of his life will be different. What Paul calls the "old man" asks invariably about anything he does, "What's in it for me? How will this help me to get ahead of other people?" But the "new man in Christ" learns to ask, "Is this what Christ would do?" The learning something comes hard, but it brings the deepest happiness known to man.

THE INSIDE OF THE WORLD

Continents, oceans and international boundaries are the outside of our world. And the constant folly of man has been his implicit belief that he could improve his world by spanning the continents, hopping the oceans, and juggling the boundaries of nations.

To improve our world we must change the inside of the world. For the globe is full of people—imperfect people. And all of the evil that threatens to engulf our world has its roots deep in the lives of individuals.

The one great hope of the world is to find a way to change the lives of individuals. Did we say *and*? We're forgetting that we found the way centuries ago in the truth which Jesus Christ revealed. The one great hope of the world is to follow the way our Saviour gave us.

With bombs that can change the outside of the world, and churches that can change the inside—which shall we use?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) Which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Hickory Grove WMU Meets

Members of the Hickory Grove W. M. U. met at the home of Mrs. Ralph Jump on February 1, for the monthly meeting, with nine members present: Mrs. Jump, Mrs. Vernon Arnold, Mrs. Forest Popp, Mrs. William E. Durr, Mrs. Anna Wienel, Mrs. Janetta Neuspickle, Mrs. J. C. Reynolds, Mrs. Franklin Lipscomb, Jr., and Mrs. Rudolph Casson. Mrs. Reynolds had charge of the devotional and prayer.

The program, all about Mission work in Cuba, was given by several members. Refreshments followed. The group is desirous of getting more members during 1955.

The next meeting will be at the home of Mrs. Wienel, March 1, at 8 o'clock, and the week of prayer night at the home of Mrs. Forest Popp, March 3, at 8 o'clock. All members are urged to attend and bring a new member.

Cards are to be sent to Mrs. Joyce McKinley, who is still in her wheel chair.

Mrs. Hemingway, who is out of the hospital; Mr. Moffett, and Mrs. Winterling's father, who is now at the home of his daughter after about 10 weeks in the hospital. We wish them all a speedy recovery.

STATE INCOME TAX REFUNDS COMING SOON

Many Kentuckians will receive their 1954 state income tax refunds shortly. Commissioner of Revenue Robert H.

Alphin announced this week. The first refund authorizations have been sent to the State Treasurer's office, and checks will be mailed as rapidly as possible.

These are the first refunds under Kentucky's new pay-as-you-go income tax law. Even those taxpayers who are due a refund of only a few cents will receive checks.

The refunds are being made to those entitled to them in the same order as the income tax returns are filed, Alphin pointed out. "Early filers will receive their refund checks sooner."

Taxpayers who file their returns before the April 15 deadline will receive their refund checks within a few weeks from the time the return is filed.

They can do MORE and do it BETTER.

That's the way it is with Federal Land Bank loans. A half million American farmers own the Federal Land Bank System through their local cooperative National Farm Loan Associations. They are the users... and no person or institution owns even a single dollar's worth of this big system with its 1.2 billion dollars in real estate loans except these half million American farmers.

Working together cooperatively they elect the local directors responsible for policies and service. When a half million land-owning, "salt of the earth" farmers work together they can have the best there is. And the best in farm mortgage loans is a 4% Federal Land Bank loan. No application fee. No appraisal fee. No renewal fee. Five to 40 years to repay. And no penalty for paying ahead of schedule.

Join hands and let a half million of your friends and neighbors help you to debt-free ownership of your farm.

Nutrients for Prize Yields

Corn King Willard Kirk shows his championship exhibit of ears.

WILLARD C. KIRK, America's new Corn King, says that good soil structure, plenty of organic matter and a "put-back" of plant nutrients were decisive factors in helping him produce his championship corn. Kirk, who farms 335 acres near Jeffersonville, Ohio, won the corn crown at the recent International Hay and Grain Show of the International Livestock Exposition in Chicago.

The new champion builds and maintains his soil's fertility level by a "put-back" replenishment program. This includes regularly feeding the soil a well-balanced supply of nitrogen, phosphate and potash fertilizer. It includes liming at least every three years.

The program also involves returning all the manure from Duroc hogs, sheep and a herd

of Shorthorn beef cattle; and following a rotation that gives a soil-building legume crop two years out of four.

Kirk's corn yields averaged about 90 bushels per acre. His prize-winning corn was grown on land plowed out of an alfalfa-clover sod that had been in meadow for two years. Before seeding, Kirk disced in 100 pounds of ammonium nitrate. Then he added 200 pounds per acre of a complete fertilizer carrying nitrogen, phosphate and potash.

Kirk reports that the best farmers in his home community of Fayette county, Ohio, are firm believers in the use of fertilizer. "Not only are they increasing the amount of fertilizer they add for their crops," he said, "but they are turning more and more to higher ratios of plant nutrients."

Mrs. Sophia Jones had as guests three days the past week two daughters, Mrs. L. M. Moore of Richmond Road, and Mrs. J. W. Aylor of Petersburg.

Mr. and Mrs. Howard Thompson, Evergreen Drive, entertained at dinner Saturday evening honoring Mrs. R. E. Tanner on the occasion of her birthday. Places were laid for Mr. and Mrs. Kirby Marshall, Mr. and Mrs. Jack Perry, Edgar Marshall, R. E. Tanner, the celebrant and host and hostess. A feature of the dinner was the traditional birthday cake, holding candles. Many happy returns, Mrs. Tanner!

D.A.R. "Award of Merit" Given County Judge C. L. Cropper

At a meeting, Wednesday evening, of the Boone County Chapter, Daughters of the American Revolution, the regent, Mrs. Roy Nestor, presented County Judge C. L. Cropper with the "Award of Merit" in recognition of his outstanding administration of the county government. He and Mrs. Cropper were among the honor guests for the evening.

Dr. Charles Talbert, head of the history department of the University of Kentucky, Extension, Covington, was the guest speaker for the meeting, which was held at the home of Mrs. Reuben Casner, Florence.

In lieu of a joint program with the Boone Trails Society, Children of the American Revolution, a paper by Miss Virginia Nestor, on Big Bone Lick, was read by Mrs. John Lockwood.

A copy of the publication of the Kentucky Historical Society was presented to the chapter by Mrs. Samuel Denham, Sr., chairman of the committee on National Defense.

Mrs. Roy Nestor, chapter regent, reminded members of the 59th annual State Conference, to be held at the Phoenix Hotel, Lexington, March 9-11. All members are welcome. Mrs. Nestor also announced that the anniversary meeting of the Boone County Chapter would be held March 2, at the Hearthstone Restaurant.

Serving as co-hostesses with Mrs. Casner were Mrs. Wallace K. Grubbs, Mrs. Robert Woodward and Mrs. David Clare, who served a beautiful tea to the following members and guests after the meeting had adjourned: Judge and Mrs. C. L. Cropper, Dr. Charles Talbert, Mesdames Roy Nestor, Joseph Wolfe, Davis Gaines, Virginia Goodridge, Samuel Denham, Sr., C. S. Chambers, John Feagan, Rufus Tanner, Henrietta Roberts, Wm. Tupman, Frances Berkshire, John Lockwood, Louis Braun, Clarence Wolfe, W. E. Hentschel, Harold Conner, Charles Goodridge, John Schramm, Ashlin Logan, Jennie Deanes, Precator Brothers, and Miss Margaret Goodridge.

Mrs. Alfred Gum of Estill county made and sold 16 purses and 12 hats following a training school for county leaders of homemakers clubs.

Robert Johnson, Hardin county 4-H club boy, grew 568 pounds of tobacco on 2 of an acre.

Davies county homemakers collected more than 600 books to be used in the county bookmobile.

Fertilized Home Grown Feed Cuts Costs, Ups Milk Profits

High yielding pastures mean more milk and higher profits per acre.

WISCONSIN agronomists point out that 60 cents out of every dollar spent for producing milk represents the cost of feed. So any step you can take to cut your feed bill means more money in your pocket at the end of the year. These soils men say the best way to do this is to produce your own high quality, low cost feed in the form of pasture, hay, or grass silage. High quality pasture can provide feed at less than one-fourth the cost for grain or concentrates, according to the Middle West Soil Improvement Committee. High yielding pasture can mean more milk output per cow and per acre, lower costs and higher profits. Ohio State University agronomists report that farmers can protect themselves with low cost insurance against feed shortages by: 1—An investment in fertilizer to build up the soil's fertility level for higher pasture yields; 2—The use of well adapted seed from strains that are winter-hardy and disease resistant; 3—Good grazing and harvesting management which gives maximum returns from every acre. The fertilizing program can include the use of nitrogen, phosphate and potash fertilizer when seedlings are made, plus regular top-dressings to keep the pasture's legume population high.

Well Fed Pasture Yields 309 Pounds of Beef Per Acre

MINNESOTA soils specialists report that fertilized pastures can produce twice as much beef per acre as unfertilized pastures, according to a statement by the Middle West Soil Improvement Committee. In tests at the Rosemount, Minnesota experiment farm, the fertilized pastures yielded 309 pounds of beef per acre, compared to 138 pounds on the unfertilized pastures. The fertilized pastures gave 177 steer days per acre. The unfertilized gave only 121.

The fertilized pastures produced \$37.40 more beef per acre than the unfertilized fields. Total beef production was worth \$66.46 on fields built up by soil improvement, as against only \$29.06 per acre on the unfertilized pastures.

The soil building program increased the pastures' cattle carrying capacity by 50 per cent. During September last year, there were 15 steers per acre on the fertilized pastures compared to only 10 on the unfertilized pastures.

The University of Minnesota research men report that only 500 pounds of 5-20-20 fertilizer per acre was used to establish thicker growth on the fertilized pastures.

KENTUCKIANS

IN WASHINGTON

By Gil Kingberry

Up to Our Ears:

The most appropriate pronunciation coming out of Washington in connection with the proposal to provide funds for school construction was made by Kentucky's Congressman John Watts.

When some lawmaker repeated another survey on the situation, Representative Watts declared, "We've got statistics running out of our ears. It's time to do something."

Other Kentuckians, including Senator Earle C. Clements, echoed the call to action. State Superintendent Wendell Butler said that 80 percent of our schools have no central heating and many classes hold more than 60 pupils.

Post Offices:

Kentucky has more small post offices than any state in the union, Pennsylvania excepted. But many such stations are to be closed down.

The Post Office Department, according to word we got from congressional committees, is ignoring protests and pushing ahead with consolidations.

One official says that mail patrons forget their complaints when new service is started.

Appointment:

There's been a lot of news about the appointment of former Senator John Sherman Cooper as ambassador to India. However, one Kentucky appointment was overlooked.

Kenneth Tuggle, former Lieutenant-governor, has been re-named to the Interstate Commerce Commission. His job will last until December 31, 1961.

Tax Problem:

A letter from Pendleton county and a similar one postmarked Greenup ask identical questions: What are the chances for a tax reduction?

Our guess, subject to revision as the session grows older, is that Congress will vote increased exemptions but that the White House will veto the measure. After that, it's anybody's guess as to what will happen.

A planning program in Harlan county gives special attention to strawberries, poultry, sheep, gardens and pastures.

Nearly three-fourths of the strawberry growers in Monroe county mulched their patches this winter.

ELECTRIC LAMPS SAVE YOUNG PIGS

Use of infrared lamps during and after farrowing can save hog producers an average of three pigs in two litters, according to a new USDA publication, Leaflet 381, "Infrared Lamps—Their Use in Brooding Pigs."

About three million pigs are lost annually in the United States by chilling or by crushing when the sows lie on them. Three-fourths of these losses occur within two days after farrowing.

During farrowing, infrared lamps can provide heat for the sow and her newborn pigs. After farrowing, they can be placed above a protected area of the pen where the young pigs can receive the benefit of the heat without danger of being crushed.

Infrared lamps have two other advantages. They permit earlier farrowing—sows can be bred without waiting for

seasons. The lamps are inexpensive to use. A 250-watt lamp will use about six kilowatt-hours per day at a cost of about 18 cents.

The lamp should be kept on the young pigs for three days to two weeks, depending on the temperature. The saving of one pig would more than cover the cost of using the lamp for two weeks, says the leaflet.

The publication also gives information on how to use infrared lamps, materials and equipment needed, other uses for the lamps, and safety factors.

A single free copy of leaflet 381 may be obtained from the Office of Information, U.S. Department of Agriculture, Washington 25, D. C.

Daviess county homemakers collected more than 600 books to be used in the county bookmobile.

WHITES TOWER

Holly 4074 for News Items

Well, the worst week for weather that we have had in ten years is past and here we are, and there you is, and here's the news, what little we have!

Ray Kendig butchered a couple of nice beavers the past two weeks of which he sold part and the rest went into his new deep freeze, purchased last week.

Three sows of Bide-A-Wee took a notion to deliver 35 pigs during the severe weather the past week. Luckily our new hoghouse paid off as we managed to save all but three.

Saturday was the first day since we have been in the Tower, 12 years to be exact, that we were afraid to turn out

stock out for water, as we were afraid it would not be able to get back up the hill.

War clouds hover dark on the horizon and we often wonder why nobody wins a war and everyone loses, and this time anyone is any country, no matter how dumb, knows if war comes it will mean the end for all of us. So, why can't each side give a little and settle this think of the conference table for the good of all. If the answer is no, you know the reason why, greed, and the lust for power by a few fanatics across the ocean, who when it is all over will wind up just as you and I, with nothing.

The school bus drivers certainly deserve a lot of credit as they have not missed a day during this awful spell of weather.

Glad to hear that Cecil Clay, White Tower mechanic, has completely recovered from a recent severe accident and is now back on the job at Andy's garage.

We are glad to report all the sick are on the mend and two of them will go home from the hospital the first of the week.

Carroll county homemakers reported freezing 13,446 pounds of vegetables, fruits and meats, and canning 4,423 quarts.

INDEPENDENCE R-1

The health of our community is very good at this writing, with the exception of slight colds.

Ronald Losey has been a shut-in for several days with lagrippe. We hope he will soon be able to be out again.

The fellowship supper at the Staffordburg church, Saturday night, was well attended. After a delicious supper, which was enjoyed by all present, Paul Swinford of Covington, put on a few amateur tricks, which gave us all a good laugh. We sure appreciated his coming out and do hope he can come again.

We had a fairly good attendance at Sunday school and church, Sunday. Do not be afraid of a little rain and come on out and let's worship together and do the work of the Lord.

Mrs. Roy Payne and children are enjoying the sunshine in Florida. We hope they are having better weather there.

Mr. and Mrs. Winford Riley and little daughter were dinner guests Sunday of Mr. and Mrs. Edwin Kelley and family.

Miss Emma Yates and niece, Barbara Giles, motored to Louisville for part of the past weekend.

Mr. and Mrs. Dewey Parsons and children called on Mr. and Mrs. Radford Riley, Sunday afternoon.

Mrs. John Goedde and daughter are spending several weeks in Mississippi.

Miss Helen Richardson entertained a couple of her girl friends from Covington, on Sunday.

Mrs. J. A. Keeney and sister, Miss Alma Stephens, spent one day last week at the Farm and Home convention in Lexington.

VERONA

Mr. and Mrs. Ray Gullion and daughters attended a birthday dinner at Mrs. Gullion's sister, Mrs. Gertrude Flynn, of Covington, Sunday.

Susie Glore, Vevie Webster and Gertrude King were calling on May Wilson, Friday afternoon. Mrs. Wilson is on the sick list.

Mrs. Virginia Refitt and son, Ronnie, and Miss Nancy Keller of Erlanger, visited Mrs. Refitt's parents, Mr. and Mrs. Jim Lamm, Sunday.

Mr. and Mrs. H. D. Edgington visited their daughter, Mr. and Mrs. Harvey Hughes, Tuesday.

Mr. and Mrs. Jake Struve and children entertained her parents, Mr. and Mrs. D. R. Chapman, and her sister, Mrs. Vevie Webster, with a birthday dinner Sunday.

Mrs. Lizzie Noel was calling at the Waller home, Sunday after church.

Rev. and Mrs. Kelly Kennedy and sons were entertained in the home of Mr. and Mrs. Henry Wiley and son of near Sherman, Sunday.

Those on the sick list are: Conner Littlell, Arsalio Hayden, Gertrude Brawley, May Wilson, Lula Sturgeon, Renna Ashcraft, Pattie Waller. Mrs. Waller is not doing so well since being injured in an auto wreck. She is going back to the doctor this week. We hope for these on the sick list a speedy recovery.

We extend sympathy to Bradley Webster and son, her mother, brothers and sisters in the passing of their loved one, Mrs. Bessie Webster.

The supper and entertainment given at the school house last Friday night in behalf of the polo fund, was well attended. They took in a nice sum of money from the auction.

The Verona Homemakers will meet on Friday, February 11 at the home of Mrs. Ethel Fooks. All members are urged to be present and visitors are always welcome.

Mrs. Minnie Davis attended the Farm and Home convention in Lexington, from the Verona Homemakers Club, last week.

Several farmers in McLean county are planning to use self-leading trench silos with paved floors and walls.

In Campbell county, 260 hat frames were covered by homemakers, and 189 fabric bags were made.

Many Lewis county hillside too steep farm will be lost to locust and pine trees.

Bearcats Lose Again; Simon Kenton Wins Over Beechwood

Williamstown's Demons trampled the baskets of Walton-Vernon High last Friday night in a game played on the Grant county floor. The score was 76 to 53. "Quater" scores: "Wm"-Williamstown leading all the way, were 15-5, 35-20, and 57-38. High scorers for the Demons were Hale with 26 and Glass with 14. Cook had 13 and Beach 10 for the losers.

The Walton-Vernon reserve team won the preliminary game 45-42.

Simon Kenton's Pioneers, paced by a 22-point attack of Lloyd Bruckner, trounced the Beechwood Tigers 73-47 Tuesday night in the NKAC at Independence. The win was the 15th of the season for the home team and the eighth in 13 league games.

Bruckner and Butler each scored six in the first period as Simon Kenton led 15-13. Lowry had five for the Tigers. The winners outscored the Beechies 18 to 10 in the second period to lead 33-23 at the half. Bruckner had seven and Foster and Lowry each had four for the losers.

Bruckner again paced the attack in the third period, with nine points as the home team upped the county to 56-33 at the end of the quarter. In the final period the Pioneers held a 17-14 edge with Butler leading the way with six. Lowry, B. Blasingame and B. Blasingame each had four for the losers.

SIMON KENTON: Cappage 3-6-12; Vaughn 1-0-2; Mattioli 2-1-5; Rose 1-0-2; Bruckner 10-2-22; Elliott 0-2-2; Butler 6-2-14; Ruellet 4-3-11.

BEECHWOOD: Rogers 1-3-5; Richardson 1-0-2; Bader 0-1-1; Foster 3-2-8; W. Blasingame 3-4-10; B. Blasingame 1-2-4.

Simon Kenton won the reserve game 48 to 39.

DDT Spray Effective Against Beetles and Moths in Wool Rugs

Whether wool rugs or carpets get heavy or light wear, they will be safe from damage by carpet beetles or the clothes moths for a year to 18 months if adequately treated with DDT spray, recent tests by entomologists at the U. S. Department of Agriculture show.

Tests show that a medium weight rug was treated uniformly with 5 percent DDT spray at the rate of 1 1/2 quarts per 9x12 feet. The rug was placed in an office where one person was under heavy walking traffic and was vacuumed weekly and the other part was under a large desk where it had little or no wear or cleaning. At intervals samples of both parts were given two kinds of tests. They were offered to the carpet beetles, the insects that do the rug damage, and they were analyzed chemically to find out how much DDT remained. After 18 months the part exposed to heavy wear and frequent cleaning had lost considerable DDT, but enough remained to prevent all but very slight insect injury. The part that had little wear still held 80 percent of the little wear still being protected against the damage.

The entomologists advise spraying the rugs once a year for full protection. The amount of spray depends on the size and thickness of the rug. The general rule is use 1 1/2 to 2 quarts of 5 percent DDT oil spray for both sides of a 9x12 foot medium-weight rug. Clean the rug before spraying. Give special attention to spraying parts that give a hand to wall-to-wall carpeting. Commercial rug cleaners or pest control operators are best for proofing services.

Farmers Should Get Tobacco Set Earlier

Mr. Russell Hunt, Field Agent in Agronomy, and nationally known tobacco specialist, talked to one hundred and thirty-nine Boone tobacco farmers and future farmers about producing the '55 tobacco crop. The meeting was held at the Burlington Community Center, Wednesday, February 9, at 1:30 p. m.

Mr. Hunt said that we had to produce a tobacco of higher smoking quality and lower nicotine content if we expected the manufacturer to buy our tobacco. In order to produce this kind of tobacco he suggested practicing good nations soil tested growing lower nicotine varieties. He said wherever possible the farmer should get away from the continuous tobacco patch as it was practically impossible to produce high quality smoking tobacco on such soil. A suggested rotation was four years of good grass-legume sod properly fertilized and then two, possibly three years of tobacco and cover crops if a heavy, dense sod had been plowed under. Some of the lower nicotine varieties are Ky. 35, Ky. 41A, Ky. 58 and Burley 1. The medium nicotine varieties are Ky. 16 and Burley 2 while the highest nicotine varieties are Ky. 26 and Ky. 57. On black shank infested soil use Burley 11A or Burley 11B.

In producing this years tobacco crop Mr. Hunt said the farmers of Boone county needed to get their tobacco set earlier. This would mean, for most years because of wet springs, to plow and sterilize plant beds in the fall. He also pointed out the necessity of having variety soil tested and know the correct fertilizers to apply. In the past he said farmers have been applying too much nitrate causing slow maturing, slow curing, heavy red tobacco high in nicotine in any soil and no disease on the plant have to be controlled if strong healthy plants are going to be grown. The green June beetle larvae and aphids can be controlled by using parathion. Control wildfire by using blue-stone lime mixture. Mr. Hunt said that 98 percent of the cultivation should be done before setting time. After setting cultivate the plants in any soil and no disease on the plant have to be controlled if strong healthy plants are going to be grown. Mr. Hunt said to control wire-worms use lindane, aldrin or chlordane in the seed water, but be sure not to dip the roots in any soil and no disease on the plant have to be controlled if strong healthy plants are going to be grown. To control leaf beetles and budworms in the field use DDT. For horn-worms and grasshoppers use Endrin or Aldrin. Aphids can be controlled by using malathion which is not as injurious to humans as parathion. Mr. Hunt urged farmers to top tobacco when the field was three-fourths in bloom and to top the plants high. Leave the two top suckers until tobacco is ripe, then remove them and cut within 24 hours. Removing the suckers many days before cutting greatly increases the nicotine content. Mr. Hunt said to have cake and cokes ready for bad weather during curing. This year he said they would have available especially for tobacco farmers, a weather-forecast giving 4 or 5 days outlook. This would enable the farmer to have a better idea when to top, hoe and also when to start their cokes fires.

JOHN R. WALLACE

John Richard Wallace, 72, of Union, Route 1, died at his home February 12. He was a farmer, and a member of the Lebanon Presbyterian Church. He is survived by his widow, Mrs. Gipsy Wallace; four daughters, Mrs. Frank Blackwell of Covington, Mrs. Ray Webster of Butler, Mrs. James Varner of Walton, and Mrs. James Sturgeon of Dry Ridge; a foster-son, Hans McCrander of Union; two sisters, Mrs. Thomas Speck of Crittenden, and Mrs. Sturgeon of Dry Ridge, and a brother, Eck Wallace of Burlington.

Bearcats Lose Again; Simon Kenton Wins Over Beechwood

Williamstown's Demos trampled the bakers of Walton-Verona High last Friday night in a game played at the Grant county floor. The score was 76 to 53. Quarter scores, with Williams-ton leading—all the way, were: 15-5, 35-20, and 57-38. High scorers for the Demos were Hale with 26 and Glass with 14. Cook had 13 and Beach 10 for the losers.

The Walton-Verona reserve team won the preliminary game 45-42.

Simon Kenton's Pioneers, paced by a 22-point attack of Lloyd Bruckner, trounced the Beechwood Tigers 74-47 Tuesday night in the NKAC at Independence. The win was the 15th of the season for the home team and the eighth in 13 league games.

Bruckner and Butler each scored six in the first period as Simon Kenton led, 15-13. Lowry had five for the Tigers. The winners outscored the Beeches 18 to 10 in the second period to lead 33-23 at the half. Bruckner had seven and Foster and Lowry each had four for the losers.

Bruckner again paced the attack in the third period with nine points as the home team upped the county to 56-33 at the end of the quarter. In the final period the Pioneers held a 17-14 edge with Butler leading the way with six. Lowry, B. Blasingame and R. Blasingame each had four for the losers.

SIMON KENTON: Coppage 3-6-12; Vaughn 1-0-2; Matzetti 2-1-5; Ross 1-0-2; Bruckner 10-2-22; Elliott 0-2-2; Butler 6-2-14; Ruel 4-3-11.

BEECHWOOD: Rogers 1-3-5; Richardson 1-0-2; Lowry 8-1-17; Boder 0-1-1; Foster 3-2-8; W. Blasingame 3-4-10; R. Blasingame 1-2-4.

Simon Kenton won the reserve game 48 to 39.

DDT Spray Effective Against Beetles and Moths in Wool Rugs

Whether wool rugs or carpets get heavy or light wear, they will be safe from damage by carpet beetles or the clothes moths for a year to 18 months if adequately treated with DDT spray, recent tests by entomologists of the U. S. Department of Agriculture show.

Tests show that a medium-weight rug was treated uniformly with 5 percent DDT oil spray at the rate of 1 1/2 quarts per 9x12 feet. The rug was placed in a busy office where one part was under heavy walking traffic and was vacuum cleaned weekly and the other part was under a large desk where it was not worn or cleaned. At intervals samples of both parts were given two kinds of tests. They were offered to the carpet beetles, the insects that do the damage, and they were analyzed chemically to find out how much DDT remained. After 18 months the part exposed to heavy wear and frequent cleaning had lost considerable DDT, but enough remained to prevent all but very slight insect injury. The part that had little wear still held 80 percent of the DDT so was well protected against the damage.

The entomologists advise spraying the rugs once a year for full protection. The amount of spray depends on the size and thickness of the rug but the general rule is: Use 1 1/2 to 2 quarts of 5 percent DDT oil spray for both sides of a 9x12 foot medium-weight rug. Clean the rug before spraying. Give special attention to spraying parts that will be under heavy furniture and to edges of wall-to-wall carpeting. Commercial rug cleaners or pest control operators offer moth-proofing services.

Water may be loaded at the Lacey Garage on South Main Street.

Farmers Should Get Tobacco Set Earlier

Mr. Russell Hunt, Field Agent in Agronomy, and nationally known tobacco specialist, talked to one hundred and thirty-nine Boone tobacco farmers and future farmers about producing the '55 tobacco crop. The meeting was held at the Burlington Courthouse, Wednesday, February 9, at 1:30 p. m.

Mr. Hunt said that we had to produce a tobacco of higher smoking qualities and a lower nicotine content if we expected the manufacturer to buy our tobacco. In order to produce this kind of tobacco he suggested practicing good rotation of crops, with lower nicotine varieties. He said whether possible the farmer should get away from the continuous tobacco patch as it was practically impossible to produce high quality tobacco on a patch. A suggested rotation was four years of good grass-legume sod properly fertilized and then two, possibly three years of tobacco and cover crops if a heavy, dense sod had been plowed under. Some of the leading nicotine varieties are Ky. 35, Ky. 41A, Ky. 58 and Burley 1. The medium nicotine varieties are Ky. 16 and Burley 2 while the highest nicotine varieties are Ky. 26 and Ky. 57. On black shank infested soil use Burley 11A or Burley 11B.

In producing this year's tobacco crop Mr. Hunt said the farmers of Boone county needed to get their tobacco set earlier. This would mean, for most years because of wet springs, to plow and sterilize plant beds in the fall. He also pointed out the necessity of having your soil tested and having the proper fertilizers to apply. In the past he said farmers have been applying too much nitrate causing slow maturing, slow curing, heavy red tobacco high in nicotine. Instead, use a balanced fertilizer. Control wildfire by using blue-stone lime mixture. Mr. Hunt said that 98 percent of the cultivation should be done before setting time. After setting cultivate shallowly to control weeds and then be careful not to cut or injure the roots.

Mr. Hunt said to control wire-worms use lindane, aldrin or chlordane in the setter water, but be sure not to dip the roots in any solution as it has detrimental effects on the roots. To control flea beetles and budworms in the field use DDT. For horn-worms and grasshoppers use Endrin or Aldrin. Aphids can be controlled by using malathion which is not as injurious to humans as parathion.

Mr. Hunt urged farmers to top tobacco when the field was three-fourths in bloom and to top the plants high. Leave the two top suckers until tobacco is ripe, then remove them and cut the plants 24 hours. Remove the suckers many days before curing greatly increases the nicotine content. Mr. Hunt said to have cokes and cokes stores ready for bad weather during curing. This year he said they would have available especially for tobacco farmers, a weather forecast giving 4 or 5 days outlook. This would enable the farmer to have a better idea when to cut and hose and also when to start their cokes fires.

JOHN R. WALLACE

John Richard Wallace, 72, of Union, Route 1, died at his home February 12. He was a farmer, and a member of the Lebanon Presbyterian Church.

He is survived by his widow, Mrs. Gussie Wallace, and four daughters, Mrs. Frank Blackwell of Covington, Mrs. Ray Webster of Butler, Mrs. James Varner of Walton, and Mrs. James Sturgeon of Dry Ridge; a foster-son, Harry McCorder of Unions; two sisters, Mrs. Thomas Speagle of Crittenden, and Mrs. Ray Sturgeon of Dry Ridge, and a brother, Eck Wallace of Burlington.

Funeral services were held Monday at 2:00 p. m., in the Hamilton Funeral Home, Verona, with R. K. Porter officiating. Burial was in New Bethel Cemetery, Verona.

Well Fed Pasture Yields 309 Pounds of Beef Per Acre

MINNESOTA soils specialists report that fertilized pastures can produce twice as much beef per acre as unfertilized pastures, according to a statement by the Middle West Soil Improvement Committee.

In tests at the Rosemount, Minnesota experiment farm, the fertilized pastures yielded 309 pounds of beef per acre, compared to 138 pounds on the unfertilized pastures. The fertilized pastures gave 177 steer days per acre. The unfertilized gave only 124.

The fertilized pastures produced \$37.40 more beef per acre than the unfertilized fields. Total beef production was worth \$64.40 on fields built up by soil improvement. As against only \$29.06 per acre on the unfertilized pastures.

The soil building program increased the pastures' cattle carrying capacity by 50 per cent during September last year, there were 15 steers per acre on the fertilized pastures compared to only 10 on the unfertilized pastures.

The University of Minnesota research men report that only 500 pounds of 5-20-20 fertilizer per acre was used to establish thicker growth on the fertilized pastures.

Mayhugh, R. S. Wagner, John Cain, Willie Blanton, Donald Myers, Gilbert Sams, Dawson Hightower, and Eve Carr, sang several selections, under the direction of Miss Minerva Riggs, supervisor of music in public schools in Kenton county.

Mrs. James Crouch, program chairman, read the founders day gift. Mrs. John Cain, founders day chairman, presented Mrs. William Eger, past president, Mrs. Thomas Finney, president, and Miss Minerva Riggs, director of music, with a corsage of yellow carnations and blue ribbon.

Mrs. William Eger and Mrs. Thomas Finney poured at the tea table adorned with two silver services with candle holders to match. The center piece was yellow carnations and jonquils with yellow and blue candles. Mrs. Robert Denie and Mrs. Daniel Martin served refreshments.

The fairgrounds and buildings in Hopkins county are valued at \$49,000. A total of 500,000 strawberry plants have been ordered for Floyd and surrounding counties.

Use of Insecticides and Pesticides Cause Concern

Increasing incidence of damage to livestock, fish and game and human beings through the use of various insecticides and herbicides without observance of proper precautions has resulted in Commissioner of Agriculture, Ben S. Adams, calling a conference of aerial applicators, health officials, state entomologists, farm Bureau officials, and officials of various state agencies. The meeting was held in Commissioner Adams office at Frankfort, Monday, February 7.

Recent mild winter conditions have resulted in increasing insect numbers causing an expanded use of insecticides. Also the drought conditions of recent summer has brought about an increased need for insect and pest control. This expanded need has caused numerous new spray materials to be offered on the market which, when used without observing precautionary measures, may cause damage even to the extent of impairment of human health or even death.

The group that met in Adams' office discussed legislation controlling proper labeling of insecticides and herbicides and the control of distribution from bulk containers. An education program to acquaint users with the danger of improper application and also inform them of the proper technique of application is being planned by the conferees.

Adams appointed a committee with a representative from each of the interests present to present to pursue the problem further with the objective of legislation providing uniform and effective controls.

Representatives of the Farm Bureau, the Kentucky Pest Control Association, The Aerial Application Association, the University of Kentucky, the Kentucky Department of Health, the Kentucky Department of Aeronautics, the Kentucky Division of Fish and Wildlife, the Kentucky Attorney General's office, and the Kentucky Department of Agriculture were present.

FARMERS SLOW IN SIGNING UP IN LOCAL A. C. P. PROGRAM

Boone county farmers are unusually slow in filing initial requests under the program for conservation practices to be carried out this year, according to Walter C. Brown, Clerk of the A.C.P. office. Mr. Brown pointed out that February 18 is the last date to file requests under the program, and urges farmers throughout the county to make an effort to call at the office at their earliest convenience.

Basic purpose of the 1955 Agricultural Conservation Program is to aid in achieving the necessary conservation of our soil and water resources. The future prosperity of this nation necessitates the protection and maintenance of our land and water resources.

The A.C.P. is entirely voluntary. Any farmer who believes he can do the needed conservation job on his farm without the aid of the limited funds available under the program is urged to do so.

Farmers will be given an opportunity to request the Federal Government to share the cost, if needed, to aid in carrying out eligible practices on Boone county farms during the 1955 program year.

The Lexington Kiwanis Club had a special program to honor the 4-H club champions in Fayette county.

Twenty-eight 4-H clubs in Breathitt county have a membership of 1027 boys and girls.

In Remembrance

Lesson for February 26, 1955

THE words printed on this page are not like the things they refer to, they are not the same size, color or shape. Yet every one who can read these black marks on white paper is reminded at once of what they stand for. A flag is not the same color or size as the country, yet every child in school knows what the flag means. So it is with those two simple observations of the Christian church, baptism and the Lord's Supper. Some churches call these "ordinances"; most call them "sacraments." Quarrels over the right way to perform these, quarrels about their precise meaning, make up one of the darkest chapters of church history. Yet in every church these two symbols remain. Christians everywhere share the experience of baptism. If you, reading these lines, are a Christian, then no doubt some time or other you have been baptized. Baptism is the Ceremony of Initiation, the Lord's Supper is the Ceremony of Remembrance.

—Of His Death

Leaving the quarrels aside, what is it the church universal believes about the Lord's Supper? The least that can be said of it is that it is "in remembrance" of Christ. (For that matter, so is baptism; but there is scarcely room here to speak of both of these.) We remember the death of Christ, first of all. "Ye do show the Lord's death," "How often Christians have heard these solemn words. For the bread is not neatly sliced, it is broken. The wine is not bottled up, it is poured out. Broken bread, and poured-out wine take the worshipper back to a certain night in an upper room in Palestine, when around the table 11 anxious men heard for the first time those immortal words, "This is my body broken for you..." This do in remembrance of me." They take us back to the afternoon of the first Good Friday, when upon the stones of the place called Golgotha dripped the lifeblood of one who was pouring out his life "a ransom for many."

—Of His Coming

If the Lord's Supper is in memory of the past, it is also a reminder of the future. "Till He Come" — the words are heard at communion everywhere in the Christian world. What do they mean? The least they can mean is that Christians look forward as well as back. The world will not go on and on and on forever and ever just the same. The hope of Christians that "the kingdoms of the world will become the kingdoms of our Lord and his Christ" will not always be only a hope. Christ has died for men; that is the memory the church keeps alive. Christ will reign over men from a throne of life; that is the hope the church will not give up. Christians have differed and will keep on differing as to just how this hope is going to be fulfilled. But the church believes with all her heart—Christ will win! He is not doomed to lose forever. And every communion gives testimony to this hope—"till he come."

—Of His Living Presence

The churches of the world, more's the pity, are so far from agreeing about what the communion of our Lord's Supper means, that even in a great gathering like that of the World Council of Churches, not every one feels free to take communion with all the others. Nevertheless, with all the differences, in every form of the Lord's Supper, in every church, there is the conviction that Christ is more than a memory, more than a hope. He is real; he is here. Clear at the heart of the Christian conviction about the meaning of the Lord's Supper is the feeling that in this simple rite He is really present. Across all the centuries he comes to be with those who love him. Past, present, future, all unite in the burning moment. The open heart receives the unseen Guest, and peace comes as never. The world gives peace, to banish the fears and heal the sorrows of the soul. Theologians may go on debating as to how it is, how it can be true. But the simple Christian does not need to study many books for some explanation of what in his heart he has learned is true. If some one asks who was at communion this morning, the first thing the remembering heart can say is not, I was there, or my neighbor was there; but—he was there. And he has come home with me!

IN BLUE OR GRAY

Some men are remembered for their deeds... the battles they won and the prizes they gained. But not A. Lincoln!

Men still call him "honest Abe," and they take courage in his humility. Men honor his devotion to the principles for which he stood; they esteem his love for humanity; they marvel at his capacities for sympathy, understanding and forgiveness.

History has known few men whose memory could survive the hatreds of war and find sanctuary in the hearts of victor and vanquished alike. But Abe Lincoln belongs to all of America. Christian nobility is revered for itself, whether it wore blue or gray.

As the character of a man can bind up the wounds of a nation, so the Christian faith which moulded Abe Lincoln can build under God a world of peace and understanding. To that proposition our Churches are dedicated.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the community and nation. (4) Which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Mrs. Marguerite Tanner, who has been visiting her father in St. Petersburg, Fla. was called home due to the illness of her mother, Mrs. Ora Tanner, who is confined to St. Elizabeth Hospital. Her friends wish her good luck.

Friends extend best wishes to Mrs. Bea Perry of Dorha Ave., who is confined in Booth Hospital for observation. Mrs. Helen Rogers of Bellevue was a frequent caller in the community Saturday. Mrs. Rogers is a member of the faculty of the Florence grade school.

Mr. and Mrs. W. R. Miller and Mrs. Madge Holden were Wednesday evening dinner guests of Mrs. Holden's son, Billy, and wife of Avondale, Cincinnati.

George F. Taylor, 75, of near Florence Hospital Services were held Saturday from the Allison and Rose funeral home in Covington, with Rev. C. N. Ogg officiating, assisted by the pastor of the East Baptist Church. Burial was in Highland Cemetery. Mr. Taylor, a retired superintendent with the M. L. Andrews Machine Co., Cincinnati, was a member of the Florence Methodist Church. He leaves two daughters, Mrs. Benjamin Stephens, Union, and Mrs. Wilbur Stephens, Walton; a brother, Arthur, Florence, and four grandchildren. Sympathy of the community is extended to the family.

R. C. Eastman of Burlington Road, is confined in a hospital due to illness. Walter Arnold was the guest of a daughter, Mrs. Jeff Edmonds, the past week. Billy McKibben of Ft. Knox, enjoyed the weekend with his parents, Mr. and Mrs. Harold McKibben of Lloyd Avenue. Billy expects to be transferred to a new location soon.

Mr. and Mrs. Rogers Knox and two daughters were Sunday guests of his parents, Mr. and Mrs. A. T. Knox.

Mr. and Mrs. Bruce Cason of Erlanger are being congratulated on the birth of a son, February 7, at St. Elizabeth Hospital. The new arrival has been named Joseph Andrew.

A large crowd was present for the dedication of the new Boone County High School, Sunday afternoon. A nice program was rendered, including selections by the high school band and songs by the girls' glee club and mixed glee club. Adding greatly to the occasion were the beautiful floral pieces, one from Family Gardens, 6616 Dixie Highway, while the other was presented by the J. G. Wilde Co., Covington, dealers in building materials. Byron Bach, director of the band, and Edwin Walton, glee club director, deserve much credit for the nice performance of their respective groups. Following the program, refreshments were served during open house. Chester Goodridge, principal, and H. N. Ockerman, county superintendent, were very courteous and extended a hearty welcome. We are all proud of the new school as well as all who had a part in making it possible.

Mrs. Eva Osborn has been confined to her home due to a severe cold. Mrs. W. A. Knox, who has been in Booth Hospital with an attack of pneumonia, is improved and expected home soon. Mrs. Leray Abbott is confined to her home with an attack of flu.

Mr. and Mrs. Clyde Arnold came down from Ohio to spend the weekend with Mr. and Mrs. Walter Kirkpatrick and Mrs. Arnold remained for a week in the home of Mr. and Mrs. Verne Arnold at Center Street.

Mrs. Wilford Butt and son, John Albert, spent the weekend with her father, Karl Bley, Sr., and other relatives at Hamilton, Ohio.

Woman's Auxiliary Meets
Mrs. Paul Chaney was hostess to the Ladies' Auxiliary of Grace Episcopal Mission at her home on Burlington Road recently. The business session was conducted by Mrs. Wilson Fullerton, presiding officer, followed by the guest speaker, Mrs. T. Everett Cobb of Trinity Church, Covington, who gave a talk on the duties of the Auxiliary in regard to the United Thank offering. Attending were Mesdames John T. Milburn, A. W. Fullerton, Jr., Love C. Ryder, E. M. Bohon, P. B. Hallis, H. R. Daugherty, Joseph F. Daugherty, John Jacobson, John Revel, Fred A. Ficke, T. F. Heile, T. Everett Cobb, H. G. Hightower, and Rev. and Mrs. F. W. Kephart, Jr.

Methodist Woman's Society
Mrs. Harry Barnett, vice president, presided at the meeting of the Women's Society of Christian Service of the local Methodist Church, Thursday afternoon at 1:30. The devotional by Mrs. C. N. Ogg included scripture reading, hymn, "O Jesus Thou Hast Promised" and a prayer by Mrs. C. A. McKibben. Well received was the talk by Mrs. Harry R.

Daugherty, her topic being "Qualifications Needed by Missionaries." Following the program, reports were heard and the meeting adjourned with prayer by Mrs. Eva Miller. Delicious refreshments were dispensed in the church dining room with Mrs. Ella and Helen Bethel as hostesses. Attending were Mesdames Harry Barnett, A. T. Knox, C. N. Ogg, Alina Edrich, Ella and Helen Bethel, Jane Stephens, C. A. McKibben, H. R. Daugherty, Hervey Hale, Leila Allen, Helen Wells, Eva Miller and Nannie Mitchell.

SANDWICH SPREADS BEST MADE AT HOME

Housewives who must pack lunches every day would do well to make sandwich spreads at home, according to Mrs. Florence Imlay, specialist in foods at the UK. Cheese spreads, for example, can be made at about half the cost of those bought in small containers. The process is simple.

Shred finely 1 pound of sharp cheddar cheese in a mixing bowl. To it add about 1 cup of hot water, starting with a tablespoonful of boiling water and beating constantly. Continue adding hot water until the mixture is soft, smooth and fluffy. Fold in 1/4 to 1/2 cup of mayonnaise, 1/4 teaspoon of dry mustard and a dash of salt. Using this mixture as a base, add various ingredients to give variety to the spread.

To 1/2 cup of the cheese base, add any of the following and blend well: 2 tablespoons minced canned pimiento, 6 chopped olives, 2 tablespoons chopped nuts, 2 tablespoons finely chopped celery or 2 tablespoons drained, crushed pineapple.

The cheese mixture also makes a good filling for fruits used in salads, such as prunes, apricots, pears or peaches.

GROW YOUR OWN FOOD CUTS COSTS

A good way to reduce high food bills is to grow one's own food, say Miss Florence Imlay and Mrs. Pearl Haak, specialists in foods at the University of Kentucky.

Starting in a practical way, they outline in a new leaflet the kinds and amounts of food needed daily by every person—dairy products, vegetables and fruits, lean meats (including poultry and fish) eggs, grain products and moderate sweets.

To avoid over-production in any field, the food authorities suggest how much of each food should be grown. Now when poultry flocks and gardens are being planned, this information will be particularly helpful. Pick up Leaflet 60, "Grow Your Own Food," at offices of county or home agents, or write to the Experiment Station, Lexington, Ky.

"Early Bird" Buyer Has Best Choice of '55 Fertilizer

BUYING your fertilizer now for the spring crop season and storing it on your farm over the winter has these advantages, reports the Middle West Soil Improvement Committee.

1—You get the best fertilizer available. During the early winter months, manufacturers have more time to make, cure and condition the plant food. So you get the best handling product it is possible to make.

2—You have your choice of the exact grade you need. You avoid the risks of the spring rush season when everybody is trying to buy fertilizer. At that time, demand is often greater than the supply and particular grades of fertilizer may be hard to get. This has happened in the past several years. Some of the late comers get only a small choice.

3—Fertilizer bought now saves you time in the spring. When you are at your busiest. The plant food is on hand, ready to use just as soon as weather conditions permit you to get into the fields. Then you don't lose precious hours waiting for delivery when spring work is piling up. The committee says it is wise to make arrangements now for the plant food needed for the corn crop. This applies to starter fertilizer and to the plant food that may be broadcast and plowed under before corn planting time.

Kenton Firemen's Auxiliary Expresses Thanks to Patrons

The Ladies' Auxiliary of the Kenton and Community Volunteer Fire Department wishes to thank everyone who helped make their Valentine dance a success. The Auxiliary purchased two Indian pumps, to be used on grass fires, and one CO2 fire extinguisher for the Fire Department from proceeds of the dance. Miss Madeline Cross was the winner of the beautiful table lamp, given by the Auxiliary. Harold Groger and his band was excellent in the music department.

Members of the Fire Department and the Auxiliary were glad to see Mrs. Hugh Mullins, past president of the Auxiliary, in attendance, as she was just recently in St. Elizabeth Hospital for a broken arm operation. Past president Elmer Schodler is also in St. Elizabeth at this time and would like for his friends to visit him. Sounds like this Fire Department is hard on presidents, doesn't it. The department wishes Elmer a speedy recovery and will be glad when he can make the fire runs again. Assistant Chief Charles Grizzell has been laid up the past few days with an infected hand, but is improving nicely. The Fire Department has missed these active members very much and hope they will be back on the active list in the near future.

Wheat Yield is Boosted 28 Bushels by Good Soil Care

INCREASES of as much as 28 bushels of wheat per acre from the use of fertilizer were obtained on some Kansas farms last season, reports the Middle West Soil Improvement Committee, in citing results of tests summarized by Dr. Floyd W. Smith, Kansas State College agronomist.

"Wheat made 60.4 bushels per acre on the top fertilized plot on the Ted Breuer farm near Waverly," Smith said.

"Yields averaged more than 50 bushels on plots at the Ottawa experimental field and on the Vernon Meador farm in Wenzau. Seven other locations had top yields ranging from 40 to 49 bushels per acre."

Overall results on 18 farms in Eastern and Central Kansas showed that fertilized wheat averaged 13 more bushels per acre than unfertilized wheat.

Smith estimates that fertilizer returned more than \$4 for every \$1 invested in plant food.

Even in severe drought area, there was usually enough yield increase to pay the cost of the fertilizer treatment, he said.

Summing up the results of Kansas tests over the years, Smith said:

"If a farmer will have his soil

High soil fertility level gives top wheat yields per acre.

"Battle of the Species" Can be Won by Alfalfa

Alfalfa can win the "battle of the species" among other legumes and grasses when your pasture mixture gets a full feed of lime, phosphate and potash, says the Middle West Soil Im-

provement Committee, in quoting P. E. Johnson, University of Illinois agronomist.

On well fertilized clay pen soils in Southern Illinois, alfalfa was boss in a pasture mixture that included red clover, alsike and timothy. Johnson reports. Red Clover ranked second.

AID TO BOONE NEEDY

Residents of Boone county drew a total of \$5,376 in public assistance payments for January, covering old age assistance, aid to dependent children, and aid to needy blind, it was reported today by Commissioner of Economic Security

Vego E. Barnes, Frankfort.

County payments in January included \$4,625 for old age assistance; \$586 in dependent children payments, and \$165 for the needy blind.

Foul weather isn't FAIR!

STRANGE AS IT SEEMS, when foul weather grounds commercial airplanes or makes highway travel hazardous, complaints shower down on the railroads!

Our regular customers complain because they are inconvenienced when our passenger trains are suddenly called upon to handle three or four times their normal load. Sometimes these good friends of ours can't even get aboard. And our foul-weather friends criticize us because we don't have enough equipment to provide an adequate "stand-by" service for them.

This situation isn't fair to anybody, including us. Of course we'd like to take care of everyone and give fine service at all times! We could do that not so long ago, when practically all travel was by rail and we had the passenger equipment to handle any job. But today, only five per cent of intercity travel is by railroad and we simply cannot afford the luxury of a foul-weather "stand-by" service—not when it means buying surplus passenger cars, at \$200,000 each, which would be standing idle most of the time.

We want you to understand our problem. And we want you to know you can count on our doing the best we can with all the equipment we have available—in fair or foul weather.

Bradford Star Chapter, 493:

The initiation of new members into Bradford Star Chapter, 493, Independence, which was to be held Tuesday, February 8, was postponed due to the death of Mrs. Hazel Carr, Covington, mother of Virginia and Robert Carr of Pleasure Isle subdivision, Virginia and Mrs. Robert Carr are both officers of this chapter.

The initiation will be held next month—March 8, at 8:00 p. m., in the Independence Bank Building.

Home Freezers:

For information on the operation and care of home freezers, the Department of Agriculture has made up a leaflet that has many tips for you. Send for your leaflet, "What to do when your home freezers stop." Single copies, free from the Office of Information, USDA, Washington 25, D. C.

Independence Fire Dept. Meets:

The next regular meeting for members of the Independence Fire Department will be held Monday, February 21, at 8 p. m. at the Fire House. All members are urged to attend.

Just A Thought:

Nothing widens a narrow driveway quite as much as looking at it with a snow shovel in your hands.

Boy Scout Supper:

The annual chicken supper held last Saturday evening in the Simon Kenton High School cafeteria by members of the Boy Scout Troop at Independence was a great success.

"The Scouts" and leaders wish to express their thanks and appreciation to each and every person who donated their time, donations, and efforts that helped make the affair such a success.

Independence Post Office:

Robert X. West, postmaster, has announced that the Independence Post Office will be closed on Washington's birthday, February 22, Tuesday. No Star Route service or Rural Route delivery will be made that day.

Mother Singers:

The Kenton Elementary Mother Singers, under the direction of Miss Minerva Rigg, sang for members of the Kenton Elementary P.T.A., Thursday, February 17. The group now has about 20 ladies who are doing very good and they are hoping to increase by obtaining new members each month. So, ladies, here's your chance—if you can hum, you can do well by joining this group. Why not give it a try?

Simon Kenton P.T.A.

Officers and members of the Simon Kenton P.T.A. are now putting together a musical program that will be shown to the public the latter part of March. The entire cast will be made up from local talent and people in this vicinity. From the outline I have seen of this program, a very good show is in the making. Many people who will be in the audience will be surprised to see their neighbors on the stage. Remember, local talent is the best there is.

Personal Interest and Sick List:

Don J. Hoffman, L.L. Highway, has been taken to St. Elizabeth Hospital for treatment. He is in fair condition.

Mrs. Lillian Wolzinger, Webster Road, is also in St. Elizabeth Hospital, under the doctor's care.

Roy Gilvin and family left for Florida last week to spend two weeks in the warm sunshine. From recent reports from the weatherman, Florida has been bathed in freezing weather, causing the winter garments to be overcoats and ear muffs.

The recent death of Mrs. Hazel Carr of Covington, who formerly resided at Happy Hollow, has saddened many friends in this area. We wish to extend our deepest sympathy to the family and hope that time will lessen their wept hearts and that this loss will be replaced with the wonderful vision of memories.

John Cain, Bristow Road, is in Booth Hospital and in a serious condition, due to a recent heart attack. We all hope for Mr. Cain's recovery.

Kenton Elementary P.T.A.

Charles E. Acuff, acting supervisor of the School Health Department for the State of Kentucky, will be speaker at the February meeting of the Kenton Elementary P.T.A., Thursday, February 17, at 7:45 p. m. Mr. Acuff will present a film on connection with his talk, "The School Health Program in Action."

Past presidents will be honored at the Founder's Day observance, and Kenton Elementary Mothersingers will present a program of special music.

A silver tea will be served following the meeting, with Mrs. Hubert Baird and Mrs. Willard Shophire, Founder's Day co-chairmen, in charge.

Band Boosters to Meet:

The Band Boosters Club will meet on Monday night, February 21 at the Simon Kenton school. Raymond Giles, president, urges all members to be present. Final plans for chili, pie and coffee supper are to be completed. The supper is scheduled for March 1 at Simon Kenton. The price 50 cents, the time 5:30 p. m., the money from the supper to pay for uniforms for the band.

Plant Food Plus Enough Stalks Key To Top Corn Yields

Good management gives extra bushels of corn per acre.

IF YOUR sights are set for top yields per acre on the acres you have in corn this year, here are some suggestions from the Middle West Soil Improvement Committee, based on reports from Corn Belt agronomists:

1—Keep your soil's fertility level high by adding plenty of fertilizer. A soil test can be a good guide in suggesting the amount and kind of fertilizer needed to supply the corn plants with all the nitrogen, phosphate and potash they need for high yielding growth. Many farmers find it pays to plow down a complete fertilizer before planting time, then add a starter in the row and side dress later with extra nitrogen.

2—Plant enough stalks to match the soil's nutrient and water supply. Many farmers lose profits by not having a large enough stalk population to make full use of the plant food and water available.

3—Add regularly to the soil's active organic matter supply. This can be done by returning manure, plowing under crop residues and "green manure" crops and growing old crops regularly in the rotation.

4—Use mechanical conservation methods such as contouring and strip cropping, where needed, to combat erosion and save more rain for your crops.

5—Plant proved, high yielding hybrid strains.

All these steps are important in getting top yields, but the cornerstone of the entire program is high soil fertility accompanied by a stalk population big enough to match the soil's corn growing ability.

NAVY RECRUITER NOW AT CITY BUILDING

STAFFORDSBURG

Mr. and Mrs. Harley Hanning entertained on Sunday in honor of the 16th birthday of their son, Jimmie Lee. Many happy returns!

Mr. and Mrs. Paul Keeney are spending a few days here while he is convalescing from a badly injured left hand, suffered while on a job in Louisville.

The young people of the church enjoyed a Valentine party at the home of the Wall sisters on Washer Drive, Saturday evening.

Friends and former schoolmates of Mr. and Mrs. William Grant, formerly Virginia Klein, of Phoenix, Ariz., are pleased to know they are the proud parents of a little son, born December 28. His name, William, Jr.

Mr. and Mrs. Charles Deuser are entertaining a young son, born on Valentine day.

The W.S.C.S. held its February meeting at the home of Mrs. Dawson Ballinger, Thursday. Each member brought a covered dish and enjoyed a delightful dinner. Mrs. Keeney had charge of the program, which told of the qualifications required for missionaries, and a short article about David Livingstone's pioneer missionary work in Africa. We were glad to welcome three new members. Among those present were: Mrs. Earl Hanna, Mrs. George Miller, Mrs. George Finnell, Mrs. J. J. Barnett, Mrs. Crout, Mrs. H. Barnett, Mrs. Joe Sweeney, Mrs. Joe Richardson, Mrs. L. J. Rapp, Mrs. John Shaw, Mrs. Charles Loney, Mrs. J. A. Keeney, Janet Barnett, Neva Jo Finnell, Rev. Miller and Mr. Ballinger came in for dinner.

VERONA

Mr. and Mrs. Charles Wilson of Walton, were calling on his parents, Mr. and Mrs. Bernard Wilson, Mrs. Susie Glare and Allie Chandler were afternoon callers. Mrs. Wilson is still not feeling so good.

Mrs. E. E. Cleveland and son, Larry, have returned to Georgia after spending the winter with their parents, Mr. and Mrs. John Scott and children.

Mr. and Mrs. Boyd Williams were calling on Mr. and Mrs. Golden Dyer, Sunday afternoon.

The Verona Homemakers had to call off their meeting for last Friday on account of the roads being so slick.

Mrs. Harvey Hughes was calling on her parents, Saturday afternoon.

We were sorry to hear of the passing of Mr. John Wallace, Saturday. His funeral was held Monday at the Hamilton Funeral Home. We extend sympathy to his wife and children in their sorrow. Mrs. Susie Glare and Florene Edgington were calling on Mrs. Lula Sturgeon, Tuesday afternoon. Glad to report Mrs. Sturgeon has recovered from her illness.

Mr. and Mrs. Robert Ashman of Indianapolis, Ind., are staying with Mrs. Pattie V. Waller until Marion Arch, her son, finished school at Campbellville.

Mrs. Pattie Waller went to Dr. Northcutt last Monday and his examination showed she was getting along nicely and the ribs have already begun knitting together.

Sorry to report Mrs. Stanley Ashcraft was taken back to the hospital last week. Mrs. Mae Webster hasn't been too well of late.

Conner Littrell still remains on the sick list.

Mr. and Mrs. Luther Risner and J. D. have moved to their farm purchased from Mrs. Jennie Atha.

Li (g) William M. Waller, who returned off the U. S. S. Rooks, January 29, went to Washington, D. C., to take over his new job with Director, Office of Armed Forces Information and Education, on February 5.

Mrs. May Wilson and Mrs. Risner, Sr. are on the sick list.

We are hoping Mrs. Lou Sturgeon will soon be out again.

Mrs. Pattie Waller and sons were in Burlington, February 5, on business.

CARD OF THANKS

We wish to thank all who have been so kind while I remain ill at St. Elizabeth Hospital, for the many cards, gifts, and visits and prayers of Rev. Charles Vaughn, Rev. Ennis Taylor and Rev. J. E. Howell, also Mr. Wallace Grubbs and staff for their kind and tefficient services.

Mrs. Tillie Bonar,
Mrs. Nolan Flynn, daughter.

Most strawberry growers in Pulaski county mulched their patches before the beginning of cold weather.

Farm land values in Kentucky are expected to decline only slightly this season.

Farmers in Magoffin county are planning to organize a county livestock improvement association.

EGG PRODUCTION HIGH

An outlook report of the University of Kentucky says egg production reached a new high last year. It was 5 percent more than in 1953 and 13 percent above the 1943-52 average. Egg production in 1954 averaged 184 eggs per hen, a new high record. "If this high of egg production continues, supplies the first half of this year will be only slightly below last year's record production for the same period." It is stated, No egg shortage is anticipated.

KENTUCKIANS IN WASHINGTON
By Gil Kingsberry

No Kentuckians:

We were looking over a list of business and professional men who have been invited to those famous stag dinner at the White House. All in all some 300 men have taken pot luck with the president.

However, not one was from Kentucky. In fact, only six states were left out and, in addition to the commonwealth, West Virginia and several far western states were not on the guest list—New York had the largest number of dinners.

Lots Of Kentuckians:

The other day the radio and television newsmen in the capital gave their annual dinner for President Eisenhower. A lot of Kentuckians were invited to that event.

Rep. Brent Spence was there. So was Senator Earle Clements, Associate Justice Stanley Reed of Maysville, John Day of Fleming County, Bill Arbogast of Kenton County, William McAndrews of Kenton County, Julian Goodman of Glasgow, and Sam Brightman of Louisville.

Other Events:

There were lots of other events around town, this being the social season in the capital. Adlai Stevenson came to the city and met with a lot of Kentuckians, including Senator Barkley.

Miss Margaret Truman also was guest of honor at a party. Mrs. Fred Vinson was on hand at the affair along with other Kentuckians who were and are friends of Miss Truman.

President and Mrs. Eisenhower were guests at a Congressional Club party and Senator and Mrs. Clements were in the receiving line. Mrs. Stanley Reed of Maysville was present.

New Congressmen:

Kentucky's newest congressman, Eugene Siler, is getting plenty of attention in the capital. He was one of three

members of the House voting against that far-sighted resolution—advocated by the White House.

A Washington paper ran his biography the other day and Congressman Siler told the reporter that he has three hobbies—fishing, hunting and working with religious groups.

STAFFORDSBURG HOMEMAKERS

Twenty-two members and two guests met at the home of Mrs. Chester Hill for the February meeting of the Staffordsburg Homemakers Club.

Mrs. M. R. Bruesgen was welcomed at a new member.

The thought for the month "Time" was read by Mrs. George Miller.

Mrs. Bluch Rich reading chairman gave the origin and history of the United States flag also read "Heritage of Young Americans."

The garden lesson given by Mrs. E. Stein was on the care of house plants. Mrs. Floyd Smith delegate to Farm and Home Convention gave an interesting report.

The final lesson on hooked rugs was presented by Mrs. L. J. Rapp and Mrs. Ralph Howard.

FELLOWSHIPS OFFERED

Four graduate fellowships for \$1,800 each have been established at the University of Kentucky by the Kentucky Research Foundation. These fellowships will be awarded to UK candidates for the doctorate degree with the selections to be made on the basis of outstanding personal qualities and professional qualifications.

LANGUAGE STUDY GRANTS

Ministers, Sunday school teachers and other religious workers are eligible to apply for scholarships available in Hebrew Language and civilization this semester at the University of Kentucky.

UK County Agent John W. Blue 111 reports many tobacco yields of 1,800 or more pounds on acre in Powell county.

COST-SHARING HELPS GRASSLAND FARMING

cost sharing under the Agricultural Conservation Program, says the Department of Agriculture at Washington.

"Generally, ACP provides up to 50 percent of the average cost of seeded preparation, seed, fertilizer and lime where needed to establish permanent vegetative cover for soil protection," it is announced.

"This is true, also, when land-use adjustment is needed, where grasses and legumes are seeded in crop rotation or for winter cover. Also under a recent change in the Agricultural Conservation Program, any farmer is eligible for ACP assistance for planting cover or green-manure crops on land to be shifted from crop production this year.

"In areas where damage from drought is sufficiently severe, has been extended for emergency ACP measures. Provision also is provided for growing emergency

forage crops in areas where feed may have to be shipped in to maintain livestock."

One hundred and fourteen acres of cucumbers last year brought 184 Logan county farmers approximately \$25,000. Members of 4-H clubs have placed "welcome" signs on four roads leading into Ballard county.

Polio Vaccine To Be Given To 3,000 Kids

Expense To Be Paid By March of Dimes

Approximately 3,000 first and second grade boys and girls in Boone, Kenton, and Campbell counties are to be inoculated with the new Salk anti-polio vaccine under plans now being completed.

Vernor Cottengim, state representative, and chairman of the Kenton County Polio Fund, presided, as polio foundation officials, doctors and P. T. A. members met at St. Elizabeth Hospital, Covington, on Monday. Approximately 100 persons were present. Mrs. J. C. Acree represented the Walton-Verona schools.

Mrs. James Molloy, Fayette county, state advisor of women's activities for the Eastern Division of Kentucky of the National Polio Foundation, appeared as principal speaker, and reported the vaccine must be approved by the National Health Institute, a federal agency, before it will be used.

She said that Dr. Thomas Francis, Jr. is making an evaluation report, the results of which will be disclosed in April. If this report is favorable, she said, the mass inoculation will begin immediately.

Expense of inoculating the first and second grade pupils will be paid by the March of Dimes, and it is estimated that the cost will be \$9 million in the nation.

To carry out the inoculation program, hundreds of volunteers will be needed in Northern Kentucky. The inoculation of each child is given over a five-week period. Each is given three shots. The first shot is followed one week by the second and the last shot three weeks later.

WILL S. RYLE

Services for Will S. Ryle, 81, of Bellevue, were held Saturday afternoon at the Chambers & Grubbs funeral home, Florence. Burial was in Bellevue Cemetery. Mr. Ryle, a retired farmer and lifelong resident, died last Thursday at his home. He was a member of Bellevue Baptist Church.

Survivors are a son, Willard Ryle of Jeffersonville, Ind., two grandchildren, Mrs. Orville Seabrook of Burlington, and Mrs. William Cook of Rapid, Ind., and six great-grandchildren.

Bake Sale Saturday

Seventh grade students of the Walton-Verona School will hold a bake sale on Saturday, February 26, beginning at 10 a. m., in the Dixie Grocery, Homestead. Cakes, pies, cookies and candy will be available. Your patronage is solicited.

Hardware Ass'n Formed In Boone County, February 15

An organization of the hardware men of Boone county was formed at a meeting Tuesday, February 15, at Southern Trails Restaurant, Florence.

The new group will be known as the Boone County Retail Hardware Association and will be headed by Russell Wilmoth, president, and George W. Ryan, secretary-treasurer. They will meet regularly to discuss better ways to serve the patrons of the surrounding territories and create better understanding of the problems of themselves and of their customers. The meeting was well attended and much enthusiasm was shown.

The next meeting will be held in Walton, on Tuesday, March 15, with each hardware man in the section being invited and urged to attend.

Tests of yields on irrigated and unirrigated strawberries will be made in Gallatin county.

The Monroe County 4-H Club Council has voted to give 10,000 strawberry plants to club members.

TINSLEY ANNOUNCES

Rev. Herbert Tinsley of Warsaw, has announced that he is a Democratic candidate for the nomination to the General Assembly from the 54th Legislative District, comprising the counties of Gallatin and Boone, subject to the primary election Saturday, August 6.

The Rev. Mr. Tinsley is now serving at State Auditor, having been elected in 1951. He has served three terms as State Representative, having been named to the post in 1942, 1948 and 1950. He was speaker of the House in 1948.

Rev. Tinsley has been pastor of the Warsaw Christian Church for the past 20 years, and he is a veteran of World War I.

N. Rock, Friday, April 8, 7:30 p. m., "It Is Finished," John 19:28-30.

Boone C.A.R. Meets

The Boone Trail Society, Children of the American Revolution, met at the home of Mrs. John Lockwood, Ft. Mitchell, on Sunday afternoon, January 9.

The meeting was opened with the Pledge of Allegiance, and welcome. Mrs. Roy Nestor gave an interesting talk on the history of George Washington. Ann Lockwood was appointed to the Grand-mother's Committee. Subscriptions to the National C.A.R. magazine were taken. The meeting was closed with Mrs. Lord's Prayer, and was followed by refreshments.

"The Well Groomed Woman" Is Spring Homemaker Project

"The Well Groomed Woman" will be presented as the spring project for the Kenton County Homemakers. Fifty-four leaders assembled at the Covington, W. M. C. A., Tuesday, February 16, to hear Miss Verla Lotzke, Extension Specialist in Clothing from the University of Kentucky, discuss "secrets of charm."

She stated that a well-groomed, crisp appearance does not mean by accident, it is achieved by constantly working at it; that physical beauty is not necessary but a good appearance and pleasing personality are secrets of charm.

W. W. Magill, fruit specialist from the University of Kentucky, will be present to discuss fruit problems and new developments in the fruit business.

Newspaper Man Is Speaker At Meeting Of Club Women

"That's gold in them thar hills"—and valleys too, declared W. Robert Ellis, newspaper correspondent, speaking before the Florence Woman's Club, Tuesday last week, regarding the industrial potential of Boone county.

Interest in Boone county was aroused at the turn of the century when John R. Lloyd started writing novels about that when the Greater Cincinnati Airport was constructed, Boone county was shaken from its lethargy and the tide has turned—Boone—in fact—became "Boon County."

The industrial potential is great, at hundreds of acres of choice sites are available. Mr. Ellis recommended the formation of a Chamber of Commerce to work for Boone county's interest exclusively.

The meeting was held in the home of Mrs. Paul Chaney, with Mrs. Harry Taggart and Mrs. J. F. Daugherty as co-hostesses. Mrs. Dean Caton presided.

Those in attendance were: Mesdames, F. D. Caton, W. H. Campbell, Paul Chaney, Harold Conner, Hugh Daugherty, J. F. Daugherty, W. R. Ellis, W. D. Williams, E. F. Riddle, Ray Lutes, C. G. Ryle, Fanny Scott, Ralph Smith, W. F. Foote, W. H. Wesler, Henry Schmidt, Henderson Hightower, F. Dremson, Robert West, and Robert Tanager. Guest was Mrs. W. D. Schoggin and Mrs. J. Jacobson.

Those attending from Boone county were: Mr. and Mrs. Grant Maddox, Mr. and Mrs. Joe Donomachko, Miss Jane Scott, Miss Pat Scott, Miss Nancy Gaffail, and Mr. and Mrs. Joe Clemon.

HUGH STEPHENS

Hugh Stephens, president of the Boone County Mutual Fire Insurance Co., Burlington, and member of a prominent Boone county family, died last Thursday night at his home on Route 1, in the East Bend Bottoms. He was 70 years old.

Mr. Stephens had been a farmer for many years. One cousin, Wilton Stephens, is Boone County Tax Commissioner, and another, A. E. "Pete" Stephens owns the Boone County Recorder.

He is survived by his widow, Mrs. Flora B. Stephens, Florence, and four grandchildren.

Services were held Sunday at 2:00 p. m., at the East Bend Methodist Church, with the Stith funeral home, Florence, in charge.

Through efforts of homemakers clubs, 200 note plates have been ordered for mailboxes in Davess county.

Williamstown Wins Over Cats; Pioneers Win From Dayton

The Williamstown Demons visited Walton, Tuesday night and walked off with a 74-51 victory over the Beards.

Williamstown, with Ronnie Hale scoring 10 points, led 17-14 at the end of the first quarter, and Hale added 12 more in the second period for the visitors to lead 40-26 at the half. Beach had four for the home team in the first period and L. Poore had six in the second period.

Williamstown, with R. Poore leading the way with seven points, led 57-39 at the end of the third period. Chipman and Cook each had four for Walton-Verona. Hale came back to add seven markers in the final period, as the winners held a 17-12 advantage.

R. Hale netted 35 points for the winners, while R. Poore added 13. High for W-V was Cook, with 12.

Walton won the reserve game, 41-39.

Final Game Tonight

The Cats will play their final game of their schedule tonight at the local gym when they meet Holy Cross. This game was originally set for Friday, but was moved up to Thursday.

Simon Kenton 56, Dayton 50

Simon Kenton chalked up its ninth victory in the NKAC and its 16th of the season by noosing out Dayton 56-50, last Friday night at Independence.

The Greenfields held the upper hand in the first period leading 13-10, as Fleckenstein scored five points, and Copage and Elliott scored four each for the Pioneers. Butler paced the home team to a 20-point total in the second period by scoring nine points. The winners led 30-25 at the half, as Dayton was held to 12 points. Fleckenstein had eight.

Simon Kenton outscored the losers 18 to 13 in the third quarter to get a cushion for the last half rally of the Greenfields. Elliott led the Pioneers in the third period with seven points, while Fleckenstein again led the losers with four markers. Dayton outscored the winners 12-8 in the final period but the lead was too great to overcome. Fleckenstein scored five for Dayton.

Elliott had 17 points for the Pioneers, Butler 16, and Copage 10. Fleckenstein's total for Dayton, was 22 points.

Boone County and Simon Kenton First

The 33rd District Basketball Tournament will be held in the gymnasium of the new Boone County High School in Florence, on March 2-3-4-5.

At a recent meeting of participating coaches, Braun and Rouse were selected as referees, while Scheben is to be the official timer, and Huff the scorer. The high schools participating are Boone County, St. Henry, Erlanger-Lloyd, Simon Kenton and Walton-Verona.

Thirty passes are to be issued to each of the participating schools. The host school will receive 15% of receipts, and the others will share equally the balance. Admission for the meet will be 75 cents each—both school students and others. Game time for each contest will be 8:00 p. m. No all-tournament team will be selected.

One of the top games of the tourney will be the first, on Wednesday night, when Boone County will meet Simon Kenton, two of the best teams in the district. Some may think the tournament will end with this contest. The St. Henry Crusaders, another of the better teams in Northern Kentucky, received a good draw, having to defeat only Walton-Verona to get into the finals and the regional meet. The finals, Saturday night, should prove quite exciting, and a capacity crowd is looked for. The seating capacity of the gym is something like 2,000.

MRS. RUTH MONOHAN

State Government Agencies Feature Of Radio Programs

A series of weekly radio broadcasts featuring the activities of State government agencies will be held throughout Kentucky starting about March 1.

Announcement of the series, entitled "The Kentucky Story," was made today by Mack Sisk, State director of Publicity. The half-hour broadcasts will be made available to all radio stations in Kentucky as a public service feature and the series will run for 13 weeks.

The programs will be designed for entertainment but will also be informative, Sisk said. "We believe the people of Kentucky are interested in how their State government functions and that this series will prove popular with them. Each week we will take a department or agency and dramatize part of the work that it is doing for the public, showing just how each function of government is related to all citizens of the Commonwealth."

Programs will be done by professional actors and are being written professionally. The first show will be on the Department of Health and will deal with the department's combating a threatened epidemic.

MISS ANN MILNER

Services were held Sunday at 10:00 a. m., at the Coates funeral home in Williamstown, for Miss Ann Milner, 58, who was found dead in her home in Walton, last Wednesday. Her death was attributed to a heart attack, according to Boone County Coroner Robert E. Brugh.

A native of Grant county, Miss Milner is survived by two brothers, Carl L. and Arthur W. Milner, both of Ridge, and a sister, Mrs. Edith Hooper of Williamstown. Burial was in Williamstown Cemetery.

WOOL MAY COMMAND INCENTIVE PAYMENTS

Wool producers who shear their sheep between January 1 and April 1 this year and who want their wool to be eligible for incentive payments should be careful to retain ownership of the wool until after April 1, Mr. Miller said. The wool may be stored in a commercial warehouse or consigned for future sale, but the owner will need to retain title during this period if the wool is to be eligible for payments.

Under the National Wool Act of 1954, the Secretary of Agriculture has announced an incentive price of 42¢ per pound for shorn wool, grease basis, for the 1955 marketing year. Payments will be made to producers if the

national average price received by all producers of wool falls below the incentive price.

Each producer should sell his wool for the best possible price, Mr. Miller said, because incentive payments will be calculated as a percentage of the individual producer's net sales proceeds. For example, if the incentive price is 20 percent above the national average price of wool sold this year, the payment made to each eligible producer will be 20 percent of his own net sales proceeds for wool. It will not be based on the difference between his own price and the incentive price. In other words, the more a producer gets for his wool, the larger will be his incentive payments.

executive. President Eisenhower staged a breakfast for a group of Republican women at one of the exclusive clubs around town and Mrs. Pearl Carter Pace of Burkesville was there. She is a member of the Foreign Claims Commission and a GOP leader in the Blue Grass State.

More Women:—It's the general opinion that Kentuckians know how to "handle" women and members of Congress seemed to have accepted that belief.

At any rate, when it came time to name the congressional committees, three women were assigned to the House Committee on Banking and Currency. And the chairman of that committee is none other than Brent Spence, the dean of the Kentucky delegation.

Party for Judges:—The Kentucky Society of Washington is getting ready to honor those Kentuckians who are federal judges. The turnout should be impressive.

Topping the list will be Supreme Court Justice Stanley Reed of Mayfield. Judge J. Gregory Brice of the Tax Court is another one. He hails from Mayfield. Commissioner Kenneth Tuggle of the Interstate Commerce Commission holds a quasi-judicial position. And Basil Cooper, whose home is over in the western part of the state, is an examiner for the Federal Communications Commission, another position close to judgeship.

Military Bell:—Another Kentucky party later this year will pay tribute to those Kentuckians in uniform. Topping that list of guests will be General Elbert D. Cuyler of Ludlow who heads all military pathology. Colonel Bruce Morford of Central Kentucky also will be in the receiving line.

The Kentucky organization this year has a star-studded membership with what dignitaries like Senator Earle Clements, A. M. "Mac" Edwards of Walton, Ralph Homan of Louisville, Leland Howard, assistant director of the mint, of Hodgenville; Miss Christine Johnson of Richmond; Judge Neville Miller, Mrs. Paul Porter of Winchester, Robert Solvers of Carrollton, and Mr. South Trimble, Jr. of Frankfort on the list.

CARD OF THANKS—

We wish to thank all our neighbors, friends and relatives for their kindness shown us during the illness and in the death of our loved one, John W. Woods. We especially want to thank the members for use of the Florence Baptist Church, Rev. Roy Johnson, the organist, those who gave flowers, and the Ralph Smith funeral home. Your kindness will never be forgotten.

Story With Power

Lesson for February 27, 1955

EVERYBODY knows the words of the Minister of the Gospel, but not everybody stops to think what they mean. Literally, the title means Servant of the Good News. The minister is a man with a story to tell. There are many words to describe a minister, but in Protestant churches the commonest, probably, is "Preacher." This is a Bible word too and it originally meant some one who announces something. The preacher is not a giver. Dr. Foreman of advice, first of all, but a teller of news. The message of the church, if it is faithful to the ideal Christ intended, is first of all, whatever else it may be, first of all a story of what God has done for men.

Story of a Life

A crank-sided philosopher who did not much care for preachers once made the sarcastic remark that a preacher has a very simple job: all he does is to go to a man and say, "God has told me to tell you that you are a very wicked man. Ten dollars, please!" If that were all that preachers could say, it certainly would not be worth ten cents. Men need to be told that they are on the wrong road, certainly. But they know that, sometimes better than the preacher does. What the church is called on to preach—that is, to proclaim, to tell, to persuade men that it is true—a story. First of all it is the story of a life, the life of Jesus Christ. The earliest Christian preaching of which we have any record told the story of Jesus. The four Gospels which we now have in writing got started as sermons. What we have before us in Matthew, Mark, Luke and John is what the earliest Christian preachers—who, by the way, were all what we call "laymen"—told

people in market-places, in private homes or in synagogues, wherever they could get a hearing—what they told about Jesus, who he was, what he did, what he said. Christian preaching that leaves out the story of Jesus is not really Christian. Preaching that concentrates on the death of Christ and says little about his life and teachings is not New Testament preaching. When the early church put the four Gospels—stories about Jesus—in the front of the New Testament, they knew what they were doing. What is in the front of the New Testament ought not to be out of sight in the church.

Story of a Death

More space is used up, in our written Gospels, telling the story of Jesus' last week, his trial and execution, than is used for any other work in his lifetime. Now that last week was to all appearances a tragedy, coming swiftly to a shameful end. It is not a "nice" story. But the church told it, and still tells it. It was not at all necessary to dwell on it, one might think. All men die; why not Jesus too? But the church was not content to say simply that Jesus died on such and such a day. There was much more to be said, and much of what we have in the Epistles of the New Testament is just more "preaching" only this time not simply telling the story but explaining what it means. The four gospels all say that Jesus died. The epistles say, He died for our sins. The gospels tell us about a cross; the rest of the New Testament tells why that cross had to be. The cross marks the peak of the wickedness of the world. But it also marks the outpouring of the love of God. Nothing else that has ever happened, has expressed the love of God so eloquently as the Cross has done.

To Every Creature

A right church is never like a club. A club has nothing to say to people on the outside. Its members talk to one another, inside the club. But a church has something to say, a story to tell, a story to explain. It is the most important story in the world. You can believe other stories or not and it may make very little difference. But whether or not you believe the story the church has to tell, makes all the difference in the world with you, the difference between life and death. So the church has set out to tell this story of God to every creature in the world. So long as there is still one soul who has not heard it, or does not believe it, the work of the church is not yet done.

(Based on outlines copyrighted by the Division of Christian Education of the General Council of the Churches of Christ in the U. S. A. Released by Community Press Service.)

With encouragement from his parents and some fundamental scientific training this young man has learned a great deal about shells. He knows, for instance, that the ocean floor is covered with millions of living creatures which would be unable to survive without the protection of the shells in which they live.

With similar encouragement from his parents, and with some fundamental religious training, this young man will learn some far more useful truths about souls. He will learn, for instance, that God's highest creature—Man—lives in a moral environment just as hostile to his survival as that ocean floor, and that Man depends for his protection not on any outer armor, but on the inner being which God has taught him to call his soul.

And when our young man compares shells and souls he will discover that, just as God provides many of his lesser creatures with the means of building up and strengthening their shells, he provides Man with the Church, the Bible, and the Gift of Prayer to enable him to strengthen his soul.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy, nor civilization, can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WHITES TOWER

Holly 4074 for News Items

Mrs. Richard Darsley will leave this week for California to visit her sister prior to leaving to join her husband, Lt. Dorsey of Northeastern Japan, in the spring.

Did you know that big things are in the offing. In the next few months you will see either an all-out war and survival of the nation who gets there first or a general peace that will last through the years to come. The show-down is at hand and, whether we like it or not we had better be prepared for atomic warfare, and pay more attention to your Civilian Defense booklet if you have one. Better get one. It might save your life and that of your loved ones.

Sorry to hear of the death of Henry Merrill of Fowler Creek Road. Wednesday. Burial was at Independence Cemetery. Saturday. A niece, Mrs. Roy Darsley, lives here in the Tower.

Two mules, one white and one black, were wandering on the road in this vicinity Thursday and Friday. Telephone calls were made to different parties known to have mules but so far the owners have not been located.

Randolph Gibson is the proud owner of a brand new tractor, the latest model with all the improvements. It is also more powerful than the one he operated last year.

Mr. and Mrs. Bob Snyder of Barboursville, Ohio, and Mrs. Tony Blaser and Mr. and Mrs. Roy Ormon, relatives of Mrs. Merrill, attended the military funeral of Henry Merrill, her husband, here Saturday.

Bob Mathis of "Camp Hungry" played the part of the good Samaritan Wednesday, when the writer was stranded near his place. He was Johnny-on-the-spot and brought us home on his way to work on the railroad in Cincinnati.

One of the old landmarks in Whites Tower is being torn down this week, which will make a much needed improvement at Bide-A-Wee. Jess Webster is doing the work.

Mr. and Mrs. Jack Baynum and Mrs. Leon Ryle attended church at the Valsala Baptist Church, Sunday.

We are sorry to report the death of another prominent resident of the Tower, Mrs. Bertha Wilde. She was the mother of Walter and Harry Wilde, who live near Damon's grocery. Her maiden name was Leenahan. Funeral services were held Monday.

Mr. and Mrs. Joe Blau spent several days last week at Urbana, Ill., where they attended the wedding of Mrs. Blau's brother, Charles Alvey, to Miss Lois King. Carole Brinkley is trying to find his red mule bound with collar and nameplate on same, missing since last Wednesday.—E.J.R.

CRITTENDEN

Mrs. Ervin Carter and two children and Mrs. Elbert Dallas and son of Zion Station, spent Friday with her sister, Mrs. Kenneth Holbrook.

Mrs. Agnes Hemingway, formerly of this place but now of Covington, is critically ill.

Mr. and Mrs. Billy Roy Hitch of Covington, spent Sunday with his mother, Mrs. Bertha Hitch.

Jim Peebles remains quite ill at his home on Lebanon Road.

Mr. and Mrs. George Roberts and children spent Saturday with Mr. and Mrs. Winston Forehan of Piner.

Mr. and Mrs. Osa Hallon and two children of Covington, spent the week-end with her parents, Mr. and Mrs. Shelby Hise.

Melvin Mullins has moved into the house of Clarence Riley.

Mr. and Mrs. Paul Alexander are rejoicing over the arrival of a baby boy, their second heir.

Danny Lee Stone, who has been ill several weeks is much improved.

Mrs. Sarah Burgess is slowly improving at St. Elizabeth Hospital.

Directors of the Oldham County Sheep Protective Association went to Owen county to see how the dog law was being enforced.

VERONA

Mr. and Mrs. Jim Lamm spent Saturday night and Sunday with Mr. and Mrs. Elmer Reffitt and sons of Erlanger.

Mr. and Mrs. D. R. Chapman and Mrs. Vivie Webster entertained with a birthday dinner Sunday in honor of Mr. Chapman, Glenn Webster, Kathleen Webster and Hazel Webster. Those who were present were Mr. and Mrs. Glenn Webster, Mr. and Mrs. Clifton Webster and three children; and Mr. and Mrs. Leo Webster. Afternoon callers were Mr. and Mrs. Harry Chapman, Mr. and Mrs. Herbert King, and granddaughter, Mr. and Mrs. Lloyd Yates, and May Wilson.

We were glad to see Billie Mac and Marion Arch Waller home over the week-end. Billie Mac is stationed in Washington, D. C. now. He left to return there Monday.

Mrs. Lizzie Noel, Pearl Lamm and Florence Edgington were calling on Mrs. Mac Webster, who still remains ill.

Mrs. Sue Glover spent Saturday night and Sunday with Mrs. Lucy Donnelly of New Liberty.

Plant Food Plus Enough Stalks Key To Top Corn Yields

Good management gives extra bushels of corn per acre.

IF YOUR sights are set for top yields per acre on the 4 acres you have in corn this year, here are some suggestions from the Middle West Soil Improvement Committee, based on reports from Corn Belt agronomists:

1—Keep your soil's fertility level high by adding plenty of fertilizer. A soil test can be a good guide in suggesting the amount and kind of fertilizer needed to supply the corn plants with all the nitrogen, phosphate and potash they need for high yielding growth. Many farmers find it pays to plow down a complete fertilizer before planting time, then add a starter in the row and side dress later with extra nitrogen.

2—Plant enough stalks to match the soil's nutrient and water supply. Many farmers lose profits by not having a large enough stalk population to make full use of the plant food and water available.

3—Add regularly to the soil's active organic matter supply. This can be done by returning manure, plowing under crop residues and "green manure" crops and growing and crops regularly in the rotation.

4—Use mechanical conservation methods such as contouring and strip cropping, where needed, to combat erosion and save more rain for your crops.

5—Plant proved, high yielding hybrid strains.

All these steps are important in getting top yields, but the cornerstone of the entire program is high soil fertility accompanied by a stalk population big enough to match the soil's corn growing ability.

Well Fed Pasture Yields 309 Pounds of Beef Per Acre

MINNESOTA soils specialists report that fertilized pastures can produce twice as much beef per acre as unfertilized pastures, according to a statement by the Middle West Soil Improvement Committee.

In tests at the Rosemount, Minnesota experiment farm, the fertilized pastures yielded 309 pounds of beef per acre, compared to 138 pounds on the unfertilized pastures. The fertilized pastures gave 177 steer days per acre. The unfertilized gave only 121.

The fertilized pastures produced 37.40 more beef per acre than the unfertilized field. Beef production was worth \$66.46 on fields built up by soil improvement, as against only \$29.96 per acre on the unfertilized pastures.

The soil building program increased the pastures' cattle carrying capacity by 50 per cent. During September last year, there were 15 steers per acre on the fertilized pastures compared to only 10 on the unfertilized pastures.

The University of Minnesota research men report that only 500 pounds of 5-20-20 fertilizer per acre was used to establish thicker growth on the fertilized pastures.

Mrs. Mae Webster's mother of Central City, Ky., came up Friday to stay awhile with her daughter, who is very ill. We hope for her speedy recovery.

Mrs. Little Noel spent Saturday with Mrs. Patti Waller and sons.

Mr. and Mrs. Landis Perry were visiting her parents, Mr. and Mrs. Ed Chipman, Saturday night.

Paul Perkins, who has been home on a two-week furlough, has returned to the Marine base where he is stationed. He said it was so cold there he hated to return. It was 50 below zero when he left here to go back, his parents, Mr. and Mrs. Joe Perkins, stated.

Mrs. Iris Hughes spent the day Thursday with her parents, Mr. and Mrs. H. D. Edgington.

J. T. Roberts visited his children in Covington, over the weekend.

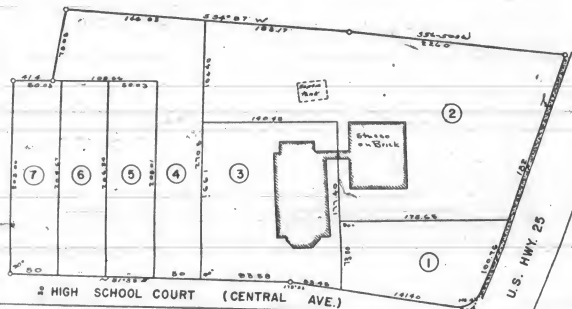

Members of Washington county 4-H club, already have four calves on feed for this year's show.

Big Bone W.S.C.S.

The February meeting of the Big Bone Methodist Church W.S.C.S. was held in the home of Mrs. Melvin Moore, with Mrs. Eugene Schwenke in charge of the program, "New Ventures on Old Roads." It was about future missionary and deaconesses of the Women's Division of Christian Service and the basic qualifications needed by them. They need to hear an inner "whisper," that is they should consciously experience some kind of spiritual call; they must be willing to join an interracial and ecumenical team; that is appreciative of the other historic churches and they must consider themselves expendable, that is, have a life that is available for sacrifice in order that the overall objective might be attained.

Assisting with program were Mrs. Raymond Landy, Mrs. Charles Black, Mrs. Melvin Moore, Mrs. Robert Black, Mrs. Conner Carroll led in prayer, Mrs. Elmer Kidwell gave contour of article, "Magnet in Korea," from World Outlook, Ewa Woman's University in Korea is a magnet for the girls in Korea. Songs and verse, "The Kingdom is Coming," and "Jesus Calls Us."

Vice president, Mrs. Melvin Moore, presided over business session. Minutes were read by Mrs. Charles Black. Dues were collected. The March meeting will be with Mrs. Richard Schwenke, Sr., The World Day of Prayer will be observed February 25. This charge will join Richmond Presbyterian Church in observation of this day at Richmond, Friday at 7:30 p. m.

Attending meeting of W.S.C.S. were: Mrs. Scott Jones, Mrs. Conner Carroll, Mrs. Eugene Schwenke, Mrs. Melvin Moore, Jr., Mrs. Kananza, Mrs. Charles Black, Mrs. Raymond Landy, Mrs. Chas. Melvin, Mrs. Robert Black, Mrs. Robert Black, Mrs. Benny Sellers, Mrs. Richard Schwenke, Mrs. Lon Wilson, Mrs. James Jones, Mrs. Elmer Kidwell and Mrs. Melvin Moore, Sr.—Pub. Chm.

CIRCULAR DESCRIBES STRAWBERRY GROWING

A new circular of the University of Kentucky College of Agriculture and Home Economics offers valuable suggestions to the hundreds of farmers all over the state interested in growing strawberries.

Strawberries were grown in Kentucky in the 1930's on about 10,000 acres, and may again be grown on several times that acreage, according to wide-spread interest. Where the income from berries was over a million dollars annually, it might now be several times that much.

The circular, which may be obtained at any county agent's office, deals with all phases of growing and selling strawberries. Included is information on the best kinds to grow, soil management, getting the plants, picking and selling the berries, care of the patch, and controlling insects and diseases.

It is stated that "most farmers are not aware of the fact that strawberries can be as profitable as tobacco, or even more so. Another important consideration is that strawberries fit in well with tobacco production, bringing income in the spring when it may be badly needed. "Since tobacco acreage is limited, strawberry production presents an excellent opportunity for a farmer to grow another high-income crop."

The closing part of the circular tells about overbearing strawberries, once called by some persons "never beggers." A new method of culture makes ever-bearers successful. First-year yields at the Agricultural Experiment Station at Lexington were 7,000 to 13,000 quarts an acre.

PVT. BEEMON IN JAPAN

Army Private Donald L. Beemon, son of Mr. and Mrs. Raymond Beemon, of Florence, Route 1, recently arrived in Japan and is now a member of the First Cavalry Division. Now in Japan, the First Cavalry Division has been in the Far East since World War II.

Pvt. Beemon is a 1954 graduate of Florence High School. He completed basic training at Ft. Knox, and was a carpenter before entering the Army.

New Soil Conservationist

M. W. Bell, Flemingsburg, Ky., a soil conservationist, will assume his duties in Boone county, March 1. He comes here from Carlisle, Nicholas county, where he has been located for the past two years. He will reside at Florence.

Mr. Bell replaces Floyd E. Kells, Florence, who has been in this district since 1950. In leaving, Mr. Kells said he appreciated the cooperation of all in his work in this county.

BIRTHDAY DINNER MAR. 2

The first annual church wide birthday dinner will be held next Wednesday, March 2, at 7:00 p. m., in Fellowship Hall of the Walton Christian Church. Lloyd Clements has completed a program of local speakers. All church and Sunday school families are invited. Each one is requested to bring food and sit at the table representing the month of birth. No one need make reservations—come one and all.

Sunday morning Rev. C. A. Vaughn will speak on "Power of Penitence." Great interest is being expressed as the church looks forward to the Jones-Smith revival, beginning March 27 and continuing through April 10.

All attended the funeral of their uncle, John Stephenson, at Florence, that afternoon.

Wake Up Gardeners Is the Plea of Local Rose Enthusiast

On February 22 was born one of America's foremost farmers and horticulturists, the father of our country, George Washington.

It is therefore altogether fitting and proper, this week, at the very first signs of bursting bud, crocus and tulip tips, that we call attention to those among us who want to make our town better and more beautiful through horticulture.

Mrs. William Upton is one of these. She is deeply interested in social and civic improvement, also she has a hobby—roses. God greatly blesses everyone who has a worthwhile hobby. She began this only a few years ago, and now her house and grounds are a bower of potential beauty, made so by the planting of hundreds of rare hybrid roses.

Mrs. Upton invites you to see her roses. She takes time to show you around and tell you the name of each one. She gathers the roses every morning and hands them around to her friends and neighbors. This spring she hopes to have enough cut flowers to donate to the several churches of the community.

Last autumn she started a commercial rose garden. I hope to see this grow into a blooming success, where we can satisfy our rose craze in home grown beauties.

I assure you a visit to her garden, when roses bloom again, will be one of the most delightful experiences of the season.

—submitting this article, that I might urge more of our citizens to pluck the ugly thorns and plant roses instead.

BEECHGROVE HOMEMAKERS

"Do not wash hooked rugs in a machine clean outfit with a sweeper, never shake or place in washing machine," was the advice Mrs. William Wolsing club leader, told members of the Beechgrove Homemakers Club last Tuesday afternoon.

Mrs. F. M. Powers, president, gave a report on the Advisory Council meeting, and members were asked to list their choice of project which will be offered in the program of 1955. Members of the club attended the Farm and Home Convention in Lexington. Chairman reports were given and plans made for a work day to be held at 10:00 a. m. February 23, in the home of Mrs. Wm. Endres, Richardson Road. Pennies for Friendship were collected. Mrs. Roy Kunkler was hostess and Mrs. Stanley Parker co-hostess for the meeting.

Responding to roll call were Mesdames: Frank Atterkirch, Gregory Bramlage, Wm. Clinkenberg, Howard Clark, William Endres, George Fennell, Roy Kunkler, Louis Lee, William Meyer, Fay Powers, Ed B. Sterling, Ed A. Sterling, James Knebel, Gus Schadler, Stanley Parker, Verner Stephens, William Watson, Sam Quirk. Three visitors were welcomed.

Miss Zelma Byerly, Kentucky county demonstration agent, Mrs. Jack Gorman, and Mrs. Ray Mac Hale.

The March meeting will be held in the home of Mrs. Louis Lee.

Chili and Fish Supper

A chili and fish supper, sponsored by the Simon Kenton Band Boosters, will be given Tuesday, March 1, from 5:00 to 9:00 p. m., in the school cafeteria.

Homemade pie and coffee will also be served. Tickets are 50 cents each, and may be purchased locally at the Webster Radio Service shop.

Independence Homemakers

Eleven members of the Independence Homemakers Club were entertained in the home of Mrs. J. C. Reynolds. The greeting was presided over by Mrs. John Leslie. The lesson on hooked rugs was presented by Mrs. Charles Davis and Mrs. Aaron Neimhaus.

Guests included Miss Zelma E. Byerly, Home Demonstration Agent, Mrs. E. T.

Returns from Hospital

Mrs. Otis Wolfenbarger, Elliston, formerly of Walton, returned to her home last Thursday from St. Elizabeth Hospital where she underwent surgery February 13. She is getting along nicely.

What Have You Got?

ORDINANCE NO. 246

An Ordinance providing for the amendment of Section Six (6) of Ordinance No. 227 of the City of Walton; providing the penalty for overtime parking, providing for the presumption of

knowingly violating the Ordinance by the owner of the vehicle and allowing the citation for overtime parking to be used as prima facie evidence against the car owner and fixing the penalty therefor; permitting the mayor, by order, to fix the type of citation and/or notice

and providing for courtesy notices for non-residents of the city.

WHEREAS, the City of Walton, Kentucky has encountered some trouble in the application of Ordinance No. 227, as enacted on July 26, 1953, and;

WHEREAS, it appears necessary to make the Ordinance more specific and the method of procedure thereunder more definite;

Now, Therefore, The City Council of The City of Walton, Kentucky, does ordain as follows:

Section 1. That section six (6) of Ordinance No. 227 be and it is repealed, and the Ordinance amended and re-enacted and designated Section 6 and subdivided by (a), (b), etc., in words and figures as follows, to-wit:

Section 6 (a) That persons who park in the areas covered by the Parking Meters for a period of time in excess of that covered by the coin deposited in the meter or when no coin has been placed in the same, and the meter reads, "Violation," then in that event it shall be the duty of the Police Officer of the City to place upon each vehicle a notice and citation to the owner or operator thereof, that such vehicle has been or is parked in violation of this Ordinance, instructing the owner or operator of the vehicle, that it is his duty within twenty-four (24) hours to report the violation to the Police Judge in the City Building at Church and Main Streets and pay to the Judge, as a penalty for such violation, the sum of \$1.00, which shall be the full penalty for violations so reported.

Section 6 (b) That all persons who work in areas designated, "No Parking," whether the same be by fixed signs placed on a permanent basis or a temporary basis by proper order of the Mayor, or a "Loading Zone," shall be given the same type of notice as provided for in Section 6 (a) and given the same penalty, except that if a person found so parked shall have paid a penalty or been found guilty and found to have violated the same Ordinance in the same manner within ninety (90) days, in which event the punishment shall be as hereinafter set forth.

Section 6 (c) The violation of any section of provision of this Ordinance by reason of a motor vehicle having been parked longer than the proper period in a metered area, or, in violation of a "Loading Zone," or "No Parking Area," in the absence of an appearance in Court by the owner or operator thereof to defend shall be treated by the Court as Prima Facie Evidence, that such violation was committed by or with the authority or the permission of the owner of such vehicle.

Section 6 (d) The officer giving the Notice and/or Citation to the owner of a vehicle parked in Violation of this Ordinance shall do so by placing a notice on the Windshield of such a vehicle, which shall contain the information required under section 6 (a) herein; and the officer shall obtain all information, as to the license, make and model of car, the time and place of violation, and the name and address of the owner and operator of the car, and any other information the Mayor may direct.

Section 6 (e) The Mayor of the City may, obtain authorization from the City Council, at a regular meeting and noted in the minutes of Council, to direct the police, in writing, to give appropriate "Courtesy Tags," to persons who may violate this Ordinance, where it is shown that such violator does not reside with Boone County, Kentucky or any County which borders on Boone County, Kentucky; and the Mayor shall fix the type of "Courtesy Tags," which will be used, both as to form and all details and no penalty shall be imposed in the same, but a request for meter deposit may be included.

Section 6 (f) That all persons who fail to report and pay a penalty of One (\$1.00) Dollar for parking in a metered overtime, or parking in a "No Parking Area," or "Loading Zone," shall be proceeded against by summons or warrant as provided in Section 10 and other sections of the Criminal Code of Practice of Kentucky, for use in such cases.

Section 6 (g) That all persons found guilty of violating this Ordinance shall be punished by a fine of not less than Three (\$3.00) Dollars and not more than Twenty-five (\$25.00) Dollars for each such offense and costs.

Section 2. That all Ordinances or parts of Ordinances in conflict with this Ordinance shall be deemed to be repealed.

Section 3. That this Ordinance shall be in full force and effect from and after its passage and publication as by law required.

Passed by the City Council of the City of Walton on February 21, 1955, by the vote of 4 members of Council.

The manager enjoys the distinction of being an authority on the value of cars and trucks, and if you are thinking of

selling your car or trading it in, you should have their appraisal before making a deal.

They offer used cars for a small down payment and the remainder can be arranged on easy monthly payments. This gives one the time to pay and make the money out of the car that is paid for it.

We take pleasure in this business review in directing your attention to Hicks Ford in Covington.

SCHNEIDER CLEANERS

The Finest in Cleaning, Pressing and Alterations. 6708 Dixie Highway, Florence, Ky. Phone AT 3-4233.

The latest cleaning machinery in their plant makes it possible for them to turn out work that is not only clean, but they handle the most delicate fabric as carefully as you would in your own home. The service has met with instant approval by all who have had work done by them.

It is a pleasure for the editor of this review to point out the most cleaners as one of the leading enterprises of this section of the state and to say that it has been eminently fair and honest, and that they have won for themselves the reputation of being the leading concern engaged in this special field of endeavor. It is to your advantage to transact business with them. For anything in cleaning, pressing, alterations, contact the Schneider Cleaners at 6708 Dixie Highway in Florence, Ky. Phone AT 3-4233.

DIXIE WHOLESALE GROCERY, Inc.

Wholesale Distributors of Fine Foods, Featuring All Gold and Lush-us Fancy Canned Fruits and Vegetables. 31 West 8th St., Covington, Ky. HE 4743.

This modern, up-to-date concern is a tribute to the home community. This is a home institution and deserves your liberal support.

It is a well known fact that there is no one institution in the community that has met with greater favor with the public than this well known establishment. By reason of the fact that the management has had wide experience in

every feature of this business and because of their comprehensive knowledge of every branch of the trade, this establishment has continued to witness the increase in the number of their patrons.

They deal on a large scale and their activity is conducive to the progress and expansion of the community in no small degree.

Thoroughly familiar with the conditions and a wide experience in this particular field of endeavor, the management of this enterprising concern has been able to render a service to the people in their line that is distinctly satisfactory.

Koehler Bros. Auto Sales and Service Co., Inc.

Studebaker and Packard Sales, Service and Parts. 1935 Models Now On Display. 43rd Year in Business; Large Selection of Clean Used Cars. 231 Monmouth St., Newport, Ky. HElnock 2556.

This progressive concern has a line of cars that is complete in itself. The Studebaker-Packard line has a type and price car to suit every taste, as well as the pocketbook. They have a car to fit every motorist's need.

From the first, these have been outstanding cars, and now they have introduced new models designed and executed to inspire admiration to such a point that they will, at once, replace anything that has gone before and bring into existence an entirely new motorizing vogue. These up-to-date cars are the most

artistic and distinctive, most radical, striking and stylish, and the most luxurious cars they have ever built at or near their price. They are the largest, fastest and most comfortable, not to mention the smoothest and quickest at every speed. You must see these striking new standards of beauty and performance at their show rooms.

We are confident that all who are even remotely interested in progress of motor car activity will feel amply repaid by their immediate inspection of these completely new Studebaker and Packard cars and trucks.

In conclusion, we desire to compliment this highly efficient distributor upon their good fortune in being the representative for a worthy line of motor cars.

BRADLEY PAINT STORE

Operated by Hope Conner Bradley. Dupont Paints, Wallpaper, Painters' and Paperhangers' Supplies. Dixie Highway and Yount Streets, Florence, Ky. Phone AT 3-2301.

These people are thoroughly familiar with the manufacturing, wholesale and retail conditions of the business in the paint trade of the country. In this edition we desire to compliment them upon the standing of this store in the business world of this part of the state.

The matter of paints and wall paper is a most important one. They have left nothing to chance. The points and wall paper offered by them have been scientifically tested and found to be the best possible. The prices are also the lowest possible, and the service is rendered under direction of a management thoroughly conversant with every feature of the business. We might sum it all up by saying that it is quite appropriate to give this establishment the title of "paint and wall paper headquarters."

The management and the establishment are important features of the life of the community and no matter what may be your needs in this line, when you call at their location you will find them courteous and accommodating, efficient and capable.

Heating and Piping Contractor; Radiant Heating, Industrial Piping, Auburn Stoker Distributors, Gas, Oil, Coal, 216 West 14th St., Covington, KYel 3159.

This outstanding business offers a most comprehensive service in installation of radiant heating, having completed work on some of the finest buildings in this part of the state, both new construction and repairs.

They have made a deep study of heating systems and will only sell you the right equipment to properly heat your home, store or apartment. They are also thoroughly reliable and

safe with whom to entrust your work in this line, no matter how large or how small it may be. If you are figuring on any work, let them help you make up your plans and the many little conveniences that are new and up-to-date will be included, while you will find that consultation here will save you money.

They not only do work in town, but are called all over this section, and have many examples of their workmanship in this area.

This up-to-date concern knows the heating business from A to Z, and when they advise you about anything in this line you can depend upon what they say.

Complete, Friendly Banking Service; Member F. D. I. C.; Personal and Real Estate Loans. 14 Dixie Highway in Erlanger, Ky. Dixie 5832.

One of the institutions that gives stability to the financial and commercial interests of this section is this modern banking house. From the day that it first opened its doors to the people, it has always been under the management of conservative, yet progressive men of broad and liberal views in the matter of caring for their patrons' needs, yet men who have carefully guarded their best

interests of the depositors, by demanding the fullest security and adhering to the cardinal law of finance—This inviolable policy has gained for this well-known bank the greatest confidence of the people of all the surrounding country and among its customers you will find a majority of the community's most prominent men and firms.

In making this review of the onward progress of the community, we compliment the Community Bank of Erlanger, its officers, directors and employees, and direct the attention of all our readers to this strong financial institution.

Kenton Tobacco Growers Discuss Growing Problems

Tobacco producers in Kenton county met at the Independence Courthouse last Thursday afternoon to discuss production problems with George Everett, field agent in Agronomy from the College of Agriculture, University of Kentucky, Lexington.

Mr. Everett used colored slides to illustrate planted management, control of wildfire and leafspot. He pointed out that many tobacco growers are planting soy beans in the planted ground after the planting season is over. The soy beans tend to keep down weeds. In late fall the soy beans are disked into the soil and this leaves the planted soil in good condition for next year's planting. Early maturing varieties of tobacco are important in Northern Kentucky counties because of a shorter growing season than the central part of the state.

Grow Quality Tobacco

Too much nitrogen on tobacco may damage the quality of the crop by keeping the tobacco growing too late. Plenty of phosphate is needed to mature tobacco. Plenty of potash is also needed for tobacco. The potash should come from sulfate of potash. Murate of potash should not be used. Be sure to look at the analysis on the tag and avoid fertilizers that get the potash from murate.

Mr. Everett told how the tobacco crop can be damaged by using insect spray materials like "toxaphene." This material leaves a disagreeable smelling odor on the tobacco. Buyers refuse to bid on crops that have been sprayed with this insecticide.

Tobacco Diseases: The important tobacco diseases were shown by colored slides also. The following circulars are of interest to tobacco growers: Tobacco Plant Bed Management, Circular No. 511; Fertilizing Tobacco, Circular No. 490; Tobacco Diseases, Circular 522. See your local County Extension Agent for copies of these University of Kentucky circulars.

Special Pre-Easter Sermon Topics At Christian Church

Last Sunday morning Rev. Charles A. Vaughn began a special Pre-Easter sermon series at the Walton Christian Church. He is using the "Last Seven Words from the Cross" as the basis of the messages.

March 6, topic, "Abolition to Sin"; March 13, "Thoughts of His Mother and John"; March 20, "Consciousness of God's hatred for Sin"; and March 27, "A Personal Cry." This will mark the beginning of the Pre-Easter revival to be headed by Rev. Duke C. Jones and J. B. and Gladys Smith.

The Department of Evangelism has requested every church and Bible school organization to pray and work for a great ingathering of souls for Jesus Christ. This revival is planned to revive the inactive and to reach the unreached in the community.

The Ladies Aid of the church will have a Pre-Easter bazaar sale, April 9, at Floyd Sebe's store. This has been an annual custom for many years.

The Crittenden Christian Church has voted to ordain Rev. Donovan Hill to Christian Church ministry and set the date as May 29, at 7:45 p. m. They have requested Rev. Charles A. Vaughn to plan the program and to arrange for the ordination. The Dry Ridge, Crittenden and Walton Christian Churches will participate in this special service. All Christian Churches in Northern Kentucky are invited to be represented.

Kenton Social Saturday

The Kenton and Community Volunteer Fire Department will hold its monthly bingo Saturday night, March 5, beginning at 8:30, in the fire house, Kenton. Charles Grizzle, chairman, announced that the usual refreshments would be served, and that proceeds would be used to purchase new equipment.

Legion Auxiliary to Meet

The regular meeting of Johnson-McElroy American Legion Auxiliary will be held at the Walton City Building, Thursday, March 3, at 8 p. m. All knowing themselves eligible to join the Auxiliary, please visit with us, you are always welcome.—Pub. Cfm.

The mobile X-ray unit will be in Boone county, March 17 through 23. The X-ray unit will be in Florence on March 17 and 18, 9:00 a. m. to 3:00 p. m.; in Burlington, on March 21, 1:00 to 4:00 p. m., and March 22, 9:00 a. m. to 3:00 p. m., and in Walton, on March 23, 9:00 a. m. to 3:00 p. m.

All persons who are 15 years of age or older are urged to make sure they do not have tuberculosis by having a chest X-ray. Any child less than 15 years old will be X-rayed if any member of the

immediate family has had TB. The examination is free and it will not be necessary to remove clothing.

The state of Kentucky has 9,008 active and arrested cases of tuberculosis. The death rate for tuberculosis is steadily decreasing each year, but nevertheless, tuberculosis is still a leading cause of death. In 1953, the latest year for which data has been tabulated, tuberculosis was the seventh leading cause of death with 642 deaths, making a death rate of 21.9 per 100,000 population.

5th District Cancer Society Meeting Is Held February 28

A meeting of the Fifth District of the Kentucky Division, American Cancer Society, was held at Town and Country, Monday, February 28, at 9:30 a. m. The district meetings are held in order to inform volunteers of the accomplishments and achievements of the Kentucky Division. Information concerning the general programs of research and education were presented. This phase of the program was of great interest to all concerned and will be of valuable assistance in making plans for the Cancer Crusade in Boone county, which will get under way April 1.

Luncheon was served at noon, and at the noon program, addresses were made by Mrs. E. C. Carroll, Executive Vice President, Charles E. Tucker, Executive Director, and a surgeon presented phases of the clinical program of the Kentucky Division.

The workers who were able to attend this very informative meeting from this county were: Florence, Mrs. Harold Conner, co-chairman, Mrs. W. H. Cammell, Mrs. Paul Cheney, Mrs. Harry Daugherty, Mrs. W. R. Davis, Mrs. W. E. Ditz, Mrs. Roy Lutes and Mrs. W. H. Wesler; Hebron Chairman Mrs. Omer Dolwick and Mrs. Herman Oberpohn; Walton Chairman Mrs. Irene Bickers and Mrs. Julia A. Rouse, and Mrs. W. D. Scroggin, Verona, County Chairman.

School Property Bids Scarce; Bids In On Lots Only

Although buyers shied clear of two school buildings offered for sale by the Walton-Verona Independent School District, bids were received on two parcels of property also offered for sale by the school board Monday night.

Don Roberts, chairman of the school board, said bids had been asked on the two-story school and adjacent gymnasium. They are being replaced by a new school on Alta Vista Drive, which is nearing completion.

A lot, 100'x141', received two bids: Austin Mann, Erlanger real estate man, bid \$1500, and James Alphin, Walton city clerk, bid \$300. The property is located at the corner of North Main Street and Central Avenue (High School Court).

Walton Volunteer Fire Department submitted a bid of \$2500.98 for a lot 200'x270' on Central Avenue. Chief Russell Groger said the firemen want the lot to use as a training site for firemen and testing ground for equipment. He said it also would be used as a picnic grounds and for social events.

No action was taken on the bids by the Board of Education.

The Alpha class of the Walton Baptist Church will meet at the home of Marie Jones, Thursday night, March 3, at 7:45 p. m., for its regular monthly meeting.

COLUMBUS L. HAMILTON

Columbus L. Hamilton, a Kenton county farmer living on Morning View, Route 1, died February 25 at St. Elizabeth Hospital, Covington. He was 72 years old.

Mr. Hamilton is survived by his wife, Mrs. Zetta Fisk Hamilton; two daughters, Mrs. Louise Moore of Beaver Lick, and Mrs. John Patton of Cincinnati; three sons, Everett Hamilton of Erlanger, James Hamilton of Newport, and Clifford Hamilton of Covington; two brothers, George Hamilton of Morning View, and Lon Hamilton of Cincinnati; and four grandchildren.

Services were held last Sunday afternoon at the Wilmington Baptist Church, Fiskburg, with burial in the Gardensville Cemetery. Swindler funeral home, Independence, had charge of arrangements.

Simon Kenton PTA Polio Drive

Simon Kenton P.T.A., assisted by the students of Simon Kenton High School, are sponsoring a polio drive in honor of Miss Gertrude Dorman, a former student in the high school, a polio victim. Mrs. Wadsworth Adcroft is P.T.A. chairman, assisted by Miss Lu Ann Elliott, a senior who is student chairman.

The drive will be held the week of March 7. Polio banks will be in each home room. Parents are urged to help the students make this drive a success.

Miss Dorman, who would have been a member of this year's graduating class, was a 10th grade student when she was stricken with polio. She is now a 11th grade student at Kenton County's Exceptional School of which Mrs. Pauline Walter is teacher.

Proceeds of this drive will be presented to the Kenton County Polio Committee in Miss Dorman's name.

SIDEWALK DISCUSSED

About the middle of February, the Walton City Council asked Noel Walton, City Engineer, to make a survey of Alta Vista Drive in regards to the laying of a sidewalk to the new school.

This proposal was presented to Council and residents of the street, Monday night, in a special meeting. Opposition was offered to the proposal, and after much discussion, it was decided to further consider the matter at the regular meeting of Council, March 14.

WALTON CIVIL DEFENSE

The organization of a Civil Defense Post in Walton will be the topic of a meeting to be held tonight (Thursday), March 3, in the City Hall, at which time two men from the National organization will be present to give full particulars.

Walton has been chosen as an observation post and must be manned by volunteers from this community. Every one is earnestly urged to attend this meeting. George W. "AB" Ryan is the chairman in Walton district.

Abroad Heavy Cruiser

Jesse L. Green, seaman, USN, son of Mr. and Mrs. Fred Green, Walton, is aboard the heavy cruiser USS Pittsburgh, which recently visited Hong Kong after participating in the successful evacuation of the Tachen Islands.

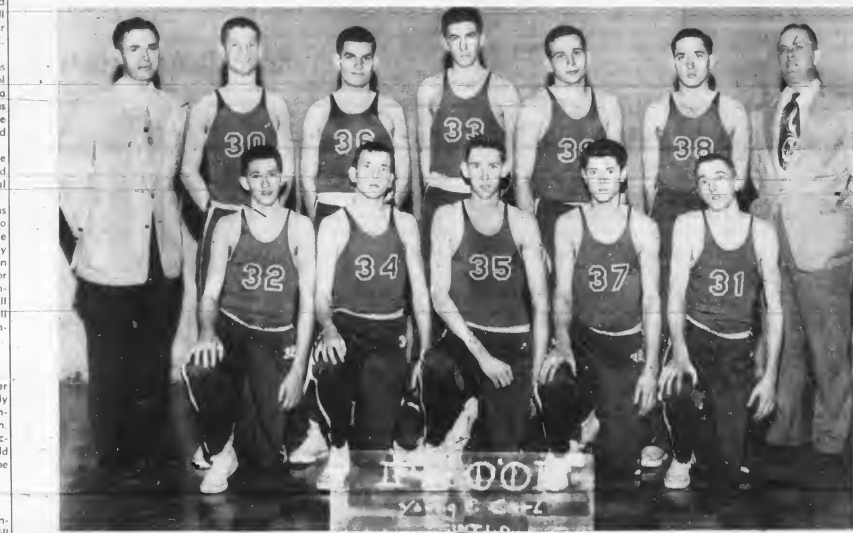

The Pittsburgh, a unit of the U. S. Seventh Fleet, was at Kukuoka, Japan, for liberty when the order came for her to join other units for the evacuation.

Walton Homes Are Damaged by Wind On Monday Night

The heavy wind that occurred Monday night did considerable property damage in Walton, and especially in one section—a strip on Nicholson Road in the city limits, which included rather heavy damage to the home of "Buddy" Whitson. This home had a large section of the roof torn completely off and carried into an adjoining field, also, an outbuilding was blown away. The home of Opal Simpson had water damage as one of the windows was blown out in the midst of the heavy rain. Several other homes in this area had serious roof damage and nearly all television antennas were blown down.

The Witty home, in the same section, had the basement wall cracked due to the heavy strain caused by the wind against the house. Lifts were out in this entire community for about one and a half hours.

The Gladys Hopewell B. W. C. of the Walton Baptist Church will meet this (Thursday) evening at the home of Mrs. Clifford Chace, South Main Street, for the observance of Week of Prayer for home missions. All members are urged to be present and bring special Annie Armstrong offering. Meeting at 8:00.

33rd DISTRICT BASKETBALL TOURNEY—Fans from five high schools, Boone County, Simon Kenton, Erlanger, Lloyd, St. Henry, and Walton-Verona, gathered last night (Wednesday) for the

first game of the 33rd District Basketball tournament. That game was between the important contests of the meet since it was between two of the favorites, Boone County and Simon Kenton.

The Pioneers are pictured above. Reading from left to right, front row, are Elliott, Cagpole, Bruckner, Mateoli, and Butler; back row, standing, Bill Faulkner, head coach; Vaughn, Heeger, Exeler, Ruebel, Rose, and Joe Reed, assistant coach.

Walton meets St. Henry tonight, at 8:00, and Lloyd plays the Boone-Kenton winner Friday at 8:00 p. m.

Kenton Tobacco Growers Discuss Growing Problems

Tobacco producers in Kenton county met at the Independence Courthouse last Thursday afternoon to discuss production problems with George Everett, field agent in Agronomy from the College of Agriculture, University of Kentucky, Lexington.

Mr. Everett used colored slides to illustrate planted management, control of wildfire and leafspot. He pointed out that many tobacco growers are planting soy beans in the planted ground after the planting season is over. The soy beans tend to keep down weeds. In late fall the soy beans are disked into the soil and this leaves the planted soil in good condition for next year's plant. Early maturing varieties of tobacco are important in Northern Kentucky counties because of a shorter growing season than the central part of the state.

Grow Quality Tobacco

Too much nitrogen on tobacco may damage the quality of the crop by keeping the tobacco growing too late. Plenty of phosphate is needed to mature tobacco. Plenty of potash is also needed for tobacco. The potash should come from sulfate of potash. Marine potash should not be used. Be sure to look at the analysis on the tag and avoid fertilizers that get the potash from marl.

Mr. Everett told how the tobacco crop can be damaged by using insect spray materials like "toxaphene." This material leaves a disagreeable-smelling odor on the tobacco. Buyers refuse to bid on crops that have been sprayed with this insecticide.

Tobacco Diseases: The important tobacco diseases were shown by colored slides also. The following circulars are of interest to tobacco growers: Tobacco Plant Management, Circular No. 511; Fertilizing Tobacco, Circular No. 490; Tobacco Diseases, Circular 522. See your local County Extension Agent for copies of these University of Kentucky circulars.

Special Pre-Easter Sermon Topics At Christian Church

Last Sunday morning Rev. Charles A. Vaughn began a special Pre-Easter sermon schedule at the Walton Christian Church. He is using the "Last Seven Words from the Cross" as the basis of the messages.

March 6, topic "Abandonment to Sin"; March 13, "Thoughts of His Mother and John"; March 20, "Consciousness of God's Hatred for Sin"; and March 27, "A Personal Cry." This will mark the beginning of the Pre-Easter revival, to be headed by Rev. Duke C. Jones and J. B. and Gladys Smith.

The Department of Evangelism has requested every church and Bible school organization to pray and work for a great ingathering of souls for Jesus Christ. This revival is planned to revive the inactive and to reach the unrepentant in the community.

The Ladies Aid of the church will have a Pre-Easter bake-sale, April 9, at Floyd Seiner's store. This has been an annual custom for many years.

The Crittenden Christian Church has voted to ordain Rev. Donovan Hill to Christian Church ministry and set the date as May 29 at 7:45 p. m. They have requested Rev. Charles A. Vaughn to plan the program and to arrange for the ordination. The Dry Ridge, Crittenden and Walton Christian Churches will participate in this special service. All Christian Churches in Northern Kentucky are invited to be represented.

Kenton Social Saturday

The Kenton and Community Volunteer Fire Department will hold its monthly bingo Saturday night, March 5, beginning at 8:30, in the fire house, Kenton. Charles Grizzle, chairman, announced that the usual refreshments would be served, and that proceeds would be used to purchase new equipment.

Legion Auxiliary to Meet

The regular meeting of the Johnson-McElroy American Legion Auxiliary will be held at the Walton City Building, Thursday, March 3, at 8 p. m. All knowing themselves eligible to join the Auxiliary, please visit with us, you are always welcome.—Pub. Chm.

The mobile X-ray unit will be in Boone county, March 17 through 23. The X-ray unit will be in Florence on March 17 and 18, 9:00 a. m. to 3:00 p. m.; in Burlington, on March 21, 1:00 to 4:00 p. m., and March 22, 9:00 a. m. to 3:00 p. m., and in Walton, on March 23, 9:00 a. m. to 3:00 p. m.

All persons who are 15 years old or older are urged to make sure they do not have tuberculosis by having a chest X-ray. Any child less than 15 years old will be X-rayed if any member of the

immediate family has had TB. The examination is free and it will not be necessary to remove clothing.

The state of Kentucky has 9,008 active and arrested cases of tuberculosis. The death rate for tuberculosis is steadily decreasing each year, but nevertheless, tuberculosis is still a leading cause of death. In 1953, the latest year for which data has been tabulated, tuberculosis was the seventh leading cause of death with 642 deaths, making a death rate of 21.9 per 100,000 population.

5th District Cancer Society Meeting Is Held February 28

A meeting of the Fifth District of the Kentucky Division, American Cancer Society, was held at Town and Country, Monday, February 28, at 9:30 a. m. The district meetings are held in order to inform volunteers of the accomplishments and achievements of the Kentucky Division. Information concerning the general programs of research and education were presented. This phase of the program was of great interest to all concerned and will be of valuable assistance in making plans for the Cancer Crusade in Boone county, which will get under way April 1.

Luncheon was served at noon, and at the noon program, addresses were made by Mrs. T. C. Carroll, Executive Vice President, Charles E. Tucker, Executive Director, and a surgeon presented photos of the clinical program of the Kentucky Division.

The workers who were able to attend this very informative meeting from this county were Florence, Mrs. Harold Comer, co-chairman, Mrs. W. H. Campbell, Mrs. Paul Chaney, Mrs. Harry Daugherty, Mrs. W. R. Davis, Mrs. W. E. Ditz, Mrs. Ray Lutes and Mrs. W. H. Wesler; Hebron Chairman Mrs. Omer Dulwick, and Mrs. Herman Oberphoff; Walton Chairman Mrs. Irene Bickers and Mrs. Julia A. Rouse, and Mrs. W. D. Scroggin, Verona, County Chairman.

School Property Bids Scarce; Bids In On Lots Only

Although buyers shied clear of two school buildings offered for sale by the Walton-Verona Independent School District, bids were received on two parcels of property also offered for sale by the school board Monday night.

Don Roberts, chairman of the school board, said bids had been asked on the two-story school and adjacent gymnasium. They are being replaced by a new school on Alta Vista Drive, which is nearing completion.

A lot, 100'x141', received two bids, Austin Mann, Erlanger real estate man, bid \$1500, and James Alphin, Walton city clerk, bid \$300. The property is located at the corner of North Main Street and Central Avenue (High School Court).

Walton Volunteer Fire Department submitted a bid of \$2500.98 for a lot 200'x270' on Central Avenue. Chief Russell Gogger said the firemen want the lot to use as a training site for firemen and testing ground for equipment. He said it also would be used as a picnic grounds and for social events.

No action was taken on the bids by the Board of Education.

The Alpha class of the Walton Baptist Church will meet at the home of Marie Jones, Thursday night, March 3, at 7:45 p. m., for its regular monthly meeting.

COLUMBUS L. HAMILTON

Columbus L. Hamilton, a Kenton county farmer living on Morning View, Route 1, died February 25 at St. Elizabeth Hospital, Covington. He was 72 years old.

Mr. Hamilton is survived by his widow, Mrs. Zetta Fisk Hamilton; two daughters, Mrs. Louise Moore of Beaver Creek, and Mrs. John Patton of Cincinnati; three sons, Everett Hamilton of Erlanger, James Hamilton of Newport, and Clifford Hamilton of Covington; two brothers, George Hamilton of Morning View, and Lon Hamilton of Cincinnati; and four grandchildren.

Services were held last Sunday afternoon at the Wilmington Baptist Church, Fiskburg, with burial in the Gardnersville Cemetery. Swindler funeral home, Independence, had charge of arrangements.

Simon Kenton PTA Polio Drive

Simon Kenton P.T.A., assisted by the students of Simon Kenton High School, are sponsoring a polio drive in honor of Miss Gertrude Dorman, a former student in the high school, a polio victim. Mrs. Weston Ashcraft is P.T.A. chairman, assisted by Miss Lu Ann Elliott, a senior, who is student chairman.

The drive will be held the week of March 7. Polio banks will be in each home room. Parents are urged to help the students make this drive a success.

Miss Dorman, who would have been a member of this year's graduating class, was a 10th grade student when she was stricken with polio. She is now a 11th grade student at Kenton County's Exceptional School of which Mrs. Pauline Walter is teacher.

Proceeds of this drive will be presented to Miss Dorman's name.

SIDEWALK DISCUSSED

About the middle of February, the Walton City Council asked Noel Walton, City engineer, to make a survey of Alta Vista Drive in regards to the laying of a sidewalk to the new school. This proposal was presented to Council and residents of the street, Monday night, in a special meeting. Opposition was offered to the proposal, and after much discussion, it was decided to further consider the matter at the regular meeting of Council, March 14.

WALTON CIVIL DEFENSE

The organization of a Civil Defense Post in Walton will be the topic at a meeting to be held tonight (Thursday), March 3, in the City Hall, at which time two men from the National organization will be present to give full particulars.

Walton has been chosen as an observation post and must be manned by volunteers from this community. Everyone is earnestly urged to attend this meeting. George W. "Al" Ryan is the chairman in Walton district.

Jesse L. Green, seaman, U.S.N., son of Mr. and Mrs. Fred Green, Walton, is aboard the heavy cruiser USS Pittsburgh, which recently visited Hong Kong after participating in the successful evacuation of the Tachen Islands.

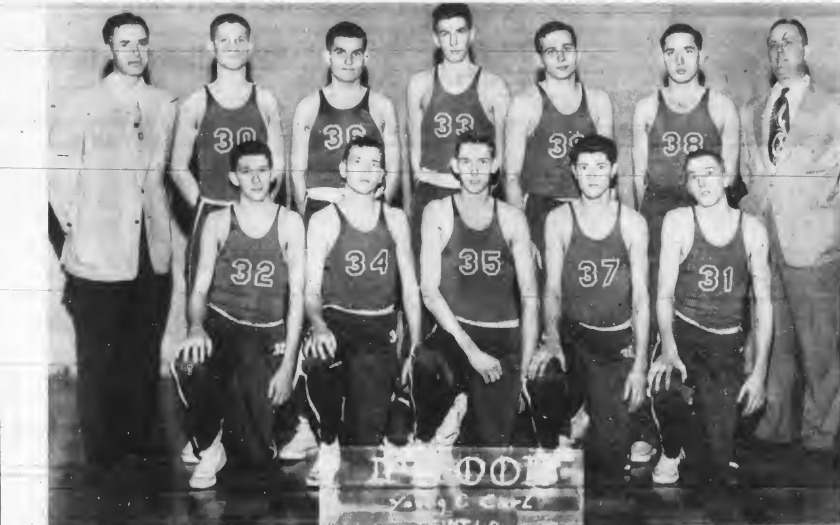

The Pittsburgh, a unit of the U. S. Seventh Fleet, was at Kukuoka, Japan, for liberty when the order came for her to join other units for the evacuation.

Walton Homes Are Damaged by Wind On Monday Night

The heavy wind that occurred Monday night did considerable property damage in Walton, and especially in one section—a strip on Nicholson Road in the city limits, which included rather heavy damage to the home of "Buddy" Whitson. This home had a large section of the roof torn completely off and carried into an adjoining field, also air conditioning was blown away. The home of Orel Simpson had water damage as one of the windows was blown out in the midst of the heavy rain. Several other homes in this area had serious roof damage and nearly all television antennas were blown down.

The Witty home, in the same section, had the basement wall cracked due to the heavy strain caused by the wind against the house. Lifts were out in this entire community for about one and a half hours.

The Gladys Hopewell B. W. C. of the Walton Baptist Church will meet this (Thursday) evening at the home of Mrs. Clifford Chatham, South Main Street, for the observance of Week of Prayer for home missions. All members are urged to be present and bring special Annie Armstrong offering. Meeting at 8:00.

33rd DISTRICT BASKETBALL TOURNEY—Fans from five high schools, Boone County, Simon Kenton, Erlanger, Walton, St. Henry, and Walton-Verona, gathered last night (Wednesday) for the first game of the 33rd District Basketball tournament. That game was one of the important contests of the meet since it was between two of the favorites, Boone County and Simon Kenton.

The Pioneers are pictured above: Reading from left to right, front row, kneeling, are Elliott, Coppoge, Bruckner, Matteoli, and Butler; back row, standing, Bill Faulkner, head coach;

Vaughn, Heeger, Exeler, Ruebel, Rose, and Joe Reed, assistant coach. Walton meets St. Henry tonight, at 8:00, and Lloyd plays the Boone-Kenton winner Friday at 8:00 p. m.

Your Service Medals and Ribbons:

Many million service medals and ribbons have been earned by men and women now living who once served in the Armed Forces of the U.S. Far from all of these have been received by those entitled to them. I, a veteran believe he is entitled to certain specific medals or ribbons, he may request them by name. If he is not certain, he may send a request to the proper office and simply ask that he receive all medals to which he is entitled. These are indicated on his service records on file. Requests for medals should be addressed as follows: Including full name, address and service serial number, to the proper office:

Navy and Marine Corps, write to: Chief, Bureau of Naval Personnel, Awards and Decorations Division, Washington 25, D. C.

Army, write to: Commanding Office, Military Personnel Records Center, 4700 Goodfellow Blvd., St. Louis 20, Mo.
Air Force, write to: The Air Adjutant General, Air Awards and Decorations Branch, Washington 25, D. C.
The medals and ribbons on hand to be issued upon request are for men and women who served with the Armed Forces previous to World War I, during WW I, WW 2, occupational service, during the Berlin Air-Lift, Korean or United Nations conflict, and for persons who have served since the Korea conflict with the Armed Forces. If you have served at any time in service, you are entitled to some ribbon or medal or both, if you born now!

Auto Licenses:

George A. Dunion, Deputy County Clerk, Independence, announces that 1,000 auto tags have been issued since the first of January. With references to last year's records, 500 persons have not purchased their auto tags. The deadline for the 1954 tags was March 1, after which new tags must be obtained. The office is open 9 a. m. to 4 p. m. Monday through Friday, and 9 to 12 noon on Saturday.

O.E.S. Instruction Class:

Helen West, Associate Matron of Bradford Star Chapter, 493, commenced the annual Instruction Class Wednesday evening, March 2, at 8 o'clock, at the Lodge Hall. All members, new and old, who have not received these instructions are cordially invited the classes, which are being held each Wednesday evening during the month of March. Mrs. West is being assisted by the Associate Patron, Bob West.

Moon Bros. Post, 275:

The next regularly stated meeting of Moon Bros. Post, 275, American Legion, will be held this (Thursday) evening. All members and potential members are urged to be present. Commander James Barhorst requests all persons interested in a game of basketball to come early and get in some fun before meeting time. Dues for 1955 will be accepted by the treasurer at this meeting.

Tax Booklet:

An official, simply written explanation of changes made by the new tax law now becomes available. It's the "Summary of New Provisions of the Internal Revenue Code of 1954," prepared by Congress's Joint Committee on Internal Revenue Taxation. It's available from the Government Printing Office, Washington 25, D. C. Price 40 cents.

Social News Wanted:

Your Independence news write is in need of social news and personal interest items for the Independence column. Whenever your club or social activities need to be advertised, just send the item to Bob West, Independence, and it will be in print in the next issue of the Walton Advertiser.

Personal Interest and Sick List:

Russell Ward and family are up and going again after spending a week confined to their home with colds.

Robbie Miller, son of Mr. and Mrs. Lafe Miller, Main Street, has been under a doctor's care, but he's doing fine now. Mrs. Nell Morgan is again back in Independence, among her old friends and neighbors. She is now residing in an apartment in Miss Lera Mills' home.

Leta Dorsey and daughter, Sara, are leaving for California, Saturday, to visit her sister.

Charlie Davis, McMillan Drive, recently returned from the hospital, where he has been receiving treatments for his eyes.

Robert West and family recently visited their friends, Mr. and Mrs. Arthur Schmidt and family, Loveland, Ohio.

All B'Hymer of the LLL Highway, who has been laid up with a back ailment, is feeling much better. He expects to be back on the milk truck in about a month.

Richard Howell of Blanchester, Ohio, nephew of Bob West, was recently on the Harris Rosedale talent television program. He plays a trumpet with a high school dance band, and does a very good job at it, too.

It's good to see Mary Riley waiting on customers again in Gordon's Grocery. However, she will have to take it easy for a while longer.

Mrs. Blanche Munk, Main Street, died at her home recently. She was under a doctor's care for many months. We extend sympathy to her family.

Carlos Petty of Banklick Street, was home recently, much to the delight of Patsy Bramback. Carlos has been stationed at Granite City, Ill., with the Armed Forces since returning from overseas.

It is said that Melody Lin, Main St., will be under new management soon.

Verona Homemakers

The Verona Homemakers met at the beautiful country home of Mrs. Stanley Fooks on Friday, February 18. Due to farm and home work and bad weather we were two weeks late with our regular meeting. Meeting was called to order by our president, Mrs. W. B. McCormac. After saluting the flag and reading our Homemakers creed, business was in order.

Aur agent, Miss Nancy Guilfoil, talked some on hooked rugs and brought needles and thread for the ones that were making rugs.

After a delicious fried chicken dinner and everything that goes with it, Mrs. Fooks opened the meeting by reading a part of the 25th chapter of Matthew, and all repeated the Lord's prayer. Then we sang some songs, and we were favored with a duet by Mrs. Bessie Mills and Mrs. Fran Mills, singing "The Rock That Is Higher Than I," which was enjoyed by all.

Then Mrs. Minnie Davis gave a report from the Home and Farm Week, which was very well done. After the finished, we all felt as though we had been there. We all thank her so much for bringing back such a wonderful report. We missed one of our faithful members which was sick, Mrs. John Kennedy.

Those answering roll call: Mrs. W. B. McCormac, Corine McCormac, Mrs. J. B. Lamb, Mrs. R. A. Stephenson, Mrs. G. Hamilton, Mrs. S. Fooks, Mrs. Minnie Davis, Mrs. W. E. Florence, Mrs. W.

FLORENCE

Mrs. T. B. Castleman had as her guest Tuesday of the past week a niece, Mrs. Charles Riggs Sherick of Covington, Mrs. Sherick, who had recently returned from Florida, stated that she did not enjoy her stay there as much as she had anticipated due to the cold weather in that state.

Congratulations to Mr. and Mrs. L. Thomas Utz of Lloyd Avenue, who are parents of a fine baby boy, born Feb. 23, at St. Elizabeth Hospital. The new arrival has been named Lewis Thomas. The Utzs also have a daughter, aged two

While calling on friends on U. S. 42 a few days ago we met our schoolyard neighbor, Lonnie Tanner, who is active and seemingly in good health and stated that he and Mrs. Tanner celebrated their 60th wedding anniversary in December. We wish them many more years to gether.

Dr. and Mrs. Robert West of Edwards Street, entertained at dinner Wednesday evening of last week, the honor guest being Mrs. Marie Kinnom, as it was her birthday. Also enjoying the evening were Mrs. Kinnom's father, John Brown, Masters Bobbie and Johnnie West, and the host and hostess.

Bud Sullivan has returned to his home on New Uri following an eye operation.

Mrs. Erwin Hahn and her committee will sponsor a pillow slip social Sunday, March 6, at 2 p. m., at St. Paul recreation rooms for the benefit of the March of Dimes. Games will start at 2:00, promptly. Join the fun and help fight polio.

Mr. and Mrs. Robert Smith of Union, are proud parents of a baby girl, born February 19, at St. Elizabeth Hospital. The little lady has been named Mary Ann. The Smiths also have a son, Billy. The P. J. Allens had as guests Thursday afternoon, his cousin, Stewart Smith, and wife of Middletown, Ohio. They also expected to visit his aunt in Cincinnati enroute home. Mr. Smith has been a long-time employee at the Middletown Post Office. Their son, Dick, and wife and three grandchildren are residents of LaCanada, Calif.

Sorry to report Mrs. Ardelle Tupman as being confined to Bath Hospital for the third time this winter. She suffered a repeat attack of pleurisy and slight lung infection. Her condition is somewhat improved, however.

Mrs. Clyde Arnold of Lucasville, Ohio was a weekend guest of Mr. and Mrs. Walter Kirkpatrick, and also visited an aunt, Mrs. Eva Osborn, who has been quite ill but is now improved.

Mrs. Clyde Anderson is confined in St. Elizabeth Hospital due to recent surgery. The best of luck to her.

Mr. and Mrs. Walter Kirkpatrick had as guests Sunday afternoon, Mr. and Mrs. Walter Clouder and daughter of Mt. Airy, Ohio.

In a recent communication to his brother, Carl, Dr. and Mrs. L. E. Rouse of Tavares, Fla., state that this was the coldest winter they have spent there. They are expecting the arrival of their son, Dr. Virgil L. Rouse, of Ludlow, for a ten-day vacation.

Mr. and Mrs. Buddy Arnold and children and Mrs. Nancy Bonar were Sunday visitors of the latter's father in Falmouth.

Saturday evening guests of Mr. and Mrs. Verrie Arnold of Center Street, were Bobby Rogers, wife and son of Bellevue, and Mr. and Mrs. Gosney and children.

Mr. and Mrs. George Baker and baby were Sunday guests of her parents, Mr. and Mrs. Lloyd Rouse.

Billy McKibben, son of Mr. and Mrs. Harold McKibben of Lloyd Avenue, is leaving this week for his new assignment in Germany.

Mr. and Mrs. Mel Shoemaker were visiting the Buddy Arnold family Saturday evening.

Victor Brunner, a former teacher in the Florence grade school, is moving to Indianapolis, Ind., having accepted a position with the U. S. Government.

Funeral services for W. Keene Souther, 74, were February 22 at 2:00 p. m., from the Stith funeral home, with Rev. R. H. Corger officiating, assisted by William Floyd, son-in-law of the deceased, who is a ministerial student in Dallas, Texas. Mrs. Kathryn Rowlette of Ft. Mitchell was soloist. A life-long resident of Boone county, Mr. Souther was an active member of the Pt. Pleasant Christian Church, had membership with Boone-Union Lodge of Masons, had taught in Boone county schools, and had engaged in farming. He leaves a son, Francis K. Souther of Florence; two daughters, Mrs. Dorothy Knox of Florence, and Mrs. Sally Floyd of Dallas, Texas; a brother, Gordon Souther, of Cincinnati, and three grandchildren. Interment was in Hebron cemetery. Sympathy is extended the family.

Mrs. Roy A. Johnson has returned home following an extended visit with her step-son in New Mexico.

Standard Gasoline
Has the Highest
Octane Rate Ever

W. G. Violette, president of Standard Oil Company (Kentucky), which has been serving the South with petroleum products for 69 years, announced that the new Crown and Crown Extra gasolines, which this Company's dealers began offering their customers March 1, are the highest octane gasolines in this Company's long history.

For the past several years," said Mr. Violette, "the petroleum industry has been developing higher and higher octane fuels which would enable car manufacturers to continually step up the compression-ratios of the engines in today's more powerful cars. As a consequence, the compression-ratios of the 1955 cars are at a new high.

To meet and surpass these new engine demands, Standard Oil has raised the octane rating of its premium grade Crown Extra gasoline to its highest octane of all time.

To enable users of regular-grade gas-

oline to likewise enjoy a new high in anti-knock performance, Standard Oil has also materially increased the octane-rating of its Crown regular-grade gasoline. Its octane, too, is the highest of all time."

**STANDARD
OIL**

ANNOUNCES ITS NEW GASOLINES WITH

HIGHEST OCTANES OF ALL TIME

The gasoline sensation for '55 is the new, much more powerful Crown Extra—the highest octane gasoline we've ever offered. It is the finest gasoline in this Company's 69 years of sales leadership, and assures every one of today's cars—regardless of compression ratio—its maximum in power, efficiency and engine protection.

To enable users of regular-grade gasoline likewise to enjoy a new high in anti-knock performance and power, our new Crown Regular gasoline also has the highest octane rating of any "regular" gasoline we've ever offered you. . . . Use these great new "Fuels of the Future" with confidence. They're ready now, at your favorite Standard Oil station.

National FFA Week Observed by Simon Kenton's Chapter

The 69 members of the Simon Kenton Future Farmers of America observed National FFA Week, February 20-27. The Kenton county chapter is under the guidance of John Ira Gray, Jr., adviser.

Don Whiteaker, president; Bob Carlisle, vice president; Fred Griffin, secretary; Gene Smith, treasurer; Shirley Elliott, reporter, and Ronald Kornady, sentinel.

An exhibit was shown in the lower hall show case in the school. This display was prepared to better acquaint the public with the F.F.A. of Simon Kenton, and it is hoped it served its purpose.

February 22, five members of the chapter participated in a radio program over WZIP. Larry Smith, freshman member, was the guest speaker.

The other four, Gene Gosney, Richard Wolsing, Ormer Holton and Mr. Gray, talked about George Washington and farming. The F.F.A. recognizes George Washington as one of the best early farmers.

PINER W. M. S. MEETS

The Woman's Missionary Society of Piner Baptist Church held its regular monthly meeting February 3, at 7:30 p. m., in the home of Mrs. Hazel Spaulding. Fifteen members answered roll call. Nine visitors were present, making a total of 24 adults and two children.

Visitors were present to observe the program and discuss organizing a night circle for women who work and for other reasons can't attend the day meeting. It was decided to meet the second Thursday night in March at the home of Mrs. Betty Sue Cook to organize the evening circle.

Community missions chairman reported flowers and fruit sent to several sick persons, 88 cards had been sent, and 61 visitors made. Collection \$12.72. Six women made 16 visits to Book Hospital.

The program topic in Royal Service was on Cuba and was given by several members, under the direction of Mrs. Christina Oliver. Mrs. Robert Wilson gave a beautiful devotional on Palm 3, comparing it to our Christian lives. The meeting adjourned with sentence prayers, to meet in the home of Mrs. Mary Elliott in March.

Refreshments were served to the following: Mrs. Lorena Forhan, Mrs. Norma Peebles, Mrs. Bertha Conner, Mrs. Reatha Wilson, Mrs. Waurega Rich, Mrs. Mary Oliver, Mrs. Rosella Spaulding, Mrs. George Baker, Mrs. June Beighle, Mrs. Lucy Beighle, Mrs. Mary Elliott, Mrs. Dorothy Yancy, Mrs. Anna Yancy, Mrs. Frances Gross, Mrs. Hazel Spaulding, Mrs. Louise Spaulding, Mrs. Alice Gayle Woods, Mrs. Wilma Collins, Mrs. Agnes Caldwell, Mrs. Betty Sue Cook, Mrs. Georgia Cornelius, Mrs. Myrtle Bell, Mrs. Christine Oliver, and Mrs. Melba Cook.

4-H'ers HEAR SPEAKERS

During the month of March, 4-H members throughout the county will be seeing pictures and hearing speakers, according to Nancy Guilfoil, Home Agent, and Ed McCandless, Assistant County Agent. The program was started in February.

Pat Scott, 1954 IFYE, who spent five months living and working with Austrian families, will be talking about the peoples of Austria; while Nancy Guilfoil, 1953 IFYE, who spent four months with French families, will describe her stay in rural and urban France.

Purpose of the program is to promote a better understanding of the people of the world and thereby help to bring about world peace.

Health Dept. Regulations

The following regulations were passed by the Boone County Board of Health at its last regular meeting. They are as follows:

Regulation 1: That all food handlers (grocery, restaurant, locker plant, and school cafeteria employees) and school teachers be required to have blood test and X-ray yearly.

Regulation 2: That no milk will be delivered to home or homes of consumers unless pasteurized.

Duval at Burlington, Mar. 7

F. E. Duval, Contact Representative for the Kentucky Disabled Ex-Servicemen's Board, will be at the Courthouse in Burlington, Monday, March 7, from 9:00 to 11:30 a. m. He will assist veterans and their dependents with claims for benefits due them as a result of their military service.

F.F.A. INITIATION AT S.K.

The Simon Kenton chapter of Future Farmers held their chapter degree initiation Tuesday, March 1. The following boys were raised from Greenhands to Chapter degree:

James Courtney, Bobby Cornelius, Jim Elliott, Shirley Elliott, Raymond Gabbard, Shirley Gilvin, Eugene Gosney, Lonnie Hughes Tommy Moffett, Tom Stephenson, Fred Schaeffer, Homer Tomlin, Ed Wagner, and Richard Wolsing.

In order to be raised to a Chapter degree, the boys had to earn so much money, stay in agriculture the following year, and many other things which are required to become a Chapter degree in agriculture.

Cream of Crop:

Those Kentucky boys who win appointments to the new air force academy will be the cream of the crop.

That much was made certain the other day when the air force announced that 5000 applications have been received. Out of that number, only 300 will make the grade and become members of the first class.

Inasmuch as appointments are by competitive examinations (in most cases) only the smartest and healthiest will get to join the corps of cadets.

The Warren County Agricultural Council will sponsor a sale of artificially bred heifers to help promote dairying.

FISKBURG

Mr. and Mrs. Joe Wilson visited Mr. and Mrs. Bill Gashorn, Saturday afternoon.

All were glad to see Mrs. Stella Guttridge out again after her illness.

We are sorry to report the death of a prominent resident of Fiskburg, Lum Hamilton.

Mr. and Mrs. Millard Martin had as guests Sunday afternoon, Mr. and Mrs. James Delaney of Covington.

Walden O'Doherty is in the hospital. All hope that he will be home soon.

Mr. and Mrs. Newt King and son spent the weekend in Covington visiting with Mr. and Mrs. Otis Hampton and daughter.

Mr. and Mrs. Chester Belew of Newport, are happy to announce the arrival of a seven and one-half pound son, born February 24 at St. Elizabeth's Hospital. They have chosen the name of Timothy Bruce for the little son, being welcomed by a brother, Steven. Mr. Belew is a brother of Mrs. Pete Menefee.

CARD OF THANKS:

We, the family of William E. Waller, take this means of expressing our appreciation to the hosts of friends for their many prayers, acts of kindness, and words of consolation during our recent bereavement.

Especially do we thank Rev. Kelly Kennedy, and each who had a part in the funeral service. Each kindness was deeply appreciated and will forever be remembered.

LIONS AUXILIARY MEETS

The February meeting of the Florence Lions Auxiliary was held at Southern Trails. In the absence of the president, Mrs. Elbert Bohon, who is visiting in California, the meeting was conducted by Mrs. Frank Reffitt, vice president.

Reports were made on help given the "adopted family" in the past month.

Following the meeting, recreation conducted by Mrs. Leo McKenny, was enjoyed by Mesdames Herbert Riehl, Noel Benson, William Burney, Henry Kroeger, Frank Reffitt, Curtis Ely, Roger McGuire, and Mrs. McKenny.

New Life in Christ

Lesson for March 6, 1955

THE human race is a strange mixture of friendship and quarrels. People can't get along without one another, or with one another either. People flock together in all sorts of clubs and organizations and yet many of their gatherings of people either spend their time fighting—some other groups, or even fighting among themselves. The trouble is that most bonds uniting men are neither deep nor strong enough to stand the strains Dr. Foreman life places on them. Business partnerships break up at the breath of failure; political combinations are as fragile as old china; while as for international alliances, most people have now forgotten that ten years ago Russia was counted one of our best friends and Germany our worst enemy.

The True Center

There is one fellowship, and just one, which is world-wide, which has cemented persons and peoples of the most diverse kinds, which has endured past the dying of innumerable other bonds and unions. This closest of all the bonds known on earth is the fellowship of Christian love. If some romantic person rises to ask if the bond of love between man and his wife is not the strongest tie between human beings, it must be pointed out that the records of the divorce courts show that the marriage bond is much less likely to break down where husband and wife are both practicing Christians. — that is to say, it is Christian fellowship that keeps marriage-fellowship from breakdown. Now what makes the fellowship of true Christians love so strong? It isn't that Christians are so much more lovable than other persons. The secret is not in the Christians, but in Christ. Why do iron filings gather so closely together around a magnet? Take the magnet away and they scatter easily. Take Christ out of the church and it soon falls apart in indifference and even bitter quarrels. "We love, because he first loved us," is the secret of right Christian fellowship.

Breaking Barriers

We have many barriers in modern life which divide us into tight groups, misunderstanding and often undermining one another. There are management and labor, urban and rural, adults and adolescents, white and Negro, high and low salary-bracket, and on. The fact is that none of these barriers is anywhere nearly so strong as was the line, in early Christian times, between Jew and Gentile, or between master and slave. These were simply un-crossable barriers. Master and slave, Jew and Gentile, were not class distinctions, they were iron-clad castes. The most astounding thing about the Christian church, in its fresh early years, — astounding even to leaders like Paul—was that these caste-lines had been erased in the Christian fellowship. Jew and Gentile remembered only that they both loved the same Christ who had died for the same Master and slave met as brothers when they became Christians. The sharpest human divisions faded in the light of the cross. So it is today. People who live in segregated churches, whether the segregation-line is economic or Christian fellowships that cross these human lines by the divine force of Christian love.

Questions for Church Members

The final test of a church, whether it is a true church, — whether a particular congregation has a right to call itself a part of Christ's true church, — the final test is that of fellowship. It would be a good idea for church members to give themselves a stiff examination on this line. Do the members of this church treat one another in a more brotherly way than outsiders do? Are social, racial, economic class-lines drawn between this and other churches, even inside the church itself, or is this one place where all meet on one common ground? Do the members share with one another, and if so, what do they share? Is there for example a sharing in prayer? If one member has had a high experience, do others hear about it? If one needs the other's prayers, is he free to say so, and why? Would a stranger to this church get the impression that this is a group gathered for convenience only, or a genuine fellowship of love?

(Based on outline copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community 1 See Service.)

Thank You God

Thank you, God, for my baby . . . and help me to be worthy of him. He is such a blessed little bit of humanity . . . so innocent, untouched by the many evils of the world.

There is so much to teach him, and You have chosen me to be his teacher. You have placed a soul in my clumsy hands, and I am humble before your gift.

How well I realize that in my wonderful task I need the help of the greatest Teacher . . . Your help. My constant prayer will be for guidance . . . so that I may teach my son what is right . . . so that I may set his tiny feet in the right direction on the path of life, and guide his dear little mind into the right channels.

And when the time comes, my son will go to Church . . . because the Church is Your home on earth, and there in Your presence all that I have tried to show him will have true meaning to him, and he will believe.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest teacher on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

INDEPENDENCE

City Clerk Resigns:

Charles Wilson, Independence City Clerk for the last two years, resigned his office recently at a meeting of the Town Board. Mr. Wilson's reason for resigning was due to the small amount of time he can be away from his business.

Miss Jewel Elbert was appointed to replace Mr. Wilson. Besides her duties

as City Clerk, the Board also gave her the new office of Police Court Clerk. This was necessary to relieve Police Judge Howard Stephens of his clerical duties so that he might devote more time to the court.

Just A Thought:

One of the consolations of old age is the fact that you can whistle while you brush your teeth.

Simon Kenton P.T.A. Minstrel:

The first meeting of the Simon Kenton High School P.T.A. for the purpose of obtaining the cost for the minstrel show, was called to order by Mrs. Dorothy Finney, last Thursday evening. She read the outline of the show and collected names of various well known persons in this area to participate in this wonderful show. Rehearsals will begin next Thursday, March 3. All persons assigned to this musical program are urged to be present. It's going to be a real hum-dinger of a show.

Independence Firemen to Meet:

The next regular meeting of the Independence Fire Department will be held Monday, March 7, at 8 p. m., at the Fire House. William Gabel Armstrong, president, assisted by Roy Halton, treasurer, and William T. Bach, secretary, will preside during the business meeting. All members are urged to attend.

O. E. S., 493:

The next regular meeting for members and officers of Bradford Star Chapter, 493, will be held Tuesday, March 8, at 8 p. m., at the lodge hall. New candidates will be initiated into the order, under the recent changes made at Grand Lodge, Louisville. All members of the order are cordially invited to attend.

All members of Bradford Star Chapter are also invited to attend the instruction classes given by Helen West.

Parking Areas:

The Independence Bank and Kenton County Farm Bureau are providing parking areas for their employees and patrons. These areas are located on McCullum Street, in back of the bank building and alongside the Farm Bureau, every Wednesday evening, during March at 8 p. m. in the Independence Bank Building.

Jeannette Beers, Worthy Matron, and C. D. McDannold, Worthy Patron, will preside at the regular meeting and initiation. Refreshments will follow the business session.

National Girl Scout Week:

National Girl Scout Week will be observed March 6-13. All Scouts will attend church, Sunday, March 13. The Catholic Scouts will attend, in a body, the 8 o'clock Mass at St. Cecelia church, and the Protestant Scouts will attend the 11 o'clock service at the Christian church.

The annual Girl Scout cookie sale will start March 11. Every Scout who sells 25 boxes will have their registration paid and those selling 75 boxes or more will be given a special treat. We hope the community will be ready to purchase their share of cookies.

The birthday party will be held April 16 at Simon Kenton school. During K.E.A. week, the troop will make their annual tour of some interesting points in Kentucky. This year they will visit Berea College, as well as several other historical places.

Kenton Elementary P.T.A.

Charles E. Scull, acting supervisor of the School Health Department for the State of Kentucky, spoke at the recent meeting of Kenton Elementary P.T.A. and presented a movie titled, "The School Health Program in Action." Harold Earl, sixth grade teacher, gave the devotional. Mrs. Forest Papp's second grade room won the attendance award for the month. A musical program was presented by Kenton Elementary Mothersingers, directed by Miss Milner Rigg. Mrs. Woolson Ashcroft, president, presided over the business meeting at which a year round health program was inaugurated for the school.

It was decided that the P.T.A. will sponsor the Brownie Troop of the school and to have a Student Aid Week in March. Fathers' Night will be observed at the March meeting, which has been set forward to March 10.

Mrs. Carl Wicklund, Mrs. Frank Dougherty, and F. D. Catron, principal, were elected to serve on a nominating committee. Mrs. Frances Keeney, past president, was honored at a silver tea, held in observance of Founders' Day.

Personal Interest and Sick List:

Robbie Miller, son of Mr. and Mrs. Lyle Miller, has been under the doctor's care, but is feeling much better now. Sandy West, Main Street, has returned to school after being out with a virus infection. Sandy was under the doctor's care.

Mrs. Nell Morgan is again back in Independence among her friends and old neighbors. She is residing in an apartment in Miss Leng Mills' home on Main Street.

Charlie Davis of McMillan Drive, has recently returned from the hospital where he has been receiving treatment.

Bob West and family visited his parents in Blanchester, Ohio, last Sunday. Joe Maus, Sr., Stevens Road, returned recently from Florida, where he and his family have been enjoying sunshine and fresh air. Joe also went deep-sea fishing and made some nice catches. He will return to work Wednesday.

Legion Auxiliary to Meet:

The next business meeting of the Ladies Auxiliary of Moon Bros. Post, 275, will be held on Wednesday, March

9, at 8 p. m., in the American Legion Home, Independence. Mrs. A. F. Gilliland, Auxiliary president, will conduct the meeting.

Civil Defense Program:

The Civil Defense Program, scheduled for this area will be sponsored by the Moon Bros. Post, 275, American Legion, and the Independence Fire Department. The first meeting for this necessary project will be held in the American Legion Hall, located on the north end of Independence, on Thursday evening, March 3, at 8 p. m.

To commence such a vital project in community, it is necessary to have 300 persons present at this meeting. A group of Air Force personnel will hold the meeting to relay to you the seriousness of such an organization to be formed in this sector. Movies will also be shown by the Air Force. Everyone, young and old, are urged to attend, both for the benefit of your community and yourselves. Remember, Thursday, March 3, at 8 p. m., in the Legion Hall.

WHITES TOWER

Holly 4074 for News Items

Mr. and Mrs. McBee of Harris Pike, spent Wednesday with relatives in Cynthia.

Mrs. Richard Dorsey left Thursday with little daughter, Sarah, for a visit with her sister in California. Charley Dorsey made a flying trip to the farm of Riley Fossett in Grant county, Thursday.

New calves are arriving in bunches at the Whites Tower. The latest being Randolph Gibson, a Black Angus, and Side-A-Wee a Whiteface.

Time to trim your fruit trees and grape vines. So don't forget and you will have larger fruit.

A letter from Northeastern Japan informs us that an Independence boy, Richard Dorsey, has just been promoted to First Lieutenant. Dick is one of the boys who deserves it as all he has received has been by hard work and perseverance.

Our new dog, Dinky, has either been killed on the highway or stolen, as we have not seen him for about three weeks. George Riley and wife visited Rev. Bob Brumback and family at Cynthia. Mr. Riley accompanied Bob to the jail Sunday, where Bob conducts services for the prisoners.—EJR

STAFFORDSBURG

Mr. and Mrs. Dewey Parsons were very agreeably surprised when a few relatives came to celebrate their birthdays. Mr. Parsons' being on the 26th and Mrs. Parsons' on the 27 of February. Guests brought refreshments which were enjoyed by Mr. and Mrs. Winford Riley and daughter, Sandra, who incidentally was celebrating her 14th month birthday. Mr. and Mrs. Earl Hanna, Mr.

and Mrs. Leslie Riley, the honored and their two children.

We are glad to report that little Rachel Miller, who was quite ill last week, is doing nicely.

Mr. and Mrs. David Eyrine visited with her mother, Mrs. Caroline Armstrong, and Harry.

Miss Helen Richardson attended the ball game in Lexington, Saturday evening.

Mr. and Mrs. Dawson Ballinger, one day the past week, called on their niece, Mrs. Klein Gordon, near Dry Ridge. Mrs. Gordon is convalescing from a recent operation at Bethesda Hospital.

So glad to report a good attendance at Sunday school—86 to be exact. It is also quite gratifying that more are staying for preaching service. Let's not forget to work and pray for the many needs, not only in our community, but also in our nation and the lands beyond the seas.

We had no preaching service at our church on Sunday evening. There was, however, the M.Y.F., who showed one in the series of pictures on "The Life of Christ." Following this, the congregation attended services at Pleasant Grove church, where a young returned missionary told of his work in the Interior of Africa. His talk was illustrated with slides. He also had a most interesting exhibit of African handicraft and curios.

The monthly fellowship supper will be held in the dining room of the church beginning at 7 p. m., on Saturday evening. The menu will be oyster soup and

chili. Each family is asked to bring a plate. Come and let us have a good time together.

Glad to learn that the little daughter of Mr. and Mrs. Howard Willoughby is well again.

The Homemakers met on Tuesday with Mrs. Ralph Howard.

Your Hardware Store

For the past 20 years I have tried very hard to make this the best Hardware Store in Northern Kentucky. A store you will be proud of—by having the best help and the best group of customers; also a lot of hard work from all of us. I believe I have the best hardware store in Northern Kentucky. Your store, where you can try to maintain good employees and a good store for your needs in hardware. I have always tried to maintain a motto—when you buy it from CONRAD, it has to be good and give service or tell CONRAD about it. I have always maintained a satisfied customer is the best advertisement you can do.

So now March is here and we are all getting ready to start to work. The ladies are ready to paint, and we have the best paint for the lowest price. The farmers are ready as soon as weather permits to burn plantbeds and the best group of customers; also a lot of hard work from all of us. I believe I have the best hardware store in Northern Kentucky. Your store, where you can try to maintain good employees and a good store for your needs in hardware. I have always tried to maintain a motto—when you buy it from CONRAD, it has to be good and give service or tell CONRAD about it. I have always maintained a satisfied customer is the best advertisement you can do.

We have sold three Perfection electric ranges this month. A new shipment of electric ranges are in. Maytag washers and electric water heaters, also Dayton water systems are selling. Mr. Clements and son from Pendleton county (father and brother of Lloyd Clements, one of our City Councilmen) were over today buying Richards tobacco seed, A.A.A. tobacco canvas, a posthole digger, and a steel digging bar. My good customer, Alton Petty, from Banklick, was in today buying a few things—he usually sends his wife to town, and stays at home and works.

B'Hymer, another good customer from Banklick, got a milk strainer, milk bucket, tobacco canvas, and No. 16 tobacco seed. Mr. Fox, over on Nicholson Road, came over today for a pair of tree pruners—while he checked Elmer Richards came in for a glass for top of his fence. He had put his foot on it. He looked at Blackburn and finally they started to talk—17 years' ago Blackburn ran over Elmer on a bicycle in front of the Verano school but Blackburn couldn't realize Elmer had grown so much.

Some fellow stopped for a wagon doubletree and singletrees and he had been all over three counties. Today, bought some tobacco and sawed up just push like a lawn mower. I buy everything that they have to sell if there is someone crazy enough to make

it, there is a crazy one to buy it.

Clay Nix over from Ellison way was in today and bought a file, and asked about the price of fence this year. Henry Gilvin, over in Kenton county, called to see if I had a square aluminum tub Maytag washer, and how much it was—told him I had it in stock and only \$189.95, practically the same price for 30 years. He called back later and Fred and Brewster took it over. Fred Bott was in after wood bits—he is a wood worker, I suppose. The Gardsnerville Baptist Church sent over for a lot of that good rubber base wall paint. It sure does a wonderful job.

Every day we sell linoleum. Chick sold two 9'x12' rugs to the lady down in Charles Chambers' house. I did not learn her name. Floyd Roberts bought his daughter a 20" bicycle. I took it down to his home on Mt. Zion Road—he has a nice place there. Mattland Baker bought plastic window shades—he is moving to town, as they bought Orville Simpson's house on Locust St. Brewster and Red went out to J. T. Bishop's on Verona Road and put in 200' of plastic pipe from his house to milk house. Are you in the market for a new kitchen sink? I have a 54" sink with double drain for \$99.50 and a 66" double drain and double bowl for \$149.50. These are very fine sinks with heavy steel cabinets. Elizabeth Cox was in today and bought color books and crayons for the children she keeps. Mr. and Mrs. Teagarden bought linoleum binding and electric fixtures for their new home on Verona Road. Brewster went over to Mrs. Seim's at Independence, to clean her oil heater. He also cleaned Mrs. Hazel McElroy's oil heater and then up to Mrs. Bill Dentler's to clean her oil heater.

Clarence Adams bought more of that good Bolck paint. A lady in Cincinnati, the other day, asked me what kind of paint I sold and I told her Bolck paint, and she said my family has used Bolck for years and they have always made good paint, as we have lived close to their store and factory for years. Mrs. Bird from Atwood was in buying a teakettle, chicken feeders and toupies. Mrs. Ira Bird, who has been sick all winter at the Walton Hotel, was out to the barber shop today—she looks a little pale but will be out more in a few days.

The fishermen have the fever. Leonard Cook bought his license today. Frank Rouse had his reel repaired. Clay Kerns was looking over the tackle. Charley Woods would have gone if someone had said the word "We have a lot of fishing tackle here." When I was in Hot Springs, I went in a fishing tackle store. His building was about the size of my main room and all there was in it was fishing tackle. I never saw anything like it and he had calls every day for something he did not have.

Plant Food Plus Enough Stalks Key To Top Corn Yields

Good management gives extra bushels of corn per acre.

IF YOUR sights are set for top yields per acre on the acres you have in corn this year, here are some suggestions from the Middle West Soil Improvement Committee, based on reports from Corn Belt agronomists.

1—Keep your soil's fertility level high by adding plenty of fertilizer. A soil test can be a good guide in suggesting the amount and kind of fertilizer needed to supply the corn plants with all the nitrogen, phosphate and potash they need for high yielding growth. Many farmers find it pays to plow down a complete fertilizer before planting time, then add a starter in the row and side dress later with extra nitrogen.

2—Plant enough stalks to match the soil's nutrient and water supply. Many farmers lose profits by not having a large enough stalk population to make full use of the plant food and water available.

3—Add regularly to the soil's active organic matter supply. This can be done by returning manure, plowing under crop residues and "green manure" crops and growing sod crops regularly in the rotation.

4—Use mechanical conservation methods such as contouring and strip cropping, where needed, to combat erosion and save more rain for your crops.

5—Plant proved, high yielding hybrid strains. All these steps are important in getting top yields, but the cornerstone of the entire program is high soil fertility accompanied by a stalk population big enough to match the soil's corn growing ability.

Well Fed Pasture Yields 309 Pounds of Beef Per Acre

MINNESOTA soils specialists report that fertilized pastures can produce twice as much beef per acre as unfertilized pastures, according to a statement by the Middle West Soil Improvement Committee.

In tests at the Rosemount, Minnesota experiment farm, the fertilized pastures yielded 309 pounds of beef per acre, compared to 124 pounds on the unfertilized pastures. The fertilized pastures gave 177 steer days per acre. The unfertilized gave only 121.

The fertilized pastures produced \$37.40 more beef per acre than the unfertilized fields. Total beef production was worth \$66.46 on fields built up by soil improvement, as against only \$29.06 per acre on the unfertilized pastures.

The soil building program increased the pastures' cattle carrying capacity by 50 per cent. During September last year, there were 15 steers per acre on the fertilized pastures compared to only 10 on the unfertilized pastures.

The University of Minnesota research men report that only 500 pounds of 5-20-20 fertilizer per acre was used to establish thicker growth on the fertilized pastures.

KENTUCKIANS

IN WASHINGTON
By Gil Kingsbury

Library of Congress:

Kentucky's Representative Noble Gregory made a trip across the Capitol yard the other day, over to the Library of Congress. With him was none other than Eddy Arnold, the hill-billy singer. Seems that Vocalist Arnold has had considerable success with some of his records and he left a copy at the Library. Incidentally, the institution, one of the world's finest, now houses an excellent collection of records in addition to one of the largest collections of written works.

Cigarette Tax:

We've been hearing word from Kentucky that Judge Bert Combs has come out for a reduction in the tax on cigarettes in Kentucky. Just across the line from here—in Maryland—the situation is different. The powers-that-be have suggested an increase in such a tax to make up for an anticipated deficit in running the state. Lots of senators in the southern part of that state are up in arms against the proposal. There will be fireworks a plenty.

Where Is He Now:

The Washington Post runs a daily column entitled "Where Is He Now?" The other day Happy Chandler was the subject. Here, in part, is what the writer put on paper.

"Well," he (Chandler) says, "I keep myself busy running the Woodford Sun, keeping up my law practice and maybe raising a little burley tobacco."

Then the writer goes on to report: "At the moment there's something else, too. Happy is again running for governor of his native state. He doesn't have any comment on reports that he's heading himself for the Senate again."

Congressional Record:

A Kentucky political scientist, Dr. Glenn A. McClain of Eastern State College, has recommended the use of the Congressional Record as a source of material for students. A paper, urging such use, was re-printed the other day in the Record on motion of Senator Earle C. Clements.

We don't recommend the Record for its humor, although it has its lighter touch. However, if you want to know just what's behind a bill or measure or problem, you couldn't do better than \$18 for a year's subscription.

FLORENCE

Mrs. Ella Weaver of Lloyd Avenue was the honor guest at a birthday dinner Sunday, given by her son, Harold Weaver, and wife of Union. Other guests were Mr. and Mrs. Lloyd Weaver and Donnie of Lintonia, Mr. and Mrs. Emerson Smith, and Mrs. Eva Delahanty.

Albert Lee Martin and wife of Lexington, enjoyed the weekend with his sister, Mrs. Russell Wall, Mr. Wall and their baby, of Burlington Road.

H. B. Simpson, an associate of the American Lubricants Co., Dayton, Ohio, was in Memphis, Tenn., over the week end transacting business in the interest of the company.

Mr. and Mrs. William Conrad and Lynda of Shelby Street, entertained at dinner Sunday of last week, in honor of his brother, Joe Sam Conrad, who is home on furlough and is soon to be discharged from military duty, having served his term of enlistment. Other guests enjoying the occasion were Mr. and Mrs. Joe Conrad and a brother, Edgar Conrad, wife and daughters of Hamilton, Ohio.

Dr. N. A. Jeff and a daughter, Mrs. Bud Dehlinger, and husband of C. W. Jeff, departed Monday for a vacation and sight seeing trip to Florida.

Mrs. Marie Kinman of Main Street was the charming hostess with a delicious dinner the evening of March 3, as a surprise to her father, John Brown, on the event of his 85th birthday. Mrs. Kinman managed to keep her father in a room adjoining the livingroom until the arrival of the guests who, when Mr. Brown entered the room, began singing "Happy Birthday." Needless to say he was speechless with surprise. The birthday cake was a beautiful creation topped with a candy horseshoe, a symbol of good luck, encircled with the greeting, "Happy Birthday Pop," and also held 85 candles. Mr. Brown said this was the nicest birthday celebration he had ever experienced. He received numerous nice and useful gifts. Guests enjoying hospitality were Mr. and Mrs. Dode Thomas, Mr. and Mrs. Al Becker, Mr. and Mrs. Dean Caton, Mr. and Mrs. Ty Combs of Burlington, Rev. and Mrs. R. H. Carter, Rev. and Mrs. Roy A. Johnson, Dr. and Mrs. Robert West and family, Mr. and Mrs. Frank Esposto, Miss Mary Rachel Johnson, Mrs. Nancy Bonar, Mrs. Bertha Dixon, and the hostess. We join in wishing Mr. Brown many happy returns of the day.

Mr. and Mrs. Harry Ashcraft, Shelby Street, are sporting a new car.

Mr. and Mrs. Cecil Martin and son, Cecil Dale, were visiting friends in Somerset, Ky., through the weekend.

Mr. and Mrs. Walter Kirkpatrick of Price Pike, announce the birth of their second son, an event of February 28 at Jewish Hospital, Cincinnati. The new arrival weighed in at 9 pounds, 2 1/2 ounces, and has been named Mark Arnold. Congratulations, folks!

A recent letter from Mr. and Mrs. Glenn Ewing of Los Angeles, Calif., states that they are enjoying good health, nice weather, flowers in bloom, and wish to say, hello to all their friends here.

Buddy Arnold and family were Sunday evening dinner guests of Mrs. Eva Osborn.

Mrs. Nancy Bonar was a Sunday visitor of her sister-in-law in Dayton, Ohio. Mrs. Ardelle Fox is slightly improved at Booth Hospital.

Mr. and Mrs. Russell Luck entertained with a dinner Sunday honoring their son, Irvin, who is leaving for Washington state from which point he will be sent overseas.

Mrs. Nell Markland is spending some time with Mrs. Ruby Hollis while recuperating from eye surgery.

Don Ashcraft and family of Ohio, enjoyed a few days visit with his parents, Mr. and Mrs. Harry Ashcraft, the past week.

Mrs. Robert E. Tanner of U. S. 42, who was quite ill the fore part of last week, is much improved, we are glad to report.

Mrs. George Miller and son, Blayne, were visiting relatives and friends during the weekend, including Mrs. Ann Hogan, Mrs. Maude Graham and Mr. and Mrs. Paul Cloney.

Mrs. Albert Lucas of Shelby Street, had as her guest last Thursday, Mrs. Jim Butler of Kenton.

Sympathy is extended the family of Mrs. Ida Tanner for whom funeral services were held Thursday from the Taliaferro funeral home, Erlanger. Mrs. Tanner was the wife of the late Jonas Tanner, who was a native of the Hopeful neighborhood.

1 Visored headlights

2 Lowered High-Level air intake

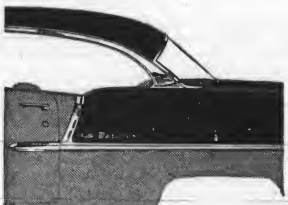

3 Sweep-Sight windshield

4 Distinctive dip in belt line

5 Fender-high taillights

6 Tasteful two-tone color styling

There's even more to Chevrolet styling than meets the eye!

This is beauty with a bonus... for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield... a d-a-matic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line... but they are up there where they can be seen for safety's sake; and as convenient guides in parking. So, too, with the jutting peaks over the headlights.

The smart louvers across the hood aren't just decoration... they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

Location: Lemmon and Northcutt Pike, midway between Sherman and Dry Ridge,
 Grant County, Kentucky—turn off U. S. Highway at Sherman Farms and follow sale
 signs 2 miles to the farm, on blacktop road.

FARM DESCRIPTION—Farm contains 117 acres, more or less, and is in a high stage of cultivation, has a
 lot of fertile ridge land, 2.5 acres tobacco base, fine lot of new meadow—can all be baled with pick-up baler,
 land has been limed and fertilized and grows an abundance of grass. Farm is well fenced and watered, good
 supply of everlasting water, creek, 3 everlasting springs, 16' deep lake stocked with fish and bed by strong
 springs, 2 good ponds, 2 cisterns and one well. Equipped for grade "A" dairy. Improvements consist of a
 5-room modern home, bath, and glassed-in porch, modern kitchen, glass door panels, cherry floor—this is a
 lovely home and in splendid condition, has a beautiful lawn. Also a good 3-room tenant house with closed-in
 porch. Large tobacco barn, large stock and dairy barn, milk house, 2 poultry houses, meat house, double
 garage, corn crib, brooder house, large stripping room with large shed for cattle. All buildings are in excellent
 condition. School bus, R.F.D. carrier, bakery truck, milk trucks, dairy paper route, all by the farm. All build-
 ings are well arranged and in excellent condition. May be seen any time. Tobacco base can be rented day of
 sale, if desired. (FARM WILL BE OFFERED AT ONE O'CLOCK).

DAIRY HERD & ONE MULE—17 dairy cows, young and raised from artificial breeding, calfhood vaccinated,
 TB and Bang's tested. Guernseys and Jerseys, heavy milkers, several have calves by side. Mr. Osborne paid
 over \$400 each for several of these fine cows. If you are looking for good, rich, heavy milkers, don't miss this
 fine herd. One heifer, artificially bred, will calve in April, also one good single-line mule, not better.

MILK EQUIPMENT—Farm Master milker, complete with 2 units, and pipe for 16 stanchions; large milk
 cooler, 6-can size, but will hold 8 cans; 32-gallon size electric heater, milk vat, and 10 milk cans

Wheat Yield is Boosted 28 Bushels by Good Soil Care

INCREASES of as much as 28 bushels of wheat per acre from the use of fertilizer were obtained on some Kansas farms last season, reports the Middle West Soil Improvement Committee, in citing results of tests summarized by Dr. Floyd W. Smith, Kansas State College agronomist.

"Wheat made 60.4 bushels per acre on the top fertilized plot on the Ted Breuer farm nearly Waverly," Smith said.

"Yields averaged more than 50 bushels on plots at the Ottawa experimental field and on the Vernon Meador farm in Wenatchee. Seven other locations had top yields ranging from 40 to 46 bushels per acre."

Overall results on 18 farms in Eastern and Central Kansas showed that fertilized wheat averaged 13 more bushels per acre than unfertilized wheat.

Smith estimates that fertilizer returned more than \$4 for every \$1 invested in plant food. Even in severe drought areas there was usually enough yield increase to pay the cost of the fertilizer treatment, he said.

Summing up the results of Kansas tests over the years, Smith said:

"If a farmer will have his soil

High soil fertility level gives top wheat yields per acre.

tested and if he follows recommendations for the use of phosphate, potash and nitrogen, he should realize \$2 to \$3 for every dollar spent on fertilizer.

"In some years results may not be this good. But under particularly favorable conditions such as we had in 1954 in extreme Eastern Kansas, returns may be as high as \$4 to \$5 for every dollar invested."

provement Committee, in quoting P. E. Johnson, University of Illinois agronomist.

On well fertilized clay pan soils in Southern Illinois, alfalfa was best in a pasture mixture that included red clover, alsike and timothy, Johnson reports. Red Clover ranked second.

Wilmington WMS Meets

The W. M. S. of the Wilmington Baptist Church, Fiskburg, met on March 2, with 18 women and four children present.

Those attending were: Mrs. Nell Rapp, Mrs. Agnes Sweeney, Mrs. Lulu Fisk, Mrs. Lillian Bridges, Mrs. Ada Spiegel, Mrs. Wilma Mullins, Mrs. Lena M. Bagby, Mrs. Marietta Wilson, Mrs. Blanche Honker, Mrs. Tabitt Bridges, Mrs. Anna Fisk, Mrs. Genie Beighle, Mrs. Anna Collins, Mrs. Naomi Spiegel, Mrs. Hazel Kidwell, Mrs. Marie Parr, Mrs. Ora Pfanzelt, and Mrs. Eulah Durr.

There were 124 cards sent, 70 visits, and 80 phone calls to the sick.

Hostesses for the day were Mrs. Anna Collins and Mrs. Genie Beighle.

The next regular meeting will be held on April 6.

Services at Lebanon, Sunday

Services will be held at the Lebanon Presbyterian Church on Sunday afternoon, March 13, at 2 o'clock. The Rev. Paul Currie will speak.

Services are held regularly the second and fourth Sundays of each month, and the public is cordially invited to attend.

Fertilized Home Grown Feed Cuts Costs, Ups Milk Profits

High yielding pastures mean more milk and higher profits per acre.

WISCONSIN agronomists point out that 80 cents out of every dollar spent for producing milk represents the cost of feed. So any step you can take to cut your feed bill means more money in your pocket at the end of the year.

These soils men say the best way to do this is to produce your own high quality, low cost feed in the form of pasture, hay, or grass silage. High quality pasture can provide feed at less than one-fourth the cost for grain or concentrates, according to the Middle West Soil Improvement Committee.

High yielding pasture can mean more milk output per cow

and per acre, lower costs and higher profits.

Ohio State University agronomists report that farmers can protect themselves with low cost insurance against feed shortages by: 1—An investment in fertilizer to build up the soil's fertility level for higher pasture yields; 2—The use of well adapted seed from strains that are winter-hardy and disease resistant; 3—Good grazing and harvesting management which gives maximum returns from every acre.

The fertilizing program can include the use of nitrogen, phosphate and potash fertilizer when seedlings are made, plus regular top-dressings to keep the pasture's legume population high.

Bolte at Elsmere, March 22

Edward J. Bolte, Field Representative of the Covington Social Security Office, will be at the Elsmere City Building, on Tuesday, March 22, from 3:00 to 4:00 p. m. He will receive applications for Old Age and Survivors Insurance bene-

fits under the Social Security law, as well as accept applications for social security account numbers.

Mr. and Mrs. Herman Simmons and son, Johnny, were Sunday dinner guests of Mr. and Mrs. Jim Dixon of Covington.

F.H.A. HIGHLIGHTS

Simon Kenton Chapter Future Homemakers of America highlighted the month of February with a Sweetheart party, February 10, in honor of the chapter beau, Freddie Griffin.

A chili supper was given February 22 in the Home Ec. department.

At the last meeting of the month, roll call was answered with safety hints. Hints given were: Stop, look and listen; wear white after dark; obey all traffic laws; look both ways before crossing the street; it's better to be a live chicken than a dead duck; don't jay walk; always walk on the correct side of the road—facing traffic; keep on the right side of the road while driving; don't drink while driving; keep stairway lighted at all times; keep objects off steps.

Point the top and bottom step white; watch for bad wiring; keep basement and attic free from fire hazards; don't smoke in bed; keep matches in metal containers; use flashlight when investigating gas leakage; keep curtains away from open flame; don't wind up on the bottom trying to prove you're tops in swimming; don't go swimming after eating; keep sharp objects out of the reach of small children; keep poison and all unlabeled medicine out of the reach of small children; label all medicine; don't lay the iron flat-side down on the ironing board; and don't touch electric wires with wet hands.

Fertility and variety plots will be used in a program to promote alfalfa growing in Oldham county.

How to Pray

Lesson for March 13, 1955

PRAYER is contact. It is contact between man and God. It is contact of the finite with the Infinite. A Christian, a real Christian, who does not pray, is as absurd and impossible a figure as an athlete who never leaves his bed, a student without a brain, a human being who never eats. Not to pray is to lose contact with the living God. "Prayer is the Christian's vital breath" as the old hymn says. All Christians know this but many feel puzzled about it all the same. Our prayers seem feeble and useless and we may even be tempted to give them up entirely; but many who give up praying would keep on if they only knew how.

Ask!

There is so much in the New Testament about prayer, that a person may well read it through with this one question in mind. Let any reader who wants to try this, start out with a good translation of the New Testament (the R. S. V. for instance or some other modern and readable version) and a blank notebook. In each day's reading notice every reference to prayer—who prayed, why, how, what the result was; or what is said about prayer (as for instance by Jesus and Paul). Some points it will be found, come out over and over again. Others may be touched on rarely. But few days will go by without the reader finding something that can be jotted down in the notebook, which may have for a title: **What I Have Learned About Prayer from the New Testament.** One thing will certainly come out from the first: Prayer is something God expects of all His children. Prayer is a privilege; but it is also a duty. You can raise all the riddles about prayer you can think of—and they are many. You can think of all sorts of things that scare you away from prayer—your own insignificance, God's greatness, the strong possibility that you may not know what is really best for you, and so forth. But all those things were true when Jesus gave His friends those three simple commands: Ask! Seek! Knock! There are blessings that come only to those who ask. There is light to be found only by those who seek. There are doors that open only to the voice of prayer. Without confidence, prayer ends before it starts.

In Jesus' Name

One thing Jesus said has met with much misunderstanding: "If ye ask anything in My name, I will do it." It is not right to think of this promise as attaching a magical influence to the form of words. "In Jesus' name, Amen." It is not true that any prayer ending with those words is a prayer that will be answered, and any prayer not ending with those words will not be answered. That is not what Jesus meant at all. Take the story of the two prayers, the publican's and the pharisee's (Luke 18:9-14). Would the pharisee's prayer have been answered and honored if he had ended that proud petition, or rather that prayer of thanksgiving, with the words "In Jesus' name"? Of course not. If he had added such words they would have been out of place. A prayer in that holy Name is truly in the Name only when it expresses the mind of Christ, only when (so to speak) he could sign his name to it. The more nearly our prayers are like what our Lord Himself would think of, the more nearly they will come to being fully answered.

Our Lord's Prayer

The most famous prayer in the world, the one most often repeated by Christians, is the Lord's Prayer. Jesus did not intend this as a formula. A Christian who never prays except in these exact words would not have understood what Jesus taught about praying. What Jesus did mean by giving us this prayer is to show us the "manner" of prayer—that is, the lines on which true prayer must be made. The reader is encouraged to study this short but wonderful prayer again and again, as a guide to his own talks with God. One very important thought is in the very first word: "Our." If the first "How" of prayer is confidence in God, the second is harmony with the mind of Christ, and the third is suggested by this word "our"—remembering we are not alone. If any desire is selfish it is desire that God will not bless.

A HOME OF THEIR OWN

From the time they were married Marion and Jim aspired to own their own home, but Jim was a struggling young postal clerk and Marion gave up her job when the babies started to arrive. During the years they clung to their dream even when it seemed an impossibility. They moved from apartment to duplex to rented house and always the unused house plans moved with them.

Marion and Jim were not bitter, for while their material dreams were postponed, others were realized. They raised three bouncing girls and one boy to maturity with a serenity not all parents know. Theirs was a church-going family and their youngsters took to the good way of life like ducks take to water. There were the customary children's diseases but no casualties on the spiritual front.

Now Jim and Marion are established in that long awaited home of their own. The children are grown and gone, but they do not feel that fulfillment has come too late. In calm assurance of a job well done they take delight in their reward—a happy, contented life of accomplishment.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a stronghold of spiritual values. Without a strong Church, neither democracy nor civilization can survive. These are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Farm Facts FOR KENTUCKY FOLKS

by Wm. C. Johnstone

AGRICULTURAL REPRESENTATIVE

KENTUCKY BANKERS ASSOCIATION

"MILY FLOWS WHERE ALFALFA GROWS" is an old slogan that should guide Kentucky farmers in their 1955 production plans. Alfalfa not only produces milk economically, but is also one of the best roughages for sheep, beef cattle and hogs. It is used for hay, silage and pastures. It is drought resistant and produces three or four cuttings a year. Properly fertilized, it improves land.

Alfalfa requires a well-drained soil and plenty of lime, phosphate and potash. Seed and fertilizer are expensive but, if the soil is suitable, the crop is well worth the effort and expense. Before going too far with your plans for alfalfa, better have the soil type checked and soil tests made. It simply will not grow on poorly drained soils. Alfalfa may be seeded either near the first of April or the middle of September. The important thing in obtaining a stand of alfalfa is not the time of seeding as much as the conditions under which it is seeded—high fertility, firm seed bed and good seed, properly placed.

HAPPY BIRTHDAY. As the U. S. Forest Service celebrates its fiftieth anniversary this year, we in Kentucky are just beginning to realize the importance of trees to our economy.

The Forest Service has been largely responsible for the change in the American attitude towards forests. A generation or two ago there were two schools of thought; one, the exploiter of timber that cut, destroyed and moved on to new areas to cut, destroy and move again; the other, the sentimentalist who thought it a sin to cut any tree. Now we are beginning to see forests in their true perspective—a crop that prevents erosion, reduces floods and provides raw material for a growing list of industrial products. It is a crop that should be harvested as maturity is reached just like any other crop.

A lot of development is taking place in Kentucky's forest front. Perry county is working on a program to plant a million trees in 1955. A U. S. Forest Research Center has just been established at Berea. Seven new timber industries have been started in the state during the past few months and three old ones have been expanded. Of these ten plants, eight are using local labor to produce finished products. Forty-five percent of Kentucky's area is classed as forest land and in some counties it exceeds ninety per cent. Certainly the care and utilization of this land is very important to the state's welfare. So we in Kentucky congratulate the Forest Service for their fifty years of service and wish for them many happy returns of the day!

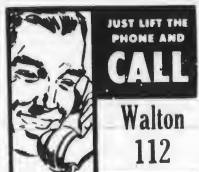

STATE AGENTS SEIZE 266 ILLEGAL STILL

State Alcoholic Beverage Control agents seized 266 moonshine stills last year and destroyed 64,240 gallons of mash, Chairman Guy C. Shearer reported this week. In addition, 1,044 gallons of spirits were seized and 102 arrests were made. The stills seized were in 34 counties of the state, according to Mr. Shearer, and all were destroyed.

Horton county was first in the number of stills seized with a total of 86. Next was Estill county with 22, followed by Knott with 16, Madison, 15, Trigg, 14, and Menifee, 12.

Business Review Of Williamstown & Covington

King & Baute Auto Sales

Good, Clean Used Cars Bought, Sold and Traded; Large Selection to Choose From; Low Down Payments; Bank Rates. 320 Dixie Highway, Erlanger, Kentucky. Dixie 5660.

This establishment has become known far and wide as a leading dealer in Used Cars. They have many satisfied patrons in all the surrounding country who have

learned real "motor car economy" through their service. They are pleased to give you any and all information about the cars they offer and they are men upon whose word you can depend.

They offer Used Cars for a small down payment and the remainder can be arranged on easy monthly payments. This gives one the time to pay and make the money out of the car that is paid

We take pleasure in this business review in directing your attention to King & Baute Auto Sales. The manager is one of the well known business men of these parts and has taken an active interest in the onward progress of this section of the state, and merits the leading position now held in the business life of this section.

Louis Trauth Dairy

Retailer and Wholesaler of Grade "A" Dairy Products.

There is no food commodity in the world so necessary in everyday life as good, healthy cream, milk and butter. Children require its health-giving qualities.

In the plant of this firm will be found machinery of the most modern type. No expense has been spared to bring their products to the highest degree of per-

fection. The people behind this firm feel the responsibility that rests upon them and make every possible effort to justify the confidence the people have come to place in their every statement.

The dairy is under the supervision of the federal, state and county health authorities, and the officers in charge of this work agree that it is one of the most sanitary to be found anywhere, regardless of when the inspection is made. The plant is always open for inspection by

anyone, whether in official capacity or just a visitor.

If you are not being served with their popular dairy products, call Julian Wills in Williamstown, phone 4-8541. He is distributor of Louis Trauth Dairy products in this area. Fresh milk is hauled daily, in 100% refrigerated trucks, from the Louis Trauth Dairy to Julian Wills. The people in this area can get home service by calling 4-8541 in Williamstown.

John R. Coppin Co.

Northern Kentucky's Largest Department Store, Currently Celebrating Their 82nd Birthday—March 4 through 12; Owned and Operated By and For Kentuckians. Madison & Seventh Street, Covington, Ky.

To be merely rendering an average service in an average establishment is all well and good, but to be able to give a service that is just a little in advance

of others in an establishment that has become a feature of the mercantile life of the community—this is indeed something worthwhile—and that is exactly the case with Coppin's in Covington.

In trading here you have the advantage of dealing with neighbors interested in you and your welfare.

Thus you are afforded the dependability of trading with people whom you know and you have your choice from a

metropolitan stock and are served in the most efficient and modern manner.

These are some of the secrets of success of this well known and ever popular establishment. These are some of the reasons why the experienced management finds that trade increases each season. These are but few of the reasons that we wish in this review to direct the special attention of our readers to this establishment as one of the essential factors in the life of the community.

Shepherd Construction Co.

Roofing, Siding, Gutters, Storm Windows and Doors, Plastic Wall Tile, Asphalt and Linoleum Floor Tile, Venetian Blinds, Jalousies Windows and Doors, Wood Folding Doors, Geneva Kitchens, Aluminum Awnings, Johnson Paints, All Types of Remodeling. 317 Dixie Highway, Erlanger, Ky. DI 7131.

The Shepherd Construction Company is performing a complete and satisfactory service in the home improvement and general construction line. Their broad knowledge and wide experience fits them for the handling of any size project, most anywhere, and with sufficient capital on hand they are able to go into the pro-

duction markets of the country and buy materials more advantageous in price and quality than many concerns, eliminating many middle profits which accrue to the advantage of the public. For the best in remodeling, contact the Shepherd Construction Company, 317 Dixie Highway, Erlanger.

Webster's Hardware Store

Complete Line of Hardware, Paints, Farm Supplies, Ashland Bottle Gas, Mall and Diston Chain Saws, Crosley and Admiral Appliances, Plumbing and Electrical Contracting, Supplies and Equipment. Jacksonville, Ky. Phone 4-8048.

Their stock is made up of the very best lines of hardware and farm machinery.

It is one of the principles upon which the business has been built that a piece of hardware sold by them must be the kind with which the customer will be thoroughly pleased.

The store is in the hands of men who do not only know the hardware business from A to Z, but also know the needs of their patrons and endeavor to supply

those needs. The proprietor is a man who has made his way in the business world by hard work, square dealings and careful attention to the needs of those with whom he deals. He has proven loyal to all things which promotes the best interest of the country and his past reputation is your guarantee for the future.

Engle's Jewelry Store

Green, Elgin, Bulova and Other Swiss Makes of Watches, Art Carved and Gem-Art Diamonds, International Sterling, 1847, and Haines & Edwards Silverware, Rosville Pottery and Milk Glass, Expert Watch Repairing. North Main St., Williamstown, Ky. Phone 4-7261.

There are no more reliable jewelers than this firm, and during the past years there is no establishment that has maintained a better reputation for the hand-

ling of high grade jewelry than this store, which has been serving the people most efficiently.

No matter what it may be in the jewelry and novelty line, you will find that this store is strictly up-to-the-minute and carries the very latest vogue of the day. Wedding rings, watches and a thousand and one articles of jewelry. If you want to get anything in this line, and have some that you want reset, you

should stop in at this place, as they are recognized as experts in this class of work.

In the watchmaker's trade they are most efficient, being thoroughly familiar with domestic watches and the imported ones as well.

We wish to compliment them upon the high standard of efficiency maintained, the superior quality of the goods handled, and the admirable manner in which this store is operated.

R. A. Greene, Gulf Distributor

"That Good Gulf Gasoline," Gulf Buick and Oldsmobile Oil, Fuel Oil, Gulf Tires, and Batteries.. U. S. Highway 25, in Williamstown, Ky. Phone 4-8691.

The management of this firm is composed of men of broad experience in lubrication, who know the oil business thoroughly. You can rely on what they tell you about the oils and greases best suited to your particular need, whether for auto, truck, trailer, machine shop or factory.

This company supplies a large territory and has come to be known in all the adjoining counties as one of the foremost oil companies and by reason of their satisfactory service are rapidly expanding and will merit their increasing patronage.

We are pleased in this edition to point with pride to R. A. Greene and assure everyone that when they buy Gulf gas and oil from the dealers supplied by them, they will get the very best on the market today.

Ray O'Neil, Electrical Contractor

Industrial, Residence and Commercial Light and Power Wiring; Free Estimates. Easy St., Dry Ridge, Ky. Phone 4-6201.

This firm of electrical contractors specialize in Residential, Industrial and Commercial wiring. There are many jobs throughout the country that are tributed to their ability as electrical contractors — schools, hospitals, industrial plants. They do wiring for homes as well as industry, also maintenance and repairs.

This section of the country, as a whole, has an added business advantage by having in its midst such a well known electrical establishment, whose commend-

able policies and products of quality have gained for them an ever-increasing business that can be noticed by the large contracts they are completing throughout this section.

The patrons of this company in their electrical field of contracting are assured the very best that can be obtained in workmanship. This also applies to the materials that the company uses on all their jobs; so, from the standpoint of thoroughness, the policies of this reliable company are of the best, and you will be wise to consult them before you let your next contract. Nothing in the way of an electrical job is too large for them and nothing is too small.

Arnold Pontiac Company

Emmett J. (Bud) Arnold, Pontiac Sales, Service and Parts; Good, Clean Used Cars. North Main St., Williamstown, Ky. Phone 4-8921.

This establishment has become known far and wide as a leading dealer in Pontiac cars.

The manager enjoys the distinction of being an authority on the value of cars, and if you are thinking of selling your

car or trading it in, you should have his appraisal before making a deal.

This firm offers the new Pontiac for a small down payment and the remainder can be arranged on easy monthly payments. This gives one the time to pay and make the money out of the car that is paid for it.

We take pleasure in this business review in directing your attention to the Arnold Pontiac Co., Williamstown.

Vestland Flowers

Arrangements for All Occasions; Wedding and Funeral Designs, Caskets, Pottery Plants, Cut Flowers; "Vestland for the Best in Flowers." North Main Street, Williamstown, Ky. Phone 4-3386.

They enjoy a large patronage from the surrounding territory, featuring a comprehensive service in floral emblems—one of the most prominent houses in this line in this section, and one that merits the custom received from all surrounding territory.

For centuries, flowers have been symbols of the more delicate phases of human nature and the recent development of the flowers as a token of es-

teem and remembrances has placed it in the front rank for all social, mourning and joyful occasions.

As a designer of floral emblems for the funeral or social occasion, this establishment has attained well merited fame as being artists of more than ordinary ability.

Their heart and soul beat in unison with the work and as a consequence their designs are distinguished for their very appropriate appearance.

In making this review of the onward progress of this section of the state, we deem it proper that prominent mention be given Vestland Flowers of Williamstown.

Term Finance Company

Cash Loans for Every Worthy Purpose—Auto, Personal, Household; "One-Day Service." 2nd Floor Wesley Bldg., Williamstown, Ky. Phone 4-7161.

No inquiries are made of friends, relatives or tradespeople, neither do they notify your employer. You make your arrangements confidentially.

Such loans are invaluable to people at some time in their lives. It is impossible for everybody to always have

the money on hand that is needed and there is no easier or more dignified way of meeting these obligations than by taking advantage of the Term Finance Company loan service.

You can repay your loan as quickly as you like, as each of their several plans permit you to repay more on the principal than contracted at time of loan. For a loan service that meets every need and fits every family purse, visit Term Finance Company in Williamstown or Carrollton, Ky.

Bank of Crittenden

The Bank of Friendly Service; Complete Bank Facilities; Member of F. D. I. C. Crittenden, Ky. Phone 4-8352.

One of the institutions that give stability to the financial and commercial interests of the county is this modern banking house. From the day that it first opened its doors to the people, it has always been under the management of conservative, yet progressive men of broad and liberal views in the matter of

caring for their patrons' needs, yet men who have carefully guarded the best interests of the depositors by demanding the fullest security and adhering to the cardinal law of finance. This inviolable policy has gained for this well known bank the greatest confidence of the people of all the surrounding country and among its customers you will find the majority of the community's most prominent men and firms.

Several from here drove along the Ohio river Sunday viewing flood scenes.

Do you know the reason for the increase in divorces of recent years. Well, in the opinion of this writer, the reason is plain. Just a matter of television. Those guys are nice as they get paid for being in the pink. Your ladies, whether 45 or 65, expect hubby to look just like they do, which probably the could if they didn't have anything to do but get ready for a television show. Go ahead and feed the hogs, milk the cows and give the chickens fresh water, but come in the house with your hair plastered down and looking like Liberace at his best. Wouldn't that just be ducky if you could do it. But miracles don't happen only on television, so why don't some of these stars, who want to be fair to the little guy, tell a few of these ladies not to expect too much, from a little fish who, after all, outnumber all the whales in the piddle.

The Gilbert Damons are entertaining a new son since last Saturday morning - E.J.R.

W. R. Brown of Russell county produced 343 crates an acre, to win the state strawberry growing championship for 1954.

FARM PRODUCTION IS WORTH \$85,779

Production on nine farms at State welfare institutions and mental hospitals was valued at \$85,779 for January, according to a report made this week by Charles M. Stagner, director of the Division of Agriculture Production in the State Department of Welfare. Among

items produced were 299,930 pounds of vegetables, 72,147 gallons of milk, 85,139 pounds of meat, and 12,307 dozen eggs.

The State Reformatory at LaGrange led production for the month with food valued at \$28,300. Next was Central State Hospital, Lakeland, near Louisville, with \$10,538.

CARD OF THANKS—

We wish to express our sincere thanks to all who were so kind during the illness and death of our father and husband, C. L. Hamilton, to all who came so faithfully to the hospital and to the ones who sent beautiful cards and the kind prayers that were said. We especially thank the preacher and choir of Fiskburg Church, the pallbearers, those who gave flowers, the Swindler funeral home, and all the kind neighbors, relatives and friends. Your kindness shall never be forgotten in this sad hour, and may God bless each and every one of you. Sadly missed by his
WIFE & FIVE CHILDREN

CARD OF THANKS—

We thank and I desire to thank all our friends for their kindness shown me during my illness in Christ Hospital. May we always be worthy of your friendship. MARY CHAMBERS GRUBBS

Stringtown Homers

Mrs. Alfred Roberts was hostess for the February meeting of the Stringtown Homemakers Club, held Thursday, Feb. 24, at 1:00 p. m.

The business meeting began with the treasurer's report, due to the absence of the secretary. The recent bake sale was a huge success.

The Farm and Home Week report was given by Mrs. Jerry Rouse. The five members who attended enjoyed the entire program.

The landscaping leader, Mrs. Roy Yauell, gave the report for the month, which was about the care of lawns, flowers and shrubs. Another report was given by the garden and poultry leader. The second lesson on brooder rugs was given by Mrs. Gene Fichtmaster and Mrs. Alfred Roberts. Several members were ready to take their rugs.

Those attending were: Mesdames Gene Fichtmaster, Robert Rowland, Roy Yauell, Jerry Rouse, Robert Heplerling, Lee Gallenstein, Perry Renaker, Alfred Roberts, James Loftin, and a new member, Mrs. Chaster Henderson. Refreshments were served by the hostess.

Todd county homemakers made more than 250 hats, following leaders training meetings in millinery.

Four-H leaders in Trigg county held 46 foods lessons in one month, with a total attendance of 364 club members.

FISHING SEASON

I believe they say the fishing season officially opens March 16, which is next week, so all you fishermen check your tackle and see what you need—we have a very good stock, lots of new plugs, rods, reels, rubber baits—all buy most everything that they say a fisherman will want. All are talking spinning rods and reels now, but you can't tell if they will use them when the time comes to fish. Gordon Phillips and Gene Sizemore were in today and believe it or not, they didn't even look at fishing tackle.

They bought new lunch boxes, as Gene ran over the old ones with a truck, just like I did when I worked for the electric company. I have an extra good round tub Maytag washer, a used one, for only \$45, also have a used gas range for only \$35, and I have some used power lawn mowers, cheap. Buy them early. Have you ever used or even seen a tobacco bed seed sower?—well I have them in stock, to sell for only \$12.50, and they really sow the seed even—come in and we will show you.

Stanley Scott from Stewartville stopped for two pairs of steel soled shoes. Mr. Northcutt and Mr. Cummins from Atwood were buying repairs to fix where the wind damaged the other night. Joe Kennedy was getting pipe fittings to put on his water pump. Chick and Red overhauled Peggy Vest's water pump for out at the farm. Brewster sent most of the afternoon working on the oil heater at the U.L.H.P. Co. storage room, under the Walton Garage.

Mrs. Flynn and son from down on Richmond Road were bought a lot of Armstrong linoleum. Mr. and Mrs. Frank Rouse were in a few minutes—I did not find out what they bought. Senator Alvin Kidwell was in with Judge Bert Combs, introducing him to all of us. He seemed like a very nice fellow, but he has a rough road ahead of him when Happy gets started. I believe he comes from Clay county and he may have what it takes. Sheriff Byron Kinman always stops in to see me when in Walton—he is really a nice fellow and always seems to be a gentleman.

Mrs. Herman Simmons was buying a lot of that rubber base wall paint. That is the finest inside paint that has ever been made. Ask anyone who has used it. Vera Wright brought her sweeper down and asked Chick if we could fix it—he said if we can't fix it, we know a man that can—so today, when I was in town, I got the parts and her sweeper is ready to go. Henry Slett wanted me to get him some new map heads for the large map he uses at the church—these are very nice—you can take them off and wash them when they get dirty.

We have our lawn mowers out and ready to sell—look at ours and price them before you buy. Howd and wife were in—he wanted Chick to make him some U bolts for his rock bed. Mr. Eckler from Corinth came after two of my best horse collars. Very few stores carry any harness now, but I have most everything you need. Mr. Northcutt from Atwood was back for more bolts—he said I had better bring that Master-cut lawn mower over sometime. That is the first lawn mower we have sold this year. We have a nice stock of new mowers and several used ones.

Mrs. Ethel Sheppard was in today—she is as regular as the clock ticks. There should be more people like her, and I would have fewer gray hairs. Floyd Sebree came in for a new battery for his electric lantern. Leon Hall was getting a lot of hinges—he is always making some gadget. Vera Wright came in after fuses—her must coat had quit. Brewster went up and fixed it for her. A young couple from Cananda stopped and bought several things to take home with them.

Roland Glenn has been fixing up Job Bob Allen's house—they are all coming home to it, I believe. 50 days, from Arabia, and then going back for two years. Ward and Goldie Rice selected a beautiful piece of kitchen linoleum. We have some very nice patterns in yard goods and Armstrong rugs in all sizes. Mr. and Mrs. Carr from Staffordburg came over to sell me a stove—while here she saw those rug rugs and had to have one—these are very nice and you can wash them.

Andy Penn and Tracy Hume from Verona Road were in—Andy is having all his teeth pulled—Tracy wanted a handle put in his potato digger. Mrs. J. T. Bishop bought a pair of those Wolverine deer skin gloves and are they soft? Alex Chrysler bought a pound of lawn seed and a kitchen electric fixture. He is sure buying that Latex base wall paint—I had to send in another order today. And that Molara better gloss stay white enamel will absolutely stay white.

Red went to Lexington today and brought back several of the tobacco bed covers and applicators to use with the cans of Dowtime in burning your plantbeds. We have sold several already and it is the best way so far to prepare your plantbeds to sow your tobacco seed. For a 9x100' bed, the first year cost is \$38—your canvas and applicators will last several years, so all you have to buy is nine cans of Dowtime for \$8.55. We delivered John Gray one today for a 12x100' bed. John says they will really work.

Kenton Bookmobile to Begin Schedule Mar. 22

Egbert Norton To Be Librarian and Diver

The Bookmobile for Kenton county, which is to operate under the sponsorship of the Board of Education until July 1, will begin its schedule March 22. The library committee, appointed by Judge Wehrman, is working with the Board of Education. The Bookmobile will be somewhat limited in its services for the present, as it is operating on a 24-hour a week schedule, and so far, all the books have not been received.

The library committee is eager for the people of Kenton county to see the Bookmobile and use its services, and urges the public to visit it when it is in their community. Juvenile books will be circulated only to schools. The route will be covered every two weeks. Egbert Norton is to be librarian-diver. The following is the present schedule:

Tuesday, March 22—Falmburg, Wilmington Baptist Church, 10:00-11:00; Piner, school, 11:30-1:00; Arwood, the Friedman store, 1:30-2:30.

Wednesday, March 23—Staffordburg, Methodist church, 10:30-11:00; Visalia, school, 11:30-12:30; Kenton Fire house, 1:00-1:30; Morning View, Harney's store, 2:00-2:30.

Thursday, March 24—Kenton Elementary School, 10:00-10:30; Nicholson-Johnny Butler's store, 10:45-11:15; Taylor Mill, school, 11:30-12:45; Independence, Courthouse, 1:00-2:00; and St. Cecilia's, 2:05-2:30.

Friday, March 25—Ryland Heights, Fire House, 10:30-11:30; Spring Lake, school, 12:00-1:00; Forest Hills, St. Anthony's, 1:30-2:00; and school, 2:05 to 2:30.

Tuesday, March 29—Sandfortown, Holy Guardian-Angel's, 10:30-11:30; Ft. Wright, Civic Club, 12:30-2:00; South Hills, LaFayette Circle, 2:05-2:30.

Wednesday, March 30—Crescent Springs, school, 10:30-11:15; and St. Joseph, 11:45-12:15; Villa Madonna, entrance, 12:30-1:00; Bromley, school, 1:30-2:30.

Thursday, March 31—Ludlow, St. James School, 10:30-11:30; Park Hills, school, 11:45-1:00; Cavaglion Catholic, 1:05-1:50; St. Agnes, 1:55-2:30.

Friday, April 1—Lakeside Park, Ret-Sults Inn, 10:30-11:15; Dixie Hts., school, 11:30-1:00; Edgewood, Civic Club, 1:15-2:15.

Christian Church Revival To Begin Sunday, March 27

Members of the Walton Christian Church are busy engaged in preparing for the coming Crusade for Christ for Everybody. Rev. C. A. Vaughn, pastor, and Gladys Smith will lead the campaign. All church and Bible school departments are working toward March 27, the beginning.

Calling all men! Saturday afternoon, all men are urged to be at the church and dig one pathstone or do whatever is necessary to help build a good fence on the rear of the parking lot. One man said, "When cars come to church, we don't want them to roll over on the railroad." The Department of Property and Care, Wallace K. Grubbs, chairman, will supervise the building of the fence.

E. L. Steinhauer, a friend of tennis players and a friend of God's work, has promised a donation of about \$50 to help put a fence on the back of the tennis court so the balls will not roll over the bank, according to the pastor.

Sunday morning, Rev. C. A. Vaughn will preach the fourth word from the cross, "My God, My God, Why Hast Thou Forsaken Me?" The 7:30 service will be, "Please Excuse Me."

Euchre Party at Kenton

The Ladies Auxiliary of the Kenton and Community Volunteer Fire Department will give a euchre party, Saturday, March 19, at the fire house, with Mrs. Roy Hammond as chairman. There will be prizes, fish sandwiches, and chili. Proceeds will be used for the fire department. The public is invited.

JAMES B. SPEARS

James Beveridge Spears, Ashland, Ky. and recently of Dry Ridge, died Tuesday, March 7, at the John Graves Ford Hospital, Georgetown, Ky.

Mr. Spears was a contractor and a writer. He was author of the book, "Hope Lies Over the Mountain," and several short stories.

He is survived by his wife, Maxine Bolt Spears, Dry Ridge; his parents, Mr. and Mrs. G. Kelly Spears, Ashland, and a brother, Dr. Woodridge Spears, Georgetown.

The body was removed to Ashland for burial.

The storm we had March 1 did quite a lot of damage—tore off a barn roof for David Bevis, ripped off garage doors, broke windows, and caved in the back of one of the Charles Black cars.

Mr. and Mrs. Lucian Kelley were guests of their niece, Mrs. Lenora Religh on Saturday evening.

Hathaway Homemakers met March 16 in the home of Mrs. Will Norton. Carol Jo Kelley visited her grandmother, Mrs. W. J. Williams, and her uncle, Shirley Williams, over the weekend.

Dr. and Mrs. J. M. Huey took their son, Jimmy, to John Hopkins Hospital, recently.

Mrs. John Wallace moved last week to her daughter's.

The sight for the Northern Kentucky Racing Bowl has been bought on U. S. 42 near New Haven school. The sale was handled by Mrs. L. E. Garrison. Cloy Hudson, local businessman, is enlarging his business by adding a nice line of groceries.

Mr. and Mrs. Francis have their new home nearly completed.

Mrs. Jack Lizer has been quite ill.

Mrs. Tom Huey has been on the sick list.

The Baptist church bus was involved in an accident recently and seven were hurt slightly.

Mrs. W. J. Williams visited her daughter, Mrs. Lucian Kelley, Tuesday.

Shirley Stevenson was home from college over the weekend.

Alvin Bill Kelley made a trip to Lexington, last Wednesday.

Jack Lizer had guests from Lexington, Sunday.

KENTUCKIANS

IN WASHINGTON

By Gil Kingsbury

Change Made:

Recently we mentioned the fact that President Eisenhower had not invited one Kentuckian to his famous stag dinners at the White House.

Since that time two more such dinners have been held but no invitation list has been released. The White House press office explains that the parties are personal and no guests lists will be released henceforth.

Dairy Products:

Much of the news out of Washington has to do with tax cuts, tobacco problems and school construction. However, some activity important to Kentuckians has been overlooked.

As you know, Kentucky ranks pretty high in dairy products and the cash brought in means a lot to Kentucky farmers. Comes now a group appearing before congressional committees asking that restrictions be clamped on dairy products shipped in from other countries. Even a small amount of imports hurts the dairy farmer, so congressional leaders have been informed.

A Lighter Touch:

A Kentucky mother who lives here in Washington tells this story about her young daughter who returned from Sunday school completely disappointed in her mother's teachings.

"You told me," the young lady said, "never to repeat gossip. But our teacher said that the Christian way of life is to spread the gospel to all the creatures of the earth."

This and That:

The Ohio River flood is expected to bring more demands for Kentucky flood wall protection.

Reply to Gallatin county reader: Your problem regarding a claim against Uncle Sam should be taken up with your congressman or senator. Note to Bracken county reader: Copies of the Congressional Directory may be obtained by writing the Government Printing Office. Answer to Lewis county: No federal elections this year unless oath or resignation creates a vacancy in the House or Senate.

CARD OF THANKS—

We wish to thank all of the neighbors and friends for their many acts of kindness during the illness and death of our dear mother, Mrs. Alice Wilson, especially Dr. Waldrup for his services, Rev. Kennedy and Rev. Hamilton for their comforting words, the donors of the floral pieces, the D. of A. Lodge, and Harry J. Eckler for the way he conducted the funeral arrangements. May God bless each one of you.

THE FAMILY

HOW MUCH FERTILIZER?

How much fertilizer for tobacco, garden, corn, new meadows, alfalfa and pasture land is the question that many farmers in Boone county are asking. How can you get the most out of fertilizer when your money is scarce? To help answer these questions, the best practice is to have your soil tested.

Farmers have heard a lot about boosting yields with fertilizer and a steady increase in the use of fertilizer shows that they have been using more fertilizer year after year, but many farmers still don't use their fertilizer properly therefore not receiving as much as would be profitable.

A farmer who doesn't have money to

buy large amounts of fertilizer must decide how to use it in the most profitable way that he can afford.

If one element is needed more than others, heavy use of that element makes the most of limited funds. Or if one crop in a rotation responds better than others to fertilizer, it pays to use plenty on that crop.

To make our dollars go farther we must use our fertilizer where it is needed for higher returns. To do this we must have our soil tested.

Henderson county homemakers, assisted by Miss Rebecca Johnston, UK home demonstration agent, presented a series of TV programs on refashioning furniture.

Are you a
"Do-It-Yourself" Driver?
Or would you rather be waited on hand and foot?

Rather shift for yourself . . . or let Powerglide do it?

Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. A flick of your wrist is all it takes to shift gears.

Rather roll your own . . . or just push a button?

Chevrolet gives you separate crank controls both for windows and ventipanes. It's one of many extra conveniences in Chevrolet's Body by Fisher.

Your fingertip adjusts all four windows with automatic window and seat controls.* Are available on all Bel Air and "Two-Ten" models.

Position the seat yourself . . . or let electricity do it?

Chevrolet's big, beautifully upholstered front seat moves up and forward or down and back into your most comfortable driving position.

No worry about your battery in a new Chevrolet. It's the only car in its field with the reserve power of a 12-volt electrical system!

Apply the brakes like this . . . or have power make it easier?
Improved brakes and new swing-type pedals make stopping a cinch. And Chevrolet's exclusive Anti-Dive control gives you "heads up" stops!

Chevrolet Power Brakes* are better than ever this year—let you stop by a simple pivot of your foot from accelerator to swing type brake pedal.

Want standard steering . . . or extra-easy Power Steering?

Try this easy new Chevrolet steering. Only Chevrolet and some higher-priced cars use a ball bearing system to cut friction to a minimum.

There's nothing quite so easy as Power Steering, of course. Good news: Chevrolet's new linkage-type Power Steering* carries a reduced price!

Automatically—

Chevrolet's stealing the thunder from the high-priced cars!

What's a high-priced car got that Chevrolet hasn't? Not automatic power features. Not style—just look below. Not performance—just try out Chevrolet's new V8 or one of the new 6's. Not ride

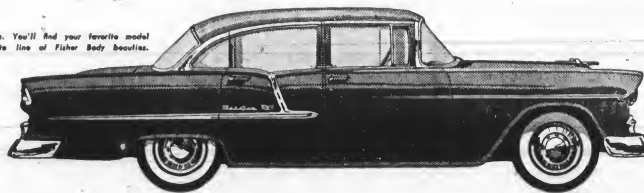

—perhaps the thing that will surprise you most is Chevrolet's fine, solid feel on the road. Come put it to the test. See how Chevrolet's stealing the thunder from the high-priced cars in every way!

THE BIBLE SPEAKS

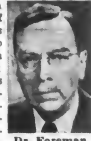

International Union of Christian Workers

BY DR. KENNETH J. FOREMAN

Living in Health

Lesson for March 20, 1955

ASCARIASIS is the name of a disease. It is caused by colonies of small round worms, parasites, named Ascaris. A Christian medical missionary who operates a hospital in Korea, writes: "Reducing the number of people who have this debilitating parasite from 99% to 38% in one year, in our leper colony, is something to shout about from the housetops of Korea. Ascariasis takes that sharp edge off a person so that he is dull; his ambition is dampened; his reflexes are sluggish, and his integrity is weakened. I sometimes feel that many of the attributes so often blamed on the Devil may possibly be more accurately credited to the lowly round worm that lives in comfort inside of most Koreans." This is just one single illustration of something many Christians do not realize: that spiritual health, mental health and physical health all go together.

Doing, Not Drifting

Christian living has many aspects. One of them is the importance of keeping a healthy body. Ascariasis seldom puts the patient to bed. Indeed the patient is seldom aware that anything is wrong with him, and yet his lack of ambition, his dullness of mind, his lack of dependability, may have their basis in his physical condition. So it is with all diseases. It is with all physical inefficiency even when you can't quite call it a disease. It is a sin to be less healthy than you can be. It is (assuming you can help it), because your physical flabbiness leads to mental and moral and spiritual flabbiness too. This is not saying that every patient in a hospital is there because of his personal sins. But it is true that many of them are there precisely by their own fault. The point is,

health of body is a Christian's responsibility, a duty he owes God, other men, and himself. And health of body will not come by chance, it will not come by drifting. It comes by doing. This is true of the whole Christian life, bottom to top. Paul says to his converts: "Every one of you should learn to control his body, keeping it pure and treating it as an instrument for self-gratification." (I Thess. 4:4, Phillips translation.) Health begins in self-control comes only by working at it.

Purity Is Positive

It is true that the New Testament warns against spiritual sins quite as much as against physical sins, if not more so. But it is also true that there are plain teachings, about virtues and vices of the body itself. Drunkenness, sexual sins of various kinds, are always marked out as spiritual dangers. Blessed are the pure in heart, that is true. But those who are not pure in body are not pure in heart. Further, purity is not a negative thing. A virgin who had never touched a drop of liquor might yet not be pure. Repression of desire as the Bible knows and as psychology on its own has also discovered, — sheer repression, with nothing to balance it, may be a bad thing. A driver was boasting about how he eliminated some distance on a certain route he took every week, and so saved three minutes on every trip. But he could not answer the question: What do you do with those three minutes? So purity of life means more than not squandering our energies and wasting our health, on drink or otherwise; it means using the energy we save, as God would have it used.

Who's in Charge Here?

The key question for health—physical, mental, and spiritual—is, Who is in charge here? Is your body in charge of your mind, or is it the other way around? But which mind is in charge here? Your lazy, sleepy, shifting mind, content with ignorance, asking only to be amused (for you have such a mind), or the mind that aspires to higher things (for you have such a mind too). You carry with you all your life the mind of the brute, the mind of the child; but you have the right to a mature mind, to be mature. Who is in charge here, the brute, the child, or you? Above all, who is in charge of you? If the true answer to that last question is God, then the true answers to the others will be easier.

HOLD YOUR BREATH

This young lady might miss the next step and take a nasty tumble!

Of course her parents wouldn't dream of letting her try those stairs alone until they had taken every precaution to teach her how to manage them carefully and safely. But regardless of precautions, sooner or later she has to run the risk of trying them on her own.

Every adventure in growing up has its element of danger, and wise parents are very careful to see that the child shall be trained to meet these dangers with the least risk to her physical health.

But what about the far greater risk to this child's moral and spiritual health when she has to face the really big perils of life on her own? When not a broken bone or two but her character is at stake—what then?

The Church will give your child—and help you give your child—the care and training she needs for meeting life's greatest risks safely and triumphantly.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

FLORENCE

Mr. and Mrs. Robert Raglan are at home following a pleasant vacation and visit with relatives in Florida.

Mr. and Mrs. Sherman Burton were recent Sunday visitors of Mr. and Mrs. Harold Ramey of Dortha Avenue.

Mr. and Mrs. Harry Barnett of Dixie Highway, had as guests recently Rev. Harry Barnett, wife and children of Seaco, Ky., and Mr. and Mrs. Edward Barnett and family of Lafayette, Ind.

Mrs. Lester Muff, a commercial arts graduate, Locust Street, is doing a lot of sign painting for the Florence Baptist Church.

Mrs. Dora Markesbery was recently visiting a granddaughter, Mrs. Audrey Presser, and family of New Uri St.

Mrs. Opal Ackley and Mrs. Eva Miller were co-hostesses with a Stanley party on Tuesday evening at their home. Thirty-one ladies were present and Mrs. Stroud of Williamstown was demonstrator.

Mr. and Mrs. Dick Tomas of Sydney, Ohio, have moved to the Don Markesbery apartment on Shelby St.

Mrs. Harry Barnett was called to Charleston, W. Va., due to the serious illness of her aunt.

Mrs. John W. Aylor of Petersburg, and Mrs. Melvin Moore of Richmond Road, were recently visiting their mother, Mrs. Sophia Jones.

Mr. and Mrs. Kenneth Tanner of Turkeyfoot Road, were guests in the home of his parents, Mr. and Mrs. Lonnie Tanner of U. S. 42, Thursday evening, in remembrance of Mrs. Tanner's birthday. Also joining in the celebration were Tenna and Terry, children of Mr. and Mrs. Russell Tanner. May Mrs. Tanner have many happy returns of the day.

College students enjoying their spring vacations at their homes are Misses Ruth Ann Corbin, Frances Wells, Janette Ogg and Frank Barnett.

Mr. and Mrs. Al (Pig) Roberts departed Friday for a vacation in Florida. Mr. and Mrs. Will Courtney of Owen county, were recently visiting their son, Otis, of Covington, and enroute home called on her sister, Mrs. Owen Bethel, and Mr. Bethel of Main St.

Mrs. Jane Stephens was in Bond Hill, Tuesday of last week, to attend a circle meeting at the Methodist church.

The last of the basketball tournament series at Boone County High School was attended by an immense crowd, surpassing the attendance on Wednesday night previous, by hundreds.

F. W. Kephart, pastor of Grace Episcopal Church, Florence, conducted last rites to Robert C. Eastman, 61, Friday at 11 a. m., from the Taliaferro funeral home, Erlanger. Mr. Eastman, a charter member of the newly-organized Grace church, was a 42-year employee of the Proctor and Gamble Co., Cincinnati. Besides his wife, Mrs. Violette Eastman, he leaves three daughters, a son, two sisters, two brothers and five grandchildren. Burial was in Forest Lawn Memorial Park, Erlanger. Sympathy of the community is extended the family.

Mrs. Jane Stephens was a guest at the New Haven Homemakers meeting at the Richmond Presbyterian Church, recently. Mrs. Stanley Ranson and Mrs. S. G. Ranson were hostesses.

Mrs. L. B. Munday is visitant in Alabama.

The Women's Auxiliary of Grace Episcopal Church, Florence, met at the home of Mrs. John Revel. Following a short business session, the guest speaker, Lee Wilson, gave a very informative talk on church flowers and decorations. Mr. Wilson, a vestryman at Trinity Episcopal, Covington, has his own florist shop in Ft. Mitchell.

Mr. and Mrs. Stanley Banta, Mr. and Mrs. Bobby Rogers and Mr. and Mrs. Clyde Arnold were guests Saturday evening in the home of Mr. and Mrs. Verne Arnold of Center St.

Recent guests of Mr. and Mrs. Walter Kirkpatrick of Price Pike, were Mr. and Mrs. Bud Abbott and Mrs. Eva Osborn. John Carpenter of Dixie Highway, was the Sunday guest of his brother, Eldridge, and wife.

Miss Gloria Winlan of Cincinnati, is spending ten days with Miss Lora B. Gross at the home of the latter's grandmother, Mrs. Sadie Tanner of Locust St. Miss Gross's mother, Mrs. Elizabeth Hughes, and Mr. Hughes are enjoying a ten-day vacation in Florida.

Funeral services for Miss Ada Aylor, 83, were from the 5th funeral home, Friday at 2 p. m., with Rev. W. C. Butt, pastor of Hopeful Lutheran Church, officiating. Miss Aylor succumbed March 9 at the home of a brother, Lloyd E. Aylor, of 43 Shelby St., following an extended illness. She also leaves another brother, Charles L. Aylor of Covington. Interment was in Hopeful Cemetery. The family has the sympathy of the community.

Mrs. Sophia Jones of Dortha Avenue, received a wire from Montana informing her of the death of James W. Jones, a brother of the late John L. Jones.

Early Friday, this area was visited by a wind of high velocity, accompanied by rain and hail. However, no serious damage was reported in this immediate vicinity.

Methodist Woman's Society:

Mrs. C. N. Ogg presided at the meeting of the Woman's Society of Christian Service at the church, March 10, in the absence of the president and vice president. Reports were heard following the opening prayer by Mrs. George Rank. Mrs. Allie Markesbery conducted the devotional period with prayer by Mrs. Ogg and the hymn "Lord Speak to Me" by the group. Mrs. Nannie Mitchell, Mrs. Eva Miller and Mrs. Markesbery presented the program "The Young Woman Moves to the City," and the dismissal prayer was by Mrs. Markesbery. Refreshments, with Mrs. Ruby Carpenter and Mrs. Hazel Algee as hostesses, and a fellowship period followed. Attending were Mesdames C. N. Ogg, A. T. Knox, Helen Wells, Helen and Ello Bethel, Allie Markesbery, Ida and Eva Miller, Jane Stephens, Nannie Mitchell, Dora Markesbery, George Rank, Elizabeth Ramey, Ruby Carpenter, Hazel Algee and Ella Allen.—Pub. Foul weather isn't FAIR!

STRANGE AS IT SEEMS, when foul weather grounds commercial airplanes or makes highway travel hazardous, complaints shower down on the railroads!

Our regular customers complain because they are inconvenienced when our passenger trains are suddenly called upon to handle three or four times their normal load. Sometimes these good friends of ours can't even get aboard. And our foul-weather friends criticize us because we don't have enough equipment to provide an adequate "stand-by" service for them.

This situation isn't fair to anybody, including us. Of course we'd like to take care of everyone and give fine service at all times! We could do that not so long ago, when practically all travel was by rail and we had the passenger equipment to handle any job. But today, only five per cent of intercity travel is by railroad and we simply cannot afford the luxury of a foul-weather "stand-by" service—not when it means buying surplus passenger cars, at \$200,000 each, which would be standing idle most of the time.

We want you to understand our problem. And we want you to know you can count on our doing the best we can with all the equipment we have available—in fair or foul weather.

**WORK WITH FLOWERS
BEGINS THIS MONTH**

Now is the time to remove grass and weeds around clumps of perennials. This circular area should be at least 20 inches across. After the area has been cleaned, one or two tablespoons of high-grade fertilizer will be helpful.

Homemakers are urged to plant trees this spring around their homes, in pastures, along fence rows and drives and around farm buildings. Many good trees are native of and adaptable to Kentucky. Sugar maple, red, white and pin oaks, black walnut, linden, sweet gum, ash, tulip poplar and sycamore are good trees.

Such early blooming bulbs as tulips and jonquils are already through the ground and there is nothing to do to them other than to remove bunches of straw or hay that may cause shoots to be twisted. Crusted soil may need breaking up to assist the young shoots in getting started.

Trash and dead leaves in and around irises should be removed. A little bone-meal scattered around the plants at this time will be helpful.

Discussing March-work with flowers, roses, shrubs and evergreens, Professor N. R. Elliott of the University of Kentucky makes the following suggestions:

A pound of fertilizer on 50 square feet of bed or a teaspoonful to each plant will increase the length of bloom stem and size of the flower. Scatter fertilizer around the bulbs and apply water to wash any off the young leaves. Lift mulch off other flowering perennials by March 20 in the western part of Kentucky and by April 15 in the northern part of the state.

WHITES TOWER

Holly 4074 for News Items

Quite a storm hit the Tower, Thursday night with wind, rain, thunder and hail. Fortunately, no damage has been reported in this section.

New residents have moved to the Tower, occupying the Webster property on Taylor Mill Road.

Six more people learned the hard way that it pays to be careful in driving. Six were killed over the weekend, one being on Taylor Mill Pike.

Miss Judy Brumback of Main St., Independence, is quite ill at this writing. Her brother, Tom, acted as nurse. Tom will stay with them when they are sick for which he deserves a world of commendation.

Well, March came in as usual, like a roaring lion, so we hope the rest holds true, as it is about time we were getting a break.

Allen White, a cousin of ours at Petersburg, in Boone county, has sold his large farm in the Petersburg bottoms to an Enquirer employee. Allen and family are contemplating a trip to California before deciding his future course of action.

Bingo on television is the latest fad which only shows if you want to gamble you can now do so in your own living room. Next you can bet on the horses up to post time by watching your TV.

Bob Mathis of Camp Hungry, gets about three dozen eggs a day from 42 hens, which is some kind of a record.

Come on, one and all, and let us hear from you about this television business. You know it is our business now as it comes into your home and influences both you and your children. So speak up, let them know what you think by some method or other.

A letter from Mrs. Richard Dorsey, who is visiting her sister in California, says the weather is ideal there and they are enjoying their visit very much. Her husband, Lieutenant Dorsey, is now in Korea, on a training flight.

Ske Richardson of the Tower, has been under the doctor's care for several days with a leg ailment.

Ponds in this vicinity are all overflowing, which makes the prospects for a good crop year excellent. Look for an early spring as it seems all the bad weather must be in back of us. We had our winter all in one long stretch.

When you begin to get old and can't keep up your end of the work, then people begin to say, I wonder how much longer he will last just to be in the way around here. All his years of service and giving the best he had to his family and friends is forgotten, nobody is in sympathy with him. But when he folds up his hands and gives up the ghost, they all say he was a pretty good fellow and recall a lot of little incidents to his credit.

Herb Barrows and wife, Mary, and family were Sunday guests of Mr. and Mrs. Ralph Howard, mother of Mrs. Barrows. Another daughter, Mrs. Wm. Binder, and husband of Plantation Hts., were also their guests Sunday.—E.J.R.

STAFFORDSBURG

Among those attending the fellowship meeting of Methodist men at Falmouth, Thursday evening, were Rev. George Miller, Charles Losey, Leslie Dorman, J. T. Barnett, Donald Keeney, William Cummins, Robert Losey and Raymond Giles.

Mr. and Mrs. W. E. Hanna had dinner with Mr. and Mrs. W. H. L. Hanna, on Sunday, and after dinner they called on a friend in Cincinnati.

Mr. and Mrs. Howard Wilboughby and daughter are planning a trip to Florida in the near future. We wish them a fine trip.

Mr. and Mrs. Wayne Richardson and daughter were guests on Sunday of his parents.

Glad to report 80 in Sunday school. Come on and let's make it 100 by Easter.

Mr. and Mrs. J. A. Keeney spent Sunday with Mr. and Mrs. Howard Bryan, who were entertaining in honor of the birthday of Mrs. Lillie Smith. Many happy returns.

The W.C.S. met at Mrs. Miller's, Thursday afternoon. Mrs. H. Barnett presented the program in the form of a quiz. Mrs. J. A. Keeney read some articles on work on mission fields. We were very glad to have a good attendance. At the close of the program, Mrs. Miller served tea and cookies. Come, you women and help us out.

Mr. and Mrs. L. M. Deuser entertained with a birthday dinner Sunday for their son, Charles Deuser. The guests were Mr. and Mrs. Charles Deuser and daughters, and Mr. and Mrs. William Brooks and granddaughter.

Mr. and Mrs. Denver Binder and Mr. and Mrs. Clinton Henry and children spent Saturday evening with Mr. and Mrs. L. M. Deuser.

We were glad to see in our congregation on Sunday morning five young men who are students at the Cincinnati School for Martians. Two of them were friends of Rev. and Mrs. Miller.

Mr. and Mrs. Wynford Riley are adding much to the appearance of their home by putting on aluminum weather boarding.

Mrs. and Mrs. Dewey Parsons and children have high hopes of getting in their new home in the near future.

Monteque Homemakers

A new member, Mrs. Ben Clair, was greeted at the February meeting of the Monteque Homemakers Club at the home of Mrs. Nathan Northcutt, Florence.

Sewing brads together was the main lesson of the day, taught by Mrs. Lloyd Gilliam. Mrs. Dale Myers and Mrs. Nathan Northcutt presented an hour's fun and recreation.

The next meeting will be held at the home of Mrs. Ben Clair, March 16.

Franklin county haemomakers raised \$729 on a March of Dimes marathon radio program for the polo drive.

Aid To Boone County Needy

Recipients of public assistance in Boone county were paid a total of \$5,412 last month, it was reported this week by Commissioner of Economic Security Vego.

E. Barnes, Frankfort.

The payments included \$4,661 in old age assistance payments; \$586 to families of dependent children, and \$165 under the aid to needy blind program.

FISHING SEASON

I believe we have the best selection of hand and power lawn mowers of any other store—we have lots of mowers and we have them priced to sell. We have that Mactec power mower that we have sold so many of every year, and we have the Eclipse; power and hand mowers, which is one of the top line of lawn mowers. We also have a hand mower and a good one to sell for \$16.50, also have several used hand and power mowers to sell cheap. They will mow grass, try one—come to CONRAD for a lawn mower and you will buy one.

Mr. and Mrs. Brooks Ransom were in getting a few items—Mrs. Ransom found some of the new glassware we just received, up on the front table—we have such nice pieces and they are cheap. Miss Mary Collins and Mrs. Nell Kelly, two of my good customers I often write about, real good customers, were in today—Miss Nell ordered some fencing for her brother, Hayes. Mrs. Nell bought a gold fish bowl. Mrs. McMillan and Mrs. Owen Flynn, two more of my good customers, were in for a pair of belts for their refrigerators—I did not have them but will by Wednesday.

Mrs. Orin Britt was in all dressed up, going to town, I think. Several getting ready to go fishing. George Bickner, Ed Black and wife, Lloyd Shields, Emarion Young and several others all got their license and were hoping the weather would be warm enough. Charles Vest stopped for a bag of Vigoro fertilizer. Walter King came after a plastic cover, an applicator and enough Dowlume gas to prepare his planted to sow. Robert Junt bought one of his daughter's a tricycle. Russell and Charley Sparks were all in a few minutes today, but could not sell them very much.

The weather was fair and warmer today and everyone seemed to have a different spirit—they were going the other way. Buster Glenn went down to the backwater from the river to see if he could catch some. Hub Fisher came in and bought a pair of check lines. R. C. McNay stopped on his way up to his sister's farm to take her parts of harness this week. A fellow from Kenton county, I don't remember his name, bought a steel wedge and a sledge hammer, also some home traps.

Mr. Noel from Gallatin county bought 18 cans of Dowlume to kill the weed seed in his planted—he bought the cover and applicator last year, so this year it only cost him \$17.10 for 200 feet of bed—he said it really worked last year. We unloaded some electric right electric water heaters, 57 gallon up right electric water heaters, Dayton electric water system, water connection water systems and water heaters. Lawn seed, fruit tree spray, willow onion and brush killer are all in season now. We have Dowlume chemical in cans for your planted, also canvas and seed.

Some fellow stopped in for a set of saw tools to sharpen and set a cross-cut saw—the last he had been to three hardware stores and the last one told him he would have to go to CONRAD'S at Walton to get it, and he did—they only cost 75 cents and he drove 40 miles hunting them. Omer Kile and Ed Kennady came in the side door—Omer bought an axe, two files and bolts—Ed bought standard loops and bolts—they don't stay long as Omer was in a hurry—he said someone was waiting on him.

Joe Wood came in with a broken rake handle—I think his wife broke it out—anyway, I put him in a new handle. Jas. E. Falls came after a rugle bolt—he is putting in a big screen at his trailer. Mr. Stringer, over Verona way, was after more bolts—he has been buying bolts by the package for several days. Mrs. Jay Webster came in for screen glass, baby chicken fountain, and feeder—she is also going to have some fried chicken. Mrs. James Messmer brought curtain rods and was looking at the patterns of linoleum.

Mr. and Mrs. H. H. who just bought a house north of the Beacon Light Motel, came after a lot of that fine rubber base satin wall paint. I buy this paint from the Chicago Paint Co., as Boice does not make a rubber base paint, and I believe it satisfies more customers than anything I have ever sold—try some! Leonard Caldwell was in for a few minutes—he comes in to see me when in town—he is doing alright down at his place on U. S. 42 at Mudlick bridge. When you are down that way, stop and buy some gas or oil or drinks.

Some fellow from Burlington came over after a two-horse sled. Another fellow drove in and got a roll of fence. Another bought a roll of welded fence. Mrs. Anderson from Union, sent his men over for a lot of harness. We sell some harness every day this time of year. Mrs. Albert Parker was buying paint for her kitchen. Mrs. Clayton Percival was waiting for Clayton, who was at the barber shop—she bought some pot lids and other kitchen items. Mr. and Mrs. Boyd Courtney, down on Salem Creek Road, were in buying canvas, and she was looking at linoleum—this arm is doing line where he got in a bush saw the other day.

Today I was showing a hand lawn mower—I showed my customer the \$16.50 mower, then the \$24.50 mower, but when I pushed out the \$34.50 Eclipse, there was no comparison. We have a nice selection of electric ranges, table top electric water heaters, 57 gallon up right electric water heaters, Dayton electric water system, water connection water systems and water heaters. Lawn seed, fruit tree spray, willow onion and brush killer are all in season now. We have Dowlume chemical in cans for your planted, also canvas and seed.

PINER TALENT PROGRAM

The annual talent program of the Piner Grade School will be given tonight (Thursday) at 8:00 p. m. in the school auditorium. Parents and friends are urged to be present and see and hear the children. Harry E. Johnson, will again serve as master of ceremonies.

Soft drinks and home-made candies will be on sale after the program.

A short business session of the P. T. A. will be held before the program.

REGISTRATION DATE SET

Registration for first grade students at the Kenton Elementary school, for the year 1955-56, will be held at the school on March 24, between the hours of 9:00 a. m. and 3:00 p. m.

All registrants must meet the following requirements: (1) Field card; (2) Present a birth certificate for the purpose of establishing date and place of birth for school records; and (3) Furnish certified evidence of vaccination against smallpox. In conjunction with registration, a physical and dental clinic will be conducted.

Parents who have children who meet the above age requirement are urged to bring their children to school for this registration, said F. D. Cason, principal.

Florence Woman's Club Hears Talk On Art at Recent Meet

The Florence Woman's Club met on Tuesday at 1:00 p. m. in the home of Mrs. Sam Denham, Jr., with Mrs. Sam Denham, Sr., assisting.

Following lunch, a business session was held with Mrs. F. D. Cason, president. Reports were submitted by the budget, nominating and membership committees.

Mrs. W. F. Foote introduced the guest speaker, Mrs. Ann Steward, whose theme was, "Boone County, A Fruitful Land of the Arts." An excellent explanation of the appreciation and justification of the arts was presented as a foundation for this interesting subject. Boone county has attracted and abounded of folk lore. Mrs. Steward, an artist in her own right, spoke of the literary works of many Boone county authors and read excerpts from their writings.

A fine selection of etchings and paintings were exhibited. The local artists represented by their works were Carolyn Williams and Messrs. Hentchell, Helwig and Steward.

Members in attendance were: Messrs. James C. F. Blankenbaker, Frances Berkshire, F. D. Cason, W. H. Campbell, Paul Chaney, Harold Conner, Aileen Conner, Harry Dougherty, J. F. Dougherty, Sam Denham, Sr., Sam Denham, Jr., W. E. Dills, Henderson Hightower, H. L. Dressman, A. A. Liggett, Roy Lutes, Fanny Scott, Ralph Smith, Robert West, W. T. Foote, W. H. Wester, and Robert Tanner. Guests present were Mrs. John E. Murphy and Mrs. E. E. Abbott.

Florence Baptist Church to Dedicate New Addition to Building On Sunday, April 3

The Florence Baptist Church will dedicate its new educational building and remodeled auditorium, Sunday, April 3. The growth of the church made it necessary that additional space be provided for the Sunday school, which has increased to an enrollment of 667, with an average attendance of 400. Likewise the auditorium, which was not large enough to take care of the number attending worship services, has been enlarged to seat 450 people. The total cost of the entire work was \$71,000. The educational plant is 84'x40' with 32 rooms, sufficient to take care of 500 in Sunday school, as well as the Training Union, which meets before Sunday evening worship service.

A very fine program has been arranged for the day, beginning with the Bible school hour at 9:45 a. m., and followed by a great worship service at 11:00 a. m. Rev. Harold Wainwright, former pastor of the church, will bring the message, "The Church of Tomorrow." Rev. R. H. Johnson, Jr., will bring the message, "The Church of Yesterday." A fine program of music has been arranged by the choir, led by Bro. Dale Jones, director of music. Following the morning service, lunch will be served by the church and an invitation is extended to everyone by the church to come and enjoy this fellowship hour.

The dedicatory service will begin at 2:00 p. m. Rev. T. H. Shelton, pastor of the Latonia Baptist Church and Moderator of the North Bend Association, will bring the message, "The Church Today." Included in this service will be the observance of the one hundredth anniversary of the church, which was organized in April, 1855. "We are extending," said the pastor, Rev. R. A. Johnson, "a special invitation to all former members of the church to be with us in this service."

The evening service will be led by the young people of the church with the theme, "The Church of Tomorrow." There will be testimonies by several of the young people and a very fine program of music led by Bro. Don Magier, director of the youth choir.

"This is a very special invitation to the many friends of Florence Baptist Church to come and enjoy the day with us in this glorious victory that is now ours," Rev. Johnson added.

Ryans Have A Son

Mr. and Mrs. Clifford Ryan, Walton, are the proud parents of a four-pound, fifteen-ounce baby boy, born March 11, at St. Elizabeth Hospital. The new heir was named Rickie Duane. Both mother and baby are now home.

Celebrates 6th Birthday

John Leslie Hetterman celebrated his sixth birthday Sunday, March 13 with a party at his home on Walton-Verona Road.

The children who helped his celebrate were:

Bobby Brown, Kay Brown, Sandra Barnes, Ronnie Stephenson, Allen Walsing, Barbara Walsing, Joe Bishop, Pat Bishop, Vicki Wicks, Wayne Wicks, and Donna Sue Hoffman.

Games were played and refreshments were enjoyed by all.

WALTON-VERONA CIVIL DEFENSE SESSION SET

A civil defense group, the first in Northern Kentucky, will be organized at a meeting to be held at 7:30 p. m., this (Thursday) evening at the Walton-Verona school in Walton.

Walton has been selected as a site for a ground observation post, according to J. T. Still, Jr., publicity chairman.

A U. S. Air Force representative will attend the meeting and present films to stress the importance of a civil defense unit.

Attend State Convention

Melvin C. Platt and Lipzie Wagner, both of Walton, Route 1, are delegates to the Kentucky State Convention of the Woodmen of the World Life Insurance Society, March 20-22, in the Seelbach Hotel, Louisville.

Highlights of the program was announcement of plans for the nationwide celebration of the society's 65th anniversary on June 6, and its national convention in Los Angeles in July. Mrs. B. Hurt, executive vice president, Omaha, Neb., formerly of Murray, and Lawrence T. Oliver, a national director, of Richmond, Va., were speakers.

RYAN-BROOKS WEDDING

The marriage of Miss Mary Florence Ryan, daughter of Mr. and Mrs. Larry Ryan, Verona, to Mr. Arthur Earl Brooks, son of Mrs. Doretta Brooks, Walton, and the late Mr. Tom Brooks, was solemnized on Tuesday, December 28, 1954.

The ceremony was performed with simplicity at 4:00 o'clock at All Saints Church, Walton-Verona Road, by the Rev. Charles Donovan.

Miss Jenny Schoborg, Independence, was maid of honor, and the best man was Mr. Robert Plackie, Kenton county.

Mr. and Mrs. Arthur Brooks

The bride wore a floor length gown of white lace over blue satin, fashioned with scalloped neckline and long flowing sleeves. Her finger-tip veil fell from a tiny band of sequins and pearls. The bride carried a bouquet of white orchids and mums.

The maid of honor's gown was floor length blue net over tulle, and she carried a bouquet of white orchids and mums.

After the reception, which was held in All Saints Church hall, the happy couple departed on a short honeymoon through Southern Kentucky and Tennessee. They are now residing in Covington.

Christian Church Revival Begins Sunday Evening

Rev. Duke C. Jones

Jones Is Evangelist; J. B. Smiths, Singers

The Walton Christian Church has completed plans to lead a Crusade for Christ in the local community. This pre-Easter revival offers the members and friends an opportunity to lead souls to Jesus Christ. All members have been requested to pray for those who need to place membership with the local church.

Rev. Duke C. Jones of Reidsville, N. C., will be the evangelist. Mr. and Mrs. J. B. Smith of Newman, Ill., will lead the singing and direct the children's meeting at 3:15 p. m., for 45 minutes. All children of ages 6 through 12 are invited to attend this special youth program. Services will begin each evening at 7:30, when James Spencer will play music on the organ. Gladys Smith will be at the piano at 7:45 when the first congregational hymn will be sung. The public is invited to "Sing with the Singing Smiths." Old time Gospel music will be featured throughout the meeting. Rich, dramatic readings will be given throughout the Crusade.

Rev. Jones has had many years of evangelistic work. He served as state evangelist for Christian Churches in West Virginia for many years. He is well-known and loved throughout the Brotherhood of Disciples of Christ. At the present time he is pastor of the First Christian Church, Reidsville. Last year, Mr. Jones and Boyne E. Driskill served as leaders in the Leon (low) Christian Church, where 139 members were added to the church. He preaches with power and deep conviction.

The Department of Evangelism, Iro Stephenson, chairman, calls attention to the need of every member putting first things first during these days of special evangelistic emphasis. Rev. Vaughn, pastor, says that this will be a period of concentrated instruction on the great messages of the church. Everyone who attends the meeting will profit from Bible knowledge and instruction. It is (Continued On Page 7)

Evangelistic Rally In Covington, Sunday; Rodeheaver Guest

Rev. H. C. Ogles, Superintendent of the Covington District of the Methodist Church, announces that the 50 Methodist Churches of Boone, Campbell, Gallatin, Grant, Pendleton and Kenton counties will unite in a great Evangelistic Rally at First Methodist Church, Covington, Sunday afternoon, March 27, at 2:30.

Homer Rodeheaver

Homer Rodeheaver, an internationally famous singer, will conduct the music. Fifty young people from all sections of the District will compose the youth choir. This rally is to inaugurate a two-fold evangelistic program known as "The Four Nights For God," and "The Christian Witness Mission."

The Rev. Dr. Ogles will deliver the inspirational address. The public is cordially invited.

Soybean improvement work in Henderson county will include growing several varieties and the use of different fertilizing methods.

Simon Kenton Home Economics Dept. Doing Big Job

Simon Kenton High School has a four-year vocational home economics program which is supported by the State Department of Education as well as by the local Board of Education. Every vocational home economics department in the state emphasizes the seven areas of home-making, which are: Foods, Child Care, Relationship, Clothing, Health, Management, and Housing.

While the girls are in class they actually participate in the seven areas of home-making by selecting units in these areas to fit into a program of units for each year's level of work. In the foods area, they plan, purchase, prepare and serve meals for family and company use. In the child care area, they learn to appreciate and love children, as well as to cope with the problems connected with infants and pre-schoolers. In the area of relationship, they have such units as "Growing Up," "Boy and Girl Relationships," "Looking Toward Marriage," and "Getting Along with Families and Associates in the Business World." One clothing unit is had each year, which includes first of all, the construction of a simple garment, followed by a tailored dress in the second year, and a lined suit or coat in the third year. The fourth year is a unit suited to individual needs. Besides construction of garments, the girls learn color combination, what styles are good, how to recognize and choose suitable materials, and how to assemble wardrobe. One of the first health units is "Safety and First Aid." This is followed in other years by "Home Care of the Sick," and "Foods for the Sick." Several units are had on management, among them being, "How to Budget My Allowance," "How to Manage My Time and Energy," and "How to Get Your Money's Worth." In the housing area, the girls learn how to achieve the best effects both inside and outside the home.

Along with classwork, there are three home projects a year, one each semester, and one in the summer. These home projects are chosen from the above mentioned areas. The homemaking teacher assists the girls in the selection, progress and evaluation of the home project. During the past year, 381 projects were carried on by 119 girls taking home-making at Simon Kenton. These were supervised by the homemaking instructor, Mrs. Helen G. McElroy.

In the adult part of the total homemaking program, a community canner is conducted where people of the community learn to can by economic and systematic methods. They bring their own products to the canner, where they actually do their own canning, using modern facilities available at a low cost. This past summer, nearly 7,000 cans of food were processed for home use.

The other phase of the total homemaking program is the Future Homemakers of America organization, which is composed of girls who have had at least one semester of home economics. The name of the FHA organization appears around the top of the national emblem. The motto is "Toward New Horizons," completes the border. In the center of the emblem is a home, supported by the hand of a boy and a girl, symbolizing that they are working together to foster and support high home ideals. The lines radiating from the home call attention to the influence which flows from within the home outward into the community and all parts of the world. Each of the eight sides of the emblem stands for one of the purposes.

The colors are red and white—red for courage and firm determination to succeed, white for the purity and integrity of youth. The flower is the red rose, which is symbolic of vibrant, glowing health, which contrasts to the roses and efficiency in home and group life.

While in FHA, a girl may earn her Junior, Chapter and State Homemaker degrees. In earning these degrees, a girl will have grown as an all-around individual while working on goals which will help to accomplish this degree. Last year over 30% of the members received one of these degrees.

Meetings are held on the local, district, state and national level. Simon (Continued On Page 7)

Misses Peggy Ripp and Phyllis Tatter shall give the history and details of activities of the Alpha Beta, Gamma Club, Floyd B'Hymer and Lee Giles gave the purpose of the Beta Club, to promote the ideals of honesty, service and leadership among the high school students of America. Bob Wainwright and Berkeley Worster briefed Youth Assembly and other projects of the Hi-Y club. Misses Beverly Kunkel and Dana Wilson narrated the history of the Y-Teen club. Their achievements are: (1) Growth in individual achievement and social adjustment, (2) Growth in appreciation of

people of different nationalities, religions and races; (3) Growth in development of high standards of conduct; (4) Growth in the knowledge and love of God. On display was a white silk scarf with blue figures of the emblem school and the name of the club and states, painted by one of the members, to be sent to Germany. F.H.A. representatives, Misses Lou Ann Elliott and Virginia Oliver, who are working on their State degrees, told the 10 year old F.H.A. club charter from the national organization. Its motto is "Forward, New Horizons." Gene Smith, Larry Smith, Shirley Elliott, Richard Walsing and Bob Collins, winners of the F.F.A. creed, discussed wisdom by good citizenship and told of other activities of the year.

Miss Barbara Rust read I Corinthians 13 for devotion. Mrs. Thomas Finney presided during the business session. Mrs. Bryan Rust, Mrs. Daniel Martin and R. C. Hinsdale, the nominating committee, reported Mrs. Harold Halbutt, Jr. vice president and Mrs. Victor Webster for treasurer. The Math club, sponsored by Miss Elma Taylor, Mrs. Harold Halbutt and Mrs. Ira Jackson are ticket chairman for the Cottontown Musical to be given March 25-26 at the school. Mrs. Randall Gibson and Mrs. Floyd Smith were appointed to the refreshment committee for the April meeting. Miss Elizabeth Palmer's room won the attendance award—Pub. Chm.

IN MEMORY—

Of W. H. Wright, who departed this life three years ago, on March 11, 1952. He has gone to Heaven to stay, and I'll meet him there some day, on that happy, golden shore, where we will never part no more. I miss you, oh, my darling, no tongue on earth can tell, but when we meet in Heaven we'll never say farewell. Sadly missed by wife and family. L-12 MRS. MAUD WRIGHT

Cotton Going to Iceland

A 3c Kenneth E. Cotton, son of Mr. and Mrs. B. H. Cotton, Park Avenue, left Sunday for Camp Kilmer, A.F.B., New Jersey, and will go from there to Iceland for a year. He just completed a 30-day furlough with his parents and their family.

Plans are under consideration to have a forestry, logging and saw mill show in Eastern Kentucky.

THE BIBLE SPEAKS

BY DR. KENNETH J. FOREMAN

The Living World

Lesson for March 27, 1955

IT SHOULDN'T seem singular that we are all born plural. We can't be born at all without the consent of two people we never saw before, and we can't be legally born without the consent of a great many more. We live in a world of people, by the help of many people. We cannot achieve health, wealth or other happiness all by ourselves. And when we die the reason why we are not missed very long is that there are so many other people ready to take our place. Now the Christian like all other men lives in a world of men. His religion ought to give him some clue, at least, as to how he should live in this human world, this immense complex wheels-within-wheels thing we call Society. Is the right Christian thing to do to run away from the world and hide? Hermits have tried it. Is it the right Christian thing to do to adopt the slogan, "If you can't lick 'em, join 'em"? Shall Christians just accept the world and its ways? Worldly "Christians" have tried that.

Salt and Light

But neither the Christian hermit nor the "worldly" Christian has helped the world. The world is no better for either of them, and on the other hand both hermit and worldling have ended by being no better than the creature of a true Christian. The Christian's relation to the world around him... wait just a minute. We are going too fast, aren't we? "Worldly" what do we mean by that? For the purposes of these present thoughts, the "world" means all the realms and ramifications of such variegated human arrangements as sports, politics, education, business, industry, agriculture, international affairs; all human institutions and relationships on a large scale or small. The "world" here means human beings, not in separate capsules but tied in innumerable ways to one another, affecting one another, inseparable from birth to death. The Christian's relation to this world is not like that of a pin stuck into a pin-cushion. The world is not merely the place where he has to be. Jesus put it into those two little thumb-nail parables of Salt and Light. The Christian is to be different, to be separate; but not as a pin is different from its cushion. The pin does nothing whatever for the cushion; but salt and light do something, something valuable and needed, to whatever it is with which they make contact. Christians are expected to apply themselves and their Christianity to every relationship of life—that's a dull way to put it, but doing it is never dull.

Love Is Concern

Jesus and Paul both made it clear that the one law of life that sums up all other laws is Love. Not romantic love, not sloppy slipper sentimentality, but genuine heart-concern, intelligent concern, for the welfare of others. We all know that this is the law that transforms family life from a kind of jungle, or a cage at best, into something very close to heaven. We haven't all discovered that this is the law that can transform public life, yes, politics, business, for the welfare of others. We all know that this is the law that transforms family life from a kind of jungle, or a cage at best, into something very close to heaven. We haven't all discovered that this is the law that can transform public life, yes, politics, business, for the welfare of others. We all know that this is the law that transforms family life from a kind of jungle, or a cage at best, into something very close to heaven. We haven't all discovered that this is the law that can transform public life, yes, politics, business, for the welfare of others.

To the End of Time
But suppose the H-bomb gets us all? Suppose, for lack of enough strength, Christians, the hate-all, grab-all way of the world has brought us to the edge of doom, what can Christians do? Sit down and wait for the end? The Apostle Peter did not think so. Neither did any other early Christian leader. They felt themselves in a world on fire—and indeed so it was.

IS IT LATER THAN YOU THINK?

Right now your heart is ticking off the seconds of a lifetime!

Without your willing it to do so, it is pumping life through your veins at an approximate rate of 72 beats a minute. In one year it will have pulsed close to 38 million times—if all goes well.

But suppose your heart suddenly stops tomorrow—or next week—or, at the latest, next month. What then?

Someone, somehow, will help your family pick up the pieces and resume a life of sorts. But only you can guide the destination of your soul.

Let your pastor and your church show you the Way. Look to the future!

It may be later than you think.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WHITES TOWER

Holly 4074 for News Items

Riley Fossett of Grant county was a visitor at Bide-A-Wee farm, Tuesday.

An auto crash Saturday near Shaw's farm resulted in a couple of badly damaged cars, but luckily no one was hurt seriously.

Joe Sweeney was a visitor to the Whites Tower, Saturday evening—one of his rare visits.

Bro. Earl Mardis had charge of the

Wednesday night meeting of the Vuesla Baptist Church and did a wonderful job making a very interesting talk, considering this was his first time to speak in public.

The following newcomers arrived at local hospitals during February and March: Cecil and Catherine Coker of Independence, Route 1; a boy, February 23; John and Vesta Hammond, Porter Road, a girl, February 19; Russell and Norma England, Independence, Route 1, a girl, February 14; a Valentine; Mitchell and Nannie McIntosh, Morning View, Route 1, a boy, February 4; Wm. and Esther Whitley, Covington, Route 3,

a girl, January 18; Harmon and Elizabeth Kerr, Covington, Route 5, a girl, February 24; Samuel and Nannie Cobb, Covington, Route 3, a girl, February 18; Floyd and Wanda Roberts, Covington, Route 5, a girl, February 18. Also, we must not forget to mention that our old friends, Thomas and Catherine Gormley, Pleasant Ridge Ave., are entertaining a new baby girl, since February 22.

The L&B strike has affected quite a few residents of this vicinity as well as several laid off in other jobs as a result of the strike. Nobody wins a strike as both the company and the men lose money, so we can't see why they can't get together before these things come to a head and settle peaceably.

Two auto accidents on Taylor Mill Pike Saturday and Sunday resulted in badly damaged cars but luckily no one was seriously injured. One was near the Shaw farm and the other at the top of Winston hill.

Doc Webster and family of Louisville, visited his parents, Mr. and Mrs. Jesse Webster, over the weekend.

Bud Ryle and wife of Work Road, Cincinnati, were at the farm Sunday to see about his ten hons which we smoked for him. He seemed to be well pleased with the job we did.

We have a report this morning that another auto accident happened at the top of Winston hill on Taylor Mill, last night. No casualties reported.—EJR

A good appearance and pleasing personality are the two important "Secrets of Charm." Mrs. Russell R. Quick and Mrs. Gregory Bramlage, club leaders, told members of the March meeting, held in the home of Mrs. F. M. Powers.

"The thought for the day" was read by Mrs. E. B. Sterling, who also conducted a quiz. Plans were completed for looking cup cakes and cookies, to be sent to the Tuberculosis Sanatorium for Easter. A special work day on scrapbooks, to be given to the children's ward in local hospitals, will be held at 10 a. m., March 23, in the home of Mrs. Jos. Knebel. Members were told a white elephant sale would be held at the April meeting. Mrs. Louis Lee and Mrs. E. A. Sterling, hostesses for the session, welcomed the following guests:

Mrs. Vera Ott, Mrs. C. A. Dally, Mrs. Roy McHale, Mrs. Vincent Vianello, and Mrs. Sophia Hauckhorst.

Resolution No. 13

A Resolution declaring the necessity of considering the purchase of modern communication equipment and requesting bids to be made on furnishing two-way short wave radio equipment (sending and receiving), for the use of the City of Walton Police and Fire Departments, with all rights reserved to reject any and all bids; directing the City Clerk to advertise for bids.

WHEREAS, the City of Walton will be confronted in the not too distant future with the change of the local telephone system from manual operation to automatic equipment which will render obsolete the present facilities for calling the police and giving alarms for fires, and

WHEREAS, recent development in short wave radio sending and receiving equipment have rendered said equipment much more serviceable and trouble-free to the point where the same is practicable for use in a rural community,

NOW, THEREFORE, The City Council of the City of Walton Does Ordain as follows:

Section 1. It appears to the City Council that when the telephone system in the City is converted to dial and the present system of having operators on duty twenty-four hours a day, who are familiar with local situations and local residences are no longer used that the calling of police in cases of an emergency and the summoning of the fire equipment in case of fire will be very difficult and that it is necessary that consideration be given to the establishment of adequate and proper facilities to maintain a working signal system of communications between the law enforcement agency and the fire protection agency of the City.

Section 2. It is therefore ordained by the City Council that the publication of this resolution by the City Clerk shall be Notice to all persons who desire to bid, that the City will receive bids for the furnishing of two-way short wave radio equipment for the use of the Police and Fire Departments in the City of Walton and all bids shall include the installation of a sending station of the proper wattage and a frequency which will be assigned to the City for the mobile equipment to be installed in the automobile equipment used by the City officials on a per unit basis a minimum of three (3) being considered and there shall be contained in the bid a price for the continuous maintenance and servicing of said equipment on a monthly and a per annum basis. The City Council reserves the right to reject any and all bids and decline to make a purchase of the equipment at all.

Section 3. It is further ordained that the Clerk will send copies of this resolution, clipped from the newspaper, to as many persons whose names he may be provided by the fire department or the police department.

Section 4. The bids shall be in on or before 8:00 P. M., on April 11, 1955 in sealed envelopes stating the name of the bidder the trade name of the equipment and whether same is new or used and the bids shall state:

1. The complete cost of the equipment whether new or used installed.
2. Delivered, not installed. The name, make and model of equipment to be used and if used the year of original sale.

3. A statement of the guarantee or warranty on the equipment and the effect of the same being installed by the seller or by someone employed by the City.

4. Full explanation of the range of sending and receiving of stationary and mobile units.

5. Such other pertinent information as deemed advisable by the bidder. Passed by voting of 5 members of Council of the City of Walton, at an extended meeting of the March 14 meeting held on March 21, 1955.

KENTUCKIANS TOLD OF SALES TAX AID

A farmer governor of Tennessee declared this week at the University of Kentucky that the passage of a sales tax several years ago in his state produced the revenue needed to remedy most of Tennessee's educational ills. The speaker was Jim McCord, now commissioner of conservation for Tennessee, who was the principal speaker at the opening session of the 20th annual convention of the Kentucky School Boards Association.

CINEMASCOPE AT JAMES

J. E. Falls has announced that cinemascopes, the new miracle of motion picture entertainment, is now being installed in the James Theater, Walton, which will bring an entirely new innovation in local motion picture entertainment.

Pictures will be shown on a new gigantic screen, extending all the way across the stage, and its miracle lens brings a new lifelike picture. Mr. Falls said that the finest Cinemascope productions will be shown at his theater during the coming months. The first showing is expected in about ten days or two weeks. Watch this paper for an announcement of opening date.

SOUTHERN STATES MEET

Approximately 103 members of the Southern States Cooperative community advisory board, directors of affiliated cooperatives and cooperative service agency managers, from this region met in Cynthia, March 22, at 7:00 p. m. to hear a report on the operations of the cooperative for the first half of the fiscal year and to discuss problems and policies of the cooperative.

District manager Claude F. Lane, of Frankfort, had charge of arrangements. Alex B. Veech, Finchville, presided at the meeting, and Dr. T. K. Wolfe, of Richmond, Va., gave the mid-year report.

Attending the meeting from Boone county were: Henry Lipscomb, Loring Huey, and Stanley Eichholz, all of Walton; Wilton Stephens, Burlington; Joe Rouse and James Rice of Verona, and Allen White of Petersburg.

Services at Lebanon, Sunday

Services will be held at the Lebanon Presbyterian Church on Sunday afternoon, March 27 at 2:30. Rev. Paul Currie will speak.

Services are held regularly the second and fourth Sunday of each month, and the public is cordially invited to attend.

Lebanon Aid to Meet

The Ladies Aid of Lebanon Presbyterian Church will meet at the church on Friday, March 25 for all day. Each member is urged to be present as the

church will be cleaned as well as a business session held. Each one is asked to bring a covered dish.

Vocational Home Economics

(Continued from Page One)

Kenton is proud to have two district and one state officer. They are: Lou Ann Elliott, District First Vice President; Carolyn Richardson, District Reporter; and Virginia Oliver, State Treasurer.

Last year at the state meeting, Simon Kenton was awarded "superior" on its scrapbook and "honor roll" chapter rating. Some of the money-making projects of the chapter are: Chili supper, scrap drive, check room at basketball games, and various sales (bake sales, shampoo, furniture polish, vanilla flavor, and magazines). For fun, a "sweetheart party" is held honoring the "chapter beau," who is a representative of the FFA. During National FFA Week, members went on a field trip to Louisville and Union Terminal, Cincinnati. All chapters in the state work together to give at least five scholarships of \$125.00 each to outstanding girls in the home economics field each year.

To give a clearer understanding of the total homemaking program, the FHA creed is given:

"We are the Future Homemakers of America! We stand for the future with courage and high hope, to the time when we will have homes of our own which we hope will be homes here truth, love, security, and faith will be realities and not dreams."

Christian Church Revival

(Continued from Page One)

important to strengthen the bonds of fellowship and to secure a spirit of oneness in Christ.

Rev. Vaughn will preach Sunday morning on the subject, "I Thirst." He will deliver the opening revival sermon Sunday night unless Mr. Jones can make plane connections. The Smiths will arrive Saturday to begin their work Sunday morning.

Collecting Eggs for Easter

The Willing Workers Class requests all members to bring eggs Sunday morning and evening to be sent to the Kentucky Widows and Orphans Home. This is an annual collection and egg cartons will be at the church for your convenience. Four cases of eggs would be welcomed.

INDEPENDENCE

Boy Scout Troop, 8:

Scoutmaster James Roberts announced that at the last meeting for Scouts and Scouters of the Independence Boy Scout Troop, 8, there were 12 new members who received the Tenderfoot Badge. They were Stanley Parker, Tommy Ryan, Dennis Ryan, Bobby Auton, Ronald Sterling, Billy Letcher, James Gang, Harold Watson, Bobby Hunt, Everett Dameron, William Moorehead, and Pat Nolan.

Scouts to receive their first class badges were Sterling Staggs, David Caldwell, Jerry Binder, Lyle Brinkley, Billy

Campbell, Steve Chisenhall, Jay Fisk, Bobby Wilcoxon and Victor Hightower. The following Scouts were advanced to second class and received their pins: Jerry Binder, Stanley Parker, Billy Fite, Ronald Sterling, James Coleman, Lyle Brinkley, Steve Chisenhall, Billy Campbell, Sterling Staggs and Robert Kunkel.

The upper three ranks, Star, Life and Eagle, Scouts are required to have a general knowledge of certain subjects in art, business, crafts or in any professional field. Boys receiving the rank of Star Scouts were Walter Baird, Jerry Hatfield, Steve Rapp, George Binder, Joe Canaday and Charles Payne. The rank of Life Scouts was received by Steve Rapp, James Wainscott and George Binder.

Michael Vaughn was the only one to pass the requirements necessary to become an Eagle Scout, the highest rank available in this organization for boys. To the Scout having received this rank, he is quite capable of leading a troop of boys and later, having served the required number of months at this rank, may form a Troop of his own and become a Scoutmaster, and then to pass on to younger boys the knowledge he has acquired.

Congratulations are in order for each and every one of the Scouts mentioned above, and to the new members having received their first rank. Requirements for receiving the next rank is a challenge that will take a will to obtain.

In every home where there is a boy nearing the age of 11, Scouting is capable of teaching him clean sportsmanship, knowledge of our natural surroundings, and the ability to work with others under mutual friendship and understanding.

Kenton Elementary PTA

Parents and Teachers Must Co-operate With the Welfare of the Child As the Main Goal," was the main theme of the talk given by the Rev. Arthur Tipton, of the Independence Christian Church. The Rev. Mr. Tipton, who is also a teacher in the Ludlow School system, spoke at the March meeting of the Kenton Elementary P.T.A.

In observance of Father's Night, Don Phillips gave the devotion. Mrs. Sterling Staggs and Mrs. Helen Collins, music chairmen, led the group in community singing. The Kenton Elementary Boys' Chorus, Miss Minerva Rigg, director, sang a group of Irish songs.

Mrs. Wootson Ashcraft, president, presided over the business session of which time Mrs. Carl Wieland was elected president, and Mrs. Don Myers, treasurer, to serve a two-year term. It was also voted to have a bake sale after the annual Spring Musical program. The proceeds are to be used to purchase supplementary readers.

Mrs. Ernest McKinley and Mrs. Jos Kunkel, assisted by the mothers of Kenton Elementary Browne Troop, served refreshments in the cafeteria.

Simon Kenton News:

Bob Wainscott, student at Simon Kenton High School, has been selected to run for the office of Lieutenant Governor in the Kentucky Youth Assembly.

Bob, because of his wonderful personality, his fine Christian character, good

speaking ability, and keen knowledge of parliamentary law will make an excellent candidate for this office. His activities are many and extend beyond the regular high school clubs, honor roll, and organizations to that of being in the choir at

Oak Island Baptist Church, where he is active in the BTU, and has won a medal for his speaking ability at last year's Youth Assembly. Recently he was made an assistant Scoutmaster of Troop 8 of Independence. I'm sure that Bob Wain-

scott, if elected to fill this position in the next Assembly, will prove himself worthy and well qualified and will know that the people of this area will be proud of this accomplishment.

PLYMOUTH WINS

FOR 1955 STYLING
OVER "OTHER 2" LOW-PRICE CARS
BY VOTE OF ALMOST 4 TO 1

THOUSANDS PREFER PLYMOUTH'S
STYLING IN NATION-WIDE SURVEY!

A well-known independent research organization asked thousands of people—in New York, Chicago, Detroit, Atlanta, Dallas, Los Angeles—to compare the appearance of '55 models of the three low-price cars. Opinions were received from men and women—from people of all ages—from owners of all the different makes of cars. The results are below.

Best buy now;
better trade-in, too!

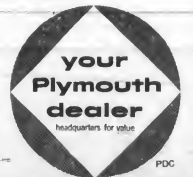

HERE'S WHAT OTHERS THOUGHT OF PLYMOUTH!

Compared with low-price car "A"		Compared with low-price car "B"	
Plymouth is better looking	62%	Plymouth is better looking	66%
Car "A" is better looking	16%	Car "B" is better looking	17%
Almost 4 to 1 in Plymouth's favor!		Again, almost 4 to 1 for Plymouth!	
(22% liked "both about the same")		(17% liked "both about the same")	

HERE'S WHY YOU'LL PREFER PLYMOUTH, TOO!

Plymouth '55—with THE FORWARD LOOK—is the only low-price car to offer you honestly new styling, instead of a mere face-lifting. It's bigger than the "other 2" cars (bigger than car "A" by 8.4 inches!). It's lower and sleeker, with a host of styling advances that wins the most applause in the lowest-price field. See everything Plymouth has to offer today!

Yes, the big swing is to Plymouth—See it today—drive it away!

FLORENCE

Conrad Schybold, who is a patient in St. Elizabeth Hospital, does not improve very rapidly.

Mrs. Genie Kethman of Covington, was a guest Thursday of a sister-in-law, Mrs. Belle Tanner of Elmore. Mrs. Tanner was a former resident of Price Pike. Sunday, March 27, at 2:30 p. m., Homer Rodeheaver will be at the First Methodist Church, Covington, where he and his accompanist will have charge of the musical program. The choir will be composed of singers from choir over the district. Dr. H. C. Ogles, District Superintendent, will be the speaker. This will mark the beginning of the Evangelistic Rally of the district called "Four Nights for God."

Mr. and Mrs. Jeff Edmonds, Latonia, Mrs. Morris Kistner, Mrs. Margie Roney and Mrs. Donmiller of Cincinnati, were Sunday visitors in the home of Mr. and Mrs. Walter Kirkpatrick of Price Pike.

Mrs. W. R. Miller was a guest over the weekend of a sister, Mrs. J. K. Ammerman of Cynthia.

Harry K. Daugherty and bride were weekend guests of his parents, Dr. and Mrs. Harry R. Daugherty of Main St. Harry K. is a student at the University at Louisville, while his bride is a senior at UK.

Mrs. Lon Beeman of Burlington Road, was visiting her sister Mrs. Clyde Anderson, who is yet confined in St. Elizabeth Hospital.

Mrs. Charles Carpenter of the Dixie Highway, has returned home from the hospital and is doing very well. Mrs. Anne Rouse of Burlington Road has returned home from St. Elizabeth Hospital.

Several ladies of the WSCS met Tuesday for a prayer service. H. B. Simpson and Blayne Miller of Dayton, Ohio, and Mrs. M. M. Graham of Park Hills, were weekend guests of the G. B. Millers.

A recent letter from Henry Smith of Largo, Fla. states that he expects to return home around the 8th of April.

Mr. and Mrs. Walter Clauser and daughter of Mt. Airy, Cincinnati, were guests of the Walter Kirkpatrick family, Monday of last week.

Mrs. Sophia Jones accompanied Mrs. Scott Jones to Petersburg, Sunday for a visit with the former Mrs. Jones' daughter, Mrs. John W. Aylor.

Mrs. Anna Fahr and a daughter and son-in-law of Cincinnati are touring in Florida with headquarters at Ft. Lauderdale. They will also visit the former's son in Ft. Pierce.

This correspondent was honored with a delicious birthday dinner Sunday in the hospitable home of Mr. and Mrs. Robert Woodward of Mt. Zion Road. Other guests joining in the celebration were Mr. and Mrs. Robert E. Tanner, and P. J. Allen.

GAS INSTALLATION WARNING IS GIVEN

State Fire Marshal J. T. Underwood, Jr., today warned bottled-gas users planning to move that regulations permit only licensed servicemen to move liquefied petroleum gas installations. The warning was directed particularly to tenant farmers, many of whom move to other farms this time of year.

"Hauling of any gas cylinder larger than 20-pound capacity is prohibited except by licensed persons," Mr. Underwood said. Most family-size installations are 100 pounds or more.

The regulation provides that only a licensed service man may remove tanks or install appliances, though individuals may disconnect appliances. Violators are subject to a fine of \$25 to \$200 for each offense.

KENTUCKIANS

IN WASHINGTON

By Gil Kingsbury

Back On Job:

Senator Lyndon Johnson is back on the job as majority leader of the senate. Kentucky's Earl Clements has turned back the task of running the senate to his Texas colleague.

We thought that you, as a Kentuckian, would be pleased to hear some of the praise bestowed on Senator Clements on Johnson's return to duty. Here are some excerpts:

Senator Johnson: "I believe that every member of the senate counts. Earl Clements is a very close personal friend. I think he is one of the most outstanding men I have ever known." Senator Knowland of California: "While the senator from Texas was absent, he was ably represented by the distinguished senator from Kentucky." Senator Stennis of Mississippi: "Senator Clements has been faithful to his trust and has enjoyed the confidence of senators on both sides of

the aisle." . . . Senator Kerr of Oklahoma: "I want to pay tribute to the great senator from Kentucky for the magnificent way he has carried on" . . . and finally from Senator Morse of Oregon: "All of us are appreciative of the fine qualities of leadership Senator Clements displayed in the absence of the majority leader."

We're Proud:

All of the above brings to mind that for the past 18 years a Kentuckian has either been in command of the senate or, at the least, second in command.

It started in 1937 when Alben Barkley was elected majority leader. It continued when he was vice president. And now Earl Clements has taken up the responsibilities and it looks as though the happy situation will continue for at least 20 years.

While We're Talking:

While we are bragging about the deeds of favorite sons, we don't want to overlook Brent Spence, dean of the delegation in the lower house and chairman of the all-important Banking Committee. Nor do we want to forget Stanley Reed of Maysville, associate justice of the Supreme Court. With all this talk about the lack of educational facilities and the poverty of the state, it seems that Kentuckians do all right when competing in the big leagues. After all, obstacles only challenge those who have what it takes to achieve success.

Seventy-five winter gardens of turnips, greens, collards and onions were grown by Negro homesteaders in Fulton and Hickman counties.

Oak Island Homemakers

The Oak Island Homemakers met, recently with Mrs. Frank Jackson presiding. Mrs. Sherman Barberick gave a talk on what Europe thinks of the United States. Miss Nell Neihoff gave the lesson on care of shade trees and shrubs. Mrs. Donald Riddell and Mrs. Robert

Wainscott gave a lesson on good grooming, and Miss Zelma Byerly, gave a report of the district meeting to be held at the new Boone County school, April 29. All reservations to be in by April 19. Others who attended the meeting were Mrs. Russell Rector, Mrs. Arthur Steeley and Mrs. C. C. Northcutt.

This is the first week of spring—the leaves have begun to bud and the sap is rising. Now is the time to sow your lawn seed, prepare your flower beds, buy a new hoe, rake and spade, also a new lawn mower. Use Dowlume chemical for your planted to kill the weed seed—you can sow the seed in 48 hours after you use Dowlume. Don't take a chance of thick and thin spots in your tobacco planted, buy a tobacco seed sower and sow them the modern and correct way.

Mr. and Mrs. Russell Cook, from over in Kenton county, bought a lot of Armstrong linoleum and some aluminum pans. Mrs. Charles Rector and daughter were in getting Armstrong linoleum and linoleum binding. The lady who operates Kenton Fishing Lakes came after a lot of pigmented sealer to put on cedar blocks so she can paint over them. James Messmer brought his wife's iron in for a new cord. Richard Lancaster, also from Kenton county, bought a boy's bicycle today—last week he bought a girl's bicycle, so I think he has them all fixed for awhile.

Mrs. Jack Roberts bought rubber base wall paint for her home. Alma and Ben Attha, from Mt. Zion, bought a lot of rubber base paint for their house, inside, Ralph Spaulding, over in Kenton county, bought two more Jamesway washers. Mr. and Mrs. George Houston were looking at electric ranges. Mr. and Mrs. Cecil Stewart, who rent my house on Alta Vista, bought the best Perfection electric range. I ordered two more Jamesway gas broilers for George Fennell at Staffordburg—he got two last year, and says they are the best and cheapest broilers he ever used—of course he uses a lot of gas and gets it cheap.

Mr. Alfred Hume is starting to houseclean again—the bought more paint and window shades. Miss Amy West called for some stove pipe to put in her brooder house. I ordered two more Jamesway electric and oil brooders, also a small Oakes gas brooder, and remember we have all sizes in feeders and fountains. Mr. and Mrs. James Messmer were in today. Mrs. Messmer was looking at a new electric range—they can look at all the ranges, but that Perfection tops them all—Jim bought some fishing tackle.

In came Ed Hopperton and we started talking about fishing, so Ed said if the rest could fish, he would too, so he bought a reel, and a lot of bait, one of the best I had. So, watch out for Ed, he will get all the fish. Harry Chapman brought over a Jeep windshield for Chik to put new glass in—sure get some new jobs, but we can do most of them. Some fellow from Grant county bought horse collars. J. B. Siegal bought rubber tips for kitchen chairs. Mrs. Nick Parr had Chik put new hose on their weed burner.

Mr. and Mrs. Bill Gatewood came after broader repairs. Sold a lot more paint, rubber base for inside walls, asbestos fibre for roll roofing, heavy bodied asbestos aluminum for metal roofs that are leaking. We are selling lots of lawn seed—we have two grades, 55c per pound, and 90c per pound, checker in 5-pound boxes. Mike Link, from Richmond, came in for screen wire—he wants to be ready for the flies. Mr. Stringer, from Verona, was in again—he wanted paint coloring to use up some paint he had on hand.

Chick and O'W. Worthington had a trade—he had a 12-gallon pour-in water heater he traded Chik for the combination Dayton jet water pump and water heater combination. When you get two Worthingtons trading, you have some deal. Albert Rhodes wanted a Benz-O-Matic lantern that burns compressed gas—I tried Cincinnati and Covington, but some were out and others never heard of them, so I ordered some from the factory—they will be fine for these fishermen and only sell for \$9.95. I'll have some in a few days. Dempsey Stephenson, from Dry Ridge, was in for some copper pipe—I knew he was a fisherman, so I showed him the Hot Springs, Ark.—when I came home I ordered some of them and most every fisherman has bought one.

Ralph Stevens stayed in the front door and asked Chik how much that electric water system was—he paid him, put it in his car, and went home—he knew he was buying a good water system and the price was right. Mr. and Mrs. Doud, from Crittenden, were in—they bought 25 pounds of green Bondek to paint their basement.

Mr. and Mrs. John Sharon, who have bought a home at Independence, bought Balce interior glass for the window. R. L. Clinkner bought his wife an 8-quart Mirromatic pressure cooker—they save so much time and fuel. They were here today for most everything. Ralph Stephens had them cut and thread a lot of pipe to install the new pump he bought from us last week. Otter Kite came after the extra of barb wire for Anna McCabe to go on her farm. Joe Northcutt had me fix his neckyoke with new center bolt, and also made four rope leads for the new halters he bought.

Brewster and Red went to William Waller's and put new motor on the 1934 water pump. Walter Baling came over after tobacco canvas. Elbert Moore, Jesse Brown and Kruse Johnson also came for tobacco canvas. William Roberts came down for a lot of Armco cold wave, \$6.00, come early, avoid the rush. Rita's Beauty Shop, L.L. Highway, Independence, Ky., across from St. Cecilia Church, hours, 9:30 to 6:00, Tuesday to Saturday, 9:30 to 8:00, Friday. Phone Holly 5791.

Feed Shortage Can Be Licked by Use Of Good Fertilizer

Boone county farmers can help lick feed shortage problems this spring by using fertilizer, says a statement from Joe Claxon, County Agent.

This is because it has been found that livestock can be turned out to graze two to three weeks earlier than usual on a well fertilized, improved pasture. A good shot of complete fertilizer put on pastures and haylands now will make them jump ahead with the earliest spring weather. This means they not only become productive earlier but will continue to produce better throughout the grazing season.

It is pointed out that fertilizer, applied now will provide young grasses and legumes with a readily available supply of plant food. As a result, they start growing earlier in the spring than if they have to wait until the soil warms enough to release the plant food already in the soil. Plant food locked in the soil is not released in any great quantity until the soil becomes warm.

"It has been found in the county that well-fertilized pastures are ready for grazing as many as three weeks earlier than unfertilized pastures," Claxon said.

The early grazing means money in the farmer's pocket. Good pasture is nature's most perfect livestock feed. What's more, it costs less than other feeds, and the livestock does its own harvesting—both extra dividends.

As a general rule, farmers should apply the equivalent of 300 to 400 lbs. of 0-10-20 fertilizer an acre of improved permanent pasture, supplemented with 30 to 60 pounds of nitrogen, if necessary. It is recommended that at least six inches of fertilizer be used on rotational pastures or haylands."

Florence Lions Auxiliary

The March meeting of the Florence Lions Auxiliary was held at Southern Trails Restaurant, Florence.

Reports were made of the progress and aid given the "adopted family," and plans made to prepare and deliver Easter baskets to the five children. A motion was made and carried to renew for another year, the sponsorship of a girl Scout Troop.

Following the business meeting, a recreational hour, conducted by Mrs. Wm. Burney, was enjoyed by Mesdames Henry Burlew, Frank Reiffert, Herbert Reiffert, Henry Kroeger, Leo McKenny, Roger McGuire, and William Burney.

Social at Kenton, Saturday

The Kenton and Community Volunteer Fire Department will hold their monthly social Saturday night, April 2, at 8:30 p. m., in the fire house at Kenton. Chairman Charles Grizzle said the usual refreshments would be served. Proceeds will be used for the fire department.

Walton Literary Club to Meet

Mrs. M. C. Roney will be hostess for the meeting of the Walton Women's Literary Club, to be held at the Phoenix Restaurant, Wednesday afternoon, April 6, beginning at 2 o'clock.

The president, Mrs. Julia A. Rouse, will preside and members will respond to roll call by naming a current event.

YOUR PURINA DEALER SAYS:

High Egg Prices Indicated for Early Next Fall

This is a special message to our customers and friends. The way things look now, egg prices should be good and high early next fall, and should stay high right through the winter.

U. S. AVERAGE EGG PRICES
Prices in the Eastern, Southern, and Pacific states average from 3 cents to 20 cents higher than those for the down-one-year-up-the next picture is the same

This chart shows how egg prices go down one year--up the next. The reason is easy to see. Many folks get disgusted when prices are low. So they don't start as many chicks as usual--or none at all. And the shortage of eggs forces the price up the following fall when pullets start to lay.

So this looks like a spring to let the other fellow quit. If you start chicks and start 'em early, you have every chance to make GOOD EGG MONEY next fall and winter.

Come to Your Purina Dealer for Chicks and Chick Supplies

We Purina Dealers sell to folks who believe in GOOD chicks, GOOD feed, and GOOD results. That's why we offer top-quality, high-production chicks. And that's why we carry Purina Chick Startena and Purina Sanitation Products. Drop in soon and place your order for the supplies you'll need this spring.

BABY YOUR CHICKS with PURINA CHICK STARTENA for a Wonderful Start!

Your cuddly little chicks are like real babies. They need all the care you'd give your own child. And that's why it's such a good idea to feed PURINA CHICK STARTENA. It's the only feed Micro-Mixed with baby-formula care.

Startena has 26 ingredients. Nine of them are fine health and growth boosters. Micro-Mixing blends them so thoroughly that every chick gets just the right amount of every booster every day.

That's one big reason why most Purina customers say their chicks live and grow so well year after year. You'll like it, too. And it's so economical--takes only 2 lbs. to give each light-breed chick a wonderful start.

FREE HANKIES WHEN YOU GET 96% LIVABILITY

We're so sure you ladies can raise 96 out of every 100 chicks started on the Purina Plan, we'll give you two pretty color print hankies for your record, when you do it.

SO ECONOMICAL

...only 2 lbs. per light-breed chick

The Living World

Lesson for March 27, 1955

IT SHOULDN'T seem singular that we are all born plural. We can't be born at all without the consent of two people we never saw before, and we can't be legally born without the consent of a great many more. We live in a world of people, by the help of many people. We cannot achieve health, wealth or happiness all by ourselves. And when we die the reason why we are not missed very long is that there are so many other people ready to take our place. Now the Christian like all other men lives in a world of men. His religion ought to give him some clue, at least, as to how he should live in this human world, this immense complex wheels-within-wheels thing we call Society. Is the right Christian thing to do to run away from the world and hide? Hermits have tried it. Is it the right Christian thing to do to adopt the slogan, "If you can't lick 'em, join 'em"? Shall Christians just accept the world and its ways? Worldly "Christians" have tried that.

Salt and Light

But neither the Christian hermit nor the "worldly Christian" has helped the world. The world is no better for either of them, and on the other hand both hermit and worldling have ended by being no better than a caricature of a true Christian. The Christian's relation to the world around him . . . wait just a minute. We are going too fast, aren't we? "The world"—what do we mean by that? For the purposes of these present thoughts, the "world" means all the realms and ramifications of such variegated human arrangements as sports, politics, education, business, industry, agriculture, international affairs; all human institutions and relationships on a large scale or small. The "world" here means human beings, not in separate capsules but tied in innumerable ways to one another, affecting one another, inseparable from birth to death. The Christian's relation to this world is not like that of a pin stuck into a pin-cushion. The world is not merely the place where he has to be. Jesus put it into those two little thumb-nail parables of Salt and Light. The Christian is to be different, to be separate; but not as a pin is different from its cushion. The pin does nothing whatever for the cushion; but salt and light do something, something valuable and needed, to whatever it is with which they make contact. Christians are expected to apply themselves and their Christianity to every relationship of life—that's a dull way to put it, but doing it is never dull.

Love is Concern

Jesus and Paul both made it clear that the one law of life that sums up all other laws is Love. Not romantic love, not sloppy slippery sentimentality, but genuine heart-concern, intelligent concern, for the welfare of others. We all know that this is the law that transforms family life from a kind of jungle, or a cage at best, into something very close to heaven. We haven't all discovered that this is the law that can transform public life, yes, politics, business, all the rest of it. It's harder to do out there because the larger the circles the less co-operation you are going to find. Nevertheless, it is a fact that civilizations, nations, businesses, that have learned something from the Christian Gospel are better for the people that live there and work there than where Christianity has never had a chance. Yet ours is still a pagan civilization. When a manufacturer writes that the principle of his business has always been to make money for the stockholders, he has not got hold of the Christian idea. When an industrialist says that his business is making citizens and he is using a cotton mill for that purpose, he has got hold of the Christian idea.

To the End of Time

But suppose the H-bomb gets us all? Suppose, for lack of enough strength Christians, the hate-all grab-all way of the world has brought us to the edge of doom, what can Christians do? Sit down and wait for the end? The Apostle Peter did not think so. Neither did any other early Christian leader. They felt themselves in a world on fire—and indeed so it was.

Dr. Foreman lives in a world of men. His religion ought to give him some clue, at least, as to how he should live in this human world, this immense complex wheels-within-wheels thing we call Society. Is the right Christian thing to do to run away from the world and hide? Hermits have tried it. Is it the right Christian thing to do to adopt the slogan, "If you can't lick 'em, join 'em'? Shall Christians just accept the world and its ways? Worldly "Christians" have tried that.

Spring IS A MIRACLE

Spring is so much more than just a season. It is a miracle, enacted against a backdrop of perfect days. It is the time of rebirth . . . of reaffirmation.

Spring is Christ's story, beautifully illustrated by nature. It is all the teachings of the Church, brought to reality, spread out gloriously for you to see. Nature, in her sweet, new loveliness, touches the world, touches you with the Christ-like spirit. If your vision has been dulled, she gives you the chance to see again more brightly than ever.

Palm Sunday is here again. Never before have the doors of the church seemed to stand quite so open . . . so ready to receive you. Never has the lesson of everlasting life . . . Christ's lesson . . . been so poignant. There will be new richness in your life if you will trust in the Church. In your soul there can be eternal spring, and all the bleakness, questioning and doubt can be erased from your heart forever.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the training of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WHITES TOWER

Holly 4074 for News Items

I suppose it is because we watch television so much that made us take a team trip through television last night. We left at 1 a. m. on the "Magic Car" and passed the "Corn Huskers" in the farm next to us. Then we heard "Colin Callan" so we went through a "Secret Storm" to a "Brighter Day," where we met "Uncle Al" and all his kids watching "Six Gun Theater." Next the "Lineup" and police threw out a "Dragon" and in their hand they found the "Millionaire." "Who Said That?" was only trying to "Strike It Rich" on "Account" of "I Married Joan" and "Valiant Lady" is always looking for the "Big Payoff." Next we visited "Hopalong Cassidy," who is living the "Life of Riley" on "Jelly Bean Acres" on the "Road of Life," near "Death Valley." We found that the "Green Thumb" Account" of "News and Weather," which has pulled many "Funny Boners," lately. At 3 a. m. we returned to the "Fleaser-Sanctum" thoroughly convinced that "Life Begins at 80." Because "Coke" Asked for It." We had an idea that when we ate that mince pie at bedtime that something like this would happen.

An auto accident at Bowman Road and Taylor Mill, Saturday night, when a car ran off the road and turned over, resulted in the death of a Mr. Davis. We did not learn his first name or his residence.

The Staffordburg Homemakers were guests on the 50-50 Club last Monday. Mr. Weneil of Dixie Highway and Mr. Carlsby of Independence were business visitors to the farm here, Friday.

The blizzard that hit the Tower Friday and Saturday, with temperatures as low as eight above zero, is still with us this Monday morning and is it tough on people, coal piles and stock.

Mr. and Mrs. Spencer Setters, Visalia, recently celebrated their 60th wedding anniversary.

Glenn Cooper of Mills Road suffered a broken arm recently. He will soon be good as new, which is good news to his many friends.

Mrs. Cooper of Mills Road, and Mrs. Edith Piper entertained with a wedding shower for the future Mrs. Mike Cassullo, last week.

Bob Mathis had the misfortune to lose a valuable Black Angus steer, last week.

Miscellaneous Shower:

A miscellaneous shower was held on March 6 at the home of Mrs. Joe Blau in honor of Mary Louise Kaub, daughter of Mr. and Mrs. Joe Kaub at Fowler Creek Road. Miss Kaub will become the bride of Vincent Kahmann, Dudley Pike, on April 16. The shower was given by Alvera Kaub, sister of the bride-to-be. And Mrs. Blau. Those present were: Mrs. Tom Sutter, Mrs. Tom Rose, Mrs. Ed Stewart, Mrs. Jim Kinsella, Mrs. Joe Kahmann, Jr., Miss Ruth Kahmann, Mrs. Chris Ehmet, Mr. Robert Ehmet, Mrs. Tom Hall, Mrs. Frank Hartke and daughter, Camilla, Mrs. Frances Kaub, Mrs. Clem Kaub, Mrs. Vincent Kaub, Mrs. William Blau, Mrs. Larry Saultfeld, Mrs. William Messingschlager and daughter, Mary Ann. Mrs. George Menke, Mrs. Pete Blau, Mrs. Joe Kaub and daughters, Alvera, Dorothy and Mary Louise, the guest of honor, and Mrs. Joe Blau. Miss Kaub received many useful and beautiful gifts.

4-H Club Organized:

A 4-H Club was organized at St. Cecilia's Church on March 7. We had 17 members present. This was our first meeting and feel there might be a few more to come in at our next meeting, which will be held April 4 at 7:30 p. m. Those wishing to join, must attend the April meeting; otherwise it will be too late to complete their project by fair time in August. Anyone wanting any information may call Mrs. Ralph Faltz or Mrs. Joe Blau. Officers were elected at the March meeting as follows: President, Jimmy Strain; Vice President, Theresa Faltz; and Secretary-Treasurer, Roberto Jean Knox. Mr. Tom Riley, assistant County Agent, explained the different projects.—Reporter

PINER

Despite the very cold weather, both churches had good attendance at Sunday school and church, last Sunday.

Several from this place attended the funeral of Orene (White) Belew at Falmouth, Sunday.

Mr. and Mrs. Dennis Glacken of Fayetteville, N. C., returned home last week after a visit with Mr. and Mrs. Malcolm Oliver and with Mr. and Mrs. Harry Glacken of Walton.

Miss Norma Jo Cross of Morehead State College, spent the weekend at home.

Miss Edith Menefee of Nicholson, visited Mrs. Leslie Beagle, last Friday. Mr. and Mrs. M. B. Elliott and son, Terry, of Florence, were Sunday callers at the home of Mr. and Mrs. R. P. Mann. Miss Teresa Rich visited her grandparents, Mr. and Mrs. S. E. Rich, Sunday.

Piner 4-H Club

The Piner 4-H Club met recently with Myrna Cook, president, presiding. After a short business session, project reports were given by several members. Our assistant county agent, Mr. Tom Riley, was present and gave an interesting talk to the boys and girls. There were also remarks by Mrs. Mann and Mr. Brown, our leaders.—Reporter

It's well worth your while to come in and drive the Motoramic Chevrolet just for the fun of it. And when you do, you'll make discoveries that can help you be a winner in our Miracle Mile Contest. For example, you'll notice how Chevrolet's new Outrigger rear springs bring you wonderful new stability on curves.

You'll see how new Glide-Ride front suspension rolls the bumps smooth. And you'll tingle to the peppery response you get when your toe nudges the accelerator. You'll find this true whether you drive the new 162-h.p. "Turbo-Fire V8" (with the shortest stroke in its field for longer life!), or one of the two new "Blue-Flame" 6's (highest powered sixes in the low-price field!).

Come in and have the driving time of your life at the wheel of a new Chevrolet! Enter our big Miracle Mile Contest, without cost or obligation, and you may win one of 102 new Chevrolets given away. It's easy—it's fun!

ELECTRIC RANGES

The greatest way to cook is on an electric range. They are so clean, you don't have that dirty kitchen wall as you do when you cook on a stove with an open flame. Any time you have a flame you have fumes, film and fire hazard, and the best part is, electricity is the cheapest way you can cook. That is absolutely the truth, and I can prove it. Any of my satisfied electric Perfection range users will tell you that and they are all satisfied that they have bought Perfection electric ranges.

Electric ranges have dropped in price as much as \$50 each. I can sell you an electric range now for \$129, \$159, \$229, \$239 and \$289; installed, also a 52-gallon electric water heater for \$149, installed, and a 52-gallon table-top electric water heater for \$189, installed. I also have a Dayton jet water system for \$89.50 with either a 2-gallon or 12-gallon tank. I have ¾", 1", 1½" and 1½" plastic pipe and fittings, as well as galvanized and copper pipe. I believe we have the most complete line of paint you will find anywhere, inside or outside, glass flat, rubber base, water mix, three kinds of floor enamel, four kinds of aluminum paint, three kinds of enamel, interior glass, red roof and barn, truck and tractor in several colors, and our price is cheaper than other paint stores.

Mr. and Mrs. James Morgan, over on Percival Road, bought a Jamesway oil brooder. Brewster and Red took it over and installed it. Riley Prather, from Concord, was in again, buying a few gadgets—when you move there are lots of gadgets to buy. Mr. Neal, also from that part of the country, was in the same time my Dayton pump man, Ed Hanlon, came in—he and Neil are old friends. Ed brought me another one of those combination jet water systems and electric water heaters all in one unit for \$159—a 250-gallon per hour jet water system had a 12-gallon electric hot water heater for only \$159—that is a bargain. Last week I sold Mrs. Lorena Myers a copper coil to put in her furnace to eat water—her old one was burned out. Today she called and said it had burned out and water was putting a fire out, so I told her the whole story. That house would not make it good but I would give her another one, so she and Cleve Marsh came after it. In about three hours she called and said they had put the new one in and built a fire and now it was leaking. So I told her I would bring her another one and I did—but look at all the trouble and expense—someone put out defective merchandise and the price labor you pay today should put out the best all time.

Mr. Charles Rogers, the undertaker from Independence, was in—he has a farm over in Kenton. People always said it was a windy place around the hardware store, but sure enough March 22 about 5 a. m. it was

really windy. That wind sure did blow and it blew the metal awning off the front of my apartment. It blew a lot of roofing off the Waltonian Hotel, it blew out a window for Earl Waters and John Still. Dawson Baling and George Binder were in—Dawson wanted to know if that tobacco canoe I sold him a few days ago was guaranteed—he said the wind blew it off and it was headed towards White Tower, but I think he was joking—you never can tell about those two.

Allen Reed stopped in for one item—before he left he bought a rake, hammer, brush, bag of lime, and would have bought more if he kept on looking. Albert Parker bought a bag of 50-Da for his concrete block milk house. Luther Franks was down from Crittenden today—he was mostly looking and talking. Several have been looking for singletrees and doubletrees, also doubletree sets for mowing machines and disc harrows—well, I have them, and neckties with built in center, also one with ring in center. Sold more harness today—this went to Mirehead, Ky.

Mr. and Mrs. Duval from Crittenden, were down after their wringer I had repaired for them. Brewster sold elastomers and rubber rings for castrating lambs. We have all these in stock. Brewster went to Richmond and serviced Mrs. Lula Grimes' Jamesway oil brooder. He went to Cora Bethel's to check the wringer on her Maytag washer—it needed new gears in wringer head. Chick sold a lot of fishing tackle—he and Red put up a lot of hardware that just came in. Red says there is always something to do here if you just look around.

Albert Parker came after more paint for his milk house. We received another shipment of Sta-Da for which absolutely stop the leaks. Boots Jackson's father and mother were over from Kenton Station—Mr. Jackson bought several things but I don't know what as I met her coming out the door—they are over real often.

I have two No. 12 Vulcan turning plows left for \$10 each. I have several used lawn mowers and of course the Eclipse and Mastercut new power mowers. That grass will really grow this year after this rain James Messmer bought the best power sprayer I had—it will spray his orchard, his cows, his pasture fields, his crops, whitewash his barn and many other uses, as well as pump water—it will carry the power take-off of his tractor. Now he has a good gasoline engine to sell, as he will use the tractor instead. I have so many customers from Kenton county that I do not know—I do not aim to overlook them in this column, but I don't know their names. Ray Fisk came over for Sta-Da put on in his basement walls, Scott and Bobby Lancaster bought paint and brushes—the women have them started again.

Revival at Christian Church Continues; To Have Sunrise Service

The Christ for Everybody Crusade at the Walton Christian Church will continue each evening this week at 7:45, except Saturday night.

Thursday at noon, the Christian Women's Fellowship will have a fellowship dinner for all women of the church. Rev. Duke C. Jones will be the special speaker.

Friday afternoon from 2:00 to 3:00, the Good Friday Hour of Prayer will be held. All people are cordially invited to attend. Mrs. J. B. Smith will deliver the message, and a missionary offering will be received.

The annual Easter Sunrise Prayer Service will begin at 3:30 a. m., Sunday morning. J. B. Smith will lead the music. Stephen Vaughn will deliver the solo, with James W. Spencer of the Organ. Rev. Wayne Patton will read the scripture, and Rev. Charles Vaughn will offer the prayer. Rev. Donovan Hill of Crittenden Christian Church, will deliver the message. Coffee and doughnuts will be served in Fellowship Hall at 7:15.

Charles Holder and the Bible School Department hope to reach 400 in Sunday School, Easter morning. Mrs. J. B. Smith will teach all young people and adults.

The revival will close Sunday night. The Methodist Church will be special guests.

Rev. Vaughn said, "Every Christian should make this Holy Week a great spiritual dedication."

BIBLE SCHOOL DATES SET

The Daily Vacation Bible of the First Baptist Church, Walton, will be held June 6-17, Monday through Friday, from 9:00 a. m. to 12:00 noon. This will include ages 1 to 20 years, according to the pastor, Rev. C. N. Taylor.

MISS BEVERLY KUNKEL IS SPEECH CONTEST WINNER

Miss Beverly Kunkel, senior at Simon Kenton High School, has been adjudged winner of the recent public speaking contest held at the annual spring speech events at Ludlow High School. She is the daughter of Mr. and Mrs. Joe Kunkel, Sr., of Nicholson.

Miss Kunkel was chosen from 15 contestants who spoke on the topic, "How the Minimum Foundation Program for Schools in Kentucky Should be Financed." The speech was judged on originality, content and delivery.

Miss Kunkel will deliver the speech, which she composed, at the State Speech Festival, April 19-20 in competition with other district winners in Kentucky.

An active member of her class, Miss Kunkel is secretary of the Senior Dramatic Club, business manager of the school paper, a member of the Annual staff and the Debate Club, and a participant in the Y-Teen organization. She recently won the "I Speak for Democracy" contest in Kentucky county.

MRS. REBECCA CONLEY

Gravestone services for Mrs. Rebecca Taylor Conley, 77, Hamilton, Boone county, were conducted last Friday morning in the Big Bone cemetery.

Mrs. Conley, a life-long resident of this county, died last Wednesday at her home following a long illness.

She leaves a sister, Mrs. William Huff, Hamilton; four nephews and one niece.

Chambers & Grubbs funeral home, Walton, had charge of arrangements.

Cancer Drive Under Way in This County; Runs Through April

Mrs. W. D. Scroggin, Verona, County Chairman of the American Cancer Drive, called together her workers Thursday, March 31 and made plans for the Boone county drive, which began April 1 and continues throughout the month.

Volunteers throughout the county are donating their time in this worthy cause and all residents are urged to contribute toward the local solicitor calls. The Boone county quota is \$1,500.

Following the meeting, the hostesses served tea to the following workers: Mesdames Harold Conner, co-chairman; W. E. Dilts, W. H. Campbell, F. H. Rouse, Irene Bickers, Omer Dolwick, Howard Dressman, H. G. Hightower, Charles Herbstreit, Julia A. Rouse, Harry V. (Abel) Ryan, supervisor. An Air Force instructor will conduct classes for everyone who attends, Mr. Ryan said. The public is invited.

Ground Observes to Meet

The Ground Observers Corps of Walton will meet at the City Building on Friday, April 8 at 8:00 p. m., according to G. V. (Abel) Ryan, supervisor. An Air Force instructor will conduct classes for everyone who attends, Mr. Ryan said. The public is invited.

Verona Post Office Hours

Due to change in dispatching, the Verona Post Office will be open at 7:30 a. m. and close at 4:30 p. m., according to Mrs. Rose E. Yates, acting postmaster.

Miss Betz Is Soloist At Wa-Na Club Meet At Methodist Church

The Wa-Na Woman's Club held its monthly meeting Monday evening, April 4, at the Walton Methodist Church, with the following members present: Mesdames Clayton Jones, Jack Conner, Carl Conner, Ward Rice, George Ryan, Chester Sturgeon, Leonard Cook, Jr., James Falls, D. L. Maddox, Paul Kline, Andrew arnan, James S. Webster, and Martha Martin. Also present were two guests, Mrs. Otto Betz and Miss Catherine Betz.

Miss Catherine Betz

The meeting was opened by reading the Club Collect, followed by the Pledge of Allegiance to the flag. Spiritual guidance was given by Mrs. Paul Kline. A business meeting followed, with plans being discussed for a white elephant sale and a bake sale, to be given in the near future.

Mrs. James S. Webster gave a report on the progress made in the kindergarten, and introduced the guest, Miss Catherine Betz, who very beautifully played several numbers on her marimba. Miss Betz lives in Ft. Thomas, and is a sophomore at Georgetown College, where she is a member of the band and chorus.

Sunday School Classes Meet

Mrs. Charlotte Faulkner and Mrs. Melvin Jones entertained their Sunday School classes last Thursday evening at the home of Mrs. Jones with a covered dish dinner.

Those present were: Misses Joyce Maxwell, Shirley Sayler, Irma Rector, Jean Elliott, Donna Wright, Laura Martin, Sylvia Day, Janet Ingle, Carolyn Powell, Carolyn Watson, Esther Ashcraft, Rose Wershon, Mrs. Faulkner, and Mrs. Jones. Everyone had an enjoyable time.

GEORGE E. BRADFORD

Services for George Ernest Bradford, Price Pike, Florence, were held Tuesday afternoon at the Chambers & Grubbs funeral home, Florence. Burial was in Rice cemetery, Union.

Surviving are his widow, Mrs. Anna Allen Bradford; a daughter, Mrs. Charlotte B. Wilson of Florence; a brother, Lute B. Bradford of Florence; a sister, Mrs. Mary Caudill of Union, and one grandchild.

Clothing Project of Boone Red Cross Has Quarters at Burlington

Boone County Chapter, American Red Cross is happy to announce that permanent quarters for its "Clothe the Needy" project have been located in the basement of the Burlington school, under the direction of Mrs. Joe Hogan and Mrs. Herman Oberpohn, co-chairmen. R. D. Frost, chapter chairman, and members of the Boone County Red Cross Board wish to publicly thank Mr. Ockerman and the Boone County School Board for making this possible.

During the past year this project clothed more than 150 needy people. One morning alone, 11 children were clothed suitably so that they could return to school.

Your attention is called to the fact that a separate entrance for "Clothe the Needy" is available at the school. For those wishing to donate or receive clothing, please go to the right rear side of the school where entrance can be gained to the clothing room under the outside steps. You are urged to use this entrance in order that teachers will not be bothered in answering questions. Mrs. Hogan and Mrs. Oberpohn will be at the clothing center on the first and third Thursday afternoons of each month from 1:00 until 3:30 p. m. Please do not come at any other time as no one will be available to help you.

Those needing clothing must bring a letter explaining their need and giving their names and location, signed by the school nurse, president of the various P.T.A. groups throughout the county, school principals, or ministers of recognized county churches. You cannot get clothing without these letters.

All civic and social organizations of the county are invited and urged to sponsor this clothing project by donating used or new clothing, yard goods or feed sacks for making clothing; also your time for sewing or mending. In the past much has been donated. Mrs. Frank Dils gave a sewing machine, and many organizations and individuals gave clothing and materials, which are all put to the best advantage. All clothing made or donated is kept in Boone county for exclusive use of Boone county needy. For those donating clothing, you must take it to the school on the above dates as no service is available for picking up items.

If you have clothing that you do not plan to use again, want you give to this worthwhile project. Children's clothing is especially needed.

Scouts to Collect Paper

Boy Scout Troop, 99, of Walton, are sponsoring a paper drive on Saturday, April 16. If you have old papers, bundle them and set in front of your home, and they will be picked up. The Scouts will also take scrap metal of any kind.

Revival at New Bethel

The New Bethel Baptist Church, of Verona, will begin its Simultaneous Revival on Monday, April 11 and will continue through April 17. Services each evening at 8:00. Rev. R. E. Morris of Ten Mile Baptist Church, is the evangelist. Everyone invited.

Mrs. Erma Stockman was visiting in the home of Dr. and Mrs. R. K. Stephenson, Lexington, last Wednesday. Mr. and Mrs. Robert Curley were visiting relatives in Lexington, last week.

Aid Is Summoned by A Passing Motorist

Porter Chapman, 49, grocery store operator at Morning View, was killed instantly last Monday afternoon when his new automobile plunged down a 30-foot embankment on the Morning View hill on the Fishburg and Morning View Road.

He was taken to St. Elizabeth Hospital by the life saving squad of the Kenton and Community Volunteer Fire Department. Fire Chief Cecil Ishmael, who drove Mr. Chapman to the hospital, said the man appeared to be dead when he was placed on the stretcher.

Mrs. Mary Louise Cross discovered the accident and notified the fire department. Police said Mr. Chapman had suffered both a skull fracture and a severe chest injury.

Dr. E. L. Smith, Kenton County coroner, was notified. The Radel funeral home, Covington, is in charge of arrangements.

Mr. Chapman's wife, Mrs. Jessie Chapman, has been associated with him in management of the store in Morning View, where the couple resided.

SERVING IN ALASKA

Pvt. Paul E. Webster, son of Mr. and Mrs. Price Webster, Verona, recently arrived in Alaska and is now a member of the 71st Infantry Division at Ft. Richardson.

Private Webster, a member of the 53d Infantry Regiment, entered the Army in July, 1954, and completed his basic training at Ft. Knox. He is a 1953 graduate of Walton-Verona High School.

Pretty Wedding Is Solemnized at Baptist Church On March 26

The Walton Baptist Church was the scene Saturday evening, March 26 at 7:30 of the double ring ceremony performed by Rev. C. N. Taylor, pastor of the local church, uniting in marriage Miss Norma Kaye Greene, daughter of Mr. and Mrs. W. W. Greene, Walton, and Mrs. Kenneth F. Thompson, son of Mr. and Mrs. Ortel Thompson, Cincinnati. The church was beautifully decorated in greens and white gladioli and lighted tapers and branched candelabra. The service was preceded by musical selection with Mrs. Bryan Rector at the organ.

The bride chose for her maid of honor her lovely sister, Miss Rheda Ann Greene, who was attired in a strapless gown of yellow net and taffeta, with matching sash and head piece. The bridesmaids were Misses Barbara Thompson, sister of the groom, who was in green net and taffeta; Shirley Austin, in pink net and taffeta, and Janice Cook, who was in orchid net and taffeta. They all carried bouquets of spring flowers. The tiny flower girl was Becky Miller, who was in yellow and carried a basket of spring flowers. The ring bearer was Jerry Townsend, a cousin of the bride.

The groom chose for his best man his uncle, Mr. Robert Thompson. Other attendants were Walt Ryan, Gayle and Charles Roberts.

The bride, who entered the church on the arm of her father, who gave her in marriage, was never more beautiful. Her gown was white satin and net topped with lace. It had long sleeves and ended in a train. Her crown was rhinestone studded and held in place by her finger tip veil of illusion and lace. She carried the Bible and a bouquet of white roses and hyacinths in a cascade arrangement.

The bride's mother chose for her daughter's wedding a beige suit and matching avocado green accessories. The groom's mother also wore a beige suit with matching pink accessories. Both wore an orchid corsage.

Following the reception in the church social room, the bride donned a gray suit with navy accessories for the honeymoon trip through the South.

The couple will reside in Memphis, Tenn., as the groom is stationed with the U. S. Navy at the Naval Air Station at Memphis.

The bride is a graduate of Walton-Verona High School.

ELECTRIC RANGES

The greatest way to cook is on an electric range. They are so clean, you don't have that dirty kitchen wall as you do when you cook on a stove with an open flame. Any time you have a flame you have fumes, film and fire hazard, and the best part is, electricity is the cheapest way you can cook. That is absolutely the truth, and I can prove it. Any of my satisfied electric Perfection range users will tell you that and they are all satisfied that have bought Perfection electric ranges.

Electric ranges have dropped in price as much as \$50 each. I can sell you an electric range now for \$129, \$159, \$229, \$239 and \$289, installed, also a 52-gallon electric water heater for \$149, installed, and a 52-gallon table-top electric water heater for \$189, installed. I also have a Dayton jet water system for \$89.50 with either a 2-gallon or 12-gallon tank. I have ¾", 1", 1½" and 1½" plastic pipe and fittings, as well as galvanized and copper pipe. I believe we have the most complete line of paint you will find anywhere, inside or outside, gloss flat, rubber base, water mix, three kinds of floor enamel, four kinds of aluminum paint, three kinds of enamel, interior gloss, red roof and barn, truck and tractor in several colors, and our price is cheaper than other paint stores.

Mr. and Mrs. James Morgan, over on Percival Road, bought a Jamesway oil brooder. Brewster and Red took it over and installed it. Riley Prahrer, from Concord, was in again, buying a few gadgets—when you move there are lots of gadgets to buy. Mr. Noel, also from that part of the country, was in the same time my Dayton pump man, Ed Harlan, came in—he and Niel

are old friends. Ed brought me another one of those combination jet water systems and electric water heater all in one unit for \$159—a 250-gallon per hour jet water system and a 12-gallon electric hot water heater for only \$159—that is really a bargain. Last week I sold Mrs. Lorena Myers a copper coil to put in her furnace to eh atwater—her old one was burned out. Today she called and said it had burned out and she was putting her fire out, so I told her the whole house would not make it good but I would give her another one, so she and Cleve Marsh came after it. In about three hours she called and said they had put the new one in and built a fire and now it was leaking. So I told her I would bring her another one and I did—but look at all the trouble and expense—someone put out defective merchandise and the price labor you pay today should put out the best all the time.

Mr. Charles Rogers, the undertaker from Independence, was in—he has a farm over in Kenton and he always said it was a windy place around the hardware store, but sure enough March 22 about 5 a. m. it was

really windy. That wind sure did blow and it blew the metal awning off the front of my apartment. It blew a lot of roofing off the Waltonian Hotel. It blew out a window for Earl Waters and John Still. Dawson Balingier and George Binder were in. Dawson wanted to know if that falasca canvas I sold him a few days ago was guaranteed—he said the wind blew it off and it was headed towards White Tower, but I think he was joking—you never can tell about those two.

Allen Rust stopped in for one item—before he left he bought a rake, hammer, brush, bag of lime, and would have bought more if he kept on looking. Albert Parker bought a bag of Sta-Dri for his concrete block house. Luther Franks was down from Crittenden today—he was mostly loafing and talking. Several have been looking for singletrees and doubletrees, also doubletree sets for mowing machines and disc harrows—well, I have them, and neckyokes with bolt in center, also one with ring in center. Sold more harness today—this went to Morehead, Ky.

Mr. and Mrs. Doud from Crittenden, were down after their wringer I had repaired for them. Brewster sold elastomers and rubber rings for castrating lambs. We have all these in stock. Brewster went to Richwood and serviced Mrs. Lula Grimes' Jamesway oil brooder. He went to Cora Bethel's to check the wringer on her Maytag washer—it needed new gears in wringer head. Chick sold a lot of fishing tackle—he and Red put up a lot of hardware that just came in. Red says there is always something to do here if you just look around.

Albert Parker came after more paint for his milk house. We received another shipment of Sta-Dri for those concrete and block walls that are leaking—this will absolutely stop the leaks. Boots Jackson's father and mother were over from Kenton Station—Mr. Jackson bought several things but I don't know what as I met her coming out the door—they are over real often.

I have two No. 12 Vulcan turning plows left for \$10 each. I have several used lawn mowers and of course the Eclipse and Mastercut new. That grass will really grow this year after all this rain. James Mesmer bought the best power sprayer I had—it will spray his orchard, his pasture fields, his crops, whitewash his barn and many other uses, as well as pump water—it works off the power take-off of his tractor. Now he has a good gasoline engine to sell, as he will use the tractor instead. I have so many customers from Kenton county that I do not know—I do not aim to overlook them in this column, but I don't know their names. Ray Fisk came over from Sta-Dri and put on his basement walls. Scott and Bobby Lancaster bought paint and brushes—the women have them started again.

Clothing Project of
Boone Red Cross Has
Quarters at Burlington

Boone County Chapter, American Red Cross, is happy to announce that permanent quarters for its "Clothe the Needy" project have been located in the basement of the Burlington school, under the direction of Mrs. Joe Hogan and Mrs. Herman Oberjohn, co-chairmen. R. D. Frost, chapter chairman, and members of the Boone County Red Cross Board wish to publicly thank Mr. Ockerman and the Boone County School Board for making this possible.

During the past year this project clothed more than 150 needy people. One morning alone, 11 children were clothed suitably so that they could return to school.

Your attention is called to the fact that a separate entrance for "Clothe the Needy" is available at the school. For those wishing to donate or receive clothing, please go to the right rear side of the school where entrance can be gained to the clothing room under the outside steps. You are urged to use this entrance in order that teachers will not be bothered in answering questions. Mrs. Hogan and Mrs. Oberjohn will be at the clothing center on the first and third Thursday afternoons of each month from 1:00 until 3:30 p. m. Please do not come at any other time as no one will be available to help you.

Those needing clothing must bring a letter explaining their need and giving their names and location, signed by the school nurse, president of the various P.T.A. groups, through the county school principals, or ministers of recognized county churches. You cannot get clothing without these letters.

All civic and social organizations of the county are invited and urged to donate or new clothing, yard goods or feed sacks for making clothing; also your time for sewing or mending. In the past much has been donated. Mrs. Frank Dilts gave a sewing machine, and many organizations and individuals gave clothing and materials, which are all put to the best advantage. All clothing made or donated is kept in Boone county for exclusive use of Boone county needy. For those donating clothing, you must take it to the school on the above dates as no service is available for picking up items.

If you have clothing that you do not plan to use again, won't you give to this worthwhile project. Children's clothing is especially needed.

Scouts To Collect Paper

Boy Scout Troop, 99, of Walton, are sponsoring a paper drive on Saturday, April 16. If you have old papers, bundle them and set in front of your home, and they will be picked up. The Scouts will also take scrap metal of any kind.

Revival at New Bethel

The New Bethel Baptist Church, of Verona, will begin its Simultaneous Revival on Monday, April 11 and it will continue through April 17. Services each evening at 8:00. Rev. R. E. Morris of Ten Mile Baptist Church, is the evangelist. Everyone invited.

Mrs. Erma Stockman was visiting in the home of Dr. and Mrs. R. K. Stephenson, Lexington, last Wednesday. Mr. and Mrs. Thad Curley were visiting relatives in Lexington, last week.

Aid Is Summoned by
A Passing Motorist

Porter Chapman, 49, grocery store operator at Morning View, was killed instantly late Monday afternoon when his new automobile plunged down a 30-foot embankment on the Morning View hill on the Fiskburg and Morning View Road.

He was taken to St. Elizabeth Hospital by the life saving squad of the Kenton and Community Volunteer Fire Department. Fire Chief Cecil Isamuel, who drove Mr. Chapman to the hospital, said the man appeared to be dead when he was placed on the stretcher.

Mrs. Mary Louise Cross discovered the accident and notified the fire department. Police said Mr. Chapman had suffered both a skull fracture and a severe chest injury.

Dr. E. L. Smith, Kenton County coroner, was notified. The Radel funeral home, Covington, is in charge of arrangements.

Mr. Chapman's wife, Mrs. Jessie Chapman, has been associated with him in management of the store in Morning View, where the couple resided.

SERVING IN ALASKA

Pvt. Paul E. Webster, son of Mr. and Mrs. Price Webster, Verona, recently arrived in Alaska and is now a member of the 71st Infantry Division at Ft. Richardson.

Private Webster, a member of the 53d Infantry Regiment, entered the Army in July, 1954, and completed his basic training at Ft. Knox. He is a 1953 graduate of Walton-Verona High School.

Pretty Wedding Is
Solemnized at Baptist
Church On March 26

The Walton Baptist Church was the scene Saturday evening, March 26, at 7:30 of the double ring ceremony performed by Rev. C. N. Taylor, pastor of the local church, uniting in marriage Miss Norma Kay Greene, daughter of Mr. and Mrs. W. W. Greene, Walton, and Mr. Kenneth F. Thompson, son of Mr. and Mrs. Othel Thompson, Cincinnati. The church was beautifully decorated in greens and white gladioli and lighted tapers and branched candelabra. The service was preceded by musical selections with Mrs. Bryan Rector at the organ.

The bride chose for her maid of honor her lovely sister, Miss Rheda Ann Greene, who was attired in a strapless gown of yellow tulle and taffeta, with matching stole and head piece. The bridesmaids were Misses Barbara Thompson, sister of the groom, who was in green net and taffeta; Shirley Austin, in pink net and taffeta, and Janice Cook, who was in orchid net and taffeta. They all carried bouquets of spring flowers. The tiny flower girl was Becky Miller, who was in yellow and carried a basket of spring flowers. The ring bearer was Jerry Townsend, a cousin of the bride.

The groom chose for his best man his uncle, Mr. Robert Thompson. Other attendants were Walt Ryan, Gayle and Charles Roberts.

The bride, who entered the church on the arm of her father, wore her in marriage, was never more beautiful. Her gown was white satin and net topped with lace. It had long sleeves and ended in a train. Her crown was rhinestone studded and held in place by her finger-tips veil of illusion and lace. She carried the Bible and a bouquet of white roses and hycacinths in a cascade arrangement.

The bride's mother chose for her daughter's wedding a beige suit and matching avocado green accessories. The groom's mother also wore a beige suit with matching pink accessories. Both wore an orchid corsage.

Following the reception in the church social room, the bride donned a gray suit with navy accessories for the honeymoon trip through the South.

The couple will reside in Memphis, Tenn., as the groom is stationed with the U. S. Navy at the Naval Air Station in Memphis.

The bride is a graduate of Walton-Verona High School.

Methodist W.S.C.S. Meets

Circle 11 of the Walton Methodist W.S.C.S. met at the home of Mrs. Geo. Hamilton, April 1. The meeting was opened by a medley of hymns played by Mrs. Sam Hudson. Subject for the month was, "The United Work of Protestant Church Women in the United States."

Miss Emma Jane Miller, program leader, asked the following ladies to have a panel discussion: Moderator, Mrs. Nick Welsh; Mrs. William Brown, Mrs. Charles and Mrs. Sam Hudson. A very interesting and informative discussion took place. The program was closed with prayer by Mrs. Howard Stephenson.

The business session was conducted by the chairman, Mrs. Andrew Penn, and the following were elected to attend the Conference meeting of the W.S.C.S. at First Church, Covington: Mrs. Clifford Pruitt, Mrs. Andrew Penn, Mrs. George Hamilton, Mrs. Scott Lancaster, Mrs. Herman Newton and Mrs. Nick Welsh.

At the close of the meeting a delicious dessert course was served.

HUGHES CHAPEL AND BIG BONE SERVICES

The following is the schedule of the Hughes Chapel and Big Bone Methodist Church charge, in addition to church school and regular Sunday morning worship services:

April 10 at 7:00 a. m.—Community union Sunrise Easter services at Richwood Presbyterian Church. Rev. Charles in charge with Rev. Kidwell bringing the Easter Message.

April 13—Hughes Chapel—regular monthly W.S.C.S. meeting at home of Mrs. Cecil Sargent.

April 16-17—District Conference at Neave Methodist Church.

April 18-May 1—Revival, with Rev. O. S. Gardner, pastor of Bellevue Methodist Church, as evangelist. April 18-24 at Hughes Chapel; April 25-May 1 at Big Bone.

April 26-28—Annual Kentucky Conference W.S.C.S. meeting at the First Methodist Church, Covington.

May 5—Big Bone W.S.C.S. meeting.

Thirty thousand trees were planted in last year's reforestation program in Magoffin county.

A soft, full and fluffy wall brush or long handled mop is convenient for dusting walls, according to UK home management specialists.

Beef cattle, dairying, soils and crops, sheep, tobacco, poultry and garden commodities have been organized in Nicholas county.

No other low-priced car even comes close

to matching these important Chevrolet advantages . . .

If you're planning to buy a new car, the one you just can't afford to miss seeing is Chevrolet—for 19 straight years America's best-selling car. The Motormatic Chevrolet offers you so much more than the other low-priced cars that it's hardly fair to compare them. And even the high-priced cars don't have all the advantages that today's Chevrolet offers you.

The beauty's built in—not bolted on! Chevrolet's beauty is inherent in the basic contours of metal and glass. There's no excessive bolt-on ornamentation to go out of style overnight.

The Body's by Fisher!

You see Body by Fisher on lots of the high-priced cars—and only Chevrolet has it in the low-price field!

Today's most modern engines!

That goes for Chevrolet's new V8 and two new sixes as well. All bring you a modern 12-volt electrical system—double the voltage of other low-priced cars. Then Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry!

A drive to suit your driving!

There's silky, peppery Powerglide (even

better this year!), new Overdrive (both extra-cost options), and a new Synchro-Mesh transmission that's as smooth as they come.

All the power helpers you want!

Windows, seat, steering, brakes—all are available with built-in "muscles" to make driving as effortless as you wish. They're optional at extra-cost—and worth it!

Come take the key!

There have never been so many good reasons why you should drive a Chevrolet!

Hopeful Ev. Lutheran Church, announces the following services: Good Friday service at 8 p. m.; Junior choir practice, Saturday at 10:30 a. m.; Easter egg hunts for children's department of Sunday school at 2:30 p. m. Easter Sunday—Sunrise service at 6 a. m.; special music with sermonette by the pastor, Sunday school at 10 a. m.; Divine worship at 11 a. m., and administration of Sacrament of Holy Communion.

Church-Council meeting on Tuesday, April 12 at 8 p. m. The public is cordially invited to the services. Raymond Gross and Orville Osmun of the Christian Church visitation committee, were calling in the community Tuesday evening. Wednesday evening, Mr. and Mrs. Eldridge Carpenter had as pleasant guests, her sister, Mrs. Wm. Ruth, and Mr. Ruth of near Walton. The young people of the local Methodist Church will conduct the sunrise service Easter morning at 6:30. Friends of the church are invited to participate in this, as well as the 11 o'clock service.

Mr. and Mrs. Cloud Tanner of Lakeland, Fla., were summoned here by the death of Mrs. Tanner's father, Julius Bristow, age 90, for whom rites were from the Tallapoosa funeral home, Enterprise, Thursday. Symphonia extended the family. Mr. and Mrs. Will Woodward were the Sunday dinner guests in the home of their son, Robert, and Mrs. Woodward of Mt. Zion Road. Earl Bley and Mr. and Mrs. Clay Briggs of Hamilton, Ohio, were Sunday afternoon guests of Rev. and Mrs. Wilford C. Butt and family. Friends here of Miss Clara Watts received word from her stating that she expects to undergo surgery the latter part of this week. Miss Watts, a former faculty member of the Florence Grade School, is now a resident of Florida. George Bradford of near Price Pike, succumbed Saturday around 9 p. m. following an extended illness due to a rheumatic condition. Mrs. Nettie Hollis has returned to her home in Indianapolis, following a visit with relatives and friends here. Weekend guests of the G. B. Millers were W. H. Baker and daughter, Billie, of Ft. Thomas. Weekend guests of Mrs. Nancy Bonar were her sister-in-law, Mrs. Nellie Johnson, of Cincinnati; Jimmy Bonar and wife and Buddy Arnold and family. Mrs. Ardelle Fox, who is much improved in health, was calling on Mr. and Mrs. Walter Kirkpatrick, Sunday. Mr. and Mrs. Bobby Reinhart of Price Pike, headed Sunday visitors, her parents, Mr. and Mrs. Buckley, of New Richmond, Ohio. A capacity crowd was in attendance for the dedication of the new educational building of the local Baptist Church Sunday afternoon. Rev. Thomas Shelton of Latonia Baptist Church, was the speaker. A number from here attended the afternoon service at the First Methodist Church, Covington, March 27. However, they were disappointed in that the famous song leader, Homer Rodeheaver, could not be there as scheduled due to an attack of bronchial pneumonia.

BIBLE SPEAKS

BY DR. KENNETH J. FOREMAN

We Shall Live

Lesson for April 10, 1955

"ETERNAL Life" has two meanings in the New Testament. One meaning refers to life beyond death. And yet this meaning is never applied to all human beings. It is either taken for granted or taught outright in the New Testament that all persons survive what we call death. But "eternal life" refers in this sense only to the survival of those who have accepted God's grace, never to those who have rejected it. The other meaning has to do with a quality of life itself, here and now, in this world, this side of what we call death.

Dr. Foreman

Everlasting Life Can Be Terrible

The point is that if this quality of life is lacking in this world, the prospect of immortality is the most dismal that can be imagined. A modern pessimistic poem ends with the thought that in our whole universe we find everything contemptible,—there is nothing to praise, not even ourselves. Suppose a person who has come down to that wretched conclusion goes on out through the curtain of death into the beyond,—facing the prospect of endless existence, still seeing nothing but the contemptible within and without? What worse hell could be needed than that? So in the New Testament, immortality, as such, the mere prospect of personal survival after death,—is never held out as something to be desired in itself. Eternal life, life that endures beyond death, is desirable only when the person who looks forward to it already possesses eternal life, as a changed and new life. To put it another way: Only those who have been born again can be happy in looking forward to their "birthday in heaven." A corpse lying in the baggage car does not look forward to the train's arrival at its destination; only the living may have that pleasure. The corpse exists; the passenger lives. So the Christian thought of life—beyond is not "We shall exist" but rather "We shall live."

Christ Lives Again

Perhaps Christians believe in eternal life, in the sense of this on-going through "death" of this present eternal life, less because of arguments than because of some inner certainty, some whisper of God within the heart, rather than some argument of logic knocking at the brain. Still, if one can speak of arguments, there are two which especially appeal to Christians in all ages. One is that Christ lived, and lives, again. The first Christians told the world about a risen Christ. It is true they spoke of Christ crucified; but a crucifix does not express the whole Christian message. The dominant note of the New Testament is not death but life. Paul appeals to the resurrection of Christ in this famous chapter of his letter to the Corinthians. If that story is not true, he says, we are simply back where we were, the whole Christian faith is pure delusion. Every once in a while, and in our times more than twice in a while, people will try to tell us that the resurrection of Christ is a story you can "take or leave, that you can cut off the gospels with the burial of Jesus, and still be a Christian. No, if that were so Christ would be no more than another dead dreamer. The resurrection sheds a brilliant light on everything that went before it and everything that comes after it.

Christ Lives in Me

The other argument which lies at the heart of the Christian's faith is a "life everlasting" which is worth looking forward to, is based on personal experience. "Christ lives in me" was the testimony of Paul first, and it echoes from the hearts of Christians ever since. When a man honestly thinks himself over, and asks, "What have I done, what am I, that God should trouble himself about me any longer? What right have I to expect much less to demand, 'life everlasting'?" his answer will be a melancholy "Nothing." Life that has no present sheen or strength of eternity about it or in it, has outlived itself in less than three score years and ten. But if there is anything in a man that Christ has touched, if there is anything in a man that warrants saying, "Christ lives here," then he will dare and rejoice to say Christ, "We shall live."

THE GOLDEN DAY

The bell rings, and its message is a clarion call across the countryside. Beneath it, white lilies touched by the sunlight look upward toward a cloudless sky.

This is Easter... the golden day... the day of promise and joy. This is the time when God proffers the great gift of eternal life... when he shows, in the season of the Tomb... that there is no death.

There is no more joyous occasion in the Church than Easter. Against the setting of Spring, it touches the land with beauty, bringing a new upsurge of hope, thrilling the young, comforting the old. Easter is the time to rededicate your faith... to listen again to a wonderful promise... to receive again a glorious gift. Start attending Church regularly by beginning at Easter.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in our life. It is the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy, nor civilization can survive. There are four sound reasons why every person should join the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Bible study.

VERONA

Mrs. Pattie Waller was a recent guest of her niece, Mr. and Mrs. Troy Meyer, and children of Madison, Ind.

Mrs. Pattie Waller spent Thursday night with Mrs. Lena Harris.

We were sorry to hear of the sudden passing of Harvey Vest, and extend sympathy to his brothers and other relatives.

The degree team from Verona Lodge, 876, F.A.M., went to Crittenden, on a recent Saturday night and conferred the M.M. degree work on four candidates, Samuel Dallas, Donald Northcutt, William Millikin and Harry Reed. A wonderful supper was served by the

ladies, which was enjoyed by all present. Mr. and Mrs. Kelly Kennedy and sons entertained Mr. and Mrs. Ira Harris and children for supper, recently.

Mr. and Mrs. Jim Lamm were calling at St. Elizabeth Hospital recently to see her brother, Charlie Baker, who is very ill there, and then spent the night with their daughter, Mr. and Mrs. Elmer Reiff of Erlanger.

Mrs. Elena Hamilton and son, Freddy, Jr., were calling on her parents, Mr. and Mrs. Hobart Greenwell, of Erlanger, one afternoon recently. Her mother was ill with the flu.

Mrs. Pattie Waller left recently to visit her niece in Norwood, Ohio.

Birth Day Celebration

A large crowd of friends and relatives gathered at the home of Mr. and Mrs. Forrest Marsh and children, Sunday of last week, to help celebrate the birthday of Forrest Marsh and Melvin Rust. A delicious basket dinner was enjoyed by the following:

Mr. and Mrs. Brian Rust and daughter, Barbara, Mr. and Mrs. Henry Lipscomb and son, Jim, Mr. and Mrs. Joe Ed Lipscomb and children, Mr. and Mrs. Eddie Schmidt and sons, Mr. and Mrs. Louis Jones and children, Mr. and Mrs. Lee Rust and children, Mr. and Mrs. Melvin Rust and children, Mr. and Mrs. Harry Callen and daughter, Mrs. Iva Rust, Mr. and Mrs. A. C. Marsh and son, Harold, Mrs. Gertrude Flynn and daughter, Faye, Mr. and Mrs. Ray Gullion and daughters, Bob Simpson, Raymond Baker, Jr., Rev. and Mrs. Kelly Kennedy and son, Ronnie, Clarence Browning, Wayne and Eleanor Marsh, and the host and hostess. Everyone left wishing Forrest and Melvin many more happy birthdays.

Mr. and Mrs. Robert Ashman and Marion Arch Waller were guests in the Walter Vest home, Sunday, March 27. Mrs. Laura Lamm and daughters were calling on Marion Arch Waller and Mr. and Mrs. Robert Ashman, Saturday night

Mr. and Mrs. Troy Meyer and family visited in the Waller home, March 26, and Pattie returned home with them to spend a week.

On Sunday, April 3, Mr. and Mrs. Troy Meyer entertained the following guests: Mr. and Mrs. James Vest and Mrs. Thornton, Mr. and Mrs. Robert Ashman, and Mrs. Lizzie Noel. Pattie Waller returned home with her son, Marion Arch Waller, Sunday evening. Spring, at last, has arrived around here.

KENTUCKIANS

IN WASHINGTON

By Gu Kingsbury

Tribute to An Editor:

Congressman Bill Natcher from Kentucky's Second District had this tribute inserted in the Congressional Record: "His life was dedicated to the theory that a newspaper existed to dispense news with sincerity and truth, to make the community a finer place in which to live. He always left the column of his paper open to other side, thus often leading to hot debate but always working for a better community."

The editor? Jack Melton, the late editor of the Edmonson News, Brownsville, Ky.

The Princess:

Kentucky's princess for the annual Cherry Blossom Festival is Miss Ann Covington Porter, the daughter of Mr. and Mrs. Paul Porter, the radio and television attorney, who hails from Lexington, Winchester and way points.

She was crowned at a recent meeting of the Kentucky Society of Washington and, of course, has a chance to be queen of the big event.

Incidentally, there's an election in Washington pretty soon—the Kentucky Society is getting ready to select officers for next year.

The Flood:

There's a brighter side to that late and unlamented Ohio River flood. Here in Washington, there's new force behind the plan to get more money for protection for Catlettsburg. And the same muddy tide that engulfed portions of Dayton has brought with it louder and new demands for help for Dayton, Ky.

Every time you can prove damages, you get a better chance for help from Uncle Sam. The last flood provided that new proof of damage.

This 'n' That:

The New Congressional Directory is out: Longest biography belongs to Senator Albert Barkley. Senator Earle C. Clements, Rep. Brent Spencer and Rep. Noble Gregory have the shortest. . . . Reply to Harrison County reader: Kentucky has only eight congressmen because we have not kept pace with other states in population growth. . . . Answer to Gallatin County writer: Our guess is that at least four, maybe five, of the Kentucky Democrats in Congress will support Bert Combs although most of them will make no announcement. . . . To Greenup County letter-writer: If you favor the Library Service Bill, write your congressman, Brent Spencer, House Office Building, Washington 25, D. C. Many Parent-Teacher Association leaders are writing.

To Reconstruct Road

Contractors have been invited by the State Department of Highways to bid on a construction project in Boone and Grant Counties. Bids will be opened April 8. The project is the reconstruction and traffic bound surfacing of the Verona-Crittenden Road, from Ky. 14 east of Verona to 2 miles northwest of Crittenden, 2.3 miles.

Sheep raisers in Pendleton county are planning to enlarge their flocks with northwestern Hampshire-cross yearlings or ewe lambs.

Stringtown Homemakers

Projects for next year were of special interest at the March meeting of the Stringtown Homemakers Club, held at the home of Mrs. Perry Yowell, Uitz Drive, Florence. Every member voted for the project about which they wanted to learn for the coming year.

The reports of the day were: Landscaping, Mrs. Roy Yowell; clothing, Mrs. Robert Rowland, and the recent council meeting report by Mrs. Leroy Abbott. The highlight of the latter report being the district meeting to be held April 29 at the Boone County High School. This club will have charge of ushering and registering.

Two members volunteered to represent this club backing of the county kindergarten program next month. They were Mrs. Jewell Scott and Mrs. James Loftin. Roll call was answered with "what I enjoy most in the out-of-doors." Those responding were: Mesdames Leroy Abbott, Lee Gallenstein, Chester Henderson, Robert Heptfinger, James Loftin, Perry Renaker, Jerry Rouse, Robert Rowland, Jewell Scott, Roy Yowell, and a new member, Mrs. William Scroggins. The last lesson on braided rugs was given by Mrs. Gene Fichtmaster, showing the cleaning and caring techniques. The club will meet Thursday, March 31 at the Chambers & Grubbs funeral home for a private hat lesson, given by Mrs. Allen Conner.

Refreshments were served by the hosts.

The April 28 meeting will be held at the home of Mrs. Jerry Rouse, 23 Lloyd Avenue, Florence, at 1:00 p. m.

Big Bone Methodist WSCS

Mrs. Elizabeth Schwenke was hostess to the Big Bone Methodist Church W. S. C. S. for the March meeting, the month of her birthday. In the afternoon, the program was led by Mrs. Bertha Block, the subject being, "A Young Woman Moves to the City and the Newcomer to the City, Our Neighbor." This was more or less in the form of discussion. The president, Mrs. Georgia Wilkins, was unable to attend and her absence was regretted. The vice president, Mrs. Sally Moore, presided at the business meeting.

April is a month in which many subjects relating to finance are to be cared for. The new pledge for 1955-56 is to be sent to district treasurer by April 15. Treasure chests are opened in April. Announcement was made of the District W.S.C.S. "Day Apart" service, to be

held at Epworth Methodist Church, Covington, at 10 a. m., Wednesday, April 6. Each person is to take her own sandwiches.

Minutes were read by Mrs. Bertha Block and the treasurer's report by Mrs. Katherine Schwenke. Those present were Mrs. Mary Jones, Mrs. Katherine Schwenke, Mrs. Mildred Carroll, Mrs.

Alma Hamilton, Mrs. Goldie Kidwell, Mrs. Sally Moore, Mrs. Jane Wichard, Mrs. Jean Block, Mrs. Esther Lundy, Mrs. Nell Kanatzer, and Mrs. Elizabeth Schwenke.

The April meeting will be on the 7th at the parsonage on U. S. 42, with Mrs. Kidwell and Mrs. Jane Wichard will be program leader.

MY CUSTOMERS

Bill and Toby Rouse were down again today from Crittenden, also Jack Wilson was here for two rolls of barbed wire. Tom Simons from Corinth was in a few minutes. Charles Stenius from Keefe stopped in and said his wife sent him after a certain kind of mop. They have been staying here at the Phoenix all winter, but have gone back to the farm. Brewster put up new venetian blinds for Mrs. Roy Brown, and they are really nice. Brewster and Red put in a new service and electric range plug for that new electric range for Mrs. Cora Bethel.

Mrs. Ethel Sheppard was tight on time again this month. She is here the 4th of every month. She is one of my best customers not to operate a large farm—boys a lot of hardware. Mrs. Robert Payer bought Vigoro fertilizer, lawn seed and fruit tree spray. Mrs. Elbert Moore sent for a lot of paint—it must be house clanging time. Mrs. Cecil Dickerson was in for some paint. Buddy Whitson brought his sledge hammer in for a new handle—it only took me a few minutes. I wish I could remember all my customers every day, but I can't stop and write them down.

Jim Messner was in today and we were talking about when he and his dad raised 20 acres of tobacco every year for Charley Rengler at Dry Ridge, and now I expect he raises about 2 acres and gets more money than for the 20. J. C. Reynolds called that his Dayton water pump in the house he rents out froze and burst. Mrs. Owen Flynn also called and said they were having a little trouble with their Dayton jet pump, so I called Ed Hanlon, the Dayton pump man, and he sent his service man right down and repaired them—that is the service we get when we call us.

Mr. Carcon, the mayor of South Ft. Mitchell, who owns a farm out from Devon and is a customer of mine, bought several items and Brewster put a handle in his shovel. Chick repaired a floor lamp for Gayle McElroy. Mrs. Christine Elliott, who works at Crittenden, came down for a lot of Armstrong linoleum for her home. Joe and Charles Northcutt came in for tobacco canvases and nails. Mr. and Mrs. Fred Schicks bought poultry fence. Mrs. Myrnx Crouch came in for chicken feeders.

Mrs. John Tomlin bought Bolce paint and lawn seed. Herman Caldwell needed a pound of lawn seed. Just he got last year—it really grew. I saw Ralph Lucas in the fishing tackle—all these fishermen need it warm weather. Dr. Maddox bought two 20-gallon garbage cans. Blanche Franks bought a large size jar at Glamorgan and nails. Mr. and Mrs. Fred Schicks bought poultry fence. Mrs. Myrnx Crouch came in for chicken feeders.

April 1 and everyone came out. Ben Dixon bought the last tobacco seed sower and two canvases, also tobacco seed. Mrs. Herman Simmons and Mrs. Alfred Hume are still painting—they really like that rubber base paint. Chester Shugart, who is building a new house on Beaver Road, bought 100 pounds of Sta-Dri to put on the outside walls of his basement—Chester is a hard worker and a good electrician—when in need, give him a call and he and his wife have a nice electric shop with a lot of appliances next door to Dixie Chevrolet Sales.

Doc and Beanie Webster were up here from Elliston, buying linoleum and window shades. Mr. Martin from Fishburg, was inquiring about Sta-Dri for his basement walls. The folks down at the R. T. Heizer farm bought linoleum and paint. Mrs. Clifford Mann and Helen were in—Mrs. Mann bought a rug, a lot of paint, window shades and a 12" G. E. electric fan—she wanted to be ready for warm weather. Mrs. Mattie Dodson and Chick had a washing machine trade—she got a new Maytag and I haven't seen what he got.

Russell Sparks was in wanting us to cut some canvases, but we have to sell canvases so small a profit that we can't cut canvases for anyone, as you cannot cut a 10' canvas as it will not measure out without being stretched like you put it on the bed. Some complained because we would not sell canvases on credit, but all other hardware and dry goods dealers that I know have never sold canvases on credit. We did years previous to this one but we sold it higher and made more profit, and lots of you complained that we were too high, so now what?

Mr. and Mrs. Floyd Shields selected a very nice pattern of linoleum for their kitchen—the fellows will get it Wednesday. Mr. and Mrs. Alfred Hume were back after more paint. Edna McCubbin from Union was back to see us today—she has been away a long time. Mr. Glas, who lives in the new house down by Salem Bridge, and owns the farm where he lives, bought a new Vulcan plow and some singletrees. Riley Prather, who bought the Dud Chapman farm at Concord, bought a plastic cover, an applicator and 18 cans of Dowfume to kill the weed seed in his planted, also four tobacco canvases and tobacco seed.

Wilbur Strause bought two tobacco canvases—he is raising a crop after working hours. Robert Jump and George Fisk were getting repairs for R. C. Durr's equipment—two good men. Mrs. Carter, who lives at Verona, bought a power lawn mower. Mr. and Mrs. Fred Schicks bought two rolls of poultry fence. Charles Prather and Wesley bought fishing tackle and license—I believe they are going fishing. Russell Hall and Marie Hughes were going fishing.

Mother and Daughter Banquet Given by FHA

At Simon Kenton High School Tuesday, Apr. 5

The Simon Kenton Chapter of Future Homemakers of America held its tenth annual Mother-Daughter banquet in the Simon Kenton High School cafeteria at 7:00 p. m., April 5, with Miss Lou Ann Elliott, chapter president, presiding.

Highlights of the banquet were: Welcome to mothers by Joyce Kaffenberger, after which the response to the welcome was given by her mother, Mrs. H. C. Kaffenberger. The invocation was then given by Mrs. F. H. Elliott, chapter mother. Following a delicious home dinner, served by Future Farmer waiters, group singing was conducted by Nancy Bieher and Dusty Hale. Lou Ann Elliott introduced the special guests.

Recognition of honorary members was made by the president and Nancy Armstrong. The two honorary members are Mrs. Leonard Cook, Jr. and Miss Helen Richardson.

Conferring of degrees was made by Rita Williams, who conferred 13 Junior degrees and seven Chapter degrees. This was followed by the awarding of pins by Donna Richardson. Special recognition was made by the president and Donna Schuster.

Highlights of the year's chapter work were given by Joyce Kaffenberger and the budget and treasurer's report were given by Mary Ruth Beck.

Miss Pat Scott, guest speaker, spoke on "Home Life Abroad." Miss Scott had the opportunity, last summer, of living on three different farms in Austria. She brought many interesting views of family and home life, which she experienced there.

An American Beauty rose, the chapter flower, was presented to each mother and the past presidents, who were especially honored. The affair was brought to a close by repeating the F.H.A. prayer.

Oklahomans Think Well of Walton and Northern Kentucky

—1529 E. 43rd Place
Tulsa 5, Oklahoma
April 2, 1955

Chamber of Commerce
Walton, Kentucky
Dear Sirs:

Last Saturday, March 26, my wife and I were returning to the National Alliance of Science Teachers Convention in Cincinnati.

Shortly before we reached Walton, we decided that the auto heater would have to be turned on, as it was an intensely cold day. It would not switch on, so we stopped at the Kaiser garage in Walton to see if it could be fixed. We did not learn their names, but the operator and one of his mechanics did an excellent and speedy repair of the heater switch and restored it to working order, so that we could continue our journey. The mechanic explained what the trouble had been and repaired it in a way that would avoid this trouble in the future. Furthermore, although it was an emergency situation, the temperature was chilling, the charge was very reasonable.

One of your policemen drove up to the station about this time, and when we asked for information about road conditions and best routes to take across Kentucky, he gave us what turned out to be very reliable information. In a further friendly gesture of courtesy and helpfulness, he obtained from his car his "only copy of an illustrated map of roads and highlights of Kentucky and gave it to us to help make our trip more enjoyable."

We like Tulsa and hope to live here from now on, but if we should ever consider moving to another state, northern Kentucky would be high in our preference, not only for its beauty, but also the very friendly, courteous, and hospitable treatment accorded us at Walton. People and deeds like these are not easily forgotten.

Sincerely yours,
George W. Hale

POLIO VACCINATION AT FLORENCE, APRIL 27

The Salk Polio vaccination in Boone county will be held at the Florence Community Center, Florence, on Wednesday, April 27. The vaccine will be given to children in the first and second grades, under the supervision of Dr. H. R. Daugherty, Florence, and a schedule will be worked out as to time. Eight hundred and fifty children are scheduled for the shots.

Conservation Work Being Planned By Boone Co. Farmers

Eighteen farmers have requested assistance in laying out ponds on their farms during March. They are: Harry Kirby, Melvin Kelly, William Feldhaus, Robert Rimer, Herman Rader, Harry Hams, H. P. Baker, C. L. Lancaster, Alberto Stevens, Henry Stoker, Robert Middleton, Vernon Scott, H. W. Craig, Phil Hampton, James Wilson, Harry Tanner, Vaughn Hempling and A. H. Herring. Hams, Scott and Feldhaus have recently completed their ponds, and two of these were half full of water in just a few days.

Contour plowing lines have been laid out on more than 50 acres of the Harry Kirby farm, near Union, and the Joe Clift farm, Price Pike, near Florence. These contour lines are used to enable farmers to cultivate their land on the contour, which reduces runoff and reduces erosion of the top soil in cultivated fields.

The Supervisors of the Boone County Soil Conservation District met recently. Joseph A. Huey has been elected chairman, Charles L. Hempling, vice chairman, S. W. Eicholz, secretary-treasurer, and Earl Jones, supervisor, to replace H. E. White. Since Charles A. White has submitted his resignation as a supervisor, a replacement will be appointed at the next regular meeting.

AID TO THE NEEDY

Residents of Boone county received \$5,399 last month under Kentucky's three public assistance programs, old age assistance and aid to the needy blind and dependent children. It was announced today by Commissioner of Economic Security Vego E. Barnes, Frankfort.

These payments were listed: Old age assistance, \$4,648; aid to dependent children, \$586; and aid to needy blind, \$165.00.

BEAVER-BIG BONE REVIVAL

Rev. O. S. Gardiner, pastor of the Bellevue Methodist Church, will be the evangelist for a revival to be held at the Hughes Chapel and Big Bone Methodist Churches, April 18-May 1. Services will be at 7:45 p. m., each evening, at Hughes Chapel, April 18-24, and at Big Bone, April 25-May 1, according to Rev. Elmer K. Kidwell, pastor.

FIVE PRECINCTS GO OVER TOP IN RED CROSS DRIVE

A partial report of the fund raising campaign of the Boone County Chapter of the American Red Cross reveals that five precincts exceeded their goals. They are: Beaver Lake, Mrs. Taylor-Hess, chairman; Richmond, Mrs. Ashlin Logan and Mrs. Stanley Rader, chairman; Petersburg, Miss Gladis Ellis, chairman; Constance, Mrs. Rebo Ellis, chairman; and Florence, Mrs. Virginia Goodridge, chairman.

Three precincts have not been heard from and their results are expected soon. The final report will be published next week.

The county fund chairman said, "I know that the workers have been busy and it is possible that some who would like to contribute have been missed. If you desire to contribute, mail your donation to James S. Webster, Walton, Ky., and your membership card will be forwarded by return mail."

Softball Game Here Sunday

The Walton softball team will play an exhibition game, Sunday afternoon, at the Walton school diamond, when the opposition will be furnished by the Grossy Creek team.

The local outfit will be managed again this year by Dave Workman, Walton businessman. The best players in this section are being assembled for this year's version of the Walton softball aggregation. The public is invited to support these youngsters.

Woman's Clubs to See Slides

Ellis Crawford, curator of the Beringer Museum, Devou Park, will show colored slides of Boone county scenes at the next meeting of the Florence Woman's Club, to be held Tuesday, April 19, at the Florence Community Center at 8:00 p. m. Guests will be members of the Walton Woman's Literary Club and of the Stringtown Woman's Club.

Boone Homemakers Hostess at District Meeting April 29

On Friday, April 29, the Boone County Homemakers will be hostess to approximately 600 homemakers from Boone, Bracken, Campbell, Grant, Harrison, Kenton, Pendleton, Robertson and Gallatin counties at the Boone County Consolidated High School, Florence, according to Nancy Guilfoile, Home Demonstration Agent.

Registration will begin at 9:30 a. m., and call to order at 10:00 a. m. by Mrs. William LeGrand, District Director, from Warsaw.

Mrs. William Foote, Boone County President, will welcome the group to the county. The Boone County Chorists under the direction of Mrs. Omer Dawick will present "This Is My Country."

Miss Anne Guthrie, educator and lecturer from New York, who has lived in India, Burma, Ceylon, Chile and the Philippines, will speak on "A Near Look at Far Horizons." Mrs. R. P. Matchett, Covington, President of the Kentucky Federation of Homemakers, will address the group on "What It Takes," and Miss Myrtle Weldon, State Leader, University of Kentucky, will discuss "Portrait of a Homemaker."

Legion Auxiliary of Independence to Give Social On April 20th

The Ladies Auxiliary of Moon Bros. Post, 275, are holding their first pillow social at the American Legion Hotel in the North edge of Independence, at 8:00 p. m., Wednesday, April 20.

Incidentally, the men should not let the port called "Pillow Social" stop them from coming, because there will be as much fun for the men folk as there will be for the ladies. Refreshments will be available throughout the evening. So make it a date and be at the Legion Hall at 8:00 p. m., Wednesday, April 20—better yet, come early and see the improvements made to the building by the members.

The public is cordially invited to attend this affair, and this includes members of other veteran organizations and their auxiliaries.—Pub. Chm.

Burley Tobacco Marketing Quota Referendum Vote Set for Apr. 28

CLAYTON PERCIVAL

Clayton Percival, Percival Road, Walton, died at his home Sunday. A member of a pioneer Kenton county family, he was 76 years old.

Mr. Percival, a retired farmer, was active in local farming activities, and was a member of the Walton Christian Church.

He is survived by his widow, Mrs. Mattie Rouse Percival; two daughters, Mrs. C. R. Hume of Louisville, and Mrs. Ted Anderson of Ashland; two sisters, Mrs. E. F. Vollandingham of Nicholson, and Mrs. Mary Johnson of Walton; four brothers, Wilbur of Orlando, Fla., L. C. of Nicholson, Henry of Covington, and Tom Percival of Walton; two grandchildren, and a great-grandchild.

Services were held at 2:00 p. m., Tuesday in the Walton Christian Church with Rev. Jack Ervin, a former pastor at this church, officiating. Burial was in Independence Cemetery.

Chambers & Grubbs funeral home, Walton, had charge of arrangements.

JOE LIPSCOMB KILLED

Joe Lipscomb, Constance, 29-year-old son of Mr. and Mrs. Henry Lipscomb, Walton, was killed Tuesday night on Taylor Mill Pike in an automobile accident.

Police said Lipscomb apparently fell from the vehicle as it left the road. His crushed body was pinned on the steep hillside under the car.

Because of the steepness of the hill, police were unable to move the wreckage immediately. They said partial view of a second pair of shoes indicated a second man was in the car.

Police said the vehicle's wheels apparently became caught in a "six-inch deep rut at the side of the road, causing it to be wrenched off the road and over the hillside.

WALKER B'HYMER

Services for Walker B'Hymer, 78, retired road maintenance man of Independence, who died last Saturday at St. Elizabeth Hospital, were held at 2:00 p. m., Tuesday at the Swindler funeral home, Independence. Burial was in the Independence Cemetery. Mr. B'Hymer lived at Banklick Station.

He leaves his widow, Mrs. Minnie Rivard B'Hymer; a daughter, Mrs. Rottiff Turner, Independence; two sons, Alfred and Clifford B'Hymer, both of Independence; four sisters, Mrs. Pearl Williams and Mrs. Lillie England of Independence, Mrs. Mamie Knapp of Covington, and Mrs. Stacie Yockley of Cincinnati; four grandchildren, and two great-grandchildren.

REVIVAL AT WILMINGTON

The Wilmington Baptist Church at Fiskburg, is joining in the Simultaneous Revival, April 17-24. The Rev. Milton Lowery of Crittenden Baptist Church is to be the evangelist, according to the pastor, Rev. Jim Hevey. Services will start each evening at 8:00. Everyone is invited to attend.

REVIVAL AT PINER

A revival is in progress at the Piner Baptist Church, Piner, which will continue through Sunday, April 24. Services are held nightly at 8:00, according to the pastor, Rev. Robert B. Wilson.

The evangelist is Rev. Bill Thompson, of the Second Baptist Church, Hamlet, N. C. Assisting with the music is Rev. L. M. Hamilton, of the Macedonia Baptist Church, Jonesville.

Engagement Is Announced

Miss Louise Alsip

Mr. and Mrs. R. L. Alsip of Fiskburg, announce the engagement of their daughter, Louise, to Mr. Ray Mercer of Walton, Route 2. No definite date has been set for the wedding.

Walton Literary Club Hears Nutritionist at Meeting at Phoenix

An interesting and enjoyable talk on "Food, Health, You and the World" was given by Miss Betty Sloughers for April meeting of the Walton Woman's Literary Club at the Phoenix Restaurant, with Mrs. M. C. Racey as hostess. Miss Sloughers, a nutritionist, from the State Board of Health, Louisville, gave valuable information on the use of various meats, vegetables and other foods.

Program chairman, Mrs. Sam Sleet, introduced Mrs. Calvin Cress, of Burlington, who presented the speaker.

Mrs. Julia A. Rouse presided over the meeting, which was opened with the pledge to the flag, followed by the club collect, which was led by Mrs. G. C. Ransom.

While in business session, an election of officers was held. The incumbent, Mrs. Rouse, will serve as president, completing the two-year term. Other officers serving are Vice president, Mrs. James S. Webster; secretary, Mrs. W. D. Scroggin; treasurer, Mrs. Sam B. Sleet.

The club voted to make a contribution to the Cancer drive.

Mrs. Rouse announced that the Walton Woman's Club is invited to attend a meeting of the Florence Woman's Club, to be held at the Florence Community Center, on Tuesday evening, April 19, in commemoration of the first anniversary of the organization of the Florence club.

The spiritual guidance was given by Mrs. James Powers, who gave an impressive talk on "The Resurrection," basing her remarks on the Gospel as found in the 15th chapter of Mark. Mrs. Powers closed her talk with prayer. Response to roll call was made with interesting current events.

Following adjournment, a social hour was enjoyed and refreshments served from tables which had been artistically decorated by the hostess, Mrs. Racey, in keeping with the Easter season.

Those in attendance were: Mrs. J. C. Bedinger, Mrs. C. S. Chambers, Mrs. J. R. Conroy, Mrs. B. W. Franks, Mrs. A. Gaines, Mrs. J. L. Hamilton, Mrs. A. H. Johnson, Mrs. Clayton Jones, Mrs. John Myers, Mrs. James Powers, Mrs. C. W. Ransler, Mrs. M. C. Racey, Mrs. Julia A. Rouse, Mrs. W. D. Scroggin, Mrs. Sam B. Sleet, Mrs. A. P. Stephens, Mrs. Forest S. Thompson, Mrs. G. C. Ransom, Mrs. James S. Webster, Mrs. Calvin Cress, and Miss Betty Sloughers.

PINER-COX MARRIAGE

Miss Mary Lee Piner, Walton, daughter of Mr. and Mrs. Russell Piner, and Mr. Harry Cox of North Carolina, were united in marriage Saturday, April 9, by Rev. R. F. DeMoisey, Mr. and Mrs. Basil Lunsford were the attendants. They will make their home in a new house on his farm in North Carolina, after a short honeymoon.

The American Cancer Society allocated \$55,000 for cancer research last year.

If Approved, Support Price To Be 90 Pct.

On Thursday, April 28, 1955, Burley tobacco growers will decide in a referendum whether marketing quotas and price support will be in effect on the 1955 crop.

New legislation (Public Law 21, approved March 3, 1955) amending the law authorizing marketing quotas for tobacco directs the Secretary of Agriculture to redetermine the national marketing quota, and State and farm allotments for Burley tobacco for the 1955-1956 marketing year (the 1955 crop). The new marketing quota has been calculated on the basis of the latest available supply-demand statistics.

The Secretary is also directed to hold a referendum among Burley growers to determine whether they are in favor of or opposed to the redetermined quota. If more than one-third of the growers voting in this referendum oppose quotas, no quota will be in effect and there will be no price support on the 1955 crop of Burley tobacco.

If two-thirds or more of the growers voting in this referendum approve marketing quotas, they will be in effect for the 1955 crop and price supports will be available at 90 percent of parity.

The new legislation provides also that: (1) Any acreage of tobacco harvested in excess of the farm acreage allotment for 1955, or for any subsequent crop, cannot be considered in establishing State and farm acreage allotments.

(2) The allotment now established for a farm is to be reduced if any producer on the farm files, or aids, or acquiesces in the filing of, any false report about the acreage of tobacco grown on the farm.

(3) The penalty on the marketing of excess tobacco is increased from 50 to 75 percent of the average market price for the preceding marketing year.

A new minimum Burley tobacco farm acreage allotment has been established for 1956 and following years when the

P.T.A. to Meet April 29

The Walton P.T.A. will not meet on Wednesday, April 20, but will observe Father's night on Friday, April 29 at 7:00 p. m. All parents are urged to attend. This meeting is in the interest of the new school.

Scouts to Collect Paper

Boy Scout Troop, 99, of Walton is sponsoring a paper drive on Saturday, April 16. If you have old papers, bundle them and set in front of your home, and they will be picked up. The Scouts will also take scrap metal of any kind.

New Burley Tobacco Warehouse To Be Built at Erlanger

Formation of a new tobacco warehouse company and plans for construction of a new warehouse were revealed Tuesday with the purchase of approximately three acres of land on the Dixie Highway, Erlanger, for \$39,000.

In deeds filed in the office of Wm. B. Baer, Kenton county clerk, the Commonwealth of Kentucky, Department of Highways, sold the property to the Ready-Mixed Concrete Co., which in turn resold the property to the newly organized New Kenton Tobacco Warehouse Co.

The state has owned the property, which fronts 197 feet on the Dixie, for approximately 13 years. The property adjoins the seven-acre site of the Covington Independent Tobacco Warehouse Co.

Boyd Elliott, president of the New Kenton Tobacco Warehouse Co. and the Covington Independent Tobacco Warehouse Co., said the two companies will be operated independently.

Mr. Elliott said stockholders of the new company, which includes several stockholders of the Covington Independent, will meet within a week to decide on construction of a new warehouse on the site of the newly acquired property.

Mr. and Mrs. Harvey Hughes spent Easter Sunday with her parents, Mr. and Mrs. Harry Edgington. Sunday afternoon they drove to Rising Sun, Ind., to see Mr. Edgington's sister, Mr. and Mrs. Herman Rice, who lost their home a few weeks ago by fire—gas tanks exploded. They lost everything. Their new home will be ready for them to move into by the middle of May.

Mr. and Mrs. Howard Donnelly and children, Mrs. Lucy Donnelly spent Sunday with Mr. and Mrs. J. T. Gore. Sunday afternoon, they visited relatives in Covington.

Mr. and Mrs. Golden Dyer visited her mother, Mrs. Alice Crase, from Friday until Sunday.

We are sorry J. T. Roberts is ill and in Booth Hospital. We wish him a speedy recovery.

Mrs. Elena Hamilton and son, Freddy, Jr., and Mrs. Florine Edgington were calling on Mrs. Flossie Greenwell, Thursday afternoon, in Erlanger.

Bernard Wilson has been on the sick list the past few days. We hope to see him out again soon.

Tanner, superintendent; Divine Worship, 11 a. m.; Luther League, 2:30 p. m., with a Luther League visitation team conducting the program, and a pitch-in luncheon at 5 p. m., the public is cordially invited to see the film strip "Martin Luther," to be shown in the church following the basketball banquet this coming Friday evening; both the Brotherhood and the Woman's missionary society will meet at the church Monday evening, April 18 at 8 o'clock.

Mrs. Andy Holtzworth was visiting Mr. and Mrs. R. E. Tanner recently. Mr. and Mrs. Charles Northcutt of Kyles Lane, were Friday afternoon guests of her sister, Mrs. Nan Tanner, and Mr. Tanner of U. S. 42.

Miss Lucille Rucker, Shelby Street, has returned home following a pleasant visit with a friend in Alabama. Miss Rucker with the friend also attended the Pilgrimage in Natchez, Miss., an annual event that takes place in the month of March, sponsored by and for the benefit of the garden clubs of the city. The affair attracts tourists and visitors from all parts of the country who enjoy looking through the old southern homes.

Visitors of the G. B. Millers, Sunday afternoon were Mrs. Midge Holden of Ludlow, and son, Billy, and wife of Avondale.

Henry Smith arrived home Saturday from Largo, Fla., where he spent the winter months. He reports that William Busby is confined in a Florida hospital.

Rev. and Mrs. Wilford C. Butt and family visited Mrs. Butt's father, Karl Bley, and family at Hamilton, Ohio, on Easter Sunday afternoon and evening.

Mrs. Cecil Martin has returned from Booth Hospital and is convalescing nicely at her home on Burlington Pike.

Mr. and Mrs. Clyde Arnold were recently visiting Mr. and Mrs. Hal Highhouse at Ludlow, and R. F. Carrigan of Erlanger, who has been ill.

Funeral services for George E. Bradford, 78, were from the Chambers and Grubbs funeral home, Tuesday, April 5, with Rev. Charles Holder, the Florence Christian Church officiating. Mr. Bradford, a retired farmer, and lifelong resident of Boone county, had membership with the Pt. Pleasant Christian Church and Burlington Lodge M. W. A. Surviving are his wife, Mrs. Anna Bradford, a daughter, Mrs. Charlotte Wilson, a brother, Col. Lute Bradford, all of Florence; a sister, Mrs. Mary Caudill of Union, and a grandson. Burial was in Rice cemetery, Union. Sympathy is extended the family.

Miss Betty Rouse of Dayton, Ohio, has returned to her duties as teacher in one of the Dayton schools, following a short vacation with her parents, Mr. and Mrs. Frank Rouse, Richmond.

Mr. and Mrs. James Yancey have sold their property in California and moved to the property of her mother on Bristol Pike, Kenton county.

Mrs. Lonnie Tanner was a recent guest of a sister, Mrs. Minnie Tanner, Sanders Drive.

Mr. and Mrs. Richard Keyer were dinner guests Sunday evening of Mr. and Mrs. Wilson Martin of Kensington.

A recent card from Mr. and Mrs. Ely Slayback of Scranton, Pa., states that their sons are both in service. Ronnie is in Frankfurt, Germany, with the Military Police, and rides a train from Frankfurt to Paris, preserving order and guarding the mail enroute, which takes him behind the Iron Curtain. The Slayback's other son, Tommy, is in Arizona.

Mrs. Lillian Schram was with her mother in English, Ind., the past week, due to illness of the latter.

Simon Kenton P.T.A.

The success of the minstrel, recently presented at Simon Kenton High School, was reported at the April meeting of the Simon Kenton P.T.A.

Mrs. Thomas Finney, president, thanked all who participated in the minstrel or had a part in making it a success.

The installation of newly-elected vice president and treasurer was postponed until the May meeting, due to the absence of the treasurer.

The speaker for the evening was J. V. Wort, principal of John G. Carlisle school, Covington. He gave an interesting talk on "Building Morale."

The room award was won by Miss Elizabeth Palmer's room.

Mrs. Lewis Gabriel had charge of the devotional. Mrs. Finney will represent Simon Kenton P.T.A. at the State convention of Kentucky Congress of Parents and Teachers in Louisville, April 25-27.

Firemen's Auxiliary Social

The Ladies Auxiliary of the Independence and Community Volunteer Fire Department will hold a pillow slip social at the firehouse, Saturday, April 16 at 8 p. m. Refreshments will be served by the appointed committee. The public is cordially invited to attend.

Boys Wanted

Any boy, ages 9 through 13, interested in playing baseball, can now get into the Knobble team. Lefe Miller will be on hand to list all boys interested in playing baseball, at Simon Kenton's ball field at 10 a. m., Saturday, April 16.

The Midway Homemakers Club of Woodford county arranged an exhibit of hand-made purses, baskets, lamp shades, copper articles and woven seats for chairs.

VISALIA

Sharon Pettit was treated at St. Elizabeth Hospital, Saturday, April 2 for an eye cut received when she ran into a barb wire fence.

Mrs. Jack Boyum, Whites Tower, fell down steps at church Sunday. We do hope her injuries weren't serious.

Ryland Heights V.F.D. answered an alarm Saturday at the Ringneck farm. Fortunately it was only a grass fire.

Kenton and Community V.F.D. made their first run on their new ambulance Monday when Porter Chapman of Morning View was killed in a wreck.

Little Jesse Klein has been on the sick list.

Ryland Heights V.F.D. showed its members and their families a movie on Monday. The title was "Operation Move Up." They are also sponsoring a dance April 15 at which time they will raffish a television.

An Easter egg hunt was held at the Visalia church, Saturday afternoon. An enjoyable time was had by all and lots of eggs were found and eaten.

Mr. and Mrs. John Pettit and daughters visited Mrs. Melvina Pettit and family at Falmouth, Sunday. They also attended the egg hunt at the fairgrounds. Mr. and Mrs. Walter Gill had as Sunday guests, Miss Virginia Wehrman, Mr. and Mrs. Robert Redmon, and Mr. and Mrs. Charles Pettit and daughters.

Sorry to hear Stevie Halderman had to have six stitches in his face.

Mr. and Mrs. Russell Proffitt and son, and Mr. and Mrs. John Proffitt and son, drove to Cynthiana, Sunday.

Glad to hear Harry Cidwell is home and recovering from his recent operation.

Dick Cheesman, Morning View, had a wreck with his car. Fortunately he was not injured.

FOLK FESTIVAL AT UK

The fifth annual Kentucky Folk Festival will be held on Friday and Saturday, April 22-23, at the University of Kentucky. Co-sponsors of the affair are the Lexington Center of the Country Dance Society of America and the University. The event will include folk dancing, singing, arts and crafts, and a punch and Judy show.

Sympathy is extended the family of Porter Chapman, who passed away last week at Morning View.

Mr. and Mrs. Worth Collins had as guests Sunday, Mr. and Mrs. Jack Allphin and children, and Mr. and Mrs. Ellsworth Collins and children.

The Baptist Church here dismissed their church Sunday night and all went to the Warsaw church.

Bobbie Snow and sister, Deanna, have set out a nice strawberry patch.

All the farmers are getting busy and ready to start farming in a big way.

We welcome all new people who have moved to Glencoe.

Food Searchlight

(From County Agent's Office)

FRUITS & VEGETABLES—Citrus fruits are seasonally low priced and tops in quality. Sugar content is at the peak. Pineapple is reasonable and is entering the period of highest supply and quality. Banana prices vary, but in general are in the moderate price range.

Due to the bad weather, a few weeks ago, the supply of vegetables is somewhat smaller than normal with considerable variation in quality. Prices have risen and are expected to remain higher than usual for a few weeks.

Carrots and celery are still reasonable. Among the better vegetable buys, considering curtailed supply and higher prices, are: Green beans, asparagus, broccoli, cabbage, tomatoes, radishes and green onions.

MEATS—Beef cuts from the round and chuck are attractive buys this week.

Liver is an economy item. Pork prices continue low. Prices of cured sausages are lower than they have been for several years. Ham remains reasonably priced.

POULTRY, EGGS & FISH—Poultry supplies are ample. Prices are holding steady. Large quantities of eggs are coming to market as the heavy production continues. Prices are declining. Large eggs are an economy buy. Frozen fish continue plentiful and reasonable.

OTHER—Prices of both new and old potatoes show a decided increase as a result of serious weather damage to the new potato crop. Strawberries, melons and cucumbers are on the market in limited supply and at early-season prices.

Results of surveys made for the American Cancer Society show that about two of every five American adults still do not know cancer is curable.

Some 4-H club calves in Ohio county are gaining 1½ pounds a day, mostly on a ration of hay.

WE HAVE THE ANSWERS TO YOUR QUESTIONS ON Stilbestrol!

- Q. What is stilbestrol?
A. It is a synthetic hormone which has been made commercially for years and is used in human and veterinary medicine.
- Q. Why feed stilbestrol to cattle?
A. When properly mixed at the right level in a well-balanced supplement, stilbestrol will produce amazing gains... and on less feed.
- Q. What are the results from stilbestrol feeding?
A. At the Purina Research Farm an average of test results with stilbestrol shows 17.2% faster growth and a saving in feed of 9.4% against check lots getting no stilbestrol.
- Q. Why is Purina's Micro-Mixing important to the cattle feeder?
A. Micro-Mixing assures the feeder that every bite is mixed just right. Every steer gets his share so he can make maximum daily gains—you market an even bunch of cattle.
- Q. Is stilbestrol a food nutrient?
A. Definitely not. Actually stilbestrol makes it even more important to feed a well-balanced supplement like Steer Fatena or Beef Chow because cattle are gaining so rapidly.
- Q. What basic rations show response when fed with a supplement containing stilbestrol?
A. Well-balanced supplements fed with either high-grain or high-roughage rations show good response. Remember there's a Purina Steer Fatena to feed with both good-quality and poor-quality roughage.
- Q. If my cattle are now on a supplement without stilbestrol will they go off feed if I change to stilbestrol feeding?
A. No. Purina Steer Fatena containing stilbestrol tends to sharpen the appetite rather than dull it.
- Q. How does time on feed effect results when stilbestrol is fed?
A. Animals respond to the stimulant very quickly. Work at Iowa State College shows response is maintained over long feeding periods as well as shorter ones.
- Q. How does Purina's work compare to other research done with stilbestrol?
A. Average of tests at Iowa State College showed fattening rations with stilbestrol increased gain by 19% and cut feed costs by 11%.
- Q. Should cattle be taken off supplement with stilbestrol for a certain length of time before slaughter?
A. Yes. The FDA has ruled that cattle be taken off their stilbestrol ration 48 hours before slaughter. Cattle should be put on a comparable ration without stilbestrol at this point.
- Q. What effect does stilbestrol fed in the supplement have on carcass quality?
A. Research work to date shows no effects on carcass quality.
- Q. What animals should be fed supplements with stilbestrol?
A. None except cattle being fattened for slaughter.

- Q. What are some of the toxic effects that could result if stilbestrol is fed to breeding stock?
A. Possible breeding trouble is the main objection.
- Q. Why is it so important that a steer get only 10 milligrams of stilbestrol in his daily ration?
A. Too little of this growth stimulant won't produce maximum gains... too much might be toxic, producing adverse health condition.
- Q. To what class cattle are Purina Steer Fatena and Beef Chow with stilbestrol recommended at the present time?
A. These products are recommended for slaughter cattle, and are not recommended for club calf feeding because of the refined characteristics desired in the show ring.
- Q. Can stilbestrol be fed to sheep?
A. The FDA has not approved its use for lamb fattening. However, there is work being done along these lines at various agricultural colleges and at the Purina Research Farm.
- Q. What about hog follow-up behind cattle fed stilbestrol?
A. Evidently not harmful to market hogs, but not a recommended practice at the present time where brood sows and gilts follow cattle.
- Q. Does the feed manufacturer profit on addition of stilbestrol?
A. We can speak only for the Ralston Purina Company. Purina is furnishing the stilbestrol in Steer Fatena and Beef Chow at cost.
- Q. Do both fattening heifers and steers respond to stilbestrol?
A. Yes.
- Q. How long has Purina been doing research work with stilbestrol?
A. More than a year. Purina now has more cattle on feed than ever before as we search for even more efficient beef-producing rations.
- Q. Can I use stilbestrol in a Check-R-Mix ration?
A. Yes. See your Purina Check-R-Mix Dealer.

Circular Gives Ways To Control Tobacco Insects

Practical ways to increase returns from tobacco by battling insects to a standstill are outlined in a new circular from the Extension Service of the University of Kentucky College of Agriculture and Home Economics.

Included are the approved ways to dust or spray plants in the bed and, in the field, to destroy the common insects that begin their destruction almost as soon as the seed sprouts in the bed. The circular also gives suggestions about ways to discover the pests.

Insects commonly found in plantbeds include flea beetles, cutworms, green peach aphids, green June beetle grubs, springtails, crane fly maggots and maggots of midges. Many of these insects

also attack plants in the field. Killing insects in the soil before the beds are seeded and then keeping insects out with boards and canvas help to control insects. Control measures include burning, steaming or fumigating the bed.

The circular is well illustrated with pictures of the principal bugs and worms with brief descriptions of them. The author is H. H. Jewett, entomologist at the College of Agriculture and Agricultural Experiment Station.

Copies of Circular 525, "Controlling Tobacco Insects," may be had at offices of county agents or by writing to the college at Lexington.

Curtis Oliver, Jr., Graves county 4-H boy, received \$331 for dark-fired tobacco grown on a half acre.

KENTUCKIANS

IN WASHINGTON

By Gil Kingsberry

In the Record:

The following paragraph was published in the Congressional Record and becomes a part of our nation's archives:

"To me the greatest freedom in the world is the freedom to worship God, when, where and in the manner I choose. Only through God can man achieve what he really wants. If it had not been for their abiding faith in God, our ancestors could not have withstood the trials and tribulations of the wilderness."

The author? Not a philosopher or some political scientist. It was Miss Beverly Kunkel, a senior at Simon Kenton High School in Kenton County, winner of the 1-Speak for Democracy contest in Kenton County. It was put into the Record by Rep. Brent Spence.

On Way to India:

By the time this reaches print, Ambassador John Sherman Cooper should be in India, ready to assume his post as our representative.

As you may know, the Kentuckian married the former Laraine Shevin prior to his departure. The new Mrs. Cooper is a student of the Russian language and during her stay in Washington studied the language of the Soviets. She can't tell, as the wife of an ambassador, who might get a chance to eavesdrop on the Commie envoy to India.

Page Boys:

Each year some Kentucky mother or father writes his congressman or senator asking for a page boy job for young Johnny, just turned 14.

It's a good job, pays \$65 a week and schooling is provided. But in the off hours the youngsters are on their own. And sometimes that leads to trouble. Nothing serious, you understand, but the danger is there.

Now, however, there's a move on foot to build a home for those 78 young men. And with that home will go a house-mother to watch over the boys. Soon, we hope, such a plan will get congressional approval.

The Mail Bag:

Reply to Lawrence County writer: Senator Earle C. Clements and Rep. Eugene Siler are the only members of the Kentucky delegation having World War One military service. Siler served in both wars. . . . Answer to Boone County question: It is our guess that the Ft. Thomas VA hospital will not be closed.

To Fleming County reader: Congressmen get paid on a year-round basis, regardless of the length of the session. However, most congressmen now work at the job on a year-round basis, too. . . . Answer to Grant County query: You are right! The Bill Arbogast who covers the Lower House for the Associated Press is the same Bill who covered the Frankfort scene many years ago.

Flock owners in Kenton county have begun shipping eggs to the Ohio Valley Egg Cooperative Association at Milford, Ohio.

"Old Bess" Must Go

Many of the dairymen in the county have on "Old Bess" in their herd that is not producing enough milk to pay for her feed. With the "price squeeze" on the farmer cannot keep "Old Bess" around. So, therefore, they must cull their herd for more profit.

Culling is usually thought of as removing from the herd those animals that are undesirable for one or more reasons.

Reasons for culling: as reported by Joe Claxon, county agent, in order of their importance, are: (1) low production, (2) under trouble, (3) sterility, (4) death, (5) old age, and (6) disease.

Production is important since the sale of milk is the major income from the herd. Steps in culling for low production:

1. Obtain production records on each animal for a period of two consecutive months following calving. Average the two months production and multiply by seven to get the estimated yearly production. Example: The average production for March and April is 800, 800 multiplied by seven, equals 5600, the estimated production for the year. A record covering the entire lactation period is preferable.

2. Analyze the production records in view of the following considerations: (a) age of animal, (b) quality and quantity of forage available during the year, and (c) rate of grain feeding practiced.

3. Eliminate all animals that have not produced at least 5,000 pounds of milk per lactation.

There are many farmers in Boone county who have an "Old Bess" on their farm. Let's get rid of them. Let's put them on the market.

Farmers in Graves county are promoting the purchase of a trenching machine to use in making permanent horizontal silos.

The Altan Happy-Go-Lucky Club has won the 4-H Club championship of Anderson county for eight consecutive years.

The first National Bank of Jackson gave 1,000 4-H calendars to club members in Breathitt county.

KENTUCKIANS

IN WASHINGTON

By C. H. Kingsbury

Small Business: Foreign affairs, atom bombs and such always make headline news but discussions here in Washington on small business operations seldom rate more than a bare mention. However, Kentuckians who operate gasoline service stations would be interested in committee hearings in the Lower House.

There, a committee of congressmen are hearing charges that some of the major oil companies are discriminating against the small service stations oper-

ator. "Coercion" is the word used by some of the witnesses. Most of the trouble appears to be in the East.

Price Support: Kentucky farmers will be interested in some of the testimony offered by Agriculture Secretary Benson before congress. He says that the farmer is getting 43 cents out of every dollar spent for food. This, said Mr. Benson, compares favorably with the share obtained before World War II. In 1945, the farmer got 54 cents but of every dollar. However, Mr. Benson goes on, 1954 was a period of inflation. The argument goes on and

Post Offices: Some time ago we predicted that Uncle Sam would start closing up a lot of small post offices in Kentucky. Sure enough, that observation is proving to be true.

In the last week we learned of three small Kentucky stations due to be eliminated. In notifying Kentucky congressmen of such plans, Post Office officials cite figures to show that such offices are unnecessary and are costly.

Most of those stations are in the mountain area of the state but we know

of several in the urban counties, too. **This and That:** Not many congressmen in Washington these days. The Easter recess is underway. However, hundreds of Kentuckians, mostly school students, are seeing the sights. Reply to Montgomery county reader: On your visit to Washington be sure to see the FBI exhibit. Answer to Mason county writer: The new justice of the supreme court, John H. Blair, is a descendant of Kentuckians. Reply to Grant county query: Congressmen are cool to a national sales tax. Many seem to feel that such a source of revenue should be left to the various states—if they want it.

Staffordsburg Homemakers

Projects for the coming year were discussed at the April meeting of the Staffordsburg Homemakers Club at the home of Mrs. J. A. Keeney.

Members voted to sponsor a project for girls and boys at the L.H. fair, donating \$5 to each. They also voted to give \$5 to the crippled children's fund.

"I watched on Easter Day," was read by Mrs. E. B. Rich, "The Newsweek of Things," by Mrs. Melvin Bruegger; "Club Day Fever," by Mrs. Emil Stein; "How You Can Save Your Son, Grandson or Nephew from War," by Mrs. Bluch Rich.

Twelve reservations were made for the District meeting at Florence, April 29. Mrs. J. A. Keeney gave a report on the advisory council meeting.

Mrs. L. J. Rapp, Mrs. E. B. Rich and Mrs. John Shaw were named on the nominating committee.

A report on a district Farm Bureau meeting was given by Mrs. Bluch Rich. She announced that an organization meeting for Farm Bureau women was held at Independence, April 11. Care and styling of the hair was given by leaders Mrs. Floyd Smith and Mrs. Emil Stein.

The May meeting will be at the home of Mrs. George Klein.

Mrs. William C. Piner of Verona, Route 2, has been quite ill with an infected throat. She is still under the care of a doctor.

STAFFORDSBURG

Mr. and Mrs. Ray Dunn and Mr. and Mrs. Pierce of Frankfort, called on Mr. and Mrs. W. E. Hanna, Sunday afternoon.

Mr. and Mrs. J. J. Barnett had as Sunday afternoon guests, Mr. and Mrs. Roy Martin and children, and Mr. and Mrs. Howard Barnett and daughter.

Mr. and Mrs. George Fennell, Jr. and daughter, Neva Jo, and Mr. and Mrs. Bryan Rich were guests on Sunday of Mr. and Mrs. Harry Rees of Taylor Mill Road.

The Homemakers Club met at the home of Mr. and Mrs. J. A. Keeney on Tuesday. We regretted that several were absent. A nice number were present, and the business session and lesson were enjoyed by all. Mrs. Floyd Smith and Mrs. Emil Stein presented the lesson on good grooming. Assisting the hostess were her sister, Mrs. Russell Rector, and her daughter, Mrs. John H. Klette, Jr. The next meeting, May 3, with Mrs. George Klein.

Paul Keeney surprised his parents by appearing at an early hour Saturday morning. After a busy Saturday, he left for his home in Chicago, Sunday morning.

We were glad to receive as new members at our church, Robert Cooper and Rev. and Mrs. Miller.

How thankful everyone seemed for the wonderful weather we enjoyed for the Easter weekend. Both the six a. m. and the eleven o'clock services were well attended. The cantata presented at the early service was very good and well received. The time, work and thought expended. The new choir robes added dignity to the service. We owe a debt of thanks to the faithful few who made them. Let us not say "just another Easter is gone," rather let us live again in our minds and hearts the scenes of the resurrection morn, so vividly told and portrayed. Let us realize that it is up to us to make the choice which was made so long ago by those living in Jesus' time. We of course do not have His wonderful bodily presence, but we have a great cloud of witnesses—His word and His spirit. Let us say with Joshua of old, "as for me and my house we will serve the Lord." Parents, realize your responsibility!

Mrs. Bernadette Goedde and daughters have returned home after spending most of the winter away.

Mr. and Mrs. W. E. Hanna and son, W. H. Hanna, and family, Mr. and Mrs. Hugh Craigmyle, and Mr. and Mrs. William Martin were guests Sunday of Mr. and Mrs. Jack Bowman in their new home on Ridgeway Drive, Taylor Mill Road.

Mr. and Mrs. Dewey Parsons and children were guests of his parents, on Sunday.

Mr. and Mrs. Howard Willoughby and daughter returned from a visit with his parents in Florida.

Friends of the late R. L. Hoffman regretted to hear of the death of his widow, Mrs. Mary Hoffman, whose funeral was held at Swindler's on Friday morning.

BURLEY REFERENDUM

(Continued from Page One)

minimum becomes the smallest of (1) the allotment established for the farm for the immediately preceding year, (2) five tenths of an acre, or (3) 10 percent of the cropland.

A "revised" allotment notice will be sent to the operator of each farm prior to the referendum. The revised allotment is based on the redetermined national marketing quota reflecting the most available supply-demand statistics. For most farms, the "revised" allotment will be 25 percent less than the 1954 farm allotment. On farms with a Burley allotment previously determined for '55 at 7 acre or at 6 acre, the reduction in the revised allotment will be 1 acre. Farms with a previously determined '55 farm allotment of 5 acre or less will not be further reduced.

The 1954 crop of Burley tobacco turned out to be about 83 million pounds more than was estimated at the time the 1955 national marketing quota was announced on November 26, 1954. The total supply of Burley tobacco has reached an all-time high of 1,863 million pounds. This supply represents about 3.5 years' usings based on current levels of disappearance compared with a desired level of 2.8 years. This means that supplies of Burley tobacco are in excess of the desired level by about seven tenths of a year's usings or about 370 million pounds. Stocks of Burley tobacco held by the Associations under the Government price-support program now total 445 million pounds. This includes 222 million pounds from the 1954 crop, when one-third of the crop was placed under loan.

Regulations of the Secretary of Agriculture provide that 1955 Burley tobacco farm acreage allotments will be computed in hundreds of acres instead of tenths of an acre as in the past. Also, the planted acreage will be computed in hundredths of an acre and if the planted acreage exceeds the farm allotment by one hundredth of an acre or more all of such excess acreage is required to be disposed of in order to avoid the payment of penalty and to be eligible for price support.

Any person who shared in the 1954 Burley tobacco crop as owner, operator, tenant or share-cropper, is eligible to vote in the referendum.

If several members of the same family participated in the production of Burley tobacco on a farm in 1954, all members of the family who have an independent bona fide status as owner, operator, tenant or share-cropper, and as such were entitled to share in the proceeds of the 1954 crop, are eligible to vote in the referendum. A husband and wife who are engaged in the production of tobacco as joint owners of a farm are both eligible to vote.

Every Burley tobacco grower is urged to consider carefully the issues involved and to vote in the referendum.

Webster "Honorman" At Naval Train'g Center

Petty Officer-Ray Anthonissen, Naval Recruiter, reports that Harold Simeon Webster, husband of Ruth Webster, of Walton, was congratulated by Lt. Comdr. Charles L. Wall, Officer in Charge of the Cincinnati Navy Recruiting Station, on his receiving the title of "Honorman" at recent ceremonies at the U. S. Naval Training Center, Great Lakes, Ill., which marked the completion of his recruit training.

Webster was nominated by the members of his own recruit company for his fellowship, sportsmanship and citizenship—the three requisites for obtaining this distinction.

Webster received a letter of commendation and identification bracelet. The letter cites the "superior aptitude" demonstrated by Webster throughout his training, plus his loyalty, attention to duty, dependability and aptitude for naval life. He enlisted in the Navy of Cincinnati, January 19, 1955.

Included in his recruit training course were classroom and practical instruction in seamanship, gunnery, fire fighting, military drill, Naval customs, history and organization. After graduation Webster visited Walton on leave. Upon completion of leave he is going to New London, Conn., where he will attend the Submarine school, where he will receive training for submarines and ultimate assignment on board a submarine of the U. S. Navy.

Willing Circle Class Meets

The Willing Circle class of the Kenton Baptist Church met at the home of Mrs. John Grizzle, on Tuesday evening, for the regular monthly meeting, with the president, Mrs. Glenn Dunn, presiding. The group joined in singing, "Sweet Hour of Prayer," and Mrs. Frank Kuriger sang, "The Master Walks With Me." The devotion was by Mrs. Kuriger.

Members present were: Mesdames Glenn Dunn, Arthur Steeley, John Grizzle, W. B. Barnett, Frank Kuriger, John Riggs, Charles Schnitzler, Alton Stephenson, Charles Schnitzler, Jr., Albert Sharp, Albert Pretor, and W. W. Roden. Visitors were Mrs. Robert Casey and Mrs. James Roberts.

Hickory Grove W.M.U.

The W. M. U. of Hickory Grove Baptist Church met at the home of Mrs. Vernon Arnold, Tuesday night, April 5 with seven members and a visitor present. The program, "The Crowded Asiles" was enjoyed by all.

Those present were: Mrs. William Durr, Mrs. Arnold, Mrs. Anna Waniel, Mrs. Neuspick, Mrs. Hilda Jump, Mrs. Franklin Lipscomb, Jr., Mrs. Dwight Maddox and Miss Ruth Jump. Refreshments of ice cream and cakes, coffee and tea was enjoyed by everyone.

The next meeting will be the third of May and everyone invited. Place for next meeting will be announced later.

Oak Island Homemakers

The Oak Island Homemakers Club met recently in the Sunday School room of the church. The club voted to send \$5 to the chapel that is being built at the Kentucky State Reformatory, also \$5 to a care package. Six members are planning to go to the district meeting at Boone County High School, April 29. A poem by Mrs. C. C. Northcutt, "The News of Things," Miss Nell Niehoff gave some advice on how to care for shrubs and some names of shade trees to be set out, red oak, white oak, walnut, maple. Mrs. Wainscott gave a lesson on good grooming, on care of the hair and shape of the face. Mrs. Sherman Barberick gave a talk on traffic safety and new roads to be built through Northern Kentucky.

Others who attended the meeting were Mrs. Albert Martin, Mrs. Walter Linville, Mrs. Russell Rector, Mrs. Frank Jackson, and Mrs. Arthur Steeley.

SUB-STANDARD TEACHERS

Kentucky's public school system for the current year includes 2,384 emergency or sub-standard teachers—fewer than for any year since 1941—a study completed today by the Division of Teacher Education and Certification of the State Department of Education at Frankfort, has disclosed.

The study showed that despite the fact 20,868 teachers are now employed—1,055 more than a year ago—the number of emergency teachers fell from 2,408 to 2,384 for the year.

School districts with emergency teachers ranged from none in some districts to 84 in Harlan county and 85 in Floyd county. Emergency teachers in this county are: Boone County, 18; Walton-Verona, 3.

Wilmington W. M. S. Meets

The W. M. S. of Wilmington Baptist Church, Fiskburg, met April 6. Those present were: Mrs. Ada Segal, Mrs. Hazel Segal, Mrs. Lula Fisk, Mrs. Lillian Bridges, Mrs. Marjorie Bridges, Mrs. Genie Beigle, Mrs. Marietta Wilson, Mrs. Blanche Harker, Mrs. Hazel Kidwell, Mrs. Tabitt Bridges, Mrs. Wilma Mullins, Mrs. Nell Rapp, Mrs. Ora Platenberg, Mrs. Marie Parr, and Mrs. Elish Durr, and five children.

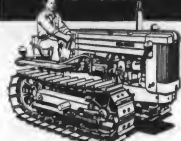

In the morning session, the Royal Service program was given. There had been 130 cards sent, 66 phone calls, 40 visits, and trays of fruit and flowers sent to the sick. More than \$100 worth of clothing has been sent to in Kentucky Mountain Preachers School.

In the afternoon, Mrs. Lillian Bridges had a discussion on the book, "North Star."

Hostesses for the day were Mrs. Wilma Mullins and Mrs. Nell Rapp.

The next meeting will be on May 14.

No Greater Fool

Lesson for April 17, 1955

IT WAS the day of the great mass meeting. The new administration was meeting the voters face to face. At least, the man who hoped and expected to be the administration was facing the people he hoped to rule. The right word is "rule," for this was in the days when kings were kings and not mere signers of other men's documents. And this particular king was none other than the son, the one and only son, of the famous King Solomon. His name was Rehoboam, and if ever a greater fool lived on this earth, history has lost record. As a matter of fact, he could not be king automatically. The nation had not been a kingdom very long; there had been only three kings in all, Saul, David and Solomon. And in every case, the king had been elected by vote of the people. It was what we would call technically an elective monarchy, not yet a hereditary one. So Rehoboam had to persuade the people that he was worthy of election. He could not be king of any tribe if that tribe did not vote for him.

A Royal Fool

Rehoboam now proceeded to do everything wrong. The people asked him the perennial question: What about taxes? Solomon's reign had been magnificent—if you lived in the villages or on a farm it looked different. The royal officer everywhere, bleeding the people for all the taxes and all the forced labor that the royal magnificence required for its upkeep. The people told Rehoboam that Solomon's yoke was grievous; they begged him to make it lighter. Rehoboam asks for time to think. He spends that time asking advice. The older counselors, his father's trusted wise men, tell him to go light on the people. In fact they give him the whole theory of good government in a nutshell: "If you will be a servant unto this people . . . then they will be your servants for ever." Then Rehoboam asks the younger men, his own contemporaries, what he shall do. They give him the completely foolish advice to beat down on the people, treat 'em rough, tell them nothing good. So the feckless Rehoboam goes out and says in effect, "You took a beating in my father's time—but you haven't seen anything yet. If he beat you with whips, I'll beat you with scorpions."

Nine Hundred and Ninety-Nine Stepmothers

Of course Rehoboam lost the election. Only one tribe stood by him. The rest went off and elected another king of their own. A kingdom that David had won by courage and Solomon had held by wisdom, was kicked away by Rehoboam out of sheer foolishness. What made Rehoboam such a fool? It was not his youth. At the time of this episode he was forty years old, and if a man has no sense by the time he is forty, it is too late to hope. Part of the trouble may have been his 999 stepmothers. Solomon was married a thousand times, but we have no record of any children except this man Rehoboam. Considering what harem intrigues are like in the Orient, and considering the fact that most if not all of Solomon's immense harem were heathen women, it would not be surprising if Rehoboam's mother (who herself was a heathen from Ammon) was over-supplied with bad advice from Rehoboam's noisy stepmothers. Some souls are born, some are made. They are home-made, many of them. One of the best ways to produce a fool in your family is to listen to all the stupid advice the neighbors can give you.

The Voice of Inexperience

Another thing was wrong with Rehoboam, and for this we cannot blame his mother nor his congregation of stepmothers. It was his own fault that he preferred to listen to the men his own age, men who like himself had grown up in the luxury of the court, men who knew nothing of practical affairs, preferred to listen to them, the voices of inexperience, rather than to the older men whose advice Solomon had tried and presumably found good. Rehoboam being himself without experience could not tell, of course, beforehand, whether the older or younger men were right.

RAINY DAY

Naturally, they're pleased about it—it's their first bankbook. This is something they've managed together. They've saved for the things they want, and also for that "rainy day."

It's wise to save for a rainy day. But it's also wise to remember that drought can be just as devastating as rain . . . particularly spiritual drought.

Faith is the balance you'll find in your spiritual bankbook. It is something that you can renew, something that you can add to, and something that will pay you immeasurable dividends. Where else can such faith be renewed and developed than in the House of the Lord—your Church?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should join the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) Which needs his moral and spiritual support. Plan to go to church regularly and read your Bible daily.

POLITICS, TOBACCO & SCHOOLS—

Kentuckians have two big issues to decide in 1955, one: who to elect as governor, the other, how to adjust production of burley to a declining consumption. The first will receive the most attention, but the latter may have the greater impact on the welfare of the state. Fortunately, all candidates for governor are intelligent, upright gentlemen and, irrespective of how the election goes, the state is not likely to suffer greatly from mis-management during the next four years. But not so with burley tobacco. Unless an equitable and satisfactory way can be found to bring production in line with consumption, prices may be seriously depressed and the welfare of most Kentuckians, be they farmers, merchants, bankers or professional people, will be adversely affected.

Kentucky's 1954 burley crop brought growers over 220 million dollars, thus accounting for over a billion dollars in trade, if figured at the usual 5 to 1 turnover. The concern now is for future prices and income if surpluses continue to pile up. In nine of the past eleven years, production of burley has exceeded consumption with surpluses now the highest on record. Without government support, the income from the 1954 crop likely would have been many million dollars less than it was—some think at least 50 million dollars less. Government supports depend upon growers' ability and willingness to keep supplies in line with demand. If growers are given an

opportunity to vote on further reduction of the welfare of all Kentuckians will be at stake, and all should be interested in the outcome.

One big danger confronting the success of the control and price program is the antipathy springing up between the "little" and the "big" grower.

The total poundage produced by small growers is now so large that all must participate in the reduction if the program is to be saved.

Right now Kentucky's parents and educators are concerned about an additional 17.6 million dollars needed to carry out the provisions of the Foundation Program for Education which provides a guaranteed level of education for every child. The income from our burley crop may drop several times that amount if surplus production is not controlled. This shows the close relationship between tobacco profits and education in this state.

WHAT FARMERS DON'T UNDERSTAND—New items noticed a few days ago. Item 1, "Farmer's Share of Consumers' Dollar Drops to New Low"; Item 2, "Milk Distributing Company's Profit at New High." These are typical of reports seen every day and farmers wonder what economic factors are responsible. I can't give the answer.

BONDED DEBTS OF SCHOOLS

Kentucky school districts had outstanding bonded debts totaling 61,482,700 at the end of the fiscal year last June 30, the Department of Education's Bureau of Administration and Finance revealed this week.

The totals included \$58,882,700 in revenue bonds, \$2,196,500 voted bonds and \$413,500 funding bonds. The study disclosed 172 school districts had revenue bonds issues outstanding—bonds to be retired largely by annual rentals on school buildings, while 29 had outstanding voted bond issues and 18 had funding bonds outstanding.

LAWN MOWERS

Lawn mower season is here—everyone is looking for a new lawn mower, either to buy or trade in their old one, and we will sell you a new one, cheap, or trade with you. I have lots of mowers and they must go out of here. Bring yours in and we will deal or I will bring out four or five and let you pick one or more. Don't spend much on your old mower, trade it in. Let someone else worry with it. I have a lot of hand mowers, cheap ones and good ones. If you buy a mower from CONRAD and it is a bad one, bring it back—I will fix it, we will, if not we will roll out a new one. I have always told you anything you buy here and it is not right you bring it to CONRAD.

We unloaded some electric water heaters and air conditioner units. Why go down town and buy your electric water heaters and air conditioners when you can buy them here and get service for the same money. I also received, today, some portable water pumps for watering plantings and for dumping water for other purposes. I have one with one-inch suction and one-inch discharge with a Briggs-Stratton gas motor, and another Briggs-Stratton gas motor. Let Barlow, from Union, come in—he always stops when in Walton—he said if they took him through here in a casket, he would stop. Brewster and Red took it down to a garden plot. Dinner Bell and put it down for Mrs. Huff.

George Nelson had me on the move—he is putting in a water line from his lake up to the house and needed 900 feet of plastic pipe, but I did not get my order, but I got him taken care of for a few days. Floyd Colston bought a Dayton water pump, also pipe and fittings. Lloyd Clements and I had a lawn mower trade—he took an Eclipse rotary power mower and I got a used Great States reel type mower—it is a very good used mower. C. O. Carlisle took home a Sunbeam canister and he is bringing me a reel type Toro mower—it should be in good condition.

William Upton and wife took home an Eclipse rotary mower to try out. Brewster took a rotary power mower over to Fiskburg to Mr. K. idwell to demonstrate it, and he bought it. Mr. Martin, who bought the Noel Roberson, has been having water pump trouble, so today he came over and bought a Dayton jet water system. These really do sell—one yesterday and one today. Kinsey has been having water pump trouble, so today he came over and bought an Armstrong rug, \$12. We have very nice election of linoleum rugs, \$4.95, \$7.95 and \$9.95.

Now is baby chick time and we have the equipment.

Square Dance To Be Given at Kenton Saturday, April 23rd

The Kenton and Community Volunteer Fire Department will sponsor a square dance Saturday night, April 23, 8:30 p. m., at the firehouse in Kenton. Steve Ammerman and His Smoky Mountain Ridge Runners will do the honors in the music department. Chairman Charles Grizzell said the proceeds would go toward equipping the newly organized life squad of the department.

Kenton and community just recently purchased an ambulance for emergency use for the benefit of the public in the area they serve. People in the area of Demosville, Morning View, Visalia and Ryland Heights have been asked to donate \$5 per family for this worthy project for which there will never be any charge on emergency calls.

The Ladies Auxiliary of the Kenton and Community Volunteer Fire Department, under past president, Mrs. Hugh Mullins, and present president, Mrs. John Redman, has been one of the major reasons in successful accomplishments of this fire department and for the life squad work which they have undertaken.

They have 26 men and women who have completed a standard first aid course of which 15 have taken life squad training under Wesley Bruce of Ludlow life squad. Mr. Bruce has been in life squad work for 30 years and is one of the best.

Kenton and Community hopes to build its life squad into one of the best. The Ladies Auxiliary has purchased a resuscitator to carry on the ambulance, which will be a great help to the life squad. The Kenton firemen would like to see a good turnout at this square dance.

Senior Play at Hamilton

The senior class of Walton-Verona High School will present the three-act comedy, "Stars in Their Eyes," at the Hamilton school, Thursday, April 28, at 8:00 p. m. The play is under the direction of Mrs. Leo Flynn.

Banker-Farmer Meeting Is Held At Williamstown

A banker-farmer meeting was held recently at the American Legion Hall at Williamstown, to explain the burley tobacco situation to local growers. This meeting was sponsored by the Kentucky Bankers' Association.

Dr. H. B. Price, Farm Economist, University of Kentucky, College of Agriculture, was present and pointed out that the manufacturing of cigarettes had decreased while burley production had increased. Also that the cigarette manufacturers have been using less and less burley tobacco in the making of cigarettes, due to the high percentage of nicotine in this tobacco. Dr. Price stated that burley growers had always been cooperative mind and would be sure they would always be in order to build a good program.

The referendum on supports and acreage control is scheduled for April 28 in the tobacco growing states.

Growers will vote to favor or oppose the re-determined national marketing quota for the 1955 burley crop, with government price support at 90¢ per hundred and there would have been as much \$60 tobacco as there was \$60 tobacco. The average for the 10 years before controls and support was 16 cents a pound for burley tobacco.

Selected To Attend "Girls State"

Miss Janice Osborn

Johnson-McElroy Unit, 277, of the American Legion Auxiliary has announced the selection of two girls from Walton-Verona High School, to attend the annual Girls State, being held this year at the University of Kentucky, in Lexington. The young ladies were chosen by the high school faculty.

Miss Trudy Gadd, daughter of Mr. and Mrs. Clarence Gadd, Walton, is

being sponsored by the Walton-Verona Parent-Teachers Association. Miss Janice Osborn, daughter of Mr. and Mrs. Revel Osborn, Walton, is being sponsored by the American Legion Auxiliary Unit of Walton.

Miss Osborn and Miss Gadd will be among some 200 girls to study the work of State Government for one week at Lexington. Kentucky Girls State is designed to give girls a comprehensive view of the duties, privileges, rights and responsibilities of American citizenship.

Revival at Walton Christian Church Is A Success, Pastor

"The Walton Christian Church revival was a great beginning of evangelism," said Rev. C. A. Vaughn. "Sixteen new members have been added to the church and 39 have come forward to renew their devotion to God and the church."

The Department of Evangelism will continue to stress evangelism through Pentecost, May 29. This will mark the birthday of the church of Jesus Christ on earth. Rev. Vaughn points out the three great historic days of Christianity: Christmas, Easter, and Pentecost. For many years, in early church history, the church made more of the anniversary of Pentecost than Christmas or Easter. The local Christian Church hopes to recapture the early apostolic teaching of May 29.

The church welcomes new members in the Bible school and church life. Bible school begins at 9:55 a. m. and morning worship at 11:00 a. m. The Department of Worship will study a summer program of early worship and early Bible school. Rev. Vaughn said there is no scripture to say Bible school must begin at 10 a. m. and church at 11 a. m. He hopes the church program will be readjusted to meet the needs of the community during the hot weather.

JOSEPH E. LIPSCOMB

Joseph Edward Lipscomb, age 29, of California, Ky., Route 1, died in an automobile accident on Taylor Mill Pike, April 12. He was a car salesman.

Missionary Services At Local Methodist Church On May 1st

The Walton Methodist Church is privileged to have Misses Dora Dolly and Lucy Lee, from South America, to conduct services on Sunday, May 1.

Miss Dolly is a very accomplished singer, with a beautiful soprano voice. She will sing in both morning and evening services. Miss Lee will preach in both services, and she comes with a real passion for the mission work in South America, where she has served for seven years. They will also have charge of the Methodist Fellowship hour at 6:30 p. m.

A free will offering will be taken, and will go to the missionaries for their work.

Rev. Wayne Patton, pastor, said, "We cordially invite everyone to attend these services. It will be a blessing to each person present." The morning service will begin at 11:00, and the evening service at 8:00.

PTA Show at Hamilton

Jimmy Williams of WNOP radio station, Joe St. Clair, and Aunt Emmie, comedian, will appear at the Hamilton School on Friday night, April 22 at 8:15. Admission will be 50¢ and 25¢.

The program is sponsored by the P. A. You are invited to bring the family and enjoy the wonderful acts to be on the stage.

Card Party at Independence

On Wednesday afternoon, April 27, the ladies of St. Cecilia Church, Independence, will sponsor their monthly card party and social in the church basement. There will be a door prize and refreshments will be served. The time is 1:30 until 4:00 p. m. Admission is 50 cents, and the public is invited.

Wool Pool Meeting April 25

The Boone County Wool Pool annual meeting will be held at 2:00 p. m. Monday, April 25, according to Beckham Shields, secretary-treasurer.

Mr. Shields states that it is very important for all members to attend, as officers will be elected and plans made for selling the 1955 wool crop.

\$101,677 Spent On Highways

Highway contracts executed last year for Boone county totaled \$101,677.68 for 17.9 miles of construction and maintenance, according to a final tabulation for 1954, just completed by the State Department of Highways, Frankfort.

Contracts for the entire state totaled \$42,850,817 for 2,225 miles of work. Included were grade and drain work, surface, erosion control, pulling ditches and construction and maintenance of bridges and overhead crossings.

Cancer-death rates among surgeons is only 65 per cent as high as the male cancer death rate, American Cancer Society figures show.

Boone Tobaccomen Schedule Three Burley Referendum Meetings

District FHA Meeting At Campbell County High School April 23

The Covington District of Future Homemakers of America will hold its annual spring meeting at the Campbell County High School, Saturday, April 23. Theme of the meeting is, "FHA's in Year-Round Harmony." The goals are: (1) To get suggestions of successful and interesting F.H.A. activities to take back to chapters; (2) to review progress of the district during the year; (3) to carry on the business of the district organization; and (4) to get acquainted with girls from other chapters.

The program will consist of: Registration, a devotion, roll call of chapters, group singing, a welcome by a local school administrator, interviews of candidates for district officers, relaxers, a report on F.H.A. activities, measuring district success records, a business session, an evaluation of the meeting, installation service, and closing ritual.

The meeting will be presided over by Miss Susie Chandler, district president, and the following will be the outgoing officers: First vice president, Lou Ann Elliott; second vice president, Betty Howe; secretary, Nancy Meadows; historian, Jean Kuhn; treasurer, Estella Daniels; reporter, Carolyn Richardson; and leader, Dorcas Smith, and under-leader, Phyllis Skirvin.

TOBACCO MEET APRIL 26

A county-wide meeting concerning the tobacco referendum will be held at the Courthouse in Burlington, Tuesday, April 26, at 8:00 p. m., according to Beckham Shields, president of the Boone County Tobacco Growers' Association.

Jack Welch, Owenite, vice president of the Kentucky Farm Bureau and chairman of the tobacco committee, will be the speaker. He is well informed on the burley situation and will explain the referendum to be held April 28. Mr. Shields urges all tobacco growers to attend this meeting.

Walton Plays Baseball Today

The Walton-Verona baseball team will play Lloyd of Erlanger, at the Verona diamond, this (Thursday) afternoon at 4:00 p. m. This will be the second game for the locals, who lost to Boone County by a 4-2 score, May 15.

The two teams are: Lloyd St. Thomas, games on Friday. Admission to these games is 25 and 10 cents.

A New Group Is Organized at The Christian Church

On Friday night, April 15, the Loyd Women's Bible class and the Men's Bible class of the Walton Christian Church met in Fellowship Hall to form a new group.

The two classes combined as one organization to meet once each month. Some very interesting projects are in view which will be very beneficial to the Sunday school and church work.

Each class meets as usual for their regular Sunday Bible class, and only combine as a group for regular monthly meetings to be held on the third Friday of each month.

Several members of each class were absent from the first meeting. It is hoped everyone of the classes will be present for the next meeting.

The group invites every man and woman of the entire church membership to make an effort to attend the Sunday school and to be a member of the new group. God's richest and divine blessings are asked for this new organization.

The Walton Christian Church also invites every man, woman and child, who has no church home and those who have grown indifferent toward church and Sunday school work, to come and worship at this church. There are efficient teachers and officers and a hearty welcome is extended to all. Mark the third Friday evening, 8:00, on your calendar and attend these group meetings.

CARL H. DEGLOW

Carl H. Deglow, a lifelong resident of Northern Kentucky, died Tuesday at St. Elizabeth Hospital, Covington. He resided on Florence, Route 1. Mr. Deglow, who was 62 years old, was superintendent of the night maintenance crew of the Fifth Third Union Trust Co., Cincinnati.

Survivors include two sons, Sterling Deglow of Independence, and Carl Deglow, Jr. of Park Hills; a daughter, Mrs. Pearl Steele of Alameda, Calif.; his mother, Mrs. Tillie W. Bramlett of Devon; a brother, P. J. Deglow, of Crescent Springs; a half-brother, Julius Deglow, of Cincinnati; a sister, Mrs. Pearl Stanley, of Florence; four half-sisters, Mrs. Cecile Kostas of Lakeside Park, Mrs. Ella Fowler of Latonia, Miss Vida Deglow of Lakeside Park, and Mrs. Emily Rose of Dearborn, Mich., and two grandchildren.

Services will be held at 2:00 p. m. Friday at the Allison & Rose funeral home in Covington, with burial in the Independence Cemetery.

Walton American Legion Post to Meet Tuesday, April 26th

A meeting of Johnson-McElroy Post 277, American Legion, has been set for Tuesday, April 26 at 8:00 p. m., in the new Post headquarters, the Flower Shop, in North Walton, with the following program:

1—Open meeting to all veterans who are eligible for membership in the American Legion. Any person shall be eligible for membership in The American Legion who was a member of the Army, Navy, Marine Corps, Coast Guard or Air Force as determined by the United States government, all dates included; or who, being a citizen of the United States at the time of his entry therein, served on active duty in the armed forces of any of the governments associated with the United States during either of said periods; provided, however, that no person shall be entitled to membership who, being in such service during either of said periods, refused on conscientious, political or other grounds to subject himself to military discipline or unqualified service.

2—Election of officers for the coming year.

3—Plans for the Memorial Day program.

4—Discussion of the new Post headquarters.

Guests at the meeting will consist of Ray Beyer, Sixth District Commander; Jack Weimer, Grand Correspondent of the 40th, Grand Division of Kentucky; and Ernie Buecher, Area Commander, Department of Kentucky.

After the meeting, lunch and refreshments will be served. All eligible veterans invited.

KENTON TOBACCOMEN TO MEET MONDAY, APRIL 25

Tobacco farmers will meet on Monday, April 25, at 8:00 p. m., at Simon Kenton High School to hear Wilson Rott, assistant to the Kentucky Commissioner of Agriculture, who will discuss the provisions of the new marketing quota legislation and the referendum set for the 28th of April.

The meeting is called by the Kenton County Farm Bureau in cooperation with local business men and the extension service. The public is invited and all tobacco growers are urged to attend.

CHANDLER CHAIRMAN

Walter Ferguson of Union, a well-known Boone county farmer and civic leader, has been named campaign manager for A. B. Chandler in Boone county. It was announced recently.

Hebron, Walton and New Haven Are Sites

Burley tobacco growers of Boone county will meet in the communities listed below in regards to the referendum on April 28, 1955, according to A. L. Stephens, Chairman, Boone County ASC Committee:

Thursday, April 21, Hebron School. Friday, April 22, Walton School. Saturday, April 23, New Haven School. Any person who shared in the 1954 burley tobacco crop as owner, operator, tenant or share-cropper is eligible to vote in the referendum. If several members of the same family participated in the production of burley tobacco on a farm in 1954, all members of the family who have an independent bona fide status as owner, operator, tenant or share-cropper and as such were entitled to share in the proceeds of the 1954 crop are also eligible to vote in the referendum. A husband and wife who are engaged in the production of tobacco as joint owners of a farm are both eligible to vote. Every burley tobacco grower is urged to consider carefully the issues involved and to vote in the referendum.

THEODOCIA RAISOR

Services for Mrs. Theodocia Raisor, who died last Thursday at Booth Hospital, Covington, were held Monday afternoon at the Sixth funeral home, Florence. Burial was in Hopeful Cemetery, Florence.

Mrs. Raisor, who was 66 years old, was a member of Elmore Baptist Church, a former resident of Elmore and Florence, she resided near Warsaw.

Survivors include her husband, R. C. Raisor; two sons, Lloyd Campbell of Florence, and Cloyd Campbell of Crescent Springs; her mother, Mrs. Mary Patten of Walton; four brothers, J. W. Patrick of Newport, James Patrick of Miami, Fla., Michael and Clarence Patrick, both of Walton; a sister, Mrs. Esther Watts of Frankfort; two nieces, Mrs. May Albers and Mrs. Goldie Bradley, both of Cincinnati; two grandchildren, and one great-grandchild.

Lower-Nicotine Leaf Would Help Burley Tobacco Industry

Growing varieties of lower nicotine content, a return to the use of sodland, and the application of less nitrogen fertilizer would help the burley tobacco industry. So it is stated in a new leaflet by the University of Kentucky, College of Agriculture and Home Economics on "How to produce the kind of burley tobacco that manufacturers can use."

Much of the burley now grown is not the same as was produced years ago, but is "heavy-bodied, harsh tobacco, high in nicotine," it is pointed out. Manufacturers can't use as much present-day burley as they would like and still make a cigarette with 2-percent nicotine—shown in soil tests, but only as much as tobacco smokers are accustomed to smoking.

It is suggested that one of the lower-nicotine varieties be grown on fertile sodland that has been in cultivated crops for several years. Phosphorus and potassium should be applied according to needs shown in soil tests, but only as much nitrogen as is needed for normal growth.

Other suggestions include cultivating to a shallow depth, topping when three-fourths of the plants are in bloom, holding suckering to the minimum, pruning to save valuable hay and delaying harvesting until the plants are ripe, and managing the barn for good curing.

The use of rotations of tobacco and grasses and legumes to build soils for burley, is stressed. Applying fertilizer to pasture, hay and grain crops in the rotation is considered better than the use of heavy applications to tobacco.

See a county agent or write to the College at Lexington for a copy of Leaflet 147, "Your Burley Tobacco Crop This Year."

One of the American Cancer Society's chief goals is to improve services to needy cancer patients.

INDEPENDENCE R-1

The many friends of Henry Schaborg were grieved to learn of his death which occurred at his home on Stephens Road, Friday morning. His funeral was held at St. Cecilia Church, Independence, on Monday morning. This entire community extends sympathy to the family.

We are very sorry to know Paul Daman expects to have to go back to the hospital this week for another operation. We sure wish him a speedy recovery and much success in the operation.

Mr. and Mrs. Wayne Richardson and little daughter of Dry Ridge, were the guests of his parents, Mr. and Mrs. Joe Richardson, Sunday.

Several from the Staftfordburg church attended the District conference of the New Methodist Church, Saturday and reported a very interesting meeting.

We are glad to report our Sunday School and church attendance at Staftfordburg are good, but there are a great many more in our community who we would be glad to have with us. All come and worship with us if you are not in some other church. All are more than welcome anytime.

The mother of Mrs. George Miller, who has been spending the winter with her and her family, is planning on going to her home soon in Indiana. We regret very much to see her go.

Mr. and Mrs. Paul Daman entertained several of their relatives Sunday. Those present were their son, Leslie, and wife, also a niece, Margie Daman, Johnnie Hammer of Covington, and Mrs. Albert Brown and children of Kenton.

Mrs. J. J. Barnett entertained the W.S.C.S. at her home Thursday afternoon with a good attendance.

Mr. and Mrs. Joe Richardson are looking forward to their son, Clyde, and family coming home around the 25th of this month for a visit from Japan.

Mrs. Flo Summy enjoyed the weekend with her sister, Mrs. Charles Lacey, and family.

The May meeting will be at the church the second Thursday at 2:00 p. m. Mrs. Parks will be with us. All members try to be present and try to bring a guest.

Mr. and Mrs. Morris Whorton and little daughter of Dayton, Ohio, were guests of relatives here over the weekend.

More than 1,100 persons attended a strawberry promotion meeting in Laurel county.

Burley Growers!

ATTEND THIS IMPORTANT TOBACCO MEETING

Friday, April 22 8:00 P. M.
Walton School House

Learn the facts about the Burley Referendum—then vote on Thursday, April 28, to keep the price supports on tobacco in 1955.

Our bank, like all other banks in the state, has been seriously concerned about the situation facing burley tobacco growers. Tobacco has been one of the dependable sources of income in our community. It has furnished money to buy and equip farms, to improve homes and to educate our boys and girls. It has been the basis for fine credit relations between our banks and our farm customers. Now, because of large surpluses, the market for our tobacco is threatened.

Congress has recently passed a new tobacco law providing for continued PRICE SUPPORT and stricter acreage control if TWO THIRDS of the tobacco growers vote in favor of it. The vote will be on April 28.

We have given serious study to the situation. We find that during the past 10 years, 1945-1954, the average price of burley tobacco has been \$47.20 per hundred. During the 10 years preceding the government price support program, 1930-1939, the average price was \$16.50. WITH government support and production control we can count on a fairly stable price and orderly market conditions. WITHOUT support prices there may be violent fluctuations in price and difficulty in marketing. Low prices of tobacco may seriously affect land values and farmers and merchants' ability to finance their operations.

We urgently suggest that you consider the problem very seriously. It requires a two-thirds vote in favor of the quota and price support to carry. It is very important that every eligible voter cast their ballot in the referendum on Thursday, April 28. Any person who shared in a 1954 tobacco crop as owner, operator, tenant or share cropper is eligible to vote. Husbands and wives who JOINTLY own a farm on which tobacco was grown may each vote; all members of the family who have an independent share in the proceeds of the 1954 crop may vote. We hope that you will have an opportunity to attend a meeting to hear a fuller discussion of the problem.

We assure you of our continued interest in our farm problems and wish you a most successful season in 1955.

FACTS PROVE IT!

GET THE FACTS ON "ALL 3" LOW-PRICE CARS
AND YOU'LL HAVE PROOF PLYMOUTH IS FIRST:

FIRST IN SIZE—By actual measurement, the 1955 Plymouth is the longest car of the low-price 3. (It's even bigger than some medium-price cars.) Plymouth is truly a big car . . . 17 feet long!

FIRST IN ROOMINESS—Plymouth is also the biggest car inside, with the greatest hip room and leg room. More comfort for you. And Plymouth's trunk, by far the largest in its field, lets you pack practically everything.

FIRST IN VISIBILITY—Comparison proves that Plymouth's glamorous new Full-View windshield—with cornerposts swept back both top and bottom—gives you the greatest visibility of "all 3."

FIRST IN BEAUTY—Compare styling and see why *Charm*, a leading fashion magazine, chose Plymouth "Beauty Buy of

the Year." Plymouth's long, sleek Forward Look wins over the hand-me-down styling of the "other 2."

FIRST IN ECONOMY—Smoothest and thriftiest engine of all! That's Plymouth's fast-stepping new 6-cylinder PowerFlow 117. Its Chrome-Sealed Action gives you extra thousands of trouble-free miles.

FIRST IN COMFORT—Plymouth offers you the most comfortable ride you ever experienced in a low-price car. Only the biggest car in the lowest-price field can give you true big-car riding comfort.

FIRST IN EXTRA VALUE—Plymouth gives you many extra-value features that the "other 2" low-price cars don't have. Come in today and let us show you why Plymouth is first for value!

Why pay up to \$500 more for a car smaller than Plymouth?

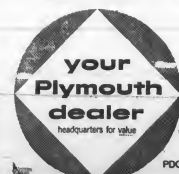

Don't be fooled by the claims of so-called medium-price cars that they cost practically the same as Plymouth. When you compare price tags you'll find that, model for model, Plymouth sells for much, much less than medium-price cars, and gives you more car for your money!

BIBLE SPEAKS

BY DR. KENNETH L. FOREMAN

Godly Nations

Lesson for April 24, 1955

WE MAY as well admit that no such thing as a "godly nation" has ever been seen, not if you take the word "godly" at its full meaning. A godly nation, 100 per cent, would be one where every citizen kept God's commands.

where every act of Congress (or of Parliament, of degree of kings) would be such as God would fully approve. For the matter of that, a hundred-per-cent godly individual is also unheard of.

And yet we can speak of godly men and ungodly ones. So we can speak of more or less godly nations, nations whose trend and direction is toward God or away from him.

Is God on Our Side?

We always like to think, especially when we are at war, cold or hot, with other nations, that God is on our side. We like to think that we are God's people and the other side, the enemy, is not. The truth of the business is that no nation is either completely right or completely wrong, no nation fully carries out God's will and no nations wholly defy it. No nation in the world today is composed entirely of Christians, no nation in the world today is without Christians in it. But having said all this, we can still say truly that God is on the side of some people and nations more than he is on others. In the Old Testament we have a good example of a nation that made this mistake of supposing God would be for them whatever they did, and they were dreadfully dismayed when they discovered that they could lose wars and generally "eat bitterness." Many Jews thought God had let them down when such things happened; but the prophets knew better. Amos, a prophet of King Asa's time, put the truth in a nutshell: "The Lord is with you while you are with him," he said.

Leadership in the Church

King Asa's times, and the times of President Eisenhower and Queen Elizabeth are not so very far apart after all. What was needed for a godly nation in the days of Asa? The need that the prophet mentioned first is "teaching priests." There were plenty of priests who went through the liturgies and made sacrifices, but what the nation needed was teaching priests, religious leaders who could teach the law of God that is to say, priests who could show the people what religion meant in daily living, in dealings between man and man. So long as religion stays inside the church, so long as religion concerns itself only with the Other World, so long as religion tries to confine itself to what is exclusively spiritual, it will not be Biblical, and it will be powerless to build a godly nation. An officer in a young people's church group once told the writer: "Our bunch really means business. This year we raised the money to extend the chancel two feet." —and that was all they did! One suspects that there was something missing in the parson's sermons, if those young people got the idea that the business of religion mainly has to do with how long or short the chancel is. God's law is not a law for Sunday mornings only. But until and unless there are teaching priests who take the lead in showing us how we can apply God's law—and above all the law of Love—to our life as a nation, we shall be godly only on Sunday mornings, if ever. The most church-going city in the south was for years also the city with the highest murder rate; the place lacked teaching priests.

Leadership in the Nation

Preachers and churches will have an uphill time of it, at the best, even when they do see and work for the doing of God's will in everyday social and political and business life. There is too much organized and unorganized selfishness abroad to give the God of Love much chance. So in our time, as in King Asa's long ago, there is need for leaders outside the pulpit. In those days it was the king himself who took the lead. We have no kings in America but we do have leaders, all the way from village mayors up to congressmen, senators, supreme court justices and the President.

GOD at home

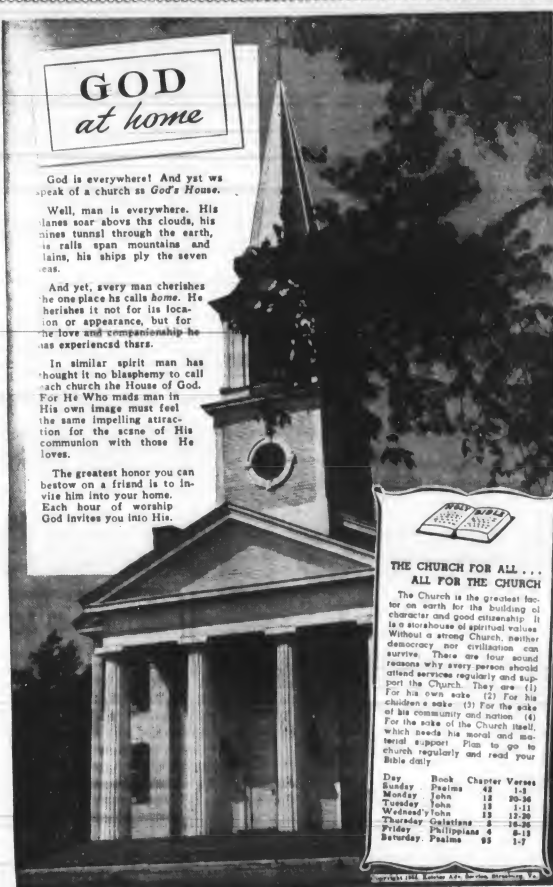

God is everywhere! And yet we speak of a church as God's House.

Well, man is everywhere. His lanes soar above the clouds, his lines tunnel through the earth, his rails span mountains and plains, his ships ply the seven seas.

And yet, every man cherishes one place he calls home. He cherishes it not for its location or appearance, but for the love and companionship he has experienced there.

In similar spirit man has thought it no blasphemy to call each church the House of God. For He Who made man in His own image must feel the same impelling attraction for the scene of His communion with those He loves.

The greatest honor you can bestow on a friend is to invite him into your home. Each hour of worship God invites you into His.

THE CHURCH FOR ALL ...

ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Mrs. Jack Boynum is still in the hospital with a spinal injury. We wish a quick recovery for this good neighbor.

We still have a few of those purebred Hampshire pigs, ten weeks old.

Boots Morehead and a friend from Elmore, were Sunday visitors at Bide-A-Wee Farm.

Saturday morning, we went down to our lake fishing, as we just felt like a mess of bluegills or bass would just about be right for the weekend. Well, in about an hour we had seven bluegill and a bass, about 1 1/2 pounds, and they were biting like mad. So we concluded to open to the public on Monday, so for \$1 you can probably get you a nice bunch for a fish fry.

Lots of activity around Cecil Clay's garage Sunday, probably transients, who had gotten into trouble with their cars. Several here have plowed their gardens but from the slick look of the ground, we just wonder if they didn't get in too big a hurry, as they may have clods to contend with all summer. There will be no more freezes to soften up that old clay.

A church in Latonia has purchased two lots almost directly across the pike from the writer and will erect a church on the site. We welcome them to our community and hope they do well.

Brls Mathis of Camp Hungry had his nephew, Tom Brumback, of Independence, to dig a few postholes for a new fence; he was building to completely fence in his farm. If it wasn't for Tom Bob, who works every day on the rail road, would not have his farm in the shape it is in now. Both he and Tom hit it off together pretty good, as Bob has no one whom he can depend on except Tom and he sure appreciates it.

Revival at Visalia Baptist Church is under way and will continue through

April 24. Bro. Birch will conduct the revival and Bro. Eddie Hatfield will be song leader. Prepare to attend every service as you will be blessed.

Mrs. Richard Dorsey is very thrilled this week as her papers came through permitting her to join her husband in Japan. With the red tape that ensues after the papers are received it will be probably the 10th to 15th of May before she is ready to leave.

Jack Robinson of Washington, D. C., will be home Tuesday on a three-day furlough, which makes a certain girl an Mallett Road very happy.

Bide-A-Wee Farm has three sows and a boar, weight about 500 pounds each, to ship this week.

Claude Denton of Walton, was a guest at Camp Hungry, Sunday, visiting Bob Mathis.

Mrs. Cooper and son, Glenn, of Mills Road, and Carl Simpson of Walton, and Leslie Setters of Mills Road, called on Bob Mathis, Sunday.

Mr. and Mrs. James McDermott of Newport, and Mr. and Mrs. George Mitten and children of Cynthiana, were Sunday guests of Mr. and Mrs. McBee of Harris Pike.—EJR

VERONA

Mr. and Mrs. Jake Struve and children spent Sunday with her parents, Mr. and Mrs. D. R. Chapman, and her sister, Mrs. Vivie Webster.

Mr. and Mrs. Morgan Chandler and granddaughter, and Mrs. Susie Glare were calling on Mr. and Mrs. Max Zella of Sweet Owen, Sunday afternoon, and they also visited Owenston Hospital to see Mrs. Eddy Keith.

Mr. and Mrs. Earl Ashcraft and Mr. and Mrs. David Townsman of Covington, were calling on Mr. and Mrs. Jim Lamm, Sunday afternoon.

Mr. and Mrs. Clifton Webster were calling on his mother, Mrs. Vivie Webster, and Mr. and Mrs. D. R. Chapman, Sunday afternoon.

Master Harold Rouse had his tonsils removed Friday. We were glad to see him at Sunday school, Sunday.

Glad to hear J. T. Roberts is a little better at Booth Hospital. We wish him a speedy recovery.

Mrs. Troy Meyer and children of Madison, Ind., visited relatives here over the weekend and attended the revival meeting at New Bethel, Sunday.

Mr. and Mrs. Hayes Stephenson visited his parents Sunday afternoon. His father is not feeling so well.

Mayra Hayden visited his mother and uncle, Sunday. His uncle is not feeling so good.

The baptismal service at New Bethel will be Sunday morning, April 24, after Sunday school.

James Whitson of Covington, was calling on his aunt, Mr. and Mrs. H. D. Edgington, Sunday afternoon.

Mrs. Mattie Sturgeon of Crittenden, spent a few days last week with her son, Mr. and Mrs. Calvin Sturgeon.

Two copies of lists of legal documents and valuable papers should be made by the owner, one kept in the safety box; the other at home, advises Miss Ida Hagman, home management specialist at the University of Kentucky.

Country Customers

That is one thing you get by having a hardware store in a country town, is country customers to deal with. Some are farmers and some are country people who moved to the city and got tired of the congestion and moved back to the country. Lots of my customers live out here in the country and work in the city—most of them own their home or a small farm and they are always working on them after work and on Saturday. They use a lot of hardware every week. Look over our list of customers before you buy—we have them on the floor now.

Leslie Littrell was in today—first time I had seen him for several months. Albert Rhodes had a patch taken out, he said he had a piece of emery got taken out. And I forgot to mention it, was looking for Sulmet for her chickens. Pascal Bush bought PTZ capsules for his sheep. John Hartman came after Balke interior glass for their bathroom walls. Charley Woods said his dog had worms so we sold him PTZ capsules—they are good for all worms.

Walter Vest said Rebecca needed some new window shades and they would try some of those new embossed plastic I had sold so many of. Mrs. Leonard Cook called and said she had two floor lamps that needed rewiring, so Red went down and brought them in. We put new cords and switches on them and when Brewster went to Mr. Morgan's on Percival Road, to check his oil brooder, he took the lamps back to Mrs. Cook.

We received a shipment of stepladders, craning boards and clothes drying racks from the factory—they are very nice and are cheaper. Today, Brewster and Red from Hughes two rolls of field fence over to the truck. Red went down and brought them in. We put down to Jay Webster's to see about their gas range, and while there brought in Jay's power lawn mower and a new pitcher pump on the cistern; then, Henry Penick brought in a metal screen for storm door and Chuck put new screen in it—very particular job.

Joe Northcutt brought in three axes for Brewster to sharpen. Mr. McDonald, up at Pan-de-Lon Motel, bought the riding power lawn mower. Bill Breiden, of Midway Garage, made the deal. Malcolm Simpson bought Axels. Moe the best hand mower I had. A friend of mine who just bought a new home on Taft Road, Cincinnati, called to me to bring a good hand mower, a hoe, a rake, a lawn broom, a shovel, grass shears, pruning shears, sickle and small hand tools—I took them over last night. Scott Jack and Elsie came over, 180 feet of plastic pipe and a lot of fittings to run from house to the milk house.

George Nelson, on Shaw Road, is putting water all over the place—I sent him a large Dayton pump, a filter, 300 feet of 1 1/2-inch plastic pipe, 3 outside freeze proof hydrants—he bought 600 feet of pipe in town that I did not have, so he will have water anywhere he needs it. Brewster went over to help Jim Messmer set up that power sprayer he bought to spray his apple trees—it should be ready to use as it took them about four hours to set it up.

Mrs. Ethel Sheppard came after some steel fence posts. Mrs. Emma Flynn bought a lot of Balce paint—her daughter and son-in-law are going to paint her house inside. Mrs. Lucy Thornton bought time, clothes line and bulbs. We just received two more of those apartment size electric ranges that sell for \$129 and we are selling them. Uncle Bob Salmons, from Concord neighborhood, bought a hand lawn mower. Mrs. Nora Benson and Willard came after their mower. I had overhauled for them, but we could not get it started, so Mrs. Benson just bought a new Eclipse mower.

Roger Martin said he had to have a power mower so all I had to do was give one of those Mastercut rotary mowers a whirl and he said, bring it down. That mower is cheap and it will really give you service. Mr. Lamping, out of Boone Lake, said he needed a tank for his water pump—I called the Dayton pump man and had one down here before noon. Delmar Reed and I had a Maytag washer trade—he got the new one and I got the old one, of course.

Jane Youell and her husband are opening a gift shop in the same building as Artistic Cleaners where the beauty shop used to be—Jane is a granddaughter of D. K. and Annie Johnson, and has lived in Erlanger for several years. I went out to Worthingtons on Bracht and Piner Road to see about installing a water heater and pump in his milk house—he will dig the ditch to the cistern and then Brewster will install them. Mr. Salmons, down on Fairview Court, bought a Mastercut power lawn mower—I took in a hand mower on trade.

I have several used hand and power mowers to sell, cheap—if you can't buy a new one, come up and pick out a used one. Mr. and Mrs. Tom McCormick from Sherman, bought a Sunbeam power mower. Brewster went down and cleaned Thelma Shields' oil heater. Fred Greene bought an electric power mower. Floyd Sebree bought tree pruners for trimming his shrubbery. Mrs. Leslie Houghton brought me a bundle of asparagus—she'll always in a hurry. Come to CONRAD'S, we try to wait on you in a hurry.

Farm Bureau Urges Tobaccomen to Vote "Yes" In Referendum

The Boone County Farm Bureau urges all tobacco growers in the county to vote "yes" on the referendum April 28.

Boone county growers would lose thousands of dollars if this referendum is not passed. With a 2 1/2 acre base in 1954, with an average yield and an average price, a farmer should have received around \$2500 for his crop. Now if the referendum is not passed, there is no acreage control or price support and the same farmer raises 5 acres of tobacco and receives \$200 hundred, which many authorities feel would be a high average, he would receive \$2000 for his crop. This would be \$500 less, not counting labor, fertilizer and other expenses. At this time there is no tobacco program whatsoever and if the referendum does not pass there will be no program.

Approval of the quota would mean continuing the control program with a price support of 90% of parity. The average support price as announced for 1955 is \$46.20 per hundred pounds. Continuation of the program would mean an opportunity to work out orderly solutions to the various problems and weaknesses of the program, such as the emphasis which the program now gives to the producing of pounds rather than of quality in burley, and the excess of actual production over allotted production because of the use of 5-year average yields in determining acreage allotments. Recent amendments to the burley control law were mostly emergency or stop-gap measures. More thought and time are needed to work out a truly effective program.

JOHN J. HAMILTON

John J. Hamilton, a retired Boone county farmer, died Sunday at the farm at Big Bone, where he was born. He was 90 years old, and had been ill about five weeks.

Mr. Hamilton is survived by his wife, Mrs. Clara Hamilton, five sons, Thomas, Allen and William Hamilton of Big Bone, and Garfield and Edward Hamilton of Union; three daughters, Mrs. Ethel Kite and Mrs. Corrie Kite of Beaver Lick, and Mrs. Sue Rich of Erlanger; 13 grandchildren; and eight great-grandchildren.

Services were held Wednesday afternoon at the Sixth funeral home, Florence. Burial was in Big Bone Cemetery.

Museum Curator Is Speaker at Meeting Of Women's Clubs

The Walton Women's Literary Club and the Stringtown Women's Club were entertained by the Florence Women's Club of the Florence Community Center on Tuesday evening, April 19.

Mrs. Julia A. Rouse, president of the Walton Club, which sponsored the formation of the Florence Women's Club just one year ago, presented the president, Mrs. F. D. Caton, with a gavel as an anniversary gift.

After giving a brief history of the Florence Women's Club, Mrs. Rouse presented a charter to Mrs. William Long, president of the Stringtown Women's Club, mentioning how proud the club was to be sponsoring another club even though they were only one year old.

Guest speaker for the occasion was Ellis Crawford, Curator of the Berger Museum in Devou Park, who spoke on Big Bone Lick and other prehistoric sites and burial grounds, showing many colored slides of Boone county scenes.

Tea was served by the hostesses, Mrs. Harold Comer, Mrs. C. F. Blankenbaker and Mrs. Frances Berkshire, to the following members and guests:

Mesdames D. L. Lusby, Barnett E. Franks, John C. Badinger, Alan H. Gaines, Sam Slett, A. P. Stephens, Julia A. Rouse, W. D. Scroggie, Rector ones, John Revel, Gerald Stone, James Miner, Joseph Cloxon, Russell Wilmoth, William Long, Chester Edwards, E. R. Royle, Jack Turner, Ben Zimmer, Jr., F. D. Caton, Reuben Comer, Harry Deberry, J. F. Dougherty, W. R. Davis, Sam Hightower, Jr., H. F. Dresman, H. G. Hightower, J. J. Jacobsen, A. A. Liggett, Ray Funn, Fanny Scott, W. T. Foote, W. H. Wesley, R. H. Carter, Clarence Wolfe, and Miss Mary one Nusbaum.

FORMER RESIDENT PASSES

James Edgar Henry

James Edgar Henry, 44, of 66 East Dixon Avenue, Dayton, Ohio, died April 1, of the Wright-Patterson Air Force base hospital after a sudden illness. A native of Walton, Mr. Henry was a Dayton resident nine years. He served as a captain in the Sixth Photo Compilation Squadron, at Peterson Field, Colorado Springs, Colo., during World War II. He also served during the Korean War. Prior to his death he was an engineer in the WPAFB Supervisory Photographic Engineering department. He was a civil engineer and a surveyor, and a member of the First Christian Church, Kettering, Dayton Lodge 147, F&AM, and Scottish Rite, Valley of Dayton.

Surviving are his wife, Ruth F.; two daughters, Marcia Louise and Mary Elizabeth, both at home; two sisters, Mrs. Stephen and Mrs. Pascal Bush, both of Walton; and the brothers, A. R., Charles and Russell Henry, all of Lexington. Mr. Henry was the son of the late Mr. and Mrs. A. T. Henry, of Walton.

Services were held Monday afternoon, April 4, at the Morris Sons funeral home in Dayton, with the Rev. John Humble officiating. Burial was in Woodland Cemetery.

BROTHERHOOD BANQUET

The Men's Brotherhood of the Walton Baptist Church entertained Monday night at the church for the Juniors and seniors of Walton-Vernon High School. About seventy-five persons attended.

After the dinner, a program was presented, including a song service led by Mark Meadows; special music by Donna Wright, and a male quartet, composed of Chester Armstrong, Lloyd Shields, Clifford Chance and J. B. McCubbin, accompanied by Mrs. Bryon Rector. W. D. Duchemin served as toastmaster, who introduced President Ralph Scott, who gave the welcome address. Charles Phillips gave the purpose of the meeting and introduced the speaker, Dr. Paul Horner of Campbellsville College. Benediction by the pastor, Rev. C. N. Taylor.

Officers of the Brotherhood are: President, Ralph Scott; Membership Vice President, Woodrow Green; Program Vice President, Charles Phillips; Activities Vice President, Bill Duchemin; Treasurer, Mark Meadows; Secretary and Treasurer, Jimmy Vest.

GROUND OBSERVER ALERT

Word has been received that there will be a practice alert on Sunday, May 1, 1955, beginning at 7:30 a. m. and continuing until 7:00 p. m. of the Walton Ground Observers Corps.

There will be a special meeting of this group on Friday, April 29, at 7:30 p. m. in the Walton City Building. At this time a recap of training meetings held the last meeting. It will also be registration night for all old members as well as new members.

Literary Club to Meet

A program of music, presented by Mrs. P. A. Strittmatter, will feature the meeting of the Walton Women's Literary Club, to be held in the Walton Christian Church, Wednesday, May 4, beginning at 2:30 p. m.

Mrs. Julia A. Rouse will preside. Mrs. Rouse, Mrs. W. B. Frons and Mrs. B. Slett will serve as hostesses.

Five Farms Selected By the Eden Shale Purchase Committee

The Eden Shale purchase committee for the test demonstration experiment station have now looked at 12 possible sites for the project. There is a possibility that there may be one or two more sites to look at which, due to a misunderstanding, two counties did not fully qualify at the final date of April 8 and were given more time.

The selection committee met at Williamstown, April 14, and selected the five outstanding farms from the 12 sites that had been viewed. Boone, Owen, Grant, Pendleton and Harrison counties were the five selected. A nine-man committee of the University of Kentucky Experiment Station will now view the five farms and then the joint committee will make the final selection.

The nine-man purchase committee of the 32-county area are: ohn E. Crigler, Boone county; C. D. Hawkins, Owen; Frank Marquette, Pendleton; Paul Carroll, J. D. Brown, Spencer; Henry Bettram, Campbell; Adam Kaly Brocken; Herman McClannahan, Harrison; and Omer C. Burris, Robertson.

Kenton Firemen's Auxiliary to Sponsor Card Party Saturday

Mrs. John Redman, president of the Ladies Auxiliary of the Kenton and Community Volunteer Fire Department, announces that they will give a card party, including euchre and other card games, on Saturday, April 30, at 8:00 p. m., in the fire house at Kenton. Mrs. Roy Hammond will act as hostess and Mrs. Hugh Mullins will take charge of the combination raffle.

The Kenton and Community firemen wish to thank the large crowd that attended their square dance the past Saturday night. The music department was well taken care of by Big Jim Stacey, Freddie Lane, Nelson Young and Steve Ammerman. The three boys from WCPO-TV were acquitted by Mr. Ammerman to help him play for this dance—when you hire Steve, you can be sure he will give you the best.

The firemen will again hold their annual picnic at Thornhill Lake, Kenton. The permanent picnic date, every year, is the last Friday and Saturday in June, which this year is the 24th and 25th. Kenton and Community is planning on giving the public some real entertainment, all free this year. In the music department, Steve Ammerman and his boys both nights for those who like to dance, and Friday night there will be Harry Hanson of WLW-TV Midwesters. Saturday night, the one and only Bonnie Lou of WLW-TV will entertain. The Walter Phillips will be present to kick a few records around, so don't forget the date, June 24-25, a real good time—the third annual picnic of Kenton and Community Volunteer Fire Department at Thornhill Lake, Kenton.—Pub. Chm.

Simon Kenton PTA to Meet

The Simon Kenton P.T.A. meeting will be held May 2 at the school, with Mrs. Thomas Finney, presiding.

Elmer Taylor will speak on the emotional needs of children. After the program, luncheon will be served. A special invitation is extended to all parents and patrons.

Awards at New Haven

A May Day program will be presented at the New Haven school on May 2, at 1:30 p. m. The entire student body will participate. The public is cordially invited to be present.

According to H. P. Baker, principal, blue ribbons will be awarded by the School Health Nurse, to all pupils who have met requirements.

Paper Collection May 14

The Walton Boy Scouts will again collect old newspapers and scrap metal, on Saturday, May 14. Those who have papers are asked to bundle them and have them on their front porches by 10:00 a. m.

The boys wish to express their thanks to those who gave papers, etc., on their last collection date. A few were missed but this was due to the papers being put out too late.

FIREMEN'S MINSTREL

The Whiz Bank minstrel show, a two-act presentation, will be given by the Walton Volunteer Fire Department in the Walton-Vernon High School auditorium on 8:00 p. m., May 13 and 14. Eleven Girls In District Get Coveted Degrees

On Tuesday, April 19, the State FFA Homemaker Degree Committee of the Covington District met at the Grant County High School to determine who would receive the coveted "State Homemaker" degree. Miss Betty Home of Grant County was chairman of the committee, assisted by Sula Chandler and Donna Trapp of Campbell County, and the following FFA advisers: Mrs. Mary F. Lanter, Grant County; Mrs. Gertrude Hunseler, Campbell County; Mrs. Margie Engard, Owen County; and Miss Lovetta Greco, Highlands High School. Mrs. Frances Porter, area supervisor, provided guidance for the committee members.

To receive this degree, girls must contribute in an outstanding way toward their home and family life, their chapter, school, and community. The Simon Kenton girls receiving this award are Virginia Oliver and Lou Ann Elliott. Miss Oliver has served this year as chapter corresponding secretary and as state treasurer. She is the daughter of Mr. and Mrs. Paul Oliver of Erlanger, and formerly lived in Walton. Miss Elliott is the daughter of Mr. and Mrs. F. H. Elliott of Demosville, and is chapter president. She served as first vice president of the Covington District this year, and is the Future Farmers' Sweetheart. These two Simon Kenton girls have worked long and hard to contribute toward the betterment of their home, school and community, and they richly deserve the highest honor paid a Future Homemaker.

Miss Lou Ann Elliott

Other girls in the Covington District to receive their state homemaker degrees are: Betty Walker, Owen County; Jo Ann Schorold, Nancy Meadows, and Virginia Justice, Highlands; Mary Evelyn Flynn, Bonnette Branch, Mason; Alexander, and Johanna Draper, Grant County, and Donna Trapp, Campbell County. These girls will receive the degree and the torch, which is this degree's symbol, at the State FFA meeting at Morehead State College, early in June.

In Organ Recital, Sunday

The music department of Blue Mountain College, Blue Mountain, Miss., will present three student artists in an organ recital Sunday afternoon at 4:00 o'clock. Madeline Lowrey Berry, auditorium organist, will play. She is a daughter of Shennon, Ripley, and Patty Myers, Walton. These young women, students of Miss Jane Slaughter, have unusual talent and are accomplished organists.

Wilmington Lodge to Meet

Wilmington Lodge, 362, F. & A. M. will hold a call meeting Saturday, April 30, at 7:30 p. m. to confer the Master Mason degree. Russell Rector will preside for the first section, and Wilmington degree team for the second. Refreshments will be served. All Masons are invited to attend.

To Close Thursdays at Noon

The Dixie State Bank, Walton, according to James W. Spencer, cashier, will close at 12:00 noon each Thursday throughout the summer months of May, June, July and August. This practice will begin on Thursday, May 5.

15-VEGETABLES HELP FAMILY FOOD SUPPLY

At least 15 varieties of vegetables are desirable for the family garden, say food specialists at the University of Kentucky. To quote them:

"Include an ample supply of health-promoting green and yellow vegetables, such as greens of all kinds; parsley, lettuce, broccoli, okra, young green beans, peas, green peppers, asparagus, carrots, pumpkin, Hubbard and acorn squash, and yellow sweet potatoes."

"Buy old gold, deendable seed of recommended varieties. Locate a good source of plants of adapted varieties."

SHEEP SHIPMENTS REQUIRE PERMITS

Prevalence of sheep scabies in states surrounding Kentucky, where the disease is widespread, today resulted in Dr. L. L. Breck, State Veterinarian in the Department of Agriculture, ordering that sheep coming into Kentucky do so on special permits.

The state veterinarian notified all veterinarians, county agricultural agents and stockyards of the directive. The disease is especially widespread in Ohio, Indiana, an Illinois, Breck said.

Kentucky Youth Assembly Draws 565 Delegates

Frankfort was invaded recently by approximately 565 delegates to the tenth annual Kentucky Youth Assembly. The purpose of the assembly is to show delegates how the state government is run, and teach them citizenship and leadership. There were approximately 51 high schools represented, from all areas of Kentucky. The New Capital Hotel was headquarters for the assembly, and it was a busy place.

Citizens of Frankfort awoke Thursday, March 31, to find their city covered with campaign posters. Every place of business in Frankfort had campaign posters and cards on the walls, windows and counters.

Things started off Thursday morning at 8:00 when registration began at the hotel with J. Harmon Davis in charge. George D. Wheeler called a campaign directors meeting at 10:00, and the assembly picture was taken at 1:00 on the front steps of the Capital building. The opening session of the 1955 Kentucky Youth Assembly was held in the First Baptist Church at 2:00. Greetings to the assembly were made by Secretary of State of Kentucky, Mayor Protem of the City of Frankfort, and the State Secretary of the Y.M.C.A. Delegates were assigned to House and Senate committees where bills were discussed, passed or defeated. The bills passed were then to the House and Senate and then to the Governor for his signature.

The assembly was not all work and no fun. The Secretary of State had a floor show arranged for Thursday evening. A Governor's reception and ball, in the high school gym, followed the show. The Governor and his cabinet were in the receiving line.

Friday, at a joint session of the legislature, Henry Ward, commissioner of commerce, substituting for Governor Wetherby, presented the Governor of the Assembly with a key to the city. It was the first time in the history of Frankfort a key to the city was presented to the Youth Assembly.

Northern Kentucky, district eight, had outstanding representatives in the assembly. This district succeeded in getting three out of four candidates elected. The candidates were: Gordon Wade of Holmes, for Governor; Bobby Wainwright, for Lieutenant Governor; Mary Kappas, Dixie Heights, for Speaker of the House; and Nancy Burch, Beechwood, for Secretary of State. All were elected but Wade. The governor is Tony Mobley of Harbortburg.

Out of the twenty members for committee work and performance in the assembly, district eight received about one-fourth. A highlight of the assembly was the dedication service, Friday night, at the First Presbyterian Church, with the Governor John Stewart, presiding. The

officers and cabinet for the 1955-1956 had a candle-light dedication worship service which was beautiful. The Frankfort churches and the whole town were wonderful hosts to the group.

Simon Kenton was well represented at the assembly by Berk Worster, Robert Wainwright, Richard Marquette, Gene Gosney, Gayle Sipple, Robert Finney, Shirley Collins, Phyllis Tattershall, Bonnie Jackson, Barbara Rust, Sandra Tattershall, and the Leaders, Miss Elmo Taylor and Mr. Howard B. Noel. Simon Kenton received two medals out of the twenty. Bobby Wainwright for committee work, and Phyllis Tattershall for work in the Senate. All look forward to going back next year when the Capital building, newly decorated, will be ready for use by the assembly.

Ryland Homemakers

"Poem Language of the Flowers" by Mrs. Joseph Lawson of the Ryland Homemakers, urges members to plant trees. She said, "Study the location and plant where needed." There is a shortage of trees on farms and around homes. Trees serve as wind breakers and enhance the beauty of the landscape. She also advises cutting the grass when about four inches high and weeding. A garden hint, given by Mrs. George Damon, was to plant daffodils on all sides of the house so that plants will be blooming at different times.

National Homemakers Demonstration week will be observed by the Ryland club on May 1-7 at the J. T. Below grocery at Visalia.

The president, Mrs. Schwall, reported on the Advisory Council meeting, and Miss Zelma Byerly, Kenton County Home Demonstration Agent, talked to club members on home freezers. What to know about fruits and vegetables and what kind to freeze for best results.

A lesson on "Tips for Tops," was given by Mrs. Frank Hermes and Mrs. Harold Hallfill. The top tip was keeping hair clean by frequent shampooing and healthy by a proper diet. It is important to keep the hair neat between visits to the beauty salon.

Mrs. Everett Wilson, hostess, was assisted by Mrs. John Belw. The aforementioned and the following were present: Mrs. Alfred Rich, Mrs. William O. J. Williams, Mrs. William Barnes, and guests: Mrs. Lottie Hallfill and Mrs. Robert Jackson.

Gets Good Conduct Medal

Army Corporal Ralph E. Wolfe, 22, whose wife, Nancy, lives in Ashland, recently was awarded the Good Conduct Medal in Germany, while serving with the 1st Infantry Division at Wurzburg. A cannoner in Battery A of the division's 7th Field Artillery Battalion, he received the decoration for his exemplary behavior, efficiency and fidelity.

Corporal Wolfe, son of John E. Wolfe of Green Road, entered the Army in April 1953, and arrived overseas the following October.

Piner Baptist Church Revival A Success According to Report

The simultaneous revival held at the Piner Baptist Church, for the past two weeks, came to a close Sunday night.

The good attendance at each service manifested the interest of the community, the pastor said.

During the revival, eleven persons made a profession of faith; two came into the church by letter, and one made a declaration of full time Christian service.

The preaching was done by Brother Bill Thompson of Birmingham, Ala., who is a very able speaker and conscientious religious worker. Everyone enjoyed his sermon, and the fellowship with him. Brother L. M. Hamilton of Macedonia Baptist Church, Grant county, was the pianist for this series of meetings. He is to be highly complimented for his untiring efforts.

The singing was led by Brother Wilson, the pastor, along with his many other duties. Bro. Wilson is a man, who is very much interested in the Lord's work and his untiring efforts never cease to bring the message of the Savior to lost souls.

Each service of the meeting was well attended and a record attendance of 161 was had in Sunday school, Sunday.

Fathers Night, May 12

Fathers Night will be observed by the Walton P. T. A. at the school building, on Thursday, May 12, beginning at 7:45 p. m. Pie and coffee will be served. This observance was originally set for April 29, but had to be postponed due to the presentation of the senior play.

TO MODEL COSTUMES

Twelve homemakers from Boone county will be modeling native costumes from India, Philippines, China, Burma, and Indonesia, while Miss Anne Guthrie speaks on "A Near Look at Far Horizons," at the Northern Kentucky District meeting, Friday, April 29, at the Boone County High School, Florence, according to Nancy Guilfoil, Home Demonstration Agent. The meeting begins at 10 a. m.

Modeling costumes will be Mrs. Eugene Fichtmaster, Mrs. John Darby, Mrs. Robert Ammon, Mrs. James Kotmeyer, Mrs. Joe Dringenburg, Mrs. Elsie Smoot, Mrs. Earl Morehead, Mrs. James Dolwick, Mrs. Jack McKibben, Mrs. Robert Eggers, Mrs. Ben Reeves, Jr., and Mrs. John Kyle.

Kenton and Community 4-H Club Activities

The regular meeting of the Kenton and Community 4-H Club was held on April 18 at the Briar Hollow Beagle Club house. The session was called to order by the president, Bobby Jackson. The membership of the club has been increased by the formation of the Independence 4-H Club. Twelve were present for the meeting, with four absent. Minutes of the March meeting were read and approved. Camp Ernest was discussed, as well as the starting of a dairy and poultry judging team.

Mr. Riley gave more record books out. It was decided to hold election April 24. Mr. Holiday, president of the Briar Hollow Beagle Club, invited the members to one of their meetings. A tour was also discussed.

The next meeting will be held on the 16th at May Following adjournment, refreshments and games were enjoyed.

On April 17, the club members enjoyed a hike up and around the hills near Kenton. Twenty-one took part, including Carol and Jerry Elthman, Sandra, Billy and Margaret Lowler, Patsy, Margaret, Bobby, Jackie, Jerry and Jimmy Jackson, Mike and Madeline Wilson, Lynn Cross, Edna Fisk and Bucky Beck. Leaders were Mrs. Wilson, Mrs. Lowler, Mr. and Mrs. Jackson and Lynn Kraft. The hike ended with a winner and marshmallow roast. The group rode

home on a trailer pulled by a tractor—Pub. Chm.

Merchants in Whitley county raised \$2400 to finance the purchase of strawberry plants.

In Garrard county, about 125 braided rugs are being made by members of homemakers clubs.

A Correction

In last week's social and personal items I wrote that Mrs. Roscoe Colston was in the hospital. This was not correct—it is her husband, Roscoe Colston, who is in St. Elizabeth Hospital. He underwent surgery last Wednesday, and is reported doing nicely.

This community was shocked Sunday morning by the news of the death of neighbor Ray Kendig at St. Elizabeth Hospital. Neighbors and friends like Ray are hard to find and our sympathy goes out to those left behind. Ray's work is done here but his kind deeds will be remembered for a long time by those who knew him best.

Skeels Richardson is still suffering from a severe case of arthritis and is taking treatments regularly from a doctor in Covington.

The Independence Cubs defeated Burlington at Burlington, 4-3, last Saturday, April 23, in a Class A Knottale game. The contest was only a six-inning affair,

called because of rain. This was a practice game. The game was odd in that the Cubs did not get a hit and Burlington only had two. Schoberg pitched for the Cubs and gave up two hits, both to Allen Feldhaus, one a home run and the other a double. Schoberg struck out 10 and walked only two. Gene Spille and Steve Chisenhall played a fine defensive game for Independence. Independence scored three times in the fourth inning on five walks and a hit batsman for their odd victory. The season opens the 7th of May and some games will be played at Simon Kenton. The more support you give the Cubs the more they will support the community in the way you want them to.

Very few gardens have been plowed owing to the wet weather and it seems that all farmers are way behind with spring work. Maybe it is just as well as perhaps the farmers have been raising too much which is the reason farm products have taken a nose dive the past two years. However, after they leave the grocers hands they get plenty high as all of the middlemen have to get a finger in the pie. This leaves it up to the farmer and the consumer to bear the brunt of things in other words the end men and that is no minstrel joke for either one.

CARD OF THANKS—

We wish to express our sincere thanks and appreciation to all our friends and relatives for the kindness and sympathy shown us in the loss of our loved one, Joe Ed Lipscomb.

Especially do we thank Rev. Kelly Kennedy for his kindness and service; donors of all the many beautiful floral offerings; the Hamilton funeral directors for the kind and efficient management of the funeral; all those who helped in any way. Your kindness will always be remembered.

Faith and Action

Lesson for May 1, 1955

THE church is not the state and the state is not the church. When either one tries to be the other, or to run the other, there is trouble. Church and state are separate; that is a deep-rooted American principle. But that does not mean that a wall should be run up between the state and religion. That does not mean that the state can afford to be indifferent to religion. You are not I and I am not you; but that does not mean there ought to be a stone wall standing high between us. It does not mean that either of us should be indifferent to the other. The church can help the state, and vice versa.

Dr. Foreman

Executive's Religion

Most American churches, including those denominations (both large and small) sponsor this column, believe that the state ought not to help the church by direct "establishment" of any church by public law. No Presbyterian, Methodist or Baptist for instance, Pentecostal Christian, wants his own church given government support, by money grants or any other way. Nevertheless, Christians of every label rejoice in a President or other leader professes his faith openly. We all feel, quite rightly, that we shall be better off when our leaders in state and society are genuinely religious men and women. There is an interesting and instructive illustration of this in the Bible. In the course of the history of Judah we come on the admiring tradition of a king named Jehoshaphat. He was a good king and he left his country far better than he found it. Now we hear very little about this king's beliefs. He was no more nor less orthodox than kings before or after him.

He was not a better king because he could pass a better examination in theology. He was better because he put his beliefs into action. A creed that can't get light and air and exercise turns sour, and it sours those who hold it.

Beginning on the Ground Floor

Now many acts of a high executive may not seem to be religious or to have anything to do with religion, and yet they may affect religion strongly. For example, there was Jehoshaphat, a king whose first recorded act was one for the public defense. He fortified his border garrisons and he developed a well-organized and well-equipped army. Religion cannot be upheld on the points of bayonets, that is all true; but the fact remains that in the time of Jehoshaphat there was real danger from invasion, and successful invasion meant that the true religion would have to go underground. Korean Christians know this today perhaps better than anybody. What South Korean Christians want the U. N. forces to go home? So, even so seemingly non-religious a business as reorganizing an army for greater effectiveness, may have notable religious effects too.

Getting the Message to the People
Before Billy Graham visited Denmark, it was said, the preachers in that country, who were men of high education, preached so far over the heads of the people that churches had diamally small congregations. It is the people's business to rise to our level, said the preachers, not for Graham came along and showed what would happen if preachers really got down where the people are. Since that time, it is reported, the ministers have taken the hint and the churches are getting more people interested. You can put religion in a beautiful ivory tower, or gothic cathedral for that matter, and people may admire it but that's all. Religion has got to be put within reach of the people. King Jehoshaphat did this by putting his "schools of priests" on the road, taking the Law of God to the people, the Law which had so much to say about everyday living in our country, on the contrary, though the one place where you can reach all the people is in the public schools and state colleges, the law generally permits any subject at all to be taught—except the Bible, which cannot even be legally read aloud!

THE WONDERFUL SHIP

She'll sail with the best of them, because into her fashioning have gone the eager hands of a small boy and the gentle, experienced touch of an old man. Across bright blue water her miniature sails will billow clean and white, and into the eyes of these two will steal a new light of pleasure.

There has been guidance in the making of this boat, the loving guidance of one who has weathered life's storms and gained from them the comfort of experience. And the boy, sensing this experience, is happy in a childlike confidence that this ship . . . this wonderful ship . . . can never sink.

It may be that on some brave voyage the little boat will meet disaster, and this lad will learn that material possessions so seldom last. He is also learning to find faith in a ship that is unsinkable. That ship is the Church . . . and it will carry him through calm seas and storms throughout the voyage of life. Every child should learn early to anchor his life to the Church.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in worth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Webster, Homer Winburn, and John Wood, Misses Ruth Perkins, Charlotte Gullion and Carolyn Powell.

KENTUCKIANS

IN WASHINGTON

By GU Kingsbury

Politics:

A political writer here in the capital asked about 70 leading Democrats in all parts of the country, their desires on a 1956 candidate for president and Adlai Stevenson got 43 votes. Seventeen were opposed and ten undecided.

The Kentucky angle to the story comes on Senator Barkley. He, along with several others, got two votes. At this time, so the poll shows, New York's Governor Harriman and Tennessee's Senator Kefauver are the strongest challengers to Mr. Stevenson.

Donation:

Each year the Women's National Democratic Club holds an auction and sale. A lot of Kentucky products are shipped to the capital and placed on sale. This year Senator and Mrs. Barkley made a donation which proved popular — two sets of dessert plates from the famed Barley China collection.

Incidentally, the Kentucky women participating in the big party always turn in one of the largest amounts.

Who Knows Who:

The question came up the other day on who knows more Republican politicians in Kentucky than anyone else and it seemed agreed that with John Sherman Cooper now in India, the honors must go to Ralph Homan.

Mr. Homan is an official with the Housing and Home Finance Agency but he's been affiliated with just about every GOP politician in Kentucky — Governor Simpson, Governor Willis and John Sherman Cooper. He has served his party in both Washington County and then in Louisville.

More than that, he's held a score of jobs which put him in touch with Republicans in all sections of the state. So, until another nomination comes a-

long, Ralph Homan will be known as the Kentuckian in Washington who knows more Blue Grass Republicans than anyone else.

The Mail Box:

Reply to Fayette County student: The shortest senate session this year came on April 4 when the Upper House sat for just 12 minutes. It was the Easter Holiday recess and congress was holding technical meetings. Answer to a Broken County businessman: Your senator or congressman can give you the best advice on getting information on government contracts. . . . To Lawrence County reader: Postmasters are supposed to be assigned on a non-political basis but it helps, to say the least, if you are a member of the party in power. . . .

For a Trimble County writer: Senator Earle Clements is on the Appropriations and Agriculture Committee in addition to being the majority whip of the Upper House.

NOTE OF APPRECIATION:

The Kenton and Community Volunteer Fire Department and Ladies Auxiliary wishes to express their thanks to everyone that has made it possible for their fine organization to be the success it is. The success of an organization like this cannot be credited to one or two persons. It has taken the cooperation of the whole community to make this Fire Department the great success it is today.

The Fire Department will continue to need the support and generous contributions of the community to keep up the good work it is doing. So, our sincere thanks to everyone.

Some of the Members, Kenton and Community Vol. Fire Department, Morning View, Ky.

Mr. Fred Crowley, of Webster county, who sews for himself and small daughter, says she can save at least 50 percent by sewing at home.

LAWN MOWERS!

It is here in full swing and there are all kinds and types on the market. There are house to house peddlers and all kinds of lawn mower salesmen. Be careful and buy a mower from a reliable hardware store where you can get service and I believe when you consider everything, you can buy one just as cheap. We sell Eclipse and Mastercut, which are two of the top mowers on the market. We have sold two Sunbeam mowers, a new water heaters, all in one unit. John has been sick since February, but is able to be up again.

Roger Martin just came in and said that new power lawn mower I sold him was a real lawn mower. Mr. and Mrs. Irvin Hamilton came up for a lot of linoleum, pots, pans, tea kettle, dish pan and silverware. Mrs. J. P. Brothers from Limaburg, called for 33 sq yds. of linoleum, so Red took it over tonight. Omer Kite was in a few minutes today, buying screen door braces and door catch. Sleet West bought a grub hoe—I don't know who will use it. Gene Coyle came in for steel chain links. Ray Frisk came off of blud road and said screws—said this was the only place he could get them.

All day you just wonder what they will call for when you meet them in the aisle—today they asked for glazing compound, glass, water pipe and fittings, shellac, roof coating, rubber base wall paint, bluestone, lime, fish tackle, thermos jugs, electric wire, switches, plugs, and fuse box. Lots of other items, too. Peanut Washum had to have a new fish more. Some things I did not know about four fish poles and a lot of hooks—he said he wanted to be ready.

Mrs. Bessie Webster bought a lot of linoleum and two 9x12 Armstrong rugs. Mr. and Mrs. Harry Glickman bought a screen door for their new home. Dora Jones had to have a new fish more. Some things I did not know about four fish poles and a lot of hooks—he said he wanted to be ready.

Mr. Moss, the mail carrier at Independence, called and said he was interested in buying a rotary lawn mower. He had a garden tractor with a lawn mower attachment on it and it was too heavy to mow his yard. Sunbeam that pulls itself—Brewster brought in his garden tractor for us to sell, so if you need a garden tractor in perfect condition and at a bargain, we have it.

Burley Quotas C.K.'d By 96 Per Cent Vote

Burley Surplus Enough For About 3½ Years

Burley tobacco growers overwhelmingly approved marketing quotas, the U. S. Department of Agriculture reported last Friday, after checking returns from a referendum on Thursday.

Growers had been faced with the alternative of sharp acreage reductions with price supports or no production curbs without price support.

In the biggest vote ever cast in such a referendum about 96% of the growers voted in favor of marketing quotas.

Of 333,090 votes cast, 319,674 were in favor of the 1955 quotas, while only 13,416 opposed quotas.

The two big burley states are Kentucky and Tennessee, which usually account for more than 80% of the total vote on burley marketing quotas. In Kentucky 227,570 farmers voted and only 736 opposed the program.

In Tennessee, 56,770 voted and only 3979 opposed quotas, for a favorable vote of 92.9%.

The bigger burley tobacco growers, in return for price supports of 90% at parity or a minimum of 45.2 cents per pound, will have to take an acreage reduction of 25% from 1954. The reduction will be less sharp for some smaller growers and the smaller will not have to take any reduction at all.

The referendum was necessitated by a big burley surplus. Growers had approved marketing quotas for 1953-54-55 in an election conducted in 1952. Original allotments for 1955 were fixed last fall and when they proved too high, in view of the mounting surplus, the law required a new vote. The supply of burley on hand now is enough to estimated need for about 3½ years.

To Observe Mothers Day at Local Christian Church, Sunday Morn

"Mothers' Day" will be observed on Sunday morning at the Walton Christian Church. It is fitting that such a day should be set apart to pay tribute to Christian mothers of our nation and to those who have lived so devotedly and Christ-like in the past.

Sunday, every Christian will want to honor his mother by worshipping her. If she is alive, he will want to join her in the sacred experience of prayer. If she has gone to her reward, he will want to keep sacred this day by worshipping the Christ in His church that she served.

The oldest and the youngest mother present at the morning service will be presented coronets by Ben Doan. The pastor requested Mr. Doan to do the honor in appreciation of the excellent message the past Sunday morning. A very special invitation is extended to everyone to be present Sunday.

Rev. C. A. Vaughan will return from the State Convention of Christian Churches at Madisonville, on Friday. He will leave Sunday afternoon to begin a revival at Lebanon, Ky., that night. Rev. Albert Rose of Newport Christian Church will deliver the sermon at 7:30 Sunday.

The Rev. Mr. Rose is well known in Walton and a large attendance is expected.

Charles Holder is pleased to see the Sunday School growing. The goal of 200 is about to be reached. He is working with the Department of Education and Youth, trying to find more room for classes. Every man, woman, youth or child, not attending elsewhere, is invited to attend the Sunday school and church.

One Griffith will serve as head of the ball team this summer.

Surprise Shower, Sunday

Mr. and Mrs. Mel Bruggen and daughters, Barbara, Sharon and Karen, of Staufferburg Road, entertained with a surprise shower for her cousins, Mr. and Mrs. Karl Muhl, of Eastern Avenue, Covington, on Sunday.

MRS. SUSAN JARRELL

Services for Mrs. Susan Wingate Burns Jarrell, 69, were held Saturday afternoon at her residence in Petersburg, Burial was in Petersburg Cemetery.

Mrs. Jarrell died at her home April 27. She leaves three sons, James, Benjamin and Howard, all of Petersburg, two sisters, Mrs. Buford Wingate of Dayton, Ohio, and Mrs. Beulah Beauchamp of Blanchester, Ohio, and two brothers, William and John Burns, Petersburg.

The Chambers and Grubbs funeral home, Florence, had charge of arrangements.

MRS. LILLIE CARPENTER

Mrs. Lillie Victoria Carpenter, a lifelong resident of Northern Kentucky, died last Friday at the residence of a niece, Mrs. Jessie Gaiser, 320 Ludlow Avenue, Ludlow. She was a member of the Mt. Zion (Boone county) Methodist Church.

Mrs. Carpenter is survived only by nieces and nephews. Her husband, Eli Carpenter, died several years ago.

Services were held Monday afternoon at the Chambers and Grubbs funeral home, Florence, with burial in Florence Cemetery.

BOONE 4-H CLUB RALLY

May 14 is the date for 4-H Rally Day in Boone county. The program will be held at Burlington School, Burlington, according to Nancy Guilfoil, home agent, and Ed McCandless, assistant county agent.

Registration will begin at 9:30 a. m., and the meeting will be called to order at 10 a. m. The morning program will include judging contests and the afternoon program will include individual demonstration contests, speech contests and the 4-H clothing girl style review.

All clothing entries must be in at the school by 9:30, so they may be judged. Miss Guilfoil said.

All 4-H club members, parents, and 4-H leaders are invited to attend.

First and Second Grades Get Patois Shots at Florence

Supt. J. O. Ward and the first and second grade teachers of the Walton and Verona schools escorted the first and second graders of both schools to Florence, last Wednesday for their first patois shot. The children seemed to enjoy the experience and since it was a new experience for them they were enthused over the prospects. The children were all treated to lollypops after their shots were completed.

SCHOOL TRANSPORTATION

Kentucky's school districts spent \$5,652,502.25 on public school transportation during the 1953-54 school year, a figure which amounted to 8.95 percent of the total current expenses for the district. State Superintendent of Public Instruction Wendell P. Butler reported this week.

Transportation programs were maintained by each of the 120 county school districts and 51 of the 103 independent districts. County districts spent \$5,456,238 and independent districts \$196,264.25 for transportation.

Amounts spent by districts in Boone county for school transportation last year were: Boone county, \$36,348.42, and Walton-Verona, \$6,581.77.

Dr. Kratz Is Speaker At Meeting of Wa-Na Club Monday Evening

The May meeting of the Wa-Na Club was held at the Walton Christian Church, with Dr. Minnie V. Kratz as guest speaker. She gave her observation of the home life, fashions, and religious customs of the Japanese people as she remembered them from many years in that country. She was aided by a very large collection of colored slides, which she and her husband made.

Since Dr. Kratz was especially interested in public health, she had a number of pictures showing the unsanitary way in which food is kept in Japan, making it easy to understand why the tuberculosis rate is so high in that country. Her speech was extremely enlightening and was appreciated by the group.

Guests for the evening were the Walton Woman's Club members.

Following Dr. Kratz's talk, the hostesses, Miss Elizabeth Palmer, Mrs. Gayle McElroy and Mrs. Charles Holder, served refreshments, with Mrs. Julia A. Rouse assisting at the tea table.

The Wa-Na Club then conducted a white elephant sale for the benefit of the library fund, and concluded the evening with a short business session.

The following members and guests were present: Dr. M. V. Kratz, Helen Richardson, Mary Scroggin, Eleena Hamilton, Louise Conrad, Edna Scroggin, Frederica Mann, Julia Rouse, Elizabeth Thompson, Loretta Wynn, Jane Sleet, Emma J. Miller, Alta Chambers, Blanchard Emma, Batta Conrad, Martha Martin, Dorothy Groger, Sharon Grubbs, Alva Falls, Betty Cook, Jessie Pruett, Carolyn Whitton, Thelma Sturgeon, Goldie Rice, Elizabeth Palmer, Queenie Webster, Fay Connor, Maide Halder and Helen R. Mr. Mann is survived by his widow, Mrs. Lena Bush Mann, and two sisters, Mrs. Ann Harmon of North Vernon, Ind., and Mrs. Albert Bush of Ingalls, Ind.

Friends may call at the Chambers and Grubbs funeral home, Walton, Thursday afternoon and evening. Services at the funeral home Friday at 2:30 p. m. with burial in the Independence Cemetery.

Living Quarters At Tavern Destroyed By Fire Sunday Evening

Fire of undetermined origin Sunday night destroyed the living quarters of Kenny's Tavern, about a mile and a half south of Walton, on U. S. 25. Deputy Fire Chief Charles Worthington, a Walton resident, reported. Damage was set tentatively at \$2000.

Deputy Chief Worthington said that Warren Fleming, owner of the tavern, had estimated the loss of contents at \$1000. The interior of the concrete block building was ruined also, and it is surmised that there was an equal loss to the property.

The blaze was fought for an hour and a half by the Walton Fire Department under the direction of Deputy Chief Worthington and First Assistant Chief Gay Carlisle, of Paducah, Ky. Police Chief Harold Jones, Walton, and members of the Kentucky state police helped by straightening out the tangle of traffic on the heavily traveled highway. The four rooms of the living quarters and garage are in a separate building from the tavern proper. The fire may have smoldered for some time undiscovered, firemen believed, since the flames all but "bleamed out" when the fire engine arrived.

Stray Bullet Strikes Passer-By In Back

Four men, including a Walton man, a former Walton man and a Glencoe man, were wounded during a shooting fray last Thursday between pickets and company employees at the strike-bound yards of the Louisville & Nashville Railroad at Decoursey.

They were Richard Courtney, the truck driver, 19, of Banklick Road, Independence, formerly of Walton, hit in the chest with shotgun pellets; Roger Martin 44, of Walton, hit in the neck, arm and chest; and Stanley Overby, 45, Glencoe, who was shot in the back.

Archie Webster, 26, 230 Grant St., Cincinnati, was hit in the chest by a brick, as he was riding in the back of the truck with 18 railroad employees.

Following the shooting, the truck moved toward Lorton, and pickets set up a road block to halt the truck at 45th Street and Decoursey Avenue, where an accident occurred.

Courtney told police that he tried to drive his truck through the picket lines and someone fired a shot into the truck cab, hitting him and Mr. Martin.
